Preface

OCT 18 1910

Under the provisions of an ordinance approved by the mayor October 12, 1908, a commission of three lawyers was appointed by Thomas T. Crittenden, Jr., Mayor, and confirmed by the Upper House of the Common Council to annotate and index the Charter, adopted by Kansas City August 4, 1908, and to collate, index, annotate and prepare for publication all ordinances of the city of a general nature.

In further pursuance of that ordinance William C. Culbertson, R. Emmet O'Malley and Alvah O. Thompson were appointed from the Upper House of the Common Council and Edmund C. Morris, Frank J. Shinnick and Charles J. Gilman were appointed from the Lower House as an advisory committee charged with the duty of receiving and examining the charter and ordinances when compiled and of making such suggestions as they should deem advisable.

The revising and annotating commission had no authority to alter the text or change the order of arrangement or subdivision of the Charter adopted. At the Charter election Section 30 of Article IV was submitted in two alternatives, whether the first alternative, which provides for the removal of elective officers by the electors, was adopted as such section or the entire section failed of adoption is a question involving so much doubt that it is not within the province of this commission to determine it; both alternatives are set out with a note containing sufficient information to enable those interested to determine the question for themselves.

In the annotations it was considered better to follow the arrangement of the Charter than to adopt what might in some instances be a more logical order of the subject matter. It was thought that this would make the notes more readily accessible. The analysis and style expected in a text book is not possible in this work and has not been attempted. It has been the purpose to call attention to the questions that have arisen in the application of various Charter provisions and the cases construing those provisions. An effort has been made to cite in their proper places all late decisions of the Missouri

## PREFACE.

Supreme Court and Courts of Appeal and all leading cases, but where there is a multiplicity of authorities many cases discussed or referred to in the opinions cited have been omitted. The purpose has been to make the information contained in the notes readily accessible, with what success this has been done can be determined only by use of the book by those less familiar with it than the commissioners have become. Free use has been made of the annotations of the Kansas City Charter made in 1898 by Mr. Frank F. Rozelle and Mr. George R. Thompson and the annotations of the St. Louis Charter, made in 1907 by Mr. William Woerner and indebtedness to them for the suggestions offered by their very thorough work is acknowledged.

The commissioners have been free to arrange the ordinances in the order appealing to them as most convenient and logical, but for the convenience of the public who have become familiar with the arrangement of the previous collation that arrangement has been followed so far as practicable. Changes in some ordinances were suggested by the commissioners, but could, of course, be made only by the Council. The ordinances have not been extensively annotated because it was thought that it would be found more convenient to refer to the same subjects in the Charter for annotations where it was essayed to make the notes full and complete.

The ordinances relating to building and buildings, commonly called "The Building Code," have been printed separately in pamphlet form and will not be bound in this volume.

In addition to the Charter and ordinances and the annotations and indexes to them this book includes an introductory note containing a sketch of Kansas City's municipal growth and a discussion of the relation of a special charter city to the state under our constitution and laws, a register of the officials of Kansas City from its incorporation to the present date, sections of the Federal and State Constitutions and of the Missouri Statutes applicable to the affairs of the municipality and a map prepared by Mr. Theodore Naish of the City Engineering Department, showing the boundaries of the city as they have been from time to time extended.

## HOW CITIES ARE INCORPORATED IN MISSOURI.

The Constitution of 1820 contains no provision in regard to incorporating cities, towns and villages. The statute of 1825 provides that the county court may declare a town or village incorporated upon the petition of at least two-thirds of the taxable inhabitants and defines the powers of such corporations. A provision is also made for filing town plats.

The Constitution of 1865 (Article VIII) authorizes the incorporation of cities by special act of the legislature but provides that no city shall be thus incorporated with less than 5,000 permanent inhabitants nor unless the people thereof by a direct vote upon the question shall have decided in favor of such incorporation.

The Constitution of 1875 (Article IX, Section 7) authorizes the General Assembly to provide by general laws for the organization and classification of cities and towns, limits the number of classes to four and provides that the powers of each class shall be defined by general laws so that all municipal corporations of the same class shall possess the same powers and be subject to the same restrictions. In addition to the four classes of cities to be established by the General Assembly, that constitution provides for other classes. Section 16 of Article IX provides that any city having a population of more than 100,000 inhabitants may frame a charter for its own government consistent with and subject to the Constitution and laws of this state. Section 15 of Article IX provides for consolidating the government of such city with that of the county in which it is situated. Kansas City is governed by a special charter, but the city and county governments have not been consolidated.

Sections 20 to 25 of Article IX provide for the adoption of a special charter to become the organic law of the city of St. Louis and for the separation of the city from the residue of St. Louis county. In 1876 the city of St. Louis availed itself of the privileges offered to it by the Constitution.

**Legislation.** In 1877 the legislature defined the four classes of cities as follows: First class, those containing 100,000 or

## INTRODUCTORY NOTE.

more inhabitants; second class, those containing 20,000 and less than 100,000 inhabitants; third class, those containing 5,000 and less than 20,000 inhabitants; fourth class, those containing 500 and less than 5,000 inhabitants, and all towns existing under any special law and having less than 5,000 inhabitants which shall elect to be cities of the fourth class. An act of 1875 provides that all towns not incorporated and containing less than 500 inhabitants are declared to be villages. The law was amended in 1909 (Laws 1909, p. 142), so that all cities containing more than 75,000 and less than 150,000 inhabitants may become cities of the first class, and was amended in 1885 (Laws of 1885, p. 50), so that the second class comprises cities having 30,000 and less than 100,000 inhabitants and the third class comprises cities having 3,000 and less than 30,000 inhabitants. In 1889 the maximum limit of cities of the fourth class was changed to 3,000 instead of 5,000.

In 1877 the legislature provided that any city or town existing by virtue of the general law, or by any local or special law, may elect to become a city of the class to which its population would entitle it by passing an ordinance and submitting the proposition to its legal voters at an election held for that purpose and if it be ratified by a majority of the voters voting at such election and the mayor issue his proclamation declaring the result of the election such city or town shall, by virtue of such vote, be incorporated in the class to which it belongs. The class shall be determined by the last census taken, whether state or national. Any city or town not incorporated may become incorporated under the class to which its population would entitle it by a declaration of the county court upon petition of a majority of the inhabitants. These provisions have continued with no substantial change to the present time.

The county court may disincorporate towns and may diminish their limits. (Rev. Stat. 1899, Sec. 6055, Amended Laws 1907, p. 109, R. S. Mo. 1909, Sec. 9481.)

In 1887 the General Assembly passed an act designating the manner in which a city having more than 100,000 inhabitants may frame a charter for its own government under Section 16 of Article IX of the Constitution. This act was approved March 10, 1887. (Laws of 1887, pp. 42 to 51, Rev. Stat. of 1899, Secs. 6359 to 6410, R. S. Mo. 1909, Secs. 9703 to 9754 inclusive, pp. 76 to 83, this volume.)

## INCORPORATION OF KANSAS CITY.

The organization of a city, town or village within two miles of the limits of any city of the first, second or third class is prohibited by statute. (R. S. Mo. 1899, Sec. 5261, Amended Laws 1907, p. 93, R. S. Mo. 1909, Sec. 8533.)

### INCORPORATION OF KANSAS CITY.

**Plats and Incorporation by the County Court.** The first plat of the Town of Kansas was filed in 1839 and embraced the land from the river to Second Street and from what is now Delaware Street to what is now Grand Avenue. A second plat was filed in 1846 and extended from the river south to what is now Independence Avenue and from what is now Central Street on the west to what is now Oak Street on the east. The plat filed in 1846 shows the filing and acknowledgment by William Gilliss, Fry P. McGee, John C. McCoy, Jacob Regan, Henry Jobe and William B. Evans and was acknowledged April 1, 1846, before Walter Bales, justice of the peace. A third plat filed June 7, 1849, embraces the territory from the river to Independence Avenue and from what is now Central Street on the west to Cherry Street on the east. The filing of these plats conferred no municipal organization upon the town. The few merchants and traders who did business on the site platted as the "Town of Kansas," but locally called "Westport Landing," were without municipal government until the 4th day of February, 1850, when the territory embraced within the plats filed as above mentioned was incorporated by the county court at Independence under the name and style of the Town of Kansas. (County Court Record 8, p. 101.) The first trustees appointed by the county court in that order of incorporation were Madison Walrond, John C. McCoy, Robert Kirkham, Pierre M. Choteau and Hiram M. Northup. They failed to qualify and by another order entered by the county court at Independence on the 3rd day of June, 1850, (County Court Record 8, p. 257) the Town of Kansas was again incorporated with William Gilliss, Madison Walrond, Lewis Ford, Bennoist Troost and Henry H. Brice as trustees.

### INCORPORATION BY SPECIAL STATUTE.

**Charter of 1853.** The City of Kansas was incorporated by a special act of the legislature on the 22nd day of February, 1853. (Laws of 1853, p. 244.) The boundary lines at that time extended from the middle of the Missouri River south to

## INTRODUCTORY NOTE.

about what is now Ninth Street and from Bluff Street on the west to a point between Holmes and Charlotte Streets on the east. This act was amended in 1857 (Laws of 1857, p. 368) and again in 1859 (Laws of 1859, pp. 204, 355 and 306), when the limits were extended by the legislature so that the boundary lines ran as follows: From the middle of the Missouri River south along the state line to Twentieth Street; east on Twentieth Street to Troost Avenue; north on Troost Avenue to Twelfth Street; east on Twelfth Street to Lydia Avenue; thence north to the center of the Missouri River; thence along the channel of the river to the beginning. The act was again amended in 1861 (Laws of 1861, pp. 203 and 411), in 1867 (Laws of 1867, p. 18), in 1868 (Laws of 1868, p. 208), in 1870 (Laws of 1870, p. 327), in 1872 (Laws of 1872, pp. 397 and 414), and in 1873, when the limits were again extended by the legislature to embrace the territory from the channel of the Missouri River south to Twenty-third Street and from the state line to Woodland Avenue. The original act of incorporation was again amended in 1874. (Laws of 1874, p. 320.)

**Charter of 1875.** In the year 1875 the city passed through one of the most critical phases of its charter history. A crisis had arisen in which the city was on the verge of bankruptcy. Over \$400,000 of taxes were delinquent and unpaid. So doubtful was the city's financial outlook that it was practically impossible to collect taxes from any source whatever. City warrants were reluctantly accepted at forty cents on the dollar and the municipality was expending each year over twice its income. Charter amendments of a character tending to increase the city's financial embarrassment were pending before the state legislature. At this juncture a mass meeting was called at which a board of thirteen citizens was appointed to determine on legislation suitable to the emergency. As a result of their efforts a new charter was granted to the city by a special act of the General Assembly. (Laws of 1875, p. 196.) This committee, inspired with a desire to restore the city's credit at all hazards, devised the simple but effective limitations now found in Articles IV and V of the present charter, which were enacted in the Charter of 1875 and have ever since been preserved in succeeding charters. The adoption of this instrument marked a turning point in the city's history. Immediately upon its passage the city's credit was restored, taxes were

promptly paid, land values increased and city warrants were accepted at their face value. The board of thirteen was composed of the following citizens: E. H. Allen, E. L. Martin, John C. Gage, Thomas K. Hanna, Dr. T. B. Lester, Peter Soden, John W. Reid, William Warner, Kersey Coates, L. K. Thacher, James E. Marsh, J. A. Bachman and James Nave, chairman. The boundaries were the same as those established by the act of 1873 but were extended in 1885 in pursuance of an act of the General Assembly approved March 11, 1885. (Laws of 1885, p. 63; Rev. Stat. of 1899, Sections 6292 to 6300, Rev. Stat. 1909, 9631 to 9639), so as to include the territory from the middle of the Missouri River to Thirty-first Street and from the state line to Cleveland Avenue. This extension was held to be valid in *Kelly vs. Mecks*, 87 Mo., 396.

The descriptions of the boundaries given above are not the legal descriptions contained in the various charters.

### INCORPORATION UNDER SPECIAL CHARTERS.

**Charter of 1889.** In pursuance of the method designated in the act of the General Assembly approved March 10, 1887, (Laws of 1887, pp. 42-51), Kansas City sought to avail itself of the privilege conferred upon it by Section 16 of Article IX of the Constitution of 1875. A charter was prepared by thirteen freeholders and was submitted to the people of the City of Kansas January 30, 1888, but was not adopted. At an election held December 11, 1888, under the provisions of an ordinance approved October 20, 1888, and an amendment thereto approved November 10, 1888, Frank Askew, Edward L. Scarritt, Gardiner Lathrop, William Dalton, L. E. Irwin, L. E. Wyne, Dennis Finucane, Oliver H. Dean, Hans Peterson, James G. Adkins, William Weston, Frederick W. Schulte and Baxter F. Fullerton were elected as a board of thirteen freeholders to draft a charter for the city. A draft of the charter was prepared and returned to the mayor on March 9, 1889, was submitted to the voters at an election held April 8, 1889, pursuant to an ordinance approved March 11, 1889, was adopted at that election and went into effect on the 9th day of May, 1889.

This charter changed the name from the City of Kansas to Kansas City. No change was made in the boundaries as extended in 1885.

## INTRODUCTORY NOTE.

Amendments to the charter of 1889 were adopted September 23, 1890, February 27, 1892, June 6, 1895, December 2, 1897, and August 4, 1903.

An attempt was made in 1890 to extend the limits to include the city of Westport and adjacent territory. On January 19, 1891, the Supreme Court declared that the extension was invalid because the question was not submitted to the voters of Kansas City. (*Westport vs. Kansas City*, 103 Mo., 141.) The limits were extended by an amendment to the charter adopted December 2, 1897, the boundaries established are shown upon the map at pp. 8 and 9. (Ordinance No. 8962.) This extension was approved by the Supreme Court in *Kansas City vs. Stegmiller*, 151 Mo., 189.

A board of freeholders, elected November 8th, 1904, as provided by law, prepared a charter which was submitted to the people at a special election on the 7th day of March, 1905. This charter failed to receive the required number of votes and was not adopted.

**Charter of 1908.** In compliance with Section 16, Article IX of the Constitution and Sections 6359 to 6410, Revised Statutes of 1899, Revised Statutes of 1909, Secs. 9703 to 9754, (Enabling Act of 1887, pp. 76, 77, 78, 79, 80, 81, 82, 83 of this volume) and in pursuance of Ordinance No. 38201, approved December 3, 1907, J. V. C. Karnes, Walter J. Bales, William P. Borland, Charles Campbell, F. D. Crabbs, Andrew F. Evans, D. J. Haff, Charles J. Hubbard, R. J. Ingraham, Robert B. Middlebrook, John H. Moore, John H. Thacher and F. W. Tuttle were, at a general election held April 7, 1908, elected as a board of thirteen freeholders to draft a charter for Kansas City and on July 6, 1908, they returned the charter set out in the succeeding pages to Mr. Thomas T. Crittenden, Jr., Mayor of Kansas City. The officers of the board of freeholders were J. V. C. Karnes, president, and J. W. S. Peters, secretary. This charter was submitted to the voters of Kansas City for adoption at an election held on the 4th day of August, 1908, and all of it except Section 30 of Article IV was ratified by more than four-sevenths of the voters voting at that election. The first alternative contained in said Section 30, which provided for a recall of elective officers, was approved by four-sevenths of the voters voting on that section but less than four-sevenths of those voting at the charter election. (See Art. IV, Sec. 30 and note.) This charter was

## RELATION OF CITY TO STATE.

filed for record in the office of the Recorder of Deeds for Jackson County, Mo., at Kansas City, August 20, 1908, is recorded in Book B 1172, pp. 20 to 305, and went into effect on the 4th day of September, 1908. (Constitution, Art. IX, Sec. 16; *Morrow vs. Kansas City*, 186 Mo., 675; *Kansas City vs. Bacon*, 147 Mo., 1. c. 267; *Jaicks vs. Merrill*, 201 Mo., 1. c. 97.) Section 30 of Article IV is not found in the recorded copy. The boundaries were extended by an amendment of the charter adopted April, 6, 1909, and the corporate limits defined in Sec. 2 of Art. 1, were established.

## RELATION OF CITIES TO STATE.

A municipal corporation is a subordinate branch of the domestic government of a state with political and legislative powers for the local civil government and police regulations of the inhabitants of the particular district included in the boundaries of the incorporation. (*Kansas City vs. Vineyard*, 128 Mo., 75, 1. c. 81.)

"Counties are geographical subdivisions of the state, with no legislative functions, while the city is a municipal government, with authority to legislate for itself." (*City of Kansas vs. Ry. Co.*, 81 Mo., 285, 1. c., 291. See *Hannon vs. St. Louis County*, 62 Mo., 313.) Voters in all cities and towns, except St. Louis, act in common with the voters of the county or counties in which they may be located in electing county or state officials and cities do not, simply because of their incorporation, become subdivisions of the state. Kansas City is not a subdivision of Jackson County nor of the state. (*Kansas City vs. Neal*, 122 Mo., 232, 1. c. 235; *City of Tarkio vs. Loyd*, 179 Mo., 600, 1. c. 604, and cases there cited.)

## STATUS OF KANSAS CITY UNDER THE CHARTERS.

Kansas City does not fall within any of the legislative classifications of cities. At present it is the only city within the classification of Section 16 of Article IX of the Constitution. (*Kansas City vs. Stegmiller*, 151 Mo., 189, 1. c. 204.) When the first freeholders' charter went into effect on the 9th of May, 1889, it superseded the existing charter, granted by the General Assembly, and all amendments to it and all laws pertaining to matters within the domain of purely municipal government and relating to purely local municipal affairs.

(*Kansas City vs. Bacon*, 147 Mo., 259, l. c. 270.) The power to frame a freeholders' charter was not exhausted by being once exercised. Nor is it limited to amendments. It is a continuing power, and on the 4th day of September, 1908, the present charter superseded the charter of 1889 and all amendments to it with like effect. (*Morrow vs. Kansas City*, 186 Mo., 675.) "A charter is the organic law of a city in this state, whether it emanate from the General Assembly, or is framed and adopted by the people of the municipality by authority of the Constitution. Being a law for the government of the municipality, it is binding upon all courts, and it violates no principle of our government to say that the courts, when called upon, must enforce these municipal laws unless they conflict with the Constitution or are not in harmony with the Constitution and laws. (*Kansas City vs. Marsh Oil Co.*, 140 Mo., 458, l. c. 471; *St. Louis vs. DeLassus*, 205 Mo., 578, l. c. 585; *St. Louis vs. Liesing*, 190 Mo., 464, l. c. 480.)

The power of legislation conferred upon municipal corporations to regulate and manage their local affairs in conformity to ordinances adopted by themselves is no infringement upon the maxim that legislative power cannot be delegated. (*Morrow vs. Kansas City*, 186 Mo., 675, l. c. 683, and cases there cited; *Sluder vs. Transit Co.*, 189 Mo., 107, l. c. 128.)

**Powers Not Conferred by Charter.** But it is not every power that may be essayed to be conferred on the city by such a charter that is of the same force and effect as if it were conferred by an act of the General Assembly, because the Constitution does not confer on the city the right, in framing its charter, to assume all the powers incident to its municipality, yet the legislature may, if it should see fit, confer on the city powers not necessary or incident to the city government. There are governmental powers the just exercise of which is essential to the happiness and well being of the people of a particular city, yet which are not of a character essentially appertaining to the city government. Such powers the state may reserve to be exercised by itself, or it may delegate them to the city, but until so delegated they are reserved. Nor does the Constitution confer unlimited power on the city to regulate, by its charter, all matters that are strictly local, for there are many matters local to the city, requiring governmental regulations, which are foreign to the scope of municipal government. In none of

the cases that have been before the Supreme Court, bringing into question the charters of St. Louis and Kansas City under the Constitution of 1875, have they given to this constitutional provision any broader meaning than above indicated. (St. Louis vs. Bell Tel. Co., 96 Mo., 623; State, *ex rel.* vs. Field, 99 Mo., 353; Kansas City, *ex rel.* vs. Scarritt, 127 Mo., 642; State, *ex rel.* Subway Co. vs. St. Louis, 145 Mo., 551; Kansas City vs. Stegmiller, 151 Mo., 189; Young vs. Kansas City, 152 Mo., 661; State, *ex rel.* vs. Telephone Co., 189 Mo., 83, l. c. 99 and 100; State, *ex rel.* vs. Gates, 190 Mo., 540, l. c. 557; State vs. Kessels, 120 Mo. App., 233.) In the Telephone Company case the court held that Kansas City did not have the right to regulate telephone charges under the provisions of the Constitution or the Enabling Act of 1887, but held further that the legislature could confer that power upon the city. In a separate opinion, concurring in the result but dissenting from the reasoning of the majority opinion, Judge Marshall held that the General Assembly could not confer upon the city the right to regulate the rates charged by public service corporations.

The legislature conferred the power to regulate rates charged by public utilities in 1907. (Laws of 1907, p. 119, R. S. Mo. 1909, Secs. 9568, 9569, 9570, pp. 88, 89 of this volume.)

**Charter and Ordinances Must Conform to Constitution.** "The charter rights of Kansas City cannot exceed the power of the people of the state through their legislature." Neither the acts of the General Assembly of the state nor the charter nor the ordinances of a city can deprive a man of his day in court. (Paving Co. vs. Ridge, 169 Mo., 376, l. c. 387.) In Abbott vs. Lindenbower, 42 Mo., 162, the court held that the state legislature could not make a tax deed conclusive evidence of the recitals contained in it. In Barber Asphalt Paving Co. vs. Ridge, 169 Mo., 376, l. c. 386, the court said: "In attempting to deprive an abutting property owner of his right to plead a lawful defense to a suit to enforce the lien of a tax bill against his property because he had not filed a written statement of his defenses before the board of public improvements within sixty days after said tax bill was issued, the framers of the charter, and the people who adopted it, transgressed the lines marked out for them in the organic law of the state." This case was followed and approved in State, *ex rel.* vs. Smith, 177 Mo., 69, in Paving Co. vs. Munn, 185 Mo., 552, in Construction Co.

vs. Coal Co., 205 Mo., 49, and other cases. For a discussion of when a constitutional question is involved, see *State, ex rel. vs. Smith, supra*.

**Charter and Ordinances Must Be in Harmony With Laws of State.** It was not the intention of the framers of the Constitution to create a sovereignty and deny to the state the right of control. As to subjects which bear upon their relation to the state government, the General Assembly can, by a general law, provide for the government of charter cities and all charter provisions and ordinances must be in harmony with and subject to the Constitution and laws of the state. (Constitution, Art. IX, Sec. 16; *Ewing vs. Hoblitzelle*, 85 Mo., 64, l. c. 76; *State, ex rel. Kansas City vs. Field*, 99 Mo., 352, l. c. 356 and 357; *Kansas City, ex rel. vs. Scarritt*, 127 Mo., 642, l. c., 650 and 651; *Kansas City vs. Stegmiller*, 151 Mo., 189, l. c. 204; *Kansas City vs. Marsh Oil Company*, 140 Mo., 458, l. c. 467; *State, ex rel. vs. McCammon*, 111 Mo. App., 626; *St. Louis vs. Meyer*, 185 Mo., 583; *State vs. Tower*, 185 Mo., 79.)

Ordinances must be in harmony with the laws of the state. (*City of Linneus vs. Dusky*, 19 Mo. App., 20; *St. Louis vs. Packing Co.*, 141 Mo., 375; *Paris vs. Graham*, 33 Mo., 94; *In re Dunn*, 9 Mo. App., 255; *Kansas City vs. Hallett*, 59 Mo. App., 160; *Carpenter vs. Reliance Realty Co.*, 103 Mo. App., 480; *St. Louis vs. Galt*, 179 Mo., 8, l. c. 18; *St. Louis vs. Klausmeier*, 213 Mo., 119, l. c. 130.)

Public corporations are called into being at the pleasure of the state. The same voice which speaks them into existence may speak them out. Such corporations are the auxiliaries of the government in the important business of municipal rule and cannot have the least pretension to obtain their privilege or their existence upon anything like a contract between them and the legislature. When the state, however, does create such agency, and through it contracts with a third person, whereby rights become vested in such person, it is then beyond its power to divest them; for, such contract is *pro hac vice* the contract of the state, the obligation of which it cannot impair. (*St. Louis vs. Russell*, 9 Mo., 507, l. c. 512; *Forsythe vs. Hammond*, 166 U. S., 506; *Graham vs. Folson*, 200 U. S., 248; *State, ex rel. Attorney General vs. Miller*, 66 Mo., 328, l. c. 342.) It was never intended by the constitutional provisions that the municipality should rise higher than the fountain head. When a gen-

## STATUS OF CITY UNDER CHARTER.

eral state law is, in any of its provisions, in conflict with a charter provision the law prevails over the charter in obedience to the mandates of the Constitution. (Ewing vs. Hobletzelle, 85 Mo., 64, l. c. 77.) "The law making power of the state covers a broader field and proceeds to enact such general laws upon subjects about which it has the right to legislate, and municipalities must take notice of such legislation, and whenever their charter provisions conflict with such general laws, it is not essential that the legislature should repeal such charter provisions or in any way give expression of its disapproval of them; but it is simply the plain duty of the municipalities to see that their charter provisions are in harmony with the Constitution and laws of this state, otherwise they are inoperative and of no force and vitality." (State, *ex rel.* vs. Stobie, 194 Mo., 14, l. c. 61; State, *ex rel.* Zeigenhein vs. Railroad, 117 Mo., 1, l. c. 11 and 12.)

Mere differences in details do not render such laws inharmonious. So long as Kansas City, under its special charter, does not invade the province of general legislation, or attempt to change the policy of the state as declared in her laws for the people at large, its action will not be out of harmony with such laws, notwithstanding the provisions of the special charter may be different from the general statutes prescribed for the government of other cities in their local affairs. (Kansas City vs. Marsh Oil Company, 140 Mo., 458, l. c. 471 and 472; St. Louis vs. Liessing, 190 Mo., 464, l. c. 480; Grand Avenue Ry. Co. vs. Citizens Ry. Co., 148 Mo., 665, l. c. 671; St. Louis vs. Western Union Telegraph Company, 149 U. S., 465, l. c. 467; City of St. Louis vs. Fischer, 167 Mo., 654, l. c. 660, s. c. 194 U. S., 361; State, *ex rel.* vs. Telephone Company, 189 Mo., 83, l. c. 99; State, *ex rel.* vs. Gates, 190 Mo., 540, l. c. 557.)

Section 6258, Revised Statutes 1899, Revised Statutes 1909, Sec. 9582 provides that any municipal corporation in this state, either under general or special charter, having authority to pass ordinances regulating subject matters and things upon which there is a general law of the state, unless otherwise prescribed or authorized by some special provision of charter, shall confine and restrict its jurisdiction and the passage of its ordinances to and in conformity with the state law upon the same subject.

If the state, by a general enactment of the legislature, has manifested a policy the city is restricted to the exercise of only

## INTRODUCTORY NOTE.

such jurisdiction as is consistent with and in harmony with the policy of the state so manifested and ordinances of the city must not be repugnant to the legislative policy of the state so manifested by its general enactment. This general law is applicable to every citizen of the state and its force and vitality cannot be limited by municipal authority. Matters of purely municipal and local concern the Constitution intended to commit to local self-government.

The regulation and licensing of peddlers and hawkers is not a subject that can be limited to one of strictly municipal concern. It is one in which the people of the entire state have an interest and is a subject to which general legislation may be directed, and when the state speaks upon the subject by general enactment, its force and vitality are not limited to any particular locality. The General Assembly has undoubted power to legislate for all cities in the full exercise of police power of the state as well as to enforce direct mandates of the fundamental law by appropriate statutes and to pass all proper laws that are general throughout the state. (St. Louis vs. Meyer, 185 Mo., 583.)

In *Stotler vs. Railway*, 200 Mo., 107, 1. c., 121, the court recognizes the authority of the General Assembly to declare that the violation of a reasonable ordinance regulating speed shall not be negligence *per se*.

The word "exclusive" as used in the statute giving the city exclusive control of its streets must be understood as subject to the control of the state whenever the state chooses to assume control. The constitutional grant of power under which the charter is formed says that it must always be subject to the Constitution and laws of the state, which the Supreme Court interprets to mean that in all matters not appertaining to city government the charter is subordinate to the will of the General Assembly. The legislature in conferring upon the city the exclusive control of its streets meant exclusive control for the purpose of a city government, not to the exclusion of the state in other matters. (State ex rel. vs. Telephone Co., 189 Mo., 83, 1. c., 101-102; *Willis vs. A. T. & S. F. Ry. Co.*, 133 Mo. App., 625, appears to be in conflict with this case.)

Power over streets is in the nature of a trust and the state has visitatorial power to correct breach of trust or abuse of power by an action through the prosecuting attorney or attorney

general. (State vs. Franklin, 133 Mo. App., 486; State *ex rel.* vs. Vandalia, 119 Mo. App., 406.)

**Authority of City to Create a Right of Action.**—In *Holwerson vs. Ry. Co.*, 157 Mo., 218, 1. c. 246, Div. 1 of the Supreme Court said: "The city cannot by ordinance create a right of action between third persons, nor enlarge the common law or statutory liability of citizens *inter sese*." Such laws must emanate from the legislature in whom alone such power is vested by the Constitution, but the city may create a contractual relation which may be taken advantage of by a private person. This action was based upon an ordinance regulating the operation of trains and street cars in the streets of the city. At the same term of the Supreme Court in which the *Holwerson* case was decided by division number one, division number two decided the case of *Jackson vs. Ry.*, 157 Mo., 621, in which it was held that ordinances regulating the speed of trains of cars are police regulations and have the same force and effect as legislative acts and that actions for damages sustained by reason of their violation may be maintained even though the railroad company against which the action may be brought never contracted to be responsible for such damages. The *Jackson* case is approved in *Ford vs. Kansas City*, 181 Mo., 137, and *Sluder vs. Transit Co.*, 189 Mo., 107, which cases overruled the *Holwerson* case and all cases there cited that were based upon ordinances regulating the operation of cars. The *Sluder* case was approved by the court *in banc* in *McHugh vs. St. Louis Transit Co.*, 190 Mo., 85, 1. c. 96, in which the court said that the question must be considered finally settled. (*Rapp vs. Transit Co.*, 190 Mo., 144, 1. c., 153; *Eckhard vs. Transit Co.*, 190 Mo., 593, 1. c. 620.) So that it is now established that a person injured by the operation of street cars or trains of cars in violation of a reasonable ordinance may recover in a suit based upon the ordinance. The *Sluder* case has been approved in a number of other cases. It may be said in passing that the acts complained of in these cases are akin to common law negligence.

The city cannot impose upon any person a liability, either to a person injured or to the city, for a failure to keep sidewalks in a safe condition. But the city has a right to impose a fine for such failure. (*St. Louis vs. Insurance Co.*, 107 Mo., 92; *Norton vs. St. Louis*, 97 Mo., 537; *Baustain vs. Young*, 152 Mo., 317; *Ford vs. Kansas City*, 181 Mo., 137.) If a person is instrumental in causing the dangerous condition he may be jointly liable with the

city for damages arising out of it. (Reedy vs. Brewing Association and St. Louis, 161 Mo., 523, and many other cases.)

**Ordinances Concurrent With State Laws.**—"The fact that an existing state law provides a remedy does not prevent a municipal corporation from enacting another remedy as to a municipal matter, if it has the power to so enact given it by its charter, either in express terms or by necessary implication from the powers conferred." (Hill vs. St. Louis, 159 Mo., 159, l. c. 167.)

"It is the well settled law of this state that municipal corporations may, by ordinance, prohibit acts which are made misdemeanors under the general statutes of the state; and for a violation of such ordinances, the city may maintain a proceeding in its own name to impose and collect a fine." (St. Louis vs. Schoenbusch, 95 Mo., 618.) "Merely because the city did not make its ordinance as broad as the statute did not render it so inconsistent as to make it void. It could have made its ordinances as broad as the statute and in no wise conflicted with the Constitution or general laws of the State. (St. Louis vs. DeLassus, 205 Mo., 578, l. c. 584.) Where the State makes regulations the city cannot require a higher standard than is made by the State. (St. Louis vs. Klausmeier, 213 Mo., 119; City of St. Louis vs. Bentz, 11 Mo., 61; City of St. Louis vs. Cafferata, 24 Mo., 94; State vs. Cowan, 29 Mo., 330; City of Independence vs. Moore, 32 Mo., 392; *Ex parte* Hollwedell, 74 Mo., 395; State, *ex rel.* vs. Walbridge, 119 Mo., 383, l. c. 393; St. Louis vs. DeLassus, 205 Mo., 578, l. c. 584; St. Louis vs. Schoenbusch, 95 Mo., 618; City of DeSoto vs. Brown, 44 Mo. App., 148; Manker vs. Faulhaber, 94 Mo., 430; *Ex parte* Kiburg, 10 Mo. App., 442; Kansas City vs. Hallett, 59 Mo. App., 160; State vs. Noland, 111 Mo., l. c. 484; State, *ex rel.* vs. Slover, 113 Mo., 202; State vs. Muir, 164 Mo., 610; State vs. Gustin, 152 Mo., 108; Canton vs. McDaniel, 188 Mo., 207.)

**Police Department.**—Laws providing a metropolitan police system for large cities, are based on the elementary proposition that the protection of life, liberty and property and the preservation of the public peace and order in every part, division and sub-division of the State, is a governmental duty which devolves upon the State and not upon its municipalities any farther than the State in its sovereignty may see fit to impose it on or delegate it to the municipalities. The right to establish the peace and order of society is an inherent attribute of government, whatever its form, and is co-

extensive with the geographical limits thereof, and touching every part of its territory.

From this duty existing in the very nature of State government flows the corresponding power to impose upon municipalities of its own creation a police force of its own creation, and to compel its support out of the municipal funds. It is almost universally conceded that police boards and metropolitan police forces are State officers and fall clearly within legislative control. (State, *ex rel.* vs. Mason, 153 Mo., 23, l. c. 44 and 45.)

But for some purposes they are also city officers. (Carrington vs. St. Louis, 89 Mo., 208; State, *ex rel.* vs. St. Louis, 174 Mo., 125.)

Acts of the General Assembly in regard to the police force of Kansas City are superior to and supersede the charter provisions on the same subject. The right to discharge a policeman is governed by the State statute and not by the charter. (State, *ex rel.* vs. Police Commissioners of Kansas City, 184 Mo., 109, l. c. 133 and 134.) Police officers are without authority to arrest offenders outside of the city for offences committed outside of the city, Marshall and Valliant dissenting. (State, *ex rel.* vs. Stobie, 194 Mo., 14, l. c. 61.)

**Authority of City to Regulate Court Practice and Proceedings.**—The city has not authority to regulate practice and proceedings in the courts of this state in ordinary common law actions against the city, or against the city and others. Where the charter and the statutes of the State are in conflict in regard to a matter of practice or procedure the statutes of the State must prevail. (Badgley vs. St. Louis, 149 Mo., 122, l. c. 129.) In that case a charter provision that those jointly liable with the city for an act of negligence must be made parties to a suit against the city was held invalid.

But the city may regulate the practice and proceedings in regard to purely municipal matters.

**Grading.**—In State, *ex rel.* vs. Field, 99 Mo., 352, the question presented was whether the procedure in grading streets provided by the act of the legislature or that provided by the charter should be followed. The court said: "Both the charter and this act of the legislature, as amended, point out the procedure for the assessment of damages and benefits in such cases, but they are so different that the court in following one must, of necessity, disregard

and exclude all considerations of the other." The court said further: "This matter of assessing damages and benefits for grading and re-grading streets naturally falls within the domain of municipal government." Held, that the statute was superseded by the charter.

**Condemnation.**—In *Kansas City vs. Marsh Oil Co.*, 140 Mo., 458, it was held that the charter provision in regard to the procedure in exercising the right of eminent domain superseded the statute on the subject. (*Brunn vs. Kansas City*, 216 Mo., 108.)

**Special Assessments.**—The right of the city to provide the method to be followed and the notice that shall be given where special assessments are contemplated has been approved. "When a tax is to be assessed in proportion to benefits, the apportionment is a quasi-judicial proceeding in which, at some stage, the owner has the right to be heard upon the question of the amount to be assessed against his property, before a charge therefor finally attaches thereto for its payment, and to notice, not necessarily judicial in its character, but such as is appropriate to the nature and character of the proceeding, of his right to be so heard, nor need such notice be personal." (*St. Louis vs. Ranken*, 96 Mo., 497, l. c. 505.)

**Notice and Publication.**—The legislative authority of the State may prescribe what the manner of the notice shall be; and when the statute provides for such notice and hearing, its terms must be complied with in order to a valid assessment, and when the assessment is made in conformity with such requirements it is final, conclusive and binding. *Egyptian Levee Co. vs. Hardin*, 27 Mo., 495; *Newby vs. Platte County*, 25 Mo., 258; *Garrett vs. City of St. Louis*, 25 Mo., 505; *Cooley Const. Lim.*, 497, 505; *Cooley on Tax*, (2 Ed.) 637, Sec. 5, *et seq.*, and 653, Sec. 6, *et seq.*, and notes; *In re DePeyster*, 80 N. Y., 565; *In re Zboworski*, 68 N. Y., 88; *People vs. Smith*, 21 N. Y., 595; *Pearson vs. Zable*, 78 Ky., 170; *Holt vs. City Council of Somerville*, 127 Mass., 408; *Reclamation District vs. Evans*, 61 Cal., 104; *McMillen vs. Anderson*, 95 U. S., 37; *Davidson vs. New Orleans*, 96 U. S., 97; *Hagar vs. Reclamation District*, 111 U. S., 701; *Kentucky Railroad Tax Cases*, 115 U. S., 321; *Spencer vs. Merchant*, 125 U. S., 345; *Lent vs. Tillson*, 72 Cal., 404; s. c. 19 A. & E. Corp. Cases, 640." (*City of St. Louis vs. Ranken*, 96 Mo., 497, l. c. 506.)

No notice is required by the Constitution to be given property owners respecting those matters which the legislature itself determines or delegates to the municipal authorities. (*Meier vs. St. Louis*, 180 Mo., 391.) Publication of notice to the property owners

and opportunity to be heard before the tribunal upon which is devolved the duty of ascertaining facts and acting therein in the special assessment procedure is due process of law as to those matters to be passed upon by such tribunal. (Meier vs. St. Louis, 180 Mo., 391, l. c. 409.) And it is not necessary that name of property owner be set out in notice. (Kansas City vs. Ward, 134 Mo., 172.) In Kansas City vs. Mastin, 169 Mo., 80, l. c. 92, it was held that a publication notice could be properly published in the paper doing the city printing although it was not the newspaper with which the Circuit Court had contracted for legal notices under the general statute.

**Appeals.**—In Stevens vs. Kansas City, 146 Mo., 460, it was held that the provision of the Kansas City charter providing for appeals from a judgment of its police court to the criminal court of Jackson county was valid.

Motion for new trial and bill of exceptions must be filed in condemnation cases, and failure to file them in time prescribed by general law presents only record proper for review on appeal. (Kansas City vs. Mastin, 169 Mo., 80).

**Judicial Control Common Council.**—"It is not within the power of the judiciary to enjoin the General Assembly from passing a proposed statute or compel it by mandamus to do so. And to the extent that the Common Council of Kansas City is clothed with a legislative power under authority of the state, it is, in the exercise of that power, as free from control by the judiciary as the General Assembly itself. In the exercise of their legislative powers they are not subject to judicial control, but in the exercise of their ministerial or administrative powers they have no such exemption. Nor does an act of a Common Council, after its passage, even though it be strictly legislative in its character, stand on exactly the same plane as an act of the General Assembly, for that, whereas, the validity of an act of the General Assembly cannot be impeached in a court on the ground that its passage was obtained by fraud or corrupt influence, yet an ordinance may be so assailed. (Knapp, Stont & Co. vs. St. Louis, 156 Mo., 353; Barber Asphalt Co. vs. French, 158 Mo., 534, l. c. 547.)" (State, *ex rel.* vs. Gates, 190 Mo., 540.)

**Judicial and Public Notice of Charter and Ordinances.**—Section 16, of Article IX, of the Constitution requires courts to take judicial notice of charter and city's incorporation. (Walsh vs. Missouri Pacific Ry. Co., 102 Mo., l. c. 589; St. Louis vs. Lang, 131

## INTRODUCTORY NOTE.

Mo., 412, l. c. 420; State vs. Nolle, 96 Mo. App., 524, l. c. 526.) And courts will take judicial notice of extent and limits of territory included in city. (R. S., 1899, Sec. 6399; Kansas City vs. Vineyard, 128 Mo., 75; Kansas City vs. Block, 175 Mo., 433.)

A charter is a public act of which all persons interested are bound to take notice. (Perkinson vs. St. Louis, 4 Mo. App., 322, l. c. 328.)

The court will not take judicial notice of ordinances. A party relying on them must plead them. (St. Louis vs. Liessing, 190 Mo., 464, l. c. 491; St. Louis vs. Roche, 128 Mo., 541, l. c. 544; City of Tarkio vs. Loyd, 179 Mo., 600, l. c. 605.)

Courts will take judicial notice of population of cities in this State according to the last enumeration of the inhabitants thereof, State, Federal or municipal. (R. S. 1899, Sec. 6373; R. S. 1909, Sec. 9717; State, *ex rel.* vs. Dolan, 93 Mo., 467; State vs. Anslinger, 171 Mo., 600, l. c. 610; State, *ex rel.* vs. Miller, 100 Mo., 439, l. c. 450.)

such bonds issued for park or parkway purposes, as aforesaid, shall be apportioned for the improvement of the several parks or parkways owned by such city by ordinance, which shall have been first approved by the board of park commissioners, if any, of such city, and no sum from the proceeds of any issue of such bonds, in excess of the amount so apportioned for any one park or parkway, shall be paid out or expended for the purpose aforesaid upon any park or parkway. (Laws of 1903, p. 85.)

**Sec. 9756. Proceedings Shall Conform to Provisions of the Constitution, Etc.**—That all of the official proceedings relating to the submission of the proposal to issue the bonds referred to in Section 9755, the taking of the vote thereon, and all official proceedings relating to the authorization, execution, issuance and disposition of the bonds referred to in Section 9755, and the terms of such bonds, shall conform to the provisions of the constitution of this state, and the charter of such city and the ordinances of such city and the laws of the state relating thereto. (Laws of 1903, pp. 85 and 86.)

**Sec. 9757. Proposals to be Published.**—The proposal to issue the bonds referred to in Section 9755 shall be published for at least thirty days in three newspapers of the largest circulation in such city, one of which shall be a newspaper printed in the German language. Such city may, by ordinance, subject to all laws, provide the form of submitting such proposal to such voters at any election, and for ascertaining the result of the election thereon and making a proper record of the fact. (Laws of 1903, p. 86.)

**Sec. 9758. "Board of Park Commissioners" Construed.**—In this act the words "Board of Park Commissioners" shall be construed to mean the executive department or official authorities of such city, having the management and control of the parks and parkways of such city. (Laws of 1903, p. 86.)

estates and rights in land, including the right to go on, under or above the surface, as may be necessary or expedient for the construction and efficient use of such subway or subways for the transportation of persons, baggage, express and freight, and for cars, other means of transportation, pipes, wires and cables used for public service purposes. (Laws of 1907, p. 118.)

**Sec. 9760. Authorized to Operate or Lease—Not to Sell, When.**—All such cities may operate or may lease such subway or subways, or parts thereof, on terms to be fixed by said cities. Such cities may contract for the purchase or construction of such subway or subways, and for lease of same, and may grant rights therein, or in any part thereof, upon such terms as they may deem best, for cars, other means of transportation, pipes, wires and cables used for public service purposes. But no such lease or grant shall be made for a longer period than fifty years. And such cities may regulate the use of such subway or subways, and of the construction and operation of cars, other means of transportation, pipes, wires and cables used therein: Provided, that such city shall not lease, grant or let such street railroad, street railroad system, subway or subways, or any part thereof, or rights therein, for any purpose whatever, without the assent of a majority of the qualified voters of such city voting for or against such lease, grant or letting at an election held for that purpose. which such proceeding is pending, pay to the said clerk the amount of damages thus assessed, for the use or benefit of the party or parties in whose favor such damages have been awarded; and, on making such payment, it shall be lawful for such city to hold the interest in the property so appropriated for any of the uses aforesaid, and to enter upon and take possession of such property, and thereupon to proceed with the public improvements for which such property is sought to be taken or damaged; any subsequent proceedings shall affect only the amount of compensation to be allowed for the property taken or damaged, and shall not in any way interfere with the right of such city to the property sought to be acquired or damaged for public purposes. (Laws of 1907, pp. 118 and 119.)

**Sec. 9763. (R. S. 1899, Sec. 8846.)

**Sec. 9764. May Enact Needful Ordinances, Protect Persons and Property—Fines and Imprisonment.**—All cities in this state which now have or may hereafter have 150,000 and less than 300,000 inhabitants, may enact all needful ordinances for preserving order, securing persons or property from violence, danger and destruction, protecting public and private property and for promoting the general interests and (in serving) (insuring) the good government of the city, and for the protection, regulation and orderly government of parks, public grounds and other public property of the city, both within and beyond the corporate limits of such city; and to prescribe and impose, enforce and collect fines, forfeitures and penalties for the breach of any provisions of such ordinances, and to punish the violation of any such ordinances by fine or imprisonment, or by both fine and imprisonment; but no fine shall exceed five hundred dollars, nor imprisonment exceed twelve months for any such offense. (Laws of 1901, p. 79.)

**Sec. 9568. Cities Empowered to Regulate Charges for Gas, Telephone, Etc.**—All persons, firms and corporations owning or operating a telephone or telegraph line, system or exchange, or a street railway line or system, or a tunnel, subway, conduit or viaduct, or engaged in furnishing gas, steam or electricity for lighting, heating or power, or engaged in furnishing water, heat and refrigeration, under franchises granted by this state, or any of the cities thereof, or otherwise operating in such cities, and all persons, firms and corporations owning or operating any other public utilities under franchises granted by this state, or any of the cities thereof, or otherwise operating in such cities, are hereby required to charge no more for the services of such utilities than such rates as shall be fixed, from time to time, by ordinance, by the cities in this state in which such utilities are operated; and all cities in this state, whether organized under the provisions of Section 16 of Article IX of the Constitution, or otherwise, are hereby granted power and authority to fix, by ordinance, the rates of charge for the services of such utilities within their corporate limits, and to provide and enforce fines and penalties for the violation thereof, and to change such rates, by ordinance, from time to time, as often as may be deemed necessary: Provided, however, that such rates must be reasonable, and shall not be changed oftener than once every two years. (Laws of 1907, pp. 119 and 120.)

**Sec. 9569. Aggrieved Party May Appeal.**—Any such person, firm or corporation owning or operating any of the utilities mentioned in Section 9568 and claiming to be aggrieved by the rates fixed by such ordinance shall have the remedy herein provided, to have the validity of such ordinance and the reasonableness of such rates determined by the circuit court of the county in which such city may be situate. The party so complaining shall, as plaintiff, file in the Circuit Court within twenty days after the passage of such ordinance, a petition against such city, as defendant, setting forth the objections to such ordinance, whereupon summons shall issue and be served upon such city, and pleadings shall be filed and proceedings had as in other cases. The plaintiff or defendant shall have the right to appeal to the proper appellate court of the state as in other cases. Said cause shall be speedily heard and determined, and shall have precedence in time in the circuit and appellate courts over other civil actions. any power or jurisdiction is conferred upon said courts to fix such rates or regulate the charges of any such public utilities. (Laws of 1907, p. 120.)

Sec. 9570. **City May Appoint Commission—Duties.**—Any such city or town may, by ordinance, provide for and establish a committee or commission to make investigation into all facts and matters touching the establishing of such just and reasonable rate or rates of charge, and after such investigation said commission shall report its findings and recommendations to the city council. Name, early incorporation, etc., Status under constitution, relation to state, relation to General Assembly, &c., see introductory note.

**General Powers.**—City possesses and can exercise only powers granted in express words or those necessarily incident to or implied in the powers expressly granted or those which are essential to the declared objects and purposes of the corporation. (St. Louis vs. Telephone Co., 96 Mo. 623; City ex rel. vs. Eddy, 123 Mo. 546; State vs. Butler, 178 Mo. 272 l. c. 313; St. Louis vs. Kaime, 180 Mo. 309, l. c. 319; State ex rel. vs. Wilder, 200 Mo. 97 l. c. 105.)

Where there are both express and general charter provisions the special must be taken as intended to constitute an exception to the general provision. (Ruschenberg vs. Ry., 161 Mo. 70.)

Power under general clause does not enlarge or annul power conferred by special provisions in relation to their various subject matters. (St. Louis vs. Kaime, 180 Mo. l. c. 318. Jaicks vs. Merrill, 201 Mo. 91 l. c. 105.)

Charters are construed strictly against the exercise of power. (State vs. Butler, 178 Mo. 272 l. c. 373.)

The construction must not be so strict or technical as to defeat the evident objects or purposes of the corporation. (State ex rel. vs. Allen 183 Mo. 283, l. c. 291; St. Louis vs. Herthel, 88 Mo. 128.)

City cannot by definition enlarge its powers beyond the grant of the charter. (City of Brookfield vs. Kitchen, 163 Mo. 546, l. c. 550.)

Acts must not only be authorized by charter but must be done by such officers or agents and in such manner as charter directs. (City ex rel.

vs Eddy, 123 Mo. 546, l. c. 558 and cases there cited; City of Sedalia ex rel. vs Donohue, 190 Mo. 407; Construction Co. vs Loevy, 179 Mo. l. c. 466.)

Discretion conferred upon one class of officers cannot be transferred to another. (Sheehan vs Gleeson, 46 Mo. 100.)

It is unnecessary that the president of the board of public works personally compute, levy or assess the cost of public work. It is sufficient that he sign his name to the tax bill. Signing his name became the consummate act of computing, assessing and levying. (Construction Co. vs Loevy, 179 Mo. 455 l. c. 466; Jaicks vs Merrill, 201 Mo. 91.)

When properly authorized, clerk may sign name of president of Board of Public Works to tax bills. (Jaicks vs Merrill, 201 Mo. 91; Dickey vs Porter, 203 Mo. 1.)

Plans and specifications for public work cannot be prepared by person not employed by city and accepted and filed by city engineer. (Paving Co. vs O'Brien, 128 Mo. App. 267.)

See Art. III. Sec. 1.

**Power of City to Take and Hold Property.**—We have no statute of mortmain. The power of city to hold real estate can be questioned only by the state. (Chambers vs St. Louis, 29 Mo. 543; Hafner vs St. Louis, 161 Mo. 34.)

The city has the power that is given to corporations by the general law to take, hold and convey such real and personal estate as the purposes of the corporation shall require, not exceeding the amount limited in its charter, whether the property be situated within or without the city limits. It may take property by devise and may hold it in trust for charitable purposes. The power to hold property for purposes designated in the charter does not exclude the power to hold property for purposes not designated in the charter. (Christy's Administrator vs St. Louis, 20 Mo. 143; Chambers vs St. Louis, 29 Mo. 543; Hafner vs St. Louis, 161 Mo. 34; Haeussler vs St. Louis, 205 Mo. 656; St. Louis vs Crowe, 171 Mo. 272.)

Power to deal with property that has been bought by city. (State ex rel. vs Schweickardt, 109 Mo. l. c. 508, 509.)

The city may rent building for hospital purposes. (Aull vs Lexington, 18 Mo. 401.)

An owner of land may, without deed or writing, dedicate it to public uses. No particular form or ceremony is necessary. Assent of owner and use for purposes intended by appropriation all that is necessary. (Rector vs Hartt, 8 Mo. 448.)

Dedication to public use may be shown by plat. (City of Hannibal vs Draper, 15 Mo. 635.)

No ordinance of formal acceptance of dedication is necessary. (Rose vs City of St. Charles, 49 Mo. 509.)

Legal fee remains in original proprietors but must be held by them for donated use as long as that use continues. Upon cessation of use the title reverts. (Cummings vs St. Louis, 90 Mo. 259; Campbell vs. Kansas City, 102 Mo. 326; Hand vs St. Louis, 158 Mo. 204 and cases there cited.)

When dedication by plat, deed or other writing shows intention to convey unlimited fee for particular purposes, title does not revert on cessation or diversion of use but equity may compel specific execution of trust. (Hand vs St. Louis, 158 Mo. 204; Goode vs St. Louis, 113 Mo. 257.)

Land deeded to city on condition reverts to grantor on failure to comply with such condition. (Clarke vs Brookfield, 81 Mo. 503; Baker vs St. Louis, 75 Mo. 671.)

As to whether provision in grant is a condition or a covenant and whether an action to declare a forfeiture is necessary, see St. Louis vs Wiggins Ferry Co., 88 Mo. 615; Studdard vs Wells, 120 Mo. 25; Railway Co. vs Frowein, 163 Mo. 1.

Husband cannot dedicate wife's land to public use unless she joins in conveyance. (City of Marshall vs Anderson, 78 Mo. 85.)

Private property condemned or dedicated for one public use cannot be appropriated to another and different use. Use for street purposes of property donated for park may be enjoined by adjacent property owners. (Price vs Thompson, 48 Mo. 361.)

Property condemned for wharf purposes cannot be used for warehouse. (Sugar Refining Co. vs Elevator Co., 82 Mo. 121, cases there cited on page

127 s. c. 101 Mo. 192; Board of Regents vs Painter, 102 Mo. 464.)

See Art III, Sec. 1, cl II, cl 14.

**Power of City to Make Contract.—**

City has power to enter into contract as incident to and in carrying out its other powers. (Howsmon vs Trenton Water Co., 119 Mo. 304, l. c. 313.)

In making contracts city acts for benefit of citizens collectively and for all of them in every act, privity is not introduced by reason of taxpaying or discharge of civil duty by any individual citizen. Benefit to individual citizen is incidental to contract not primary object. In absence of express power in city to make contract for indemnity of individual citizen and express provision of contract, individual cannot maintain action on contract either in his own name or the name of city to his use or as his trustee. Hence individual cannot sue on contract to furnish water to city where loss by fire is occasioned by failure to comply with contract. (Howsman vs Trenton Water Co., 119 Mo. 304; Metz vs Waterworks & Light Co., 202 Mo. 324.)

Nor for damages for failure of contractor to perform contract for special improvements where by reason of failure work was done by another contractor at greater price and assessment of individual was thereby increased. (St. Louis vs Wright Contracting Co., 202 Mo. 451.)

Nor on bond under provision of Art. 8, Sec. 19, Charter 1908, for personal injury occasioned by negligence of contractor. (Kansas City ex rel. vs O'Connell, 99 Mo. 357.) See note Sec. 19, Art. 8.

Valid provision of ordinance in relation to employment of city employees enters into contract of employment. (State ex rel. vs Kent, 98 Mo. App. 281, l. c. 286, s. c. 176 Mo. 44; St. Charles vs Hackman, 133 Mo. 634.)

License issued by city is not a contract with city. (St. Charles vs Hackman, 133 Mo. 634.)

But city cannot make any contract unless it be within the scope of its powers or be expressly authorized by law, nor unless such contract be made upon a consideration wholly to be performed subsequent to the making of the contract and such contract including the consideration, shall be in writing and dated when made and be sub-

scribed by the parties or their agents authorized by law. (R. S. 1899, Sec. 6759; R. S. 1909, Sec. 2778.)

Power to make particular contract may be implied because necessary and incidental to execution of powers granted but such power will not be implied unless cognate to purposes for which corporation was created. (Blades vs Hawkins, 133 Mo. App. 328.)

City cannot create nor authorize agent to make contract otherwise than by ordinance. (Unionville vs Martin, 95 Mo. App. 28; O'Dell vs Scranton, 126 Mo. App. 19); and cannot authorize agent to make other than written contract. (Savage vs City of Springfield, 83 Mo. App. 323.)

Contract for repairs to engine house made by inspector who had power to contract is binding upon city though not made in name of city. (Robinson vs St. Louis, 28 Mo. 488.)

Compensation must be fixed in amount or by rate by written contract. (Woolfolk vs. Randolph County, 83 Mo. 501.)

Ordinance on part of the city and written acceptance thereof on part of other contracting party is a contract in writing under statute. (California vs Telephone Co., 112 Mo. App. 722, l. c. 727. See also Blades vs Hawkins, 133 Mo. App. 328.)

Where approved ordinance is shown and acceptance is assumed in trial by both parties and evidence neither shows written acceptance nor lack of it, question too late in appellate court. (Lancaster vs Briggs, 118 Mo. App. 570.)

Contract not in writing or not by authorized agent is void. (Perkins vs School District, 99 Mo. App. 483 and cases there cited.)

From void contract no cause of action can arise either of quantum meruit or sounding in damages. (Keating vs City of Kansas, 81 Mo. 415; Crutchfield vs City of Warrensburg, 30 Mo. App. 456; Phillips vs Butler Co., 187 Mo. 698.)

Court cannot enforce mere moral precepts in contravention of positive statute. (Crutchfield vs City of Warrensburg, 30 Mo. App. 456.)

Commissioners appointed by state to perform services for city cannot recover compensation from city. (Garnier vs St. Louis, 37 Mo. 551.)

Contract for; legal services. *Phillips vs Butler Co.*, 187 Mo. 698; *Crutchfield vs Warrensburg*, 30 Mo. App. 456; Medical services and drugs. *Miller vs Douglass Co.*, 204 Mo. 194; Purchase of horse for fire department. *Savage vs City of Springfield*, 83 Mo. App. 323; Services in compromising bonded indebtedness. *Woolfolk vs Randolph Co.*, 83 Mo. 501; purchase of real estate. *Vaughn vs Village of Greencastle*, 104 Mo. App. 206.

Manner and method of entering into contract see Art. III, Sec. 1, Cl. 2.

**Ratification of Contract.**—City can contract only in manner prescribed by law. City may ratify contract within its corporate powers but not made in manner prescribed by law when ratification complies with all requirements of law for making contract. In other words, city may make a new valid contract in place of invalid executory contract. But city cannot ratify void executed contract either *ultra vires* or *infra vires*. (*Kolkmeier vs City of Jefferson*, 75 Mo. App. 678; *State ex rel. vs Milling Co.*, 156 Mo. 620, 1. c. 634; *City of Unionville vs Martin*, 95 Mo. App. 28, 1. c. 37, approving *Tiedeman on Corporations*, Sec. 170; *Phillips vs Butler Co.*, 187 Mo. 698, 1. c. 713; *Clay vs City of Mexico*, 92 Mo. App. 611; *Heidelberg vs St. Francis County*, 100 Mo. 69; *Snyder vs Ry. Co.*, 112 Mo. 527; *Ruggles vs Collier*, 43 Mo. 353; *Bayha vs Taylor*, 36 Mo. App. 427; *Dickey vs Holmes*, 109 Mo. App. 721; *Barton vs Kansas City*, 110 Mo. App. 31; *Mulligan vs Lexington*, 126 Mo. App. 715; *McQuiddy vs Brannock*, 70 Mo. App. 535; But see *O'Dell vs Scranton*, 126 Mo. App. 19.)

Cases holding that subsequent affirmation is equivalent to previous authorization. (*Imler vs Springfield*, 30 Mo. App. 669; *Aurora Water Co. vs Aurora*, 129 Mo. 540.)

A city, its officers and agents have no powers except such as are given by law. Person dealing with them is bound to know what authority law confers. Hence, even though city receive and accept benefits to be derived from performance of invalid contract it will not thereby ratify contract. (*Wolcott vs Lawrence Co.*, 26 Mo. 272; *City of Unionville vs Martin*, 95 Mo. App. 28; *Cheaney vs Town of Brookfield*, 60 Mo. 53; *Mister vs City*

of Kansas, 18 Mo. App. 217, 1. c. 227-228 and cases there cited.)

Use of articles purchased without authority is not ratification of purchase. (*Johnson vs School Dist.*, 67 Mo. 319.)

Where horse is delivered to city under a void contract, no act of ratification made after death of the horse will bind city to pay for it. (*Savage vs City of Springfield*, 83 Mo. App. 323.)

Payment of portion of price agreed upon in an invalid contract is not ratification. (*Maupin vs Franklin County*, 67 Mo. 327.)

**Estoppel.** "Where a municipal corporation enters into a contract, which it has the power to make, the doctrine of estoppel applies to it with the same force as to individuals. If act undertaken was in and of itself *ultra vires* no act of city can estop it to allege its want of power to do what was undertaken." (*Union Depot Co. vs St. Louis*, 76 Mo. 393; *Stealey vs Kansas City*, 179 Mo. 400; *Wheeler vs Poplar Bluff*, 149 Mo. 36; *State ex rel. vs Murphy*, 134 Mo. 548, 1. c. 567.)

Where city has authority to contract but authority is not exercised in the manner prescribed by law, the city is not estopped to deny the validity of the contract even though it receive the benefits to be derived from its performance. Although city is not estopped other party to contract may be estopped to deny its validity. Other party must at least account for benefits received under invalid contract. (*City of Unionville vs Martin*, 95 Mo. App. 28.)

City cannot annul contract on account of neglect of its own agents. Nor on account of its own default. (*Murray vs Kansas City*, 47 Mo. App. 105.)

Courts will take judicial notice of extent and limits of territory included in city, (R. S. Mo. 1899, Sec. 6399; R. S. Mo. 1909, Sec. 9743; *Kansas City vs Vineyard*, 128 Mo. 75; *Kansas City vs Block*, 175 Mo. 433.)

### Sec. 3. Number of Wards Until Changed By Ordinance.—

Kansas City shall, until otherwise provided by ordinance, be divided into fourteen wards, the respective numbers and boundaries of which shall be and remain as defined by ordinances in force at the time this charter shall go into effect, until changed or modified by ordinance.

Sec. 4. Extension of Limits—Including Other Incorporated City.—Said city may, at any time or times, extend its limits. Any extension of the city limits shall be made by amendment of this charter, in the manner provided by this charter and the Con-

stitution and laws of this State. The proposal therefor shall be made by ordinance in the form of a proposed amendment of the charter, specifying with accuracy the new line or lines to which it is proposed to extend such limits. All courts of this State shall take judicial notice of the limits of said city when thus extended and of all the steps in the proceedings leading thereto; *Provided*, That should said city by such extension of its territorial limits include any portion of any incorporated city, town or village, such extension shall be made to include the whole territory of such incorporated city, town or village, and upon such extension being made, the corporate existence of such incorporated city, town or village so included in such extension shall *ipso facto*, cease, and all property and rights of every kind and nature belonging to and vested in such incorporated city, town or village, shall, by operation of law, at once pass to and vest in said Kansas City, and it shall be the duty of all officers and employes of such incorporated city, town or village, having custody or control thereof, to surrender and deliver the same to said Kansas City, and said Kansas City shall also, by operation of law, assume and become liable to pay all debts and liabilities of such incorporated city, town or village; *Provided, further*, That before said Kansas City shall extend its limits so as to include any incorporated city, town or village, four-sevenths of the qualified voters of the incorporated city, town or village, so desired to be included within the limits of said Kansas City, shall vote in favor of such proposition at an election held for that purpose to be determined in the following manner, to-wit: Whenever said Kansas City shall desire to include within its limits any incorporated city, town or village, the Mayor of said Kansas City shall inform the mayor, or other chief officer, of the incorporated city, town or village proposed to be so taken in, of the intention to include said city, town or village within the limits; and the Mayor thereof shall order a special election to determine the wishes of said city, town or village, giving twenty days' public notice of the time and places of holding such election, and the purposes for which it is to be held; said election to be governed by the general laws governing said city, town or village in respect to the holding of general elections, and if four-sevenths of the qualified voters voting at such election shall vote in favor of the proposed extension, the Mayor or other chief officer of such incorporated city, town or village shall certify the result to the Mayor of said Kansas City, and said city may proceed to extend its limits as provided in this charter, the Constitution and laws of the State.

Prior to adoption of constitution of 1875 the legislature alone could determine, alter, or abrogate limits of a city. (Copeland vs St. Joseph, 126 Mo. 417, 1. c. 431; St. Louis vs Russell, 9 Mo. 507; McCormick vs Railway Co., 20 Mo. App. 640 and cases there cited.)

Under the constitution of 1875 and by authority of Section 6399 Rev. Stat. 1899, Sec. 9743, R. S. 1909, Kansas City may extend its own limits and, upon the conditions stated in the statute, may include any other municipality within its limits, but in so doing, by operation of law, becomes liable for all debts and liabilities of such municipality. (Kansas City vs Stegmiller, 151 Mo. 189.)

Extension of limits is a change in city's charter and must be made in manner provided by law for amending charter. (City of Westport vs Kansas City, 103 Mo. 141; Copeland vs St. Joseph, 126 Mo. 417.)

Extension that exempts property from taxation or provides for unequal taxation is invalid. (State ex rel. vs Wardell, 153 Mo. 319; Copeland vs St. Joseph, 126 Mo. 417.)

Lands brought into city by extension of its boundaries are not subject to a tax levy already made. (Westport ex rel. vs McGee, 128 Mo. 152.)

Reasonableness of extension open to judicial inquiry. (Copeland vs St. Joseph, 126 Mo. 417; Kelly vs Meeks, 87 Mo. 396; Plattsburg vs Riley, 42 Mo. App. 18). But only in state not in federal courts. (Forsythe vs Howell, 166 U. S. 506.)

Obligation of contract can not be impaired by alteration of boundaries. (Graham vs Folsom, 200 U. S. 248.)

Collateral attack on extension for unreasonableness. (State ex rel. vs Birch, 186 Mo. 205.)

Extension of limits does not extend lines of school district. (State ex inf. vs Henderson, 145 Mo. 329.)

School district may extend its own boundary lines. (R. S. 1899, Chapter 154, Article 5, R. S. 1909, Chap. 106, Art. V.)

Residents of annexed territory may vote and are eligible to office at next general city election. (R. S. 1899, Sec. 6400, R. S. 1909, Sec. 9744.)

**Sec. 5. New Territory—New Wards.**—Whenever, by extension of its territorial limits, as aforesaid, new territory is annexed to the city, the Common Council shall, by ordinance, and subject to the limitations of the next succeeding section, organize the same into a new ward or wards, or attach the same to some existing ward or wards, long enough before the next ensuing general city election to enable electors in such annexed territory to register, and all other proper steps be taken according to law, so that the electors of such annexed territory may have full opportunity to register and vote at such election. Actual residents of any territory at the time of the annexation thereof as aforesaid, shall, if otherwise qualified, be qualified electors of the city and be eligible to any office therein at the next general city election following such annexation.

(R. S. 1899, Sec. 6400; R. S. 1909, Sec. 9744.)

**Sec. 6. Council Shall Redistrict City Into Wards Once in Every Five Years—No More Than Sixteen Wards, Until, When.**—Whenever the corporate limits of the city shall be so extended, and whenever and as often as the population of the city, or any ward or wards thereof, have been, or may be so increased or diminished as to render necessary, in the opinion of the Common Council, a redivision or redistricting of the corporation into wards, or a change

in the boundary of any ward or wards, the same may be done by ordinance, and the Common Council shall, at least once in every five years after the adoption of this charter, redistrict the city into wards, and establish ward limits, which shall as nearly as practicable equalize the population in each ward: *Provided, however,* That the territory within the city limits shall never, at any time, be so divided as to consist of more than sixteen wards, until the city shall have attained a population of more than four hundred thousand; and thereafter, and as often as fifty thousand inhabitants shall be added to said city, the number of said wards may be increased by not more than two to each fifty thousand of increased population.

(R. S. 1899, Secs. 6401, 6402, 6403, 6404, 6405, 6406, and 6407, R. S. 1909, Secs. 9745, 9746, 9747, 9748, 9749, 9750, 9751.)

**Sec. 7. Proceedings on Extension of Limits, or Changes in Wards.**—Upon the introduction of any ordinance either for extending the limits of the city, or for making any change or changes in the wards of the city, into either house of the Common Council, the Common Council shall, before the passage thereof, by resolution, require the City Clerk to publish a copy of the ordinance in at least one daily newspaper published in the city, to be designated in the resolution, for at least three weeks within the four weeks next after the passage of such resolution. After such publication proof thereof shall be made and filed with the City Clerk, and if the house into which said ordinance may have been introduced shall be satisfied that such publication has been made, it shall by a vote so find, and the clerk shall make a record of such finding in the book or record of the current proceedings of that house, which record shall be conclusive evidence of the truth of the facts so found. Should said ordinance be amended in either house after such publication, then the ordinance as amended shall be again published for the same time and proceeded with in all respects as in the case of the original ordinance. If such ordinance is passed by the Common Council at the first or second regular meeting after such last publication and finding, and not later, and duly approved by the Mayor, the proceeding to extend such limits shall be completed in the manner herein provided, unless such ordinance be repealed or altered. Before such proposed amendment to the charter shall be of any force and effect, it shall be submitted to and accepted by three-fifths of the qualified voters of Kansas City at a general or special election provided by ordinance for such purpose. The city shall have power to call and hold a special election for such purpose at such time and in such manner as may be provided by ordinance and the Constitution

and laws of the State. The votes cast at such election shall be canvassed, the result ascertained and declared in such manner as may be provided by ordinance and the laws of the State, and if the proposed amendment to the charter be accepted and approved, the same shall thereafter be in full force and effect.

(R. S. 1899, Sec. 6402; R. S. 1909, Sec. 9746.)

**Sec. 8. Redistricting or Changing Wards, Not to Prevent Any Elector From Voting or Being Eligible to Office.**—In case of a redistricting or division of the city into wards, creation of any new ward or wards, or change of boundary of any ward or wards, every qualified elector residing in any ward at any general city election next thereafter, duly registered, shall be a qualified voter of such ward, and nothing in this charter contained shall be so construed as to prevent any elector from voting or being eligible to any office by reason merely of such redistricting or division, or creation of any new ward or wards, or change in the boundary of any ward or wards.

(R. S. 1899, Sec. 6403; R. S. 1909, Sec. 9747.)

**Sec. 9. Extension of Territory, or Changing of Wards, Limited as to Time.**—Territory shall not be annexed to the city within four months next preceding any general city election, nor shall there be a redistricting of the city into wards, or change of boundary of any ward or wards, or creation of any new ward or wards, within two months next preceding any general city election.

(R. S. 1899, Sec. 6404; R. S. 1909, Sec. 9748.)

**Sec. 10. New Wards—Territory and Inhabitants of.**—All wards which may be established by ordinance as aforesaid shall be composed of adjacent and compact territory, and the several wards, at the time of redistricting, shall contain as nearly an equal number of inhabitants as may be practicable. The wards shall be numbered consecutively from one up to the highest number thus established.

(R. S. 1899, Sec. 6405; R. S. 1909, Sec. 9750.)

**Sec. 11. New Wards—Aldermen.**—Whenever any change in the number of wards, or alteration in the boundaries of any ward, shall be made, or new wards shall be established, there shall be no election or appointment of any member of either house of the Common Council on account thereof until the next general city election.

(R. S. 1899, Sec. 6406; R. S. 1909, Sec. 9751.)

**Sec. 12. Changing of Wards, or Limits, Not to Limit Term of Office of Aldermen.**—Nothing in this article contained shall be

construed to limit or abridge the term of office which any member of the Common Council of the city shall be elected to fill, and every member of the lower house shall be deemed and taken for the residue of the term for which he may have been elected a member for that ward in which his actual residence and place of abode may be at the time of any division of the city into wards, the creation of any new ward or wards, or changing the boundaries of any ward or wards.

(R. S. 1899, Sec. 6407; R. S. 1909, Sec. 9751.)

The Upper House shall consist at all times of as many members as there are wards in the city, who shall be elected on a general ticket by the qualified voters of the city. The Lower House shall consist of one member from each ward of the city. The members of both Houses shall be citizens of the United States, and of the State of Missouri, and qualified voters of the city; shall have paid city and county taxes for two years next before the day of their election, and shall, before the day of election, have attained the age of twenty-five years, and shall, at same date, have resided for three years in the territory embraced within the city limits.

App. 540; Adams vs Lindell, 72 Mo. 198, s. c. 5 Mo. App. 197; Perkins vs Fielding, 119 Mo. 149; Hilgert vs Barber Asphalt Paving Co., 107 Mo. App. 385.)

Members of the council are trustees for the citizens and the public who have confided the authority to them. (Hitchcock vs St. Louis, 49 Mo. 484.)

**Sec. 2. Members of Upper House—Term of Office and How Elected—First Upper House—When New Wards Added.**—The members of the Upper House of the Common Council shall be elected for the term of four years. The members of the Upper House of the Common Council of said Kansas City in office at the time this charter goes into effect, shall become and constitute the first Upper House of the Common Council hereunder, and shall hold office until the expiration of the term for which they were respectively elected. At the general city election to be held in April, 1910, and at each general city election to be thereafter held, as in this charter provided, members of the Upper House shall be elected to succeed those whose term of office will expire with the fiscal year in which such election shall be held. Whenever the number of wards in the city is increased, additional members shall be elected to the Upper House at the first general city election thereafter equal in number to the additional number of wards. One-half of the additional number so elected, receiving the highest number of votes, shall hold their office for four years, and the other half for two years; *provided*, that if an odd number of wards be added at any one time, the additional members first elected thereafter shall be divided into two classes as nearly equal in number as may be possible, and the larger class which shall contain those receiving the highest number of votes, shall hold their office for four years and the other class for two years; except that when only one new ward is added at any one time, the additional member first elected thereafter shall hold his office for four

years. In case of a tie it shall be determined by lot in the presence of the upper house which member or members shall hold for two years and which for four years. The term "additional members" or "additional member" shall be construed to mean the number of new members made necessary hereunder whenever the number of wards in the city is increased, and shall refer to those members of the Upper House first elected thereafter, equal in number to the number of additional wards, who shall receive the lowest number of votes at said election.

Members elected by reason of extension of limits which is afterwards held invalid are de facto members.	(Simpson vs McGonegal, 52 Mo. App. 540; Hilgert vs Barber Asphalt Paving Co., 107 Mo. App. 385.)
---------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------

**Sec. 3. Members of Lower House—Qualifications—Election—First Lower House.**—Each member of the lower house shall be elected for a term of two years, and in addition to the other qualifications required by this charter, shall at the date of his election have resided for one year in the ward which he may be chosen to represent. Each member shall be elected by the qualified voters of the ward which he may be chosen to represent, and if, after his election he shall remove from such ward, his office shall thereby be vacated. The members of the Lower House of the Common Council of said Kansas City in office at the time this charter goes into effect shall become and constitute the first Lower House of the Common Council hereunder and shall hold office until the expiration of the term for which they were respectively elected.

**Sec. 4. Additional Qualifications of Members of Common Council—Forfeiture of Office.**—Every member of the Common Council shall also possess the following qualifications: He shall not be directly or indirectly interested in any contract with the city, or any department or institution thereof, or in any petition or application for any franchise from the city, or in furnishing any supplies to the city, or any department thereof, or to any contractor under the city, or in the sale or purchase of any property to or by the city, nor shall he be an officer, stockholder or employe of any person, firm or corporation so interested as aforesaid, nor of any person or firm or corporation discharging a public or quasi-public service under a franchise from the city, nor shall he be directly or indirectly interested in the sale or purchase of supplies or material, or insurance, or the making of bonds, to or by any person, firm or corporation contracting with the city or applying to the city for any permit or privilege

requiring action by the Common Council, and he shall not be indebted to the state, county, or city on account of any tax. He shall not have been convicted of malfeasance in office, bribery or other corrupt practices or crimes. Before any member of the Common Council shall take his seat or perform the duties of his office, he shall take and subscribe an oath before the City Clerk that he possesses all the qualifications for the office to which he is chosen, and is not subject to any of the disqualifications in this charter named, and that he will support the Constitution of the United States and of this State and the provisions of this charter, and faithfully discharge the duties of his office. Any member who shall at any time during his term cease to possess any of the qualifications mentioned in this charter shall thereby forfeit his office, and the same shall be filled as provided for in cases of other vacancies. Such forfeiture may be determined and declared by any court of competent jurisdiction, on information in the nature of *quo warranto* at the relation of the city or of any one or more of the tax payers or qualified voters thereof.

Member of the council is a city officer within meaning of R. S. 1899, Sec. 2346, R. S. 1909, Sec. 4877, providing that city officer is guilty of misdemeanor if he becomes interested in city contract. He may be punished although same statute provides for removal from office. (State vs Kelly, 103 Mo. App. 711.)

For discussion of who are officers see State ex rel. vs Gray, 91 Mo. App. 438; State ex rel. vs Harter, 188 Mo. 516.

In cities or counties having more than 200,000 inhabitants no person shall at the same time be a State officer and a city officer. No person shall at the same time fill two municipal offices either in the same or different municipalities. This section does not apply to Notaries Public, Jus-

tices of the Peace, or officers of the militia. (Constitution Art. 9, Sec. 18.)

Member of General Assembly cannot be municipal officer. (State ex rel. vs. Valle, 41 Mo. 29.)

Sheriff is not state officer. (State ex rel. vs Bus, 135 Mo. 325.)

Nor is jury commissioner in St. Louis. (State ex inf. vs. Corcoran, 206 Mo. 1.)

Acceptance from railroad of free pass or free ticket or ticket at a discount by municipal officer works forfeiture of his office. (Constitution, Art. 12, Sec. 24.)

Conviction of malfeasance in office, bribery or other corrupt practices or crimes means those of the same class as those enumerated. Selling lottery tickets is not such. (State vs Bersch, 83 Mo. App. 657.)

**Sec. 5. Compensation of Members.**—Each member of the Common Council shall receive for his services as councilman the sum of Five Dollars for each meeting of the Council which he shall attend during his term of office; *provided, however*, that no extra compensation shall be allowed to such councilman for serving on any committee, agency or commission whatever, when appointed to perform such services by either or both Houses of the Common Council dur-

ing his term of office, and in no case shall the aggregate sum paid to such councilman for services above enumerated exceed the sum of Three Hundred Dollars per annum.

One who is councilman de facto but not de jure cannot recover compensation for office. (Sheridan vs St. Louis,	183 Mo. l. c. 38. See Art. 4, Sec. 24, note.)
----------------------------------------------------------------------------------------------------------------	-----------------------------------------------

**Sec. 6. Presiding Officers—Sergeant at Arms and Assistants.** The Upper House shall choose one of its own members to preside over its deliberations, who shall be known as president. The Lower House shall choose one of its own members to preside over its deliberations, who shall be known as speaker. Each House shall appoint a sergeant-at-arms and his assistants.

Presiding officer holds his office at will of majority and may be removed by them at any meeting. (State ex	rel. vs Alt. 26 Mo. App. 673.) His functions are legislative. (Albright vs Fisher, 164 Mo. 56.)
-------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------

**Sec. 7. Each House, Judge of Election of Its Own Members—To Determine Rules of Proceedings—Expel Members—Quorum.**—Each house shall be the judge of the election, return and qualifications of its own members and shall determine contested elections of its own members, subject to the limitations prescribed by the Constitution and laws of this State. Each house shall determine the rules of its own proceedings, except as herein provided; may arrest and punish by fine not exceeding Fifty Dollars or imprisonment in the city prison not exceeding three days, or both, any person not a member who shall be guilty of disrespect to such House by any disorderly or contemptuous behavior in its presence during its session; may punish its members for disorderly conduct, and by an affirmative vote of two-thirds of its members elect. may suspend or expel a member of such House for disorderly conduct, disqualification as set forth in section four of this article, or for malfeasance in office. A majority of all the members elect of each House shall constitute a quorum to do business, but a smaller number may adjourn from day to day and may compel the attendance of absent members in such manner and under such penalties as each House may provide.

It is solely within sphere of council to judge of qualifications of its members. Exercise of this judgment cannot be controlled by writ of mandamus. (State ex rel. vs Bersch, 83 Mo. App. 657.)	When council declares member ineligible and ousts him a vacancy is created which must be filled in manner provided by Section 11 of this article. (Sheridan vs St. Louis, 183 Mo. 25, l. c. 38.)
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

But although council may adjudge member qualified and eligible, right of office may be investigated by the courts and eligibility may be determined in quo warranto proceedings. (Section 4 of this article; *State ex rel. vs Fitzgerald*, 44 Mo. 425; *State ex rel. vs Dayton*, 77 Mo. 678.)

Contested elections must be determined by courts and not by council. (Constitution Art. 8, Sec. 9; *R. S. 1899*, Sec. 7029; *State ex rel. vs John*, 81 Mo. 13; *State ex rel. vs Slover*, 134 Mo. 10.) In *Sheridan vs St. Louis*, 183 Mo. l. c. 31 the court says "the St. Louis House of Delegates has power to determine the contest over the election," but cites no authority for it.

**Quorum.**—In absence of statutory re-

striction legislative body of municipality, when lawfully in session with a quorum present, has the inherent power to adjourn by majority vote to a future date but charter and statutory provisions in regard to adjournment and special meetings must be strictly followed. Where meeting is organized with quorum present and members are excused so that quorum is not present a smaller number than majority may adjourn from time to time. (*Rackliffe & Gibson vs Duncan*, 130 Mo. App. 695.)

Rules may be suspended, waived or modified. (*Sedalia vs Montgomery*, 109 Mo. App. 197, l. c. 210; *Sedalia ex rel. vs Scott*, 104 Mo. App. 595.)

**Sec. 8. Journal of Proceedings—Recording Vote.**—Each House shall keep a journal of its proceedings, and the yeas and nays of its members on any question shall, at the request of any two members, be entered therein, and the yeas and nays shall be recorded on the final passage of all ordinances.

Acts and ordinances of cities are evidenced by entries in the journal. (*Stewart vs City of Clinton*, 74 Mo. 603, l. c. 611.)

City is bound by journal whether true or false. Property owner is only bound when it recites truthfully those things necessary to give jurisdiction. (*Paving Company vs O'Brien*, 128 Mo. App. 267, l. c. 283; *Sedalia vs Montgomery*, 109 Mo. App. 197, certified to Supreme Court as in conflict with *Knopfi vs Roofing Company*, 92 App. 279 and *Sedalia vs Scott*, 104 Mo. App. 595.)

Silence of a member does not evidence his consent to a measure. (*Carle vs De Soto*, 63 Mo. App. 161, l. c. 164.)

Held in *Ball vs Fagg*, 67 Mo. 481 that city clerk's attestation of date

of mayor's approval of city ordinance cannot be contradicted by parol evidence. Approved in *Cox vs Mignery*, 126 Mo. App. 669, l. c. 679.

As to whether the minutes of council or board of public improvements are admissible to show that ordinance valid upon its face was not legally passed, see *Bambrick vs Campbell*, 37 Mo. App. 460, l. c. 464; *Fruin Bambrick Co vs Geist*, 37 Mo. App. 509.

Ordinances are entitled to the presumptions indulged with respect to statutes enacted by the State Legislature. Effect of alterations in journal. (*Cox vs Mignery*, 126 Mo. App. 669.)

Signature of mayor in journal is not his official signature to ordinance; (*State ex rel. vs Wilder*, 211 Mo. 305, l. c. 318.)

**Sec. 9. Public Improvements—Appropriating Money—Increasing or Diminishing Revenue—Vote Necessary.**—A vote of the majority of all members elect of each house shall be necessary to pass ordinances for public improvements, ordinances appropriating money for any purpose, and ordinances in anywise increasing or diminishing the city revenue.

Majority of de facto members is majority of members elect. (*Simpson vs McGonegal*, 52 Mo. App. 540; *Hilgert*

*vs Barber Asphalt Paving Co.*, 107 Mo. App. 385.)

**Sec. 10. Members of Common Council Not Appointed to Other City Office, or Employment.**—No member of the Common Council shall, during the term for which he is elected, be appointed to any office under the city, nor shall he, while such member, be an employe of the city in any capacity whatever.

See note to Section 4, this article.

**Sec. 11. Vacancies in Either House—How Filled.**—All vacancies that may occur in the Common Council from any cause shall be filled until the next general city election thereafter, by a vote of the majority of a legal quorum of the House in which such vacancy exists, at any regular meeting thereof held after the meeting at which such vacancy shall have been reported to such House. At the next general city election thereafter such vacancies shall be filled by vote of the people for the unexpired portion, if any, of the term of office in which the vacancy exists. No member shall be elected to any vacancy who does not possess the qualifications required for membership in the house in which such vacancy occurred.

**Sec. 12. Tie in Vote for Member—Determination of.**—Whenever there shall be a tie in the election of any member of either House, the officer or officers canvassing the vote and authorized to certify the result of the election shall certify the facts to such House, and the parties named in such certificate shall immediately, in the presence of such House, determine by lot which shall be the member elect.

**Sec. 13. Meeting—Mayor May Convene—Petitions and Remonstrances.**—A regular meeting of the Common Council shall be held on Monday of each week, except legal holidays, at such hour as may be fixed by ordinance, provided that an additional regular meeting shall be held in the forenoon of the last day of the fiscal year in which the Mayor's term expires; and the Common Council may also be especially convened by the Mayor in pursuance of law. Any session of either House may be continued or adjourned from day to day or for more than one day, but no adjournment of either House shall be for a longer period than until the next regular meeting thereafter, as provided in this charter, and neither house shall, without the consent of the other, adjourn to another place than that in which the two Houses shall be sitting. Petitions or remonstrances shall be presented to either or both Houses of the Common Council in writing only.

Rackliffe vs Duncan, 130 Mo. App. 695, see also Section 7 of this article.

**Sec. 14. Mayor May Call Special Session.**—The Mayor shall call special sessions of the Common Council by proclamation, which shall be published as may be provided by ordinance. Whenever a special session of the Common Council shall have been called by the Mayor, they shall have the same powers to transact business as at a regular meeting.

Special sessions of council should be called by a proclamation duly published. (Forry vs Ridge, 56 Mo. App. 615; McQuiddy vs Vineyard, 60 Mo. App. 610; Bank vs. Ridge, 183 Mo. App. 506.)

**Sec. 15. Common Council, Continuing Body—Ordinances Pending and Not Passed, Expire With End of Term.**—The Common Council shall be a continuing body for and contemporaneous with the term for which the members of the Lower House are elected, and all ordinances and resolutions pending in either House which shall not have been passed by the Common Council before the end of the term for which the members of the Lower House are elected, as provided in this charter, shall expire with said term, and be of no validity or effect for any purpose whatsoever.

**Sec. 16. Members to Have Access to Books, Papers and Records—Committees May Investigate Transactions of Officers—May Summon Witnesses—May be Represented by Counsel.**—Members of the Common Council shall at all times for the purpose of inspection, have free access to the books, papers and records of the city in all public offices, and any committee of the Common Council, or of either House thereof, may investigate the transactions and accounts of all officers having the collection, custody or disbursement of public money, or having power to approve, allow or audit demands on the treasury, and any such committee in making such investigation, or in investigating any matter that may lawfully be referred to it by said Common Council, or either House thereof, shall have power to summon witnesses, administer oaths and affirmations, and examine witnesses, and compel their attendance before them by subpoena, and any person appearing before any such committee shall have the right to be represented by counsel.

The powers, obligations and liabilities of the city in general are treated in note to Article 1, Section 1.

The powers of the common council, the exercise of those powers and the powers of the city in regard to the special subjects enumerated in this article will be treated in the notes to this article.

**Municipal Powers.**—City can exercise only such powers as are (1) expressly granted by its charter; (2) necessarily or fairly implied; (3) essential to its declared objects and purposes. (*Nevada to use vs Eddy,*

See notes to various special subjects in this article.

#### See Art. 1, Sec. 1.

The powers conferred by this section must be exercised by ordinance and can be exercised only in that manner. Resolution ratified by subsequent ordinance. (*State ex rel. vs. Milling Co.*, 156 Mo., 620).

Cannot accomplish by order of council, mayor or other officer, what is required to be done by ordinance. (*Trenton vs. Coyle*, 107 Mo., 193; *Louisiana vs. Miller*, 66 Mo., 467; *Mandlin vs. Trenton*, 67 App., 452; *Lockwood vs. R. R.*, 122 Mo., 86; *Unionville vs. Martin*, 95 Mo. App., 28; *O'Dell vs Scranton* 126 Mo. App., 19).

Operation of ordinance cannot be suspended by resolution of common council. (*Eichenlaub vs. St. Joseph*, 113 Mo., 395).

The Common Council is a miniature general assembly, and its valid ordinances within the city have the force of laws passed by the legislature. (*State ex rel. vs. Walbridge*, 119 Mo., 383; *Taylor vs Carondelet*, 22 Mo., 105; *St. Louis vs. Foster*, 52 Mo., 513; *State ex rel. vs. Brown*, 57 Mo. App., 199; *Forry vs. Ridge*, 56 Mo. App., 615; *Kansas City Cable Co. vs. Kansas City* 29 Mo. App., 89; *Cox vs. Mignery*, 126 Mo. App., 669).

Charter bears same relation to ordinances as constitution does to statutes. (*Quinette vs. St. Louis*, 76 Mo., 402; *Forry vs. Ridge*, 56 Mo. App., 615, 1. c. 624; *Kansas City ex rel. vs. Swope*, 79 Mo., 446; *Ex parte Joffee*, 46 Mo. App., 360; *Ruggles vs. Collier*, 43 Mo., 353; *Verdin vs. St. Louis*, 131 Mo., 26, 1. c. 118).

#### Note Art. 1, Sec. 1.

Constitutional inhibition against special and local laws does not apply to municipal ordinances, (*St. Louis vs. Turnpike & Ferry Co.*, 14 Mo. App., 216).

Constitutional inhibition against class legislation applies to municipal ordinances. (*Hannibal vs. Telephone Co.*, 31 Mo. App., 23; *St. Louis vs. Russell*, 116 Mo., 248; *St. Louis vs. Howard*, 119 Mo., 41; *St. Louis vs. Fischer*, 167 Mo., 654; 194 U. S., 361; *State ex rel. vs. Flad*, 23 Mo. App., 185).

Ordinances must not unjustly discriminate between persons or corporations of the same class. (*River Rendering Co. vs. Behr*, 77 Mo., 91; *St. Louis vs. Russell*, 116 Mo., 248; *Kansas City vs. Sutton*, 52 Mo. App., 398; *Hannibal vs. Telephone Co.*, 31 Mo. App., 23).

The reasonableness of ordinances is

a subject of judicial inquiry in suits to enforce rights claimed to arise thereunder. (State ex rel. vs. Birch, 186 Mo., 205, l. c. 219 and cases there cited; St. Louis vs. Theater Co., 202 Mo., 690, l. c. 699; Springfield vs. Jacobs, 101 Mo. App., 339).

Corporate existence must be challenged by quo warranto but reasonableness of ordinances extending limits may be attacked collaterally. (State ex rel. vs. Birch, 186 Mo., 205, l. c., 219).

Reasonableness of ordinance should not be submitted to jury. (Neier vs. Mo. Pac. Ry. Co., 12 Mo. App., 25; Fruin-Bambrick Co. vs. Geist, 37 Mo. App., 509, l. c. 516). Nor should construction of ordinance. (Barton vs. Odessa, 109 Mo. App., 76).

Ordinances held reasonable upon attack. (Plattsburg vs. Riley, 42 Mo. App., 18; Kelley vs. Meeks, 87 Mo., 396; Marionville vs. Henson, 65 Mo. App., 397; Gratiot vs. Railroad, 116 Mo., 450; Chillicothe vs. Brown, 38 Mo. App., 609; City of Kansas vs. Cook, 38 Mo. App., 660; Kansas City to use vs. Richards, 34 Mo. App., 521; Morse vs. Westport, 136 Mo., 276; St. Louis vs. Railroad, 89 Mo., 44; Tarkio vs. Cook, 12 Mo., 1; St. Louis vs. Weber, 41 Mo., 547).

Ordinances held to be void. (Springfield vs. Jacobs, 101 Mo. App., 339; Zumault vs. Railroad, 71 Mo. App., 670; Hannibal vs. Telephone Co., 31 Mo. App., 23; Lamar vs. Weidman, 57 Mo. App., 507; Cape Girardeau vs. Riley, 72 Mo., 220; St. Louis vs. Hill, 116 Mo., 527; Carpenter vs. Reliance Realty Co., 103 Mo. App., 480).

Ordinances for protection of public health sustained. (City of St. Louis vs. Galt, 179 Mo., 8; St. Louis vs. Liessing, 190 Mo., 461; St. Louis vs. Grafeman Dairy Co., 190 Mo., 492, and cases cited).

Ordinances are presumed to be valid and the burden is upon attacking party to show invalidity. (Savings Bank vs. Ridge, 183 Mo., 506, l. c., 518; State ex rel. vs. St. Louis, 174 Mo., 125, l. c. 136; Young vs. St. Louis, 47 Mo., 492.)

And are presumed to be passed as required by charter. (State ex rel. vs. St. Louis, 169 Mo., 31, l. c., 37; St. Louis vs. Gleason, 15 Mo. App., 25, l. c., 29).

When different parts of ordinances are necessarily dependent upon each other, if part is void whole is void. (Hannibal vs. Telephone Co., 31 Mo. App., 23; Kirkwood vs. Merrimac Highlands Co., 94 App., 637.)

But when different provisions of ordinances are severable from and not dependent upon each other, part may be sustained and part held invalid. (St. Louis vs. Liessing, 190 Mo., 464; St. Louis vs. Grafeman Dairy Co., 190 Mo., 492; Water Co. vs. Neosho, 136 Mo., 498; St. Louis vs. Railway, 89 Mo., 44; Quinnette vs. St. Louis, 76 Mo., 402; Rockville vs. Merchant, 60 Mo. App., 365).

Ordinances must be in harmony with state laws. (See introductory note.)

Judicial control of council. See introductory note. (Knapp, Stout & Co. vs. St. Louis, 156 Mo., 343; Barber Asphalt Co. vs. French, 158 Mo., 534; State ex rel. vs. Gates, 190 Mo., 540).

After the passage of an ordinance it may be attacked for fraud in its procurement. (Kansas City vs. Hyde, 196 Mo., 498; Paving Co. vs. Field, 188 Mo., 182; Nagel vs. Railroad, 167 Mo., 89; Knapp, Stout & Co. vs. St. Louis, 153 Mo., 560, s. c., 156 Mo., 343).

Authority of council to delegate powers. (Ruggles vs. Collier, 13 Mo., 353; St. Louis vs. Clemens, 13 Mo., 395, s. c., 52 Mo., 133; Neill vs. Gates, 152 Mo., 585; St. Louis vs. Russell, 116 Mo., 248; St. Louis vs. Howard, 119 Mo., 41; Tipton vs. Norman, 72 Mo., 380; St. Louis vs. Lamp Co., 139 Mo., 560; St. Louis vs. Fischer, 167 Mo., 654, 194 U. S., 371; Unionville vs. Martin, 95 Mo. App., 28; Haag vs. Ward, 186 Mo., 325, l. c., 348; Sedalia to use vs. Donohue, 190 Mo., 497, l. c., 122; Childers vs. Holmes, 95 Mo. App., 151; Ramsey vs. Field, 115 Mo. App., 620; Municipal Securities Co. vs. Gates, 139 Mo. App., 552; Sluder vs. Transit Co., 189 Mo., 107; State ex rel. vs. Fort, 210 Mo., 512).

Instances of what is not delegation of power. (Whitworth vs. Webb City, 201 Mo., 579; Excelsior Springs vs. Ettenson, 120 Mo. App., 215; Dickey vs. Porter, 203 Mo., 1; St. Louis vs. Weitzel, 130 Mo., 600).

Council may define terms used in ordinances. (St. Louis vs. Weitzel, 130 Mo., 600).

**First. To Control Finances and Property—Appropriate Money—Pay Debts and Expenses—**To provide for the management and control of the finances and of all property, real, personal and mixed, belonging to the city, and to appropriate money and to provide for the payment of all debts and expenses of the city.

City has right to expend money on improvements outside of the city. (*Hagood vs City of La Grange*, 33 Mo., 244; *Haeussler vs. St. Louis*, 205 Mo., 656, 1. c., 683; *Elting vs. Hickman*, 172 Mo., 237, 1. c., 259).

Council has no power to donate funds as a gratuity.

Council cannot pay sum in excess of amount due under terms of a contract. (*Campbell vs. St. Louis*, 71 Mo., 196).

Where city appropriates to its own use, in its water works system, water pipes laid by individual, council may appropriate money to pay for such water pipes. (*State ex rel. vs. St. Louis*, 169 Mo., 31).

Council cannot appropriate money

to charitable institutions not under control of city. (*Hitchcock vs. St. Louis*, 49 Mo., 484).

Nor to the National Guard. (*Knapp vs. Kansas City*, 48 Mo. App., 485). But see clause 39, this article.

Council may appropriate money to reimburse police officer for damages recovered from such officer for injuries to a child inflicted by officer while making an effort to kill a mad steer at large on street. (*State ex rel. vs. St. Louis*, 174 Mo., 125. See also *O'Dell vs. Scranton*, 126 Mo. App., 19.)

**Second. To Acquire Property—Provide Manner of Entering Into Contracts—Accept or Reject Property—Execution of Trusts—Purchase of Property Under Execution—Purchase of Property Sold for Taxes, and Sale of Such Property—Sale at Auction of Personal Property Unfit for Use of City.—**To acquire for the city such property, real, personal and mixed, as may be needed for public use, when the method for acquiring the same has not been otherwise provided in this charter; to provide the manner and method of entering into contracts by the city in all cases not in this charter otherwise provided; to accept or reject all property, real, personal and mixed, given, conveyed, devised, or bequeathed to the city, and to provide for the execution of all trusts accepted by the city; to provide for the purchase of property levied upon under execution in favor of the city; to provide for the purchase of personal property when sold for delinquent taxes and assessments levied or imposed under the charter of the city, and to sell and convey the same, but the sum paid by the city for any piece or parcel of property so sold on execution in favor of the city or for delinquent taxes or assessment shall not exceed the amount of such debt, tax or assessment, and the necessary costs and expenses of the proceedings for the collection of the same; to provide for the sale at public

auction of all personal property unfit or unnecessary for the use of the city, and of all other property, real, personal or mixed, which the city may lawfully sell.

**Power of City to Acquire Property.**—We have no statute of mortmain. The power of city to hold real estate can be questioned only by the state. (*Chambers vs. St. Louis*, 29 Mo. 543; *Hafner vs. St. Louis*, 161 Mo. 34.)

Right to enforce contract of purchase of real estate against city. (*Vaughn vs. Greencastle*, 104 Mo. App. 206.)

The city has the power that is given to corporations by the general law to take, hold and convey such real and personal estate as the purposes of the corporation shall require, not exceeding the amount limited in its charter, whether the property be situated within or without the city limits. It may take property by devise and may hold it in trust for charitable purposes. The power to hold property for purposes designated in the charter does not exclude the power to hold property for purposes not designated in the charter, unless expressly forbidden by the charter. (*Christy's Administrator vs. St. Louis*, 20 Mo., 143; *Chambers vs. St. Louis*, 29 Mo., 543; *Hafner vs. St. Louis*, 161 Mo. 34; *Haeussler vs. St. Louis*, 205 Mo., 656; *St. Louis vs. Crow*, 171 Mo., 272.) Power to deal with property that has been bought by city. (*State ex rel. vs. Schweickardt*, 109 Mo. l. c. 508, 509.)

An owner of land may, without deed or writing, dedicate it to public uses. No particular form or ceremony is necessary. Assent of owner and use for purposes intended by appropriation all that is necessary. (*Rector vs. Hartt*, 3 Mo., 448.)

Dedication to public use may be shown by plat. (*City of Hannibal vs. Draper*, 15 Mo., 635.)

No ordinance of formal acceptance of dedication is necessary. (*Rose vs. City of St. Charles*, 49 Mo., 509.)

Legal fee remains in original proprietors but must be held by them for donated use as long as that use continues. Upon cessation of use the title reverts. (*Cummings vs. St. Louis*, 90 Mo., 259; *Campbell vs. Kansas City*, 102 Mo., 326; *Hand vs. St.*

*Louis*, 158 Mo., 204 and cases there cited.)

When dedication by plat, deed or other writing shows intention to convey unlimited fee for particular purposes title does not revert on cessation or diversion of use but equity may compel specific execution of trust. (*Hand vs. St. Louis*, 158 Mo., 204; *Goode vs. St. Louis*, 113 Mo., 257.)

Land deeded to city on condition reverts to grantor on failure to comply with such condition. (*Clarke vs. Brookfield*, 81 Mo., 503; *Baker vs. St. Louis*, 75 Mo., 671.)

As to whether provision in grant is a condition or a covenant and whether an action to declare a forfeiture is necessary, see *St. Louis vs. Wiggins Ferry Co.*, 88 Mo., 615; *Studdard vs. Wells*, 120 Mo., 25; *Railway Co. vs. Frowein*, 163 Mo., 1.

Husband cannot dedicate wife's land to public use unless she joins in conveyance. (*City of Marshall vs. Anderson*, 78 Mo., 85.)

Private property condemned or dedicated for one public use cannot be appropriated to another and different use. Use for street purposes of property donated for park may be enjoined by adjacent property owners. (*Price vs. Thompson*, 48 Mo., 361.)

Property condemned for wharf purposes cannot be used for warehouse. (*Sugar Refining Co. vs. Elevator Co.*, 82 Mo., 121, cases there cited on page 127; *Board of Regents vs. Painter*, 102 Mo., 464.)

See Art. 1, Sec. 1.

#### Manner and Method of Entering Into Contract.

Power of city to make contract see Art. 1, Sec. 1, note.

City has power to enter into contracts as incident to and in carrying out its other powers. (*Howsman vs. Trenton Water Co.* 119 Mo., 394. l. c. 313.)

But city cannot make any contract unless it be within the scope of its powers or be expressly authorized by law, nor unless such contract be made upon a consideration wholly to be performed subsequent to the making

of the contract and such contract, including the consideration, shall be in writing and dated when made and be subscribed by the parties or their agents authorized by law. (R. S. 1899 Sec. 6759; R. S. 1909, Sec. 2778.)

Section 6760 R. S. 1899, R. S. 1909, Sec. 2779, requires duplicate copies to be made and filed with the clerk in every case of contract entered into by the city. It is not a condition precedent to its becoming a contract that instrument embodying terms shall be signed in duplicate and filed with the clerk. (Saleno vs. City of Neosho, 127 Mo., 627; Water Co. vs. City of Neosho, 136 Mo., 498; State ex rel. vs. City of Neosho, 203 Mo., 40; Perkins vs. School District, 99 Mo. App., 483; Blades vs. Hawkins, 133 Mo. App., 328.)

City cannot create nor authorize agent to make contract otherwise than by writing. (Savage vs. City of Springfield, 83 Mo. App., 323.)

Compensation must be fixed in amount or by rate by written contract. (Woolfold vs. Randolph County, 83 Mo., 501.)

Ordinance on part of city and written acceptance thereof on part of other contracting party is a contract in writing under the statute. (California vs. Telephone Co. 112 Mo. App., 722 l. c. 727; Blades vs. Hawkins, 133 Mo. App., 328.)

Unless otherwise provided by char-

ter council must make or authorize contract by ordinance. Council cannot ratify invalid contract after its performance. (Clay vs. City of Mexico, 92 Mo. App., 611, l. c. 619.)

Ratification must comply with all requirements of law for making contract before the invalid contract is performed. In other words council may make a new valid contract in place of invalid executory contract but cannot ratify a void executed contract. (Kolkmeier vs. City of Jefferson, 75 Mo. App., 678; State ex rel. vs. Milling Co. 156 Mo., 620, l. c. 634; City of Unionville vs. Martin, 95 Mo. App., 28 l. c. 37, approving Tiedeman on corporations, Sec. 170; Phillips vs. Butler Co. 187 Mo. 698, l. c. 713; Clay vs. City of Mexico, 92 Mo. App., 611; Heidelberg vs. St. Francois County, 100 Mo. 69; Snyder vs. Ry. Co. 112 Mo., 527. But see O'Dell vs. Scranton 126 Mo. App. 19.)

Valid provision of ordinance in relation to employment of city employes enters into contract of employment. (State ex rel. vs. Kent, 98 Mo. App., 281, l. c. 286, s. c. 176 Mo., 44.)

License issued by city is not a contract by city. (St. Charles vs. Hackman, 133 Mo., 634.)

For power of city to make contract, liability on contract, ratification of contract and estoppel, see note to Article 1, Section 1.

See Art. 1, Sec. 1.

**Third. Taxation.**—To provide for the payment of public work by special assessments on real estate; for the levying and collection of special assessments; and for the levying and collection of taxes upon all property made taxable for city purposes within the limits of the city and not exempted by general law from municipal taxation.

The right to levy taxes, either general or special, is vested primarily in legislature, may be, and generally is, delegated to legislative body of municipality. Only subject of inquiry is whether municipality acted within its powers. (Kansas City Grading Co. vs. Holden, 107 Mo., 305.)

Distinction between assessment of benefits against property in condemnation proceedings and for local improvements. (St. Louis vs. Buss, 159

Mo., 9, l. c. 12; Eyssell vs. St. Louis, 168 Mo. 607; St. Louis vs. Lawton, 189 Mo., 474, l. c. 484; St. Louis vs. Brinckwirth, 204 Mo., 280; Keith vs. Bingham, 100 Mo. 300.)

Special taxation is sustainable under the taxing power. (Keith vs. Bingham, 100 Mo., 300; Springfield, vs. Baker, 56 Mo. App., 637; Heman Construction Co. vs. R. R., 206 Mo. 172; Meier vs. St. Louis, 180 Mo. 391.)

State constitutional provisions on

taxation do not apply to special taxation. (Meyer vs. St. Louis, 180 Mo. 391, l. c. 408; Farrar vs. St. Louis, 80 Mo. 379; St. Joseph vs. Owen, 110 Mo. 445; Adams vs. Lindell, 5 Mo. App., 197, s. c. 72 Mo. 198; Heman Construction Co. vs. Wabash Ry. Co., 206 Mo., 172; Paving Co. vs. St. Joseph, 183 Mo., 451.)

Exemption from general taxation is not an exemption from special assessments. (Sheehan vs. Hospital, 50 Mo. 155; City of Clinton vs. Henry County, 115 Mo., 557; Exposition Driving Park vs. Kansas City, 174 Mo., 425, l. c. 443; State ex rel. vs. Kansas City, 89 Mo. 34; Corrigan vs. Kansas City, 211 Mo. 608; St. Louis vs. Decatur, 147, U. S. 190.)

Church property is subject to special assessment. (Lockwood vs. St. Louis, 24 Mo., 20.) So is railroad property. (Heman Construction Co. vs. R. R., 206 Mo. 172; Laws 1907, pp. 92-93; R. S. 1909, Sec. 9543.) But omission from assessment does not invalidate other assessment (Kansas City vs. Bacon, 147 Mo., 259; Corrigan vs. Kansas City, 211 Mo., 608. Park maintenance tax.)

City cannot enter into an agreement that property shall be exempt from general taxes or special assessments. (Vrana vs. St. Louis, 164 Mo., 146; Rackliffe vs. Duncan, 130 Mo. App., 695.)

Property held for public use is not subject to special tax. (St. Louis vs. Brown, 155 Mo., 545; Barber Asphalt Paving Co. vs. St. Joseph, 183 Mo., 451.)

Validity of front foot and area district rule is settled beyond question. (Paving Co. vs. Peek, 186 Mo., 506; Paving Co. vs. Munn, 185 Mo., 552; French vs. Barber Asphalt Paving Co.,

181 U. S. 394, affirming s. c. 158 Mo. 534; Heman vs. Gilliam, 171 Mo. 258; Farrar vs. St. Louis, 80 Mo. 379; Collier Estate vs. Paving Co., 180 Mo., 362; Prior vs. Construction Co., 170 Mo., 439; St. Joseph vs. Farrell, 106 Mo. 437; Naylor vs. Harrisonville, 207 Mo. 341.)

Review of Special taxation by Federal courts. (French vs. Barber, 181 U. S. 394 affirming s. c. 158 Mo. 534; Norwood vs. Baker, 172 U. S. 269.)

Fact that person outside district may receive benefits equal to those who are assessed does not affect validity of assessment of latter. (Kansas City Grading Co. vs. Holden, 107 Mo., 305.)

Personal property may have such situs in city that city may tax it though owner resides outside of city. (Corn vs. City of Cameron, 19 Mo. App., 573; School Dist. vs. Wickersham, 31 Mo. App., 337.)

Legislature cannot authorize city to tax for its own local purposes lands lying beyond the corporate limits. (Wells vs. City of Weston, 22 Mo., 384; Town of Cameron vs. Stephenson, 69 Mo., 372; City of Hannibal vs. County of Marion, 69 Mo., 571.)

Constitutional limitations upon taxing power. (Constitution, Art. X. secs. 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, and 12, pp. 69-71 of this volume.)

When city may levy and collect taxes in excess of rate limited for general purposes to pay existing indebtedness. (Stanberry vs. Jordan, 115 Mo., 371; St. Joseph vs. Pitt, 109 Mo. App., 635.)

Constitutional limitation of amount of general taxes refers to debts which arise ex contractu and not to obligations arising ex delicto. (Conner vs. Nevada, 188 Mo., 118; State ex rel. vs. Neosho, 203 Mo., 40, l. c. 82.)

**Fourth. Manufacturers, Merchants, Etc.—Licensing—Taxing—Regulating.**—To license, tax and regulate manufacturers, merchants, commission merchants, dealers in second-hand goods, coal dealers, ice dealers, junk dealers, ice cream dealers, milk dealers, live stock dealers, produce dealers, patent right dealers, mercantile agencies, real estate agents, claim agents, adjusters and collectors, real estate brokers, financial agents, loan agents, rental agents, lighting rod agents, and other agents of whatever kind or character; cash register agencies, agents for cash registers, advertising agents, rail-

road ticket agents, railway traffic agents, typewriter agencies, private detectives, private detective agencies, agents and solicitors for nurseries, laundries, dye houses, clothes pressers and cleaners, renovating and repair establishments, sewing machine agents, brokers, pawn brokers, railroad ticket brokers, produce brokers, merchandise brokers, amusement ticket brokers, lumber brokers, lumber agents, brewers, beer depots or store rooms, distillers, brewers' agents, brewers' agencies, distillers' agencies, malt dealers, insurance companies of whatever class or character; insurance agents, agents for co-operative insurance, insurance solicitors, insurance brokers, and other brokers of whatever class or character; abstractors of land titles, guarantors of land titles, bankers, banking corporations, trust companies, investment companies, building companies, loan companies, surety companies, bonding companies and agents or solicitors for any surety companies or bonding companies; brokerage companies, newspaper publishers, publishing companies, publishing houses, printing establishments, telegraph companies, telephone companies, electric light companies, street railway companies, electric companies, gas companies, conduit companies, subway companies, heating companies, lighting companies, cold storage or refrigeration companies, oil companies, mining companies, express companies, automobile companies, automobile agencies, public garages, electric charging stations, automobile repair shops, bicycle repair shops, transfer companies, manufacturing and other corporations, institutions or establishments; poles and wires or conduits and wires of telegraph, telephone, electric light, street railway and electric and power companies; agents and agencies for the sale of oil stock, mining stock, and other stocks; lenders of money on chattels and chattel mortgages; public lecturers, lawyers, doctors and dentists, itinerant doctors, corn doctors, masseurs; venereal hospitals, other private hospitals and similar institutions; veterinary hospitals, veterinary surgeons and doctors; barber shops, hair dressing establishments, bath houses, hotels, ordinaries, apartment houses, confectioners, restaurants, boarding houses, tenement houses, office buildings, public halls, public grounds, photographers, artists, auctioneers, plumbers, stock yard and wagon yard proprietors, undertakers, meat shops, livery, board and sales stable keepers, shows, circuses, parades, operatic, theatrical and other exhibitions; amusements, concerts, theatres, theatrical agents, amusement parks, cattle shows, horse shows, automobile shows, dog shows, poultry shows, animal shows, menageries, museums, sparring exhibitions, equestrian exhibitions, horoscopic views, moving picture exhibitions, cycloramas, panoramas, skating rinks, wrestling exhibitions,

And to license, tax and regulate all occupations, professions, trades, pursuits, corporations and other institutions and establishments, articles, utilities and commodities, not heretofore enumerated, of whatsoever name or character, like or unlike, and to fix the license tax to be paid thereon or therefor; and in the exercise of the foregoing powers, to divide the various occupations, professions, trades, pursuits, corporations and other institutions and establishments, articles, utilities and commodities into different classes.

The city may charge a separate license tax for each place of business conducted or maintained by the same person, firm or corporation.

**Power of the State to Tax Trades,** professions and occupations has remained unquestioned in this state since the case of *State vs. Simmons*, 12 Mo., 271 and such power may be delegated by the state to its municipalities. (*St. Louis vs. McCann*, 157 Mo., 301.)

But statute forbids license tax upon lawyers, doctors, ministers and teachers. (R. S. 1899, Sec. 5260; R. S. 1909, Sec. 8532.) For cases prior to statute see *St. Louis vs. Sternberg*, 69 Mo., 289; *St. Louis vs. Laughlin*, 49 Mo., 559.

The power to license may be exercised by the city either as a police regulation or for the purpose of raising revenue within constitutional limita-

tions. (*City of Springfield vs. Smith*, 138 Mo., 645, 1. c. 655.)

Power is conferred on city to collect a tax for revenue by way of a license. (*City of Lamar vs. Adams*, 90 Mo. App., 35 and cases cited page 41; See *State vs. Bengsch*, 170 Mo., 81, 1. c. 109.)

City may base license tax upon income. (*Express Co. vs. St. Joseph*, 66 Mo., 675.)

City may collect an ad valorem tax on property used in a calling and at the same time impose a license tax on the pursuit as a condition to the right to carry it on. (*City of Aurora vs. McGannon*, 138 Mo., 38; *City of Monett vs. Hall*, 128 Mo., App. 91, and cases cited on page 91.)

When license fee is a police regula-

(*Price vs. Thompson*, 48 Mo., 361; *Sugar Refining Co. vs. Elevator Co.*, 82 Mo., 121 and cases there cited on page 127, s. c. 101 Mo., 192; *Board of Regents vs. Painter*, 102 Mo., 461.)

Private property can be condemned only for public use. City has no right to establish street at expense of property owners in district for use of private individual or a number of individuals. What is public use. (*Kansas City vs. Hyde*, 196 Mo., 498; *Desehner vs. Ry. Co.*, 200 Mo., 310, l. c. 330; *Riggs vs. Met. St. Ry. Co.*, 216 Mo. 301, l. c. 318.)

A dedication by acts in pais may be perfectly valid although city has not

been in possession and enjoyment for a period of time necessary to constitute title by limitation. The two legal propositions depend upon totally different principles. (*Railway vs. Railway*, 190 Mo., 246, l. c. 255.)

When matter in pais is relied upon to establish voluntary dedication evidence should leave no doubt that owner fully intended to consent to dedication and must furthermore show an acceptance by the public. (*Rosenberger vs. Miller*, 61 Mo. App., 422.)

No formal acceptance by corporate officials is necessary. It may be sufficiently indicated by showing that street was opened, accepted and continuously used by the public as a common thoroughfare. (*Meiners vs. St. Louis*, 130 Mo., 274; *Railway vs. Baker*, 183 Mo., 312, l. c. 322 and cases there cited.)

Ten years adverse possession by public bars recovery. (*Price vs. Breckenridge*, 92 Mo., 378; *Stephens vs. Murray*, 132 Mo., 468.)

To establish existence of street by user without regard to intention of dedication by owner, user must be adverse and not permissive only and must continue for length of time necessary to bar action for the recovery of possession of real estate. (*Rosenberger vs. Miller*, 61 Mo. App., 422; *Field vs. Mark*, 125 Mo., 502.) But dedication by acts in pais need not necessarily be of the whole right to the property. (*Ry. vs. Ry.*, 190 Mo., 246.)

For charter provisions in regard to plats see Art. X, Sec. 6 and note.

**Vacation of Streets.**—Charter confers power upon council to vacate streets and alleys. (Article IX.) It is for council and not courts to say when power shall be exercised. Though city has right to vacate streets when and where its legislative body shall deem best the power must be exercised subject to the constitutional provision that private property shall not be taken or damaged for public use without just compensation and city may be liable for damages resulting to abutting property owners. (*Helnrich vs. St. Louis*, 125 Mo., 424, l. c. 427; *Christlan vs. St. Louis*, 127 Mo., 109; *Knapp, Slout & Co. vs. St. Louis*, 156 Mo., 343; *Kansas City vs. Hyde*, 196 Mo., 498.)

Since there is adequate remedy at law for damages city cannot be enjoined from vacating street. (Christian vs. St. Louis, 127 Mo., 109.)

Owner of abutting lot may enjoin the placing of obstructions in a street or alley not properly vacated if he will suffer damage different in kind from that of general public, but one whose lot does not abut upon such street cannot maintain injunction. (Realty & Investment Co. vs. Deere & Co., 208 Mo., 66.)

Ordinances declaring street or alley vacated is not sufficient. Abutting owners have property rights in streets and alleys which cannot be taken from them by mere passage of ordinance declaring it vacant.

If street or alley is vacated and public continue to use it for ten years with knowledge and consent of city and abutting owners, it is again constituted public street or alley. (Mitchell vs. Ry., 116 Mo. App., 81, 1. c. 88.)

City cannot extinguish rights of public by conveyance to an individual of part or all of a street as private property. (St. Louis vs. Mo. Pacific Ry. Co., 114 Mo., 13, 1. c. 24.)

City is not estopped from asserting claim under dedication by including dedicated land in ordinance and condemnation proceedings. (Moses vs. Dock Co., 84 Mo., 242, 1. c. 246.)

Statute of limitation does not run against city unless adverse possession began prior to 1865. (Williams vs. St. Louis, 120 Mo., 403; Wright vs. City of Doniphan, 169 Mo., 601; State ex rel. vs. Jackson, 207 Mo. 85.)

Failure to grade or improve street does not affect public right thereto. (St. Louis vs. Mo. Pacific Ry. Co., 114 Mo., 13, 1. c. 24.)

When dedication by deed or other writing shows intention to convey unlimited fee for particular purposes title does not revert on cessation or diversion of use but equity may compel specific execution of trust. (Hand vs. St. Louis, 158 Mo., 204; Goode vs. St. Louis, 113 Mo., 257.)

Land deeded to city on condition reverts to grantor on failure to comply with such condition. (Clark vs. Brookfield, 81 Mo., 503; Baker vs. St. Louis, 75 Mo., 671.)

As to whether provision in grant

is a condition or a covenant and whether an action to declare a forfeiture is necessary, see St. Louis vs. Wiggins Ferry Co., 88 Mo., 615; Studdard vs. Wells, 120 Mo., 25; Railway Co. vs. Frowein, 163 Mo. 1.

**Rights and Obligations of Abutting Property Owners.**—The owner of premises abutting on a public street is presumptively the owner of the fee to the center thereof subject to the easement to which the land is devoted. This is true although one abutting owner dedicate the entire street by plat. When street is vacated title vests in persons owning the property on each side thereof in equal proportions. (Thomas vs. Hunt, 134 Mo., 392; Mitchell vs. R. R. 116 Mo. App., 81 l. c. 88.)

Abutting owner is entitled to get out of or take from the street whatever he can so long as he does no injury to the way. (Gamble vs. Pettijohn, 116 Mo. 375.)

Any private person who takes away earth from highway or plows it or removes from it trees or herbage not amounting to nuisance or places anything upon it or erects any structure overhanging it commits a trespass on the abutting owner. (Gamble vs. Pettijohn, 116 Mo., 375; see distinction Grover vs. Cornet, 135 Mo., 21; Graden vs. Parkville, 114 Mo. App., 527; Betz vs. Home Tel. Co., 121 Mo. App., 473; Cartwright vs. Telephone Co., 205 Mo., 126.)

Every owner of a lot abutting on a public street has rights which are as much property as the lot itself. Of these may be named easement for free admission of light and pure air and right of ingress and egress to and from his property. (Gaus & Sons Mfg. Co. vs. Ry., 113 Mo., 308; Sherlock vs. Ry. Co., 142 Mo., 172.)

This right does not depend upon whether fee in street is located in municipality or abutting owner. Right flows from the fact that lot abuts on a public highway. (DeGeofroy vs. Merchants Bridge & Terminal Co., 179 Mo., 698, 1. c. 706.)

Adjoining owner may recover damages occasioned by bridges and viaducts in street. Measure of damages. (Wolters vs. St. Louis, 132 Mo., 1; Spencer vs. Ry., 120 Mo., 154.)

City is liable for obstruction in street which prevents ingress and

egress from street to abuttor's property. (Piper vs. City of Booneville, 32 Mo. App., 138.) But damage to property owner must be different in kind not only in degree. (Rude vs. St. Louis, 93 Mo., 408; Realty Co. vs. Deere & Co., 208 Mo., 66; Baker vs. McDaniel, 178 Mo., 447.) Close proximity to portion of street obstructed. (Milling Co. vs. Riley, 133 Mo., 574, l. c. 586; Heer Dry Goods Co. vs. Ry. Co., 41 Mo. App., 63.)

**Rule as to Alley.**—(Dries vs. St. Joseph, 98 Mo. App., 611.)

**Changing Grade of Streets.**—The grade of streets may be changed and damages to private property arising therefrom may be determined in a special proceeding for that purpose. (Art. 7, and note.)

When damages are not ascertained in this manner an action will lie against the city. (Gardner vs. St. Joseph, 96 Mo. App., 657; Hickman vs. City of Kansas, 120 Mo., 110; Fuess vs. Kansas City, 191 Mo., 692; Investment Co. vs. St. Joseph, 191 Mo., 459.)

Property owner not entitled to have damages ascertained before work is begun. (Clemens vs. Insurance Co., 184 Mo., 46.)

Change must be material. (Waldron vs. Kansas City, 69 Mo. App., 50.)

Grade may be changed whenever it answers best for public purpose. City does not exhaust power in acting once. (South Highland Land & Impr. Co. vs. Kansas City, 100 Mo. App., 518.)

Removal of shade trees in street. (Colston vs. St. Joseph, 106 Mo. App., 711; Scott vs. City of Marshall, 110 Mo. App., 178.)

City is also liable for negligence in the performance of the work of changing the grade of streets. (Werth vs. City of Springfield, 78 Mo., 107.)

And constructing sewer. (Frick vs. Kansas City, 117 Mo. App., 488.)

Where there was no ordinance authorizing improvement which caused overflow and consequent damage to plaintiff, city is not liable. (Koeppen vs. Sedalia, 89 Mo. App., 648.)

City not liable for damages from change in grade authorized by committee of council but not by ordinance. (Thomson vs. City of Booneville, 61 Mo. 282. But see Donohoe vs. Kansas City, 136 Mo. 657.)

Lot must abut on part of street graded. (Gardner vs. St. Joseph, 96 Mo. App., 657; Burde vs. St. Joseph, 130 Mo. App., 453; but see Heer Dry Goods Co. vs. Ry. Co., 41 Mo. App., 63; Milling Co. vs. Riley, 133 Mo., 574.)

Different rule as to alley in same block. (Dries vs. St. Joseph, 98 Mo. App., 611.)

City not liable for injury caused to building by excavation of contractor in alley. Independent contractor discussed. (McGrath vs. St. Louis, 215 Mo., 191.) See also surface water post.

Measure of damages for change of grade. (Tegler et ux vs. Kansas City, 95 App., 162; Robinson vs. St. Joseph, 97 Mo. App., 503; Farrar vs. Midland Electric Ry. Co., 101 App., 140; Fuess vs. K. C. 191 Mo., 692.)

**What Use Abuttor May Make of Street.**—City has authority to grant license to place obstructions in street where purpose is to serve public want such as car tracks. This is property right on street and cannot be revoked without compensation. License to make purely personal use of part of street confers no property right in street itself and may be revoked. (South Highland Land & Impr. Co. vs. Kansas City, 100 Mo. App., 518.)

**Space Under Sidewalks.**—The abuttor may build as of right underground house vaults in streets subject to paramount right of public for street uses proper and subject also to reasonable legislative municipal and police regulations as to location, mode of construction and use of such vaults. (Gordon vs. Peltzer, 56 Mo. App., 599; Fehlbauer vs. St. Louis, 178 Mo., 635, l. c. 647.)

An excavation which extended across the sidewalk from the inner to within eighteen to twenty-four inches of the outer edge of it and was directly in the path of travel so that a pedestrian was compelled to step on the door and over the area or turn out of his path and pass around is in effect an appropriation of the entire sidewalk of the width of the door and is inconsistent with the paramount right of the public. (City of Memphis vs. Miller, 78 Mo. App., 67.)

**Stone Wall in Street.**—South Highland Land & Impr. Co. vs. Kansas City, 100 Mo. App., 518.)

**Wooden Awnings.**—(Brown vs. Town of Carrollton, 122 Mo. App., 276.)

**Signs.**—(Loth vs. Columbia Theater Co., 197 Mo., 328; St. Louis vs. Theater Co., 202 Mo., 690.)

**Deposit of Goods, Delivery, Etc.**—Abuttor has right to make reasonable use of streets for deposit of goods, loading and unloading, delivery of fuel, etc., though not directly authorized by ordinance but has no right to make permanent use of streets for storing property or to make such temporary use as will unreasonably interfere with travel. (Gerdes vs. Iron Foundry Co., 124 Mo., 347; Corby vs. Ry., 150 Mo., 457, 1. c. 468.)

So material used in construction of buildings. (Heselbach vs. St. Louis, 179 Mo., 505; Christman vs. Meierhoffer, 116 Mo. App., 46.)

**Display of merchandise.** (Straub vs. St. Louis, 175 Mo., 413.)

City has right to make reasonable use of street and sidewalk for materials and tools used in construction of sewer but is liable for negligence of contractor in piling earth in street and diverting surface water. (Frick vs. Kansas City, 117 Mo. App., 488.) Paving material. (Westliche Post vs. Allen, 26 Mo. App., 181.)

See right of city to control streets, post this note.

**The Rights of Abutting Owners as Affected by Steam Roads** is fully discussed and the authorities collated, in DeGeofroy vs. Merch. Bridge Co., 179 Mo., 698, and it is held that no action lies where the road is built on the grade (only on the doctrine of stare decisis,) but that an action lies where the road is not built on the grade or street level. The court said the tendency is toward more liberal relief against railroads in favor of property holders.

**Liability of Abuttor.**—The abutting owner as such owes no duty to maintain street or sidewalk in front of premises and is not responsible for any defects therein which are not caused by his own wrongful act. He may recover for an injury arising from defect in front of his own property. Duty to remove snow and ice from the sidewalk incidentally discussed. (Ford vs. Kansas City, 181 Mo., 137, 1. c. 147; Beck vs. Brewing Co., 167 Mo., 195; Lucas vs. Ry. Co., 174 Mo., 270.)

Abutting owner may, however, become liable and jointly liable with city for unsafe condition of sidewalk. Liability does not arise from fact that he is owner of property abutting sidewalk but from the fact that he is instrumental in causing the condition either by his willful act or negligent omission. Liability growing out of extraordinary use of sidewalk for private convenience. (Perrigo vs. St. Louis, 185 Mo., 274, 1. c. 286, 287 and cases there cited).

**Remedies of Abutting Owner.**—Ejectment. (Thomas vs. Hunt, 134 Mo., 392.) Trespass. (Gamble vs. Pettijohn, 116 Mo., 375.) Injunction. (Christian vs. St. Louis, 127 Mo., 109; Realty & Investment Co. vs. Deere & Co., 208 Mo., 66.) Damages. (Frick vs. Kansas City, 117 Mo. App., 488; Fuess vs. Kansas City, 191 Mo., 692.)

Actions for damages or to abate public nuisances can be maintained by only those who suffer damage different in kind and not only in degree from others. (Rude vs. St. Louis, 93 Mo., 408; Baker vs. McDaniel, 178 Mo., 447; Realty Co. vs. Deere Plow Co., 208 Mo., 66.)

Power over streets is in nature of trust and where city permits encroachment in street it is guilty of breach of trust and state has visitatorial power to proceed in court to correct abuse by action through prosecuting attorney or attorney general. (State vs. Franklin, 133 Mo. App. 486; State ex rel. vs. Vandalia, 119 Mo. App., 406.)

**Rights of Public in Street.**—Pedestrians have undoubted right to use street for all ordinary purposes and to walk across it if so inclined. (Goff vs. Transit Co., 199 Mo., 694, 1. c. 705).

Streets are for use of all classes of people and no individual or class of individuals possesses any superior right of way over that which others may exercise. (Cole vs. Met. Street Ry. Co., 121 Mo. App., 605, 1. c. 609.)

But it is also true that in order to transact business and to build houses, to reconstruct streets, to build public improvements or public utilities in street, sidewalks must of necessity, at times, be partly occupied by goods and materials to be used for such purposes. What is reasonable use must be determined by circumstances of each case. (Hesselbach vs. St. Louis,

179 Mo., 505, l. c. 523; Christman vs. Meierhoffer, 116 Mo. App., 46). Delivery of fuel, loading and unloading goods. (Gerdes vs. Iron Foundry Co., 124 Mo., 347).

Persons are not privileged to haul extraordinarily heavy loads over streets without regard to detriment to manholes of private corporation lawfully placed in street. (Missouri Electric Co. vs. Weber, 102 Mo. App., 95).

City has right to temporarily close street for repairs. (Haller vs. St. Louis, 176 Mo., 606).

**Safe Condition of Streets**—It is the duty of city to keep its streets in a reasonably safe condition for travel by night as well as by day. (Brennan vs. St. Louis, 92 Mo., 482; Smith vs. St. Joseph, 45 Mo., 449; Culverson vs. Maryville, 67 Mo. App., 343; Vogelgesang vs. St. Louis, 139 Mo., 127; Maus vs. City of Springfield, 101 Mo., 613).

City is not insurer of safety of those using streets. (Burnes vs. St. Joseph, 91 Mo. App., 489).

Instruction that city was bound to keep its streets in safe condition held erroneous, reasonably safe being the measure of responsibility. (Smith vs. Brunswick, 61 Mo. App., 578).

City cannot avoid responsibility by arrangements with others. (Blake vs. St. Louis, 40 Mo., 569; Wiggin vs. St. Louis, 135 Mo., 558; Benton vs. St. Louis, 217 Mo., 687).

City cannot shift burden for defects in streets or walks upon property holder and is liable to tenant for injuries resulting from defect in sidewalk in front of property occupied by tenant. (Ford vs. Kansas City, 181 Mo., 137).

But a city is not necessarily required to open or put all its streets in a condition for public travel. (Walker vs. Kansas City, 99 Mo., 647; Hunter vs. Weston, 111 Mo., 176).

Nor is it liable for the condition of a street which exists merely on paper. (Moore vs. Cape Girardeau, 103 Mo., 470).

City not required to furnish safe means of reaching street from private property. (Calhoun vs. Milan, 64 Mo. App., 398).

City not required to keep portion of street outside of city in repair.

(Stealey vs. Kansas City, 179 Mo., 400).

City is not always required to keep entire width of street in safe condition for travel. (Ruppenthal vs. St. Louis, 190 Mo., 213, and cases there cited distinguishing Wiggin vs. St. Louis, 135 Mo., 558).

Street need not be of same construction throughout its course. (Electric Co. vs. Weber, 102 Mo. App., 95).

It is the duty of city to keep entire sidewalk in reasonably safe condition for travel. (Roe vs. City of Kansas, 100 Mo., 190.)

Approval of plat by council does not cast upon city duty of keeping streets shown on plat in repair. (Downend vs. Kansas City, 156 Mo., 60).

Merely a user of ground by public does not impose on city duty to keep same in safe condition. (Garnett vs. City of Slater, 56 Mo. App., 207).

But if city treats land as a street it is liable for failure to keep same in repair. (Connor vs. Nevada, 188 Mo., 148; Golden vs. Clinton, 54 Mo. App., 100; Hill vs. Sedalia, 64 Mo. App., 494; Stealey vs. Kansas City, 179 Mo., 400; O'Malley vs. City of Lexington, 99 Mo. App., 695).

Declaring by ordinance that land embraced within certain lines is public street; obtaining title to or easement for that purpose; passing ordinances providing for improvement of street are governmental acts; undertaking work of reconstructing street as required by ordinance is ministerial act; city not bound to improve whole of street. (Ely vs. St. Louis, 181 Mo., 723; Ruppenthal vs. St. Louis, 190 Mo., 213; Dinsmore vs. St. Louis, 192 Mo., 255; see distinction Smith vs. Hayti, 130 Mo. App., 321).

City not liable for defect in plan of public work but only for negligent execution of plan. (Foster vs. St. Louis, 71 Mo., 157; Haxton vs. Kansas City, 190 Mo., 53; but see McGrath vs. St. Louis, 215 Mo., 191).

Liable for obstruction in street or sidewalk. (Straub vs. St. Louis, 175 Mo., 413; Noble vs. Kansas City, 95 Mo. App., 167; Fischer vs. St. Louis, 189 Mo., 567; Goins vs. City of Moberly, 127 Mo., 117). Hydrant in street. (Burnes vs. St. Joseph, 91 Mo. App., 489).

Defective sidewalk. (Bradley vs. City of Spickardsville, 90 Mo. App., 416; Deland vs. City of Cameron, 112 Mo. App., 701; Smoot vs. Kansas City, 194 Mo., 513.) Doors and lids over opening in sidewalk. (Fehlhauser vs. St. Louis, 178 Mo., 635; Drake vs. Kansas City, 190 Mo., 370; City of Memphis vs. Miller, 78 Mo. App. 67.) Meter box. (Carvin vs. St. Louis, 151 Mo., 324.)

Evidence of repair subsequent to injury inadmissible. (Woods vs. Popular Bluff, St. L. Ct. of App., March 9, 1909, 116 S. W., 1109.)

Liable for failure to keep streets in reasonably safe condition for travel, including space between sidewalk and curbing. (Coffey vs. Carthage, 200 Mo., 616, and cases there cited; Reed vs. City of Mexico, 101 Mo. App., 155; Buckley vs. Kansas City, 95 Mo. App., 188; Jerowitz vs. Kansas City, 104 Mo. App., 202.)

Trees and like obstructions may be placed in space between sidewalk and curbing. (Fochler vs. Kansas City, 94 Mo. App., 464.)

Unsafe projection over street (Loth vs. Columbia Theater Co., 197 Mo., 328 and cases there cited.)

Liable for unguarded danger on border of streets. (Halpin vs. City of Kansas, 76 Mo. 335.) Liable for stone from wall of burned building falling on person. (Franke vs. St. Louis, 110 Mo., 516.) but not for wall falling on person not using street. (Kiley vs. City of Kansas, 87 Mo., 103.) Liable to woman falling into excavation while avoiding kick of a male. (Bassett vs. St. Joseph, 53 Mo. 290.)

Accidental cause contributing. (Brennan vs. St. Louis, 92 Mo. 482; Hull vs. City of Kansas, 54 Mo., 598; Fairgrieve vs. Moberly, 39 Mo. App., 31.)

Liable not only to persons using street for passage but liable to children playing in street. (Donoho vs. Iron Works, 75 Mo., 401; Straub vs. St. Louis, 175 Mo., 413.)

Failure to provide lights and barriers. (Stout vs. Columbia, 118 Mo. App., 439; Russell vs. Columbia, 74 Mo. 480; Christman vs. Meierhoffer, 116 Mo. App., 46; Ballentine vs. Kansas City, 126 Mo. App., 130.)

Snow and ice in streets. (Heether vs. Huntsville, 121 Mo. App. 495; Reno vs. St. Joseph, 169 Mo., 642 and

cases there cited; Quinlan vs. Kansas City, 104 Mo. App., 616; Strange vs. St. Joseph, 112 Mo. App., 629; Peters vs. St. Joseph, 117 Mo. App. 499; Reedy vs. Brewing Association, 161 Mo., 523; Vonkey vs. St. Louis Sup. Ct., Mar. 31, 1909, 117 S. W. 733.)

Liable for failure to keep bridge or viaduct in safe condition. (Loewer vs. City of Sedalia, 77 Mo. 431; Pierce vs. Town of Lutesville, 25 Mo. App. 317.) Or approach thereto. (Churchman vs. Kansas City, 44 Mo. App. 665.)

City not liable for failure of railing to withstand negligent use. (Sindlinger vs. Town of Kansas, 126 Mo. 315.)

Failure to erect side railings to bridge not negligence per se. (Staples vs. Town of Canton, 69 Mo. 592.)

City liable for negligence of employes engaged in cleaning streets. (Young vs. R. R., 126 Mo. App. 1.)

And for assault by employe so engaged. (Barree vs. Cape Girardeau, 197 Mo. 382.)

City not liable for damages resulting from defect or obstruction in street not created by city unless city has knowledge or notice of it or it existed long enough for knowledge to be imputed to city. (Drake vs. Kansas City, 190 Mo. 370; Fehlhauser vs. St. Louis, 178 Mo. 635; Gerber vs. Kansas City, 105 Mo. App. 191; Doherty vs. Kansas City, 105 Mo. App. 173; Buckley vs. Kansas City, 95 Mo. App. 188; Clark vs. City of Brookfield, 97 Mo. App. 16.)

Notice to policeman is notice to city. (Carrington vs. St. Louis, 89 Mo. 208.)

City is not liable for latent defect of which it had no knowledge. (Carvin vs. St. Louis, 151 Mo. 334.)

App. 489; Holding vs. St. Joseph, 92 Mo. App. 143.)

Fact that injured person had been drinking. (Stout vs. Columbia, 118 Mo. App. 439 and cases there cited.)

**Right of City to Control Streets.**—Legislature has paramount authority over all public highways no matter how acquired. This authority is to a

large extent delegated to the city over the streets therein. (R. S. 1899, Sec. 6408; R. S. 1909, Sec. 9752, p. 83, this volume.) The power to regulate the use is not limited to a mere right of way but it extends to all beneficial uses which the public good and convenience may from time to time require as for laying gas, water and sewer pipes and the like. New uses are constantly arising. All these and many others may be made of the streets without consent of the lot owners. (*F. T. Walsh vs Turner*, 86 Mo. 416, l. e. 419 and 420.)

The city is given power to regulate use of streets. The word regulate is one of broad import. If city gives right to use of streets or public grounds it simply regulates the use when it prescribes the terms and conditions upon which they shall be used. (*St. Louis vs Western Union Telegraph Co.*, 149 U. S. l. e. 469; *Sluder vs Transit Co.*, 189 Mo. 107, l. e. 129.)

Street includes roadway, gutters and sidewalks unless context shows term used in a more restricted sense. (*Knapp Stout & Co. vs St. Louis Transfer Co.*, 126 Mo. 26.)

Legislative or municipal control is not absolutely unlimited. It must be exercised for public welfare and to promote enjoyment of easements that the populace have in the street, hence private structures which are inconsistent with the primary use of street cannot be licensed and will constitute a nuisance even if municipality undertakes to license them. (*Morie vs St. Louis Transit Co.* 116 Mo. App. 12, l. e. 23.)

City not liable for injury to gas pipes, conduits or railroad tracks, in constructing sewer. (*Sedalia Gaslight Co. vs Mercer*, 48 Mo. App. 644) or grading street. (*National Water Works Co. vs Kansas City*, 20 Mo. App. 237; same vs same, 28 Fed. Rep. 922.)

And a provision in the ordinance or contract that the contractor shall be responsible for such injuries, is void. (*Sedalia Gaslight Co. vs Mercer*, 48 Mo. App. 644; *Railroad vs Morley*, 45 Mo. App. 301.)

State has visitatorial power to interfere when city permits improper use or obstruction of street. The attorney general of the state or the prosecuting attorney of the county in which nuisance exists, may proceed in

equity for its abatement. (*State ex rel vs Vandalia*, 119 Mo. App. 406; *State vs Franklin*, 133 Mo. App. 486.)

City has no power to authorize such use of street as will destroy its use as a public thoroughfare. (*Knapp Stout & Co. vs Transfer Co.*, 126 Mo. 26, l. e. 36, and cases there cited; *Sluder vs Transit Co.*, 189 Mo. 107, l. e. 130.)

City cannot authorize use of public streets for purely private purposes. (*Brown vs Railway Co.*, 137 Mo. 529.)

The city has right to use either surface or underlying portion of street for any lawful purpose for which a street may be used. (*Westliche Post Assn. vs Allen*, 26 Mo. App. 181.)

tracks, bridges, turnouts and switches in the streets and alleys; and the location of depot grounds within the city; to require that railroad tracks, bridges, turnouts and switches shall be so constructed and reconstructed and laid as to interfere as little as possible with ordinary travel and the use of the streets and alleys, and so as to protect life and property from all danger arising from the operation of trains upon said tracks, and that sufficient space should be left on either side of said tracks for the safe and convenient passage of teams and persons; to require the railroad companies to keep in repair the streets and alleys and highways through which their tracks may run, and to light, patrol and guard the same; to require said railroad companies to construct and keep in repair suitable crossings at the intersection of streets, alleys and highways, ditches, sewers and culverts, and to light and guard the same; to require and compel railroad companies to construct and maintain viaducts or overhead bridges, together with the approaches therefor at such points where the tracks of said railroads cross the public streets or highways of the city and where the construction of such viaducts and bridges is reasonably necessary for the convenience of the public or for the protection of the people using such crossings; to require railroad companies, whose tracks cross the streets, alleys and highways of the city, to build said tracks under said streets, alleys and highways, at said crossings, and to construct tunnels thereunder for the use of said railroads, or viaducts over said railroad tracks for the use of the public, and to maintain the same; to require the railroad companies whose tracks cross the streets, alleys and highways of the city, to pay the damages to abutting property caused by the construction of said viaducts or overhead bridges and approaches thereto; and in cases where it is necessary to procure a right-of-way for the construction of any such viaduct or overhead bridge, or approaches or any part thereof, the cost and expense of such procurement shall be borne by the railroad company or companies whose tracks cross the highways and render necessary the construction of said viaduct or overhead bridge and approaches, and in cases where more than one railroad company's tracks cross a highway within the city, to provide by ordinance the amount or proportionate part of the cost which each of said companies shall pay or contribute toward the cost and expense of construction or maintenance of said viaducts, overhead bridges or approaches, including the matter of rights-of-way for the construction of such viaducts, overhead bridges or approaches, and the damages done to private property by the construction of the same; and when the public safety or convenience so demands, to

designate that the roadway of the street crossed by such railroad tracks shall either be carried under the tracks by means of a tunnel, cut or subway to be constructed and maintained by said railroad company, or over said railroad tracks by means of a viaduct or overhead bridge, as aforesaid; and, in case the streets shall be placed beneath said tracks, to require all the costs and expenses of the same, including maintenance, right-of-way, and damages to private property by the construction of the same, to be paid by the railroad company or companies whose tracks cross said street. And in cases where necessary for the protection of traffic, or for the opening, establishment, grading or change of grade of any street or highway, or for the construction or maintenance of any other public improvement of any character to require any railroad company, at its own expense, to elevate or depress its tracks or any part of the same within the city and to conform the grade of said tracks to the plans of any public improvement authorized by the Common Council.

Railroad using street without consent of proper authority is trespasser and injunction will lie. Burden is upon railroad to show authority. (Swinhart vs Railroad Co., 207 Mo. 423.)

This consent cannot be granted by mayor, but must be granted by ordinance. (Lockwood vs Railroad, 86 Mo. 122.)

What is sufficient evidence of approval by mayor. (Knight vs Railroad Co. 70 Mo. 231.)

Provision in ordinance granting authority to use street that grant should become void upon removal of machine shops from city, is condition subsequent, can be taken advantage of only by city and may be waived by city. (Knight vs Railroad, 70 Mo. 231.)

A railroad properly constructed pursuant to authority granted by city on established grade of street when prop-

erly operated is not a nuisance and neither the municipality nor the company would be responsible for inconvenience resulting from such construction. (Randle vs Railroad, 65 Mo. 225; Tate vs Railroad, 64 Mo. 149; Nagle vs Railroad, 167 Mo. 89.)

Rule sustained upon doctrine of stare decisis alone. (De Geofroy vs Merchants Bridge & Terminal Co., 179 Mo. 698.)

Elevated steam railroad is additional servitude. (De Geofroy vs Merchants Bridge Co., 179 Mo. 698.)

An ordinance purporting to permit steam railroads in a street, sidewalk or alley so narrow, or so operated that the use of the street by the railroads will destroy the use of the street by the public as a highway is void because an appropriation of a street to

inconsistent uses, and as destroying the rights of the abutting property holders, and injunctive relief may be had. (State ex rel. vs Railroad Co., 206 Mo. 251; Lockwood vs Wabash, 122 Mo. 86, and cases cited; Dubach vs Railway, 89 Mo. 483; Morie vs Transit Co., 116 Mo. City cannot condemn private property for a street in order afterwards to give it over to a railroad to be used for switches. (Kansas City vs Hyde, 196 Mo. 498.)

Unless it be shown that the use by the steam road will practically destroy the use of a street by the public the ordinance authorizing such use will not be held void, although in the more recent cases the tendency is toward more strictness against the railways. (Morie vs St. Louis Transit Co., 116 Mo. App. 12, l. c. 25, citing authorities, especially Sherlock vs Ry., 142 Mo. 172; and see DeGeofroy vs Merc. Bridge, 179 Mo. 698; St. Louis Transfer Co. vs Merch. Bridge Co., 111 Mo. 666; Brown vs Ry., 137 Mo. 529; Randle vs Ry., 65 Mo. 325; Foudry vs Railroad, 130 Mo. App. 104.)

City cannot authorize a private steam road to use the street for private purposes. (Glaessner vs Anheuser-Busch, 100 Mo. 508; see also Brown vs Ry., 137 Mo. 529, l. c. 537.)

But a switch, part of the road, is not a private use, but a public one. (Knapp, Stout & Co., vs Ry., 126 Mo. 26; Brown vs Railway, 137 Mo. 529; Morie vs St. Louis, 116 Mo. App. 12.)

The construction of sewers is discretionary with city, a failure to build sewer will not, in general, give any right of action to private party. But having entered upon the work it will be held for damages following the careless or unskillful manner of performing the same. (Woods vs City of Kansas, 58 Mo. App. 272, 1. c. 278.)

There is no prescriptive right to conduct business which is a nuisance. Question not affected by fact that there were no houses in vicinity when business was established, nor by fact that city licensed the business. One can not place upon his land anything which the law would pronounce a nuisance, and thus compel his neighbor to leave his land vacant or to use it only in such way as neighboring nuisance will allow. (*State ex rel. vs. Board of Health*, 16 Mo. App. 8; *Sultan vs Par-*

*ker*, *Washington Co.*, 117 Mo. App. 636.)

Establishment and location of institutions of business cannot be made to depend upon consent of owner or occupant of adjacent property. App. 1) and the abating, preventing and removing of nuisances on private property, not caused by city or its agents. (*Kiley vs City of Kansas*, 87 Mo. 103; *Armstrong vs City of Brunswick*, 79 Mo. 319.) city is performing its governmental functions and is not liable for failure to perform them.

But city is liable for unnecessary destruction of property in abatement of nuisances. (*Waggoner vs City of South Gorin*, 88 Mo. App. 25; *Allison vs City of Richmond*, 51 Mo. App. 133.)

City is liable for nuisances created by it. (*Edmondson vs City of Moberly*, 98 Mo. 523; *Scott vs City of Nevada*, 56 Mo. App. 189; *Martinowsky vs City of Hannibal*, 35 Mo. App. 70.)

**Seventeenth. Steam Boilers, Etc.—Plumbers—Engineers.—**

To regulate the use of steam boilers, steam generators, electric motors and machinery, and to provide for the registration of plumbers and stationary engineers.

Power to regulate construction of buildings does not confer power on city to change common law rule as to lateral support between adjacent owners. (Carpenter vs Reliance Realty Co., 103 Mo. App. 480.)

**Nineteenth. Dangerous Structures—Inspection of—Nuisance.—**To prohibit the erection, placing or repairing of wooden buildings within such limits as may be prescribed by ordinance, and to direct that all buildings within the limits prescribed shall be made or constructed of fireproof material, and to declare all dilapidated buildings to be nuisances, and to direct the same to be repaired, removed or abated, in such manner as they shall prescribe and direct; and to declare all wooden buildings within the fire limits, which they may deem dangerous to contiguous buildings, to be nuisances, and to require or cause them to be removed or abated, in such manner and under such penalties to the owners or proprietors thereof as they may direct.

dinance. (Eichenlaub vs St. Joseph, 113 Mo. 395.)

for gaming, and to prevent and suppress mock auction houses, dance halls, public dances, fortune tellers, clairvoyants and palmists, pool rooms and betting rooms; lotteries or places where any game in which chance predominates is played for anything of value, and to punish any and all persons who may engage in such game or games or who keep or frequent such houses or places, or set up or permit the same, or lotteries, or sell lottery tickets; and to prohibit the sale, distribution or giving away, directly or indirectly, of lottery tickets, notices, certificates, and advertisements of lotteries and lottery drawings, and to suppress places where lottery tickets, notices, circulars, and advertisements of lotteries and lottery drawings are kept, sold, distributed or given away; to prevent and suppress opium smoking and houses or places kept therefor, and to punish the keeper of such house or place, or any persons who smoke opium therein or frequent the same; and to regulate the sale of opium, cocaine and other similar drugs, cigarettes, cigars and tobacco, and to prohibit the sale of the same to minors.

Ordinance for suppression of lottery and policy shops sustained. (*Kansas City vs Hallett*, 59 Mo. App. 160; *Ex parte Kiburg*, 10 Mo. App. 442.)

Gaming and gambling synonymous. (*State vs Dyson*, 39 Mo. App. 297.)

In prosecution for violation of city ordinance forbidding the maintaining of a gambling device a record of a conviction in another case of the same defendant for gambling at the same time was inadmissible in evidence for the purpose of showing that the table upon which the game was played was gambling device. (*City of Mexico vs Harris*, 115 Mo. App. 707.)

Any kind of gambling table or device which is adapted, devised or designed for playing any game of chance for money or property is a gambling device. (*State vs Rosenblatt*, 185 Mo. 114.)

A crap table is a gambling device. (*State vs Locket*, 188 Mo. 415.)

Suppression of bawdy houses. (*State vs DeBar*, 58 Mo. 395; *State vs Clark*, 54 Mo. 17.)

What must be shown to prove offense in keeping bawdy houses. (*State vs Price*, 115 Mo. App. 656; *State vs Horn*, 83 Mo. App. 47.)

Exhibition of one's self in a condition tending in and of itself to degrade the public morals, to annoy or inconvenience the citizens in a discharge of their daily duties and to destroy the peace, comfort and good order and well being of such is an offense which is the proper subject of police regulation, therefore city may provide punishment for drunkenness. (*City of Galatin vs Tarwater*, 143 Mo. 40.)

One charged with drunkenness or disorderly conduct on street is not entitled to trial by jury. (*Delaney vs Police court of Kansas City*, 167 Mo. 667.)

A conviction or acquittal under a state law is no bar to a prosecution for the same offense by a city. (*City of Lebanon vs Gordon*, 99 Mo. App. 277.)

Twenty-second. **Obscene Literature, Etc.—Prohibit Sale of.**  
 —To prevent the sale, circulation and disposition of obscene literature, including books, papers, prints, pictures and the like, and to punish any person who sells or offers for sale, or who circulates or disposes of such literature, books, papers, prints, pictures and the like.

The test which determines the obscenity or indecency of a publication is the tendency of the matter to deprave and corrupt the morals of those whose minds are open to such influences. (United States vs Bebout, 28 Fed. 522.)

Obscenity does not depend upon truth or falsity of publication. (Commonwealth vs Landis, 8 Phila. 453.)  
 One indecent item makes publication an obscene paper. (Commonwealth vs Havens, 6 Pa. Co. C. & R. 545.)

Twenty-third. **Sign Boards, Etc.—Control of—Nuisance.**  
 To regulate, prevent or prohibit the erection, maintenance or display of sign boards and bill boards and all signs, posters or other advertisements or of advertising matter which are offensive, improper, unsightly, indecent, lascivious or obscene, upon, along or near the sidewalk, streets, or public places or within view thereof; and to declare any such sign board, poster or other advertising matter to be a public nuisance, and provide for the abatement thereof;

To acquire by condemnation or otherwise the right to regulate and control bill boards and sign boards and other structures for advertising purposes, upon, along or near sidewalks, streets, alleys, highways or public places or within view thereof, within the city, and to provide for the regulation of the same.

Twenty-fourth. **Riots, Etc.—Games or Amusements—Noises—Dangerous or Annoying—Animals Running at Large—Obstructions on Sidewalks, Etc.**—To restrain and prevent any riot, rout, noise, disturbance or disorderly assemblage; to prohibit the playing of ball, the rolling of hoops, flying of kites, or any other amusement or practice dangerous or annoying to persons or property or tending to frighten horses in any street or place in the city; and to regulate or prohibit the running at large of cattle, cows, hogs, goats, chickens, geese, ducks, and all poultry, and all other animals or fowls, within the limits of the city, and to authorize the impounding and sale of the same; to restrain and prohibit the ringing of bells, blowing of horns, bugles and steam whistles, crying of goods, and

all other noises; and all unreasonable or unnecessary noises made in the operation of street cars or other public vehicles, and to restrain and prohibit performances and practices tending to the collection of persons on the streets and sidewalks, by auctioneers and others, for the purpose of business, amusement or otherwise; to prevent and remove all obstructions and encroachments upon the sidewalks, curb stones, carriageways, streets, avenues and alleys, at the expense of the owners or occupants of the ground fronting thereon.

Duty of mayor and members of council under state law in case of riot. (R. S. 1899, Sec. 2132; R. S. 1909, Sec. 4686.)

All city corporations have power by ordinance to restrain any animal from running at large within corporate limits of city outside of owner's enclosure. (Sherrill vs Murray, 49 Mo. 233.)

There is a distinction between a penalty for permitting animals to run at large and impounding animals found running at large in public streets. Necessary to show negligence on part of owner for conviction of permitting animals to run at large but animals found running at large may be impounded irrespective of fault of owner. (Evans vs Holman, 202 Mo. 284, s. c. 114 Mo. App. 449; McVey vs Barker, 92 Mo. App. 498, distinguishing Spittler vs Young, 63 Mo. 42.)

Penalty for animals running at large within city may be enforced against owner who resides beyond corporate limits, (Spittler vs Young, 63 Mo. 42.) and animals may be impounded although owner is non-resident of city at the time animal strayed into city. (Jeans vs Morrison, 99 Mo. App. 208.)

An ordinance prohibiting cattle with horns from running at large does not discriminate between owners of cattle with horns and cattle without horns. (City of Doniphan vs White, 110 Mo. App. 504.)

Injunction of impounding. (Tinsley vs Town of Caruthersville, 121 Mo. App. 142.)

City may regulate driving of cattle through street. (St. Louis vs Rothschild, 3 Mo. App. 563, Clause 16 of this section.)

For obstructions in streets, see note, Clause 11, this Section.

**Twenty-fifth. Dogs—Licenses, Etc.—**To license, tax, regulate or restrain and prohibit the running at large of dogs and cats, and to authorize their destruction when at large contrary to ordinance, and to impose penalties on the owners or keepers thereof.

City may impose her capita tax upon dogs by way of license and may impose fine upon person for keeping dog with-

out license. (City of Carthage vs Rhodes, 101 Mo. 175.)

**Twenty-sixth. Vagrants, Etc.—Punishing.—**To restrain and punish vagrants, mendicants, street beggars, gamblers and prostitutes, and to define who shall be considered and treated as vagrants.

Regulation concerning vagrants not in conflict with state laws. (St. Louis vs Bentz, 11 Mo. 61.)

City may define and punish vagrants. (Kansas City vs Neal, 49 Mo. App. 72.)

City can not make it an offense to associate with people of bad reputation. Law has no concern with mere guilty

intention unconnected with overt act. (Ex parte Smith, 135 Mo. 223.)

City cannot make loafing on street corner without interfering with rights of others, engaging in disorderly conduct or disturbing peace an offense, strike picket. (St. Louis vs Gloner, 210 Mo. 502.)

**Twenty-seventh. Safety Appliances, Etc., for Railways—Regulation—Penalty, Etc.**—To require all railways and railroads to provide proper fenders and other safety appliances and the most approved machinery and methods for their cars and tracks and the operation thereof, for the protection of human life and the lessening of danger thereto, and to make all needful regulations for the operation of the same, and to enforce all such regulations by such fines and penalties as may be prescribed by ordinance, subject to the limitations of this article.

Ordinances of cities regulating the speed of railway trains are police regulations, and the municipalities have such power, though not given in express terms, as it may be implied from the power to abate nuisances or provide for the general welfare, etc. (*Bluedorn vs Ry.*, 108 Mo. 439; *Jackson vs Ry.*, 157 Mo. 621, 639; *Merz vs Ry.*, 88 Mo. 672; *Sluder vs Transit Co.*, 189 Mo. 107, 131-132 [also holding that no acceptance by the company is required to make it amenable to police regulations, and citing a large number of cases on cognate points.] Approved in *Eckhard vs Transit Co.*, 190 Mo. 593; *Stotler vs Railroad*, 200 Mo. 107; *Moore vs Transit Co.*, 95 Mo. App. 728, s. c. 194 Mo. 1; *White vs Railroad*, 202 Mo. 539.)

It makes no difference that the company obtained its charter direct from the legislature, when such course was permitted prior to the present constitution, nor that the company laid its track with so short a curve and at such grade that it cannot conveniently move its trains at the speed fixed by the ordinance, which in this case was six miles per hour. (*Neier vs Mo. Pac. Ry. Co.*, 12 Mo. App. 25.)

The ordinance need not be limited in its application to street crossings or public highways, but may apply as well to private grounds or switch yards. (*Prewitt vs Ry.*, 134 Mo. 615, 626, approving *Merz vs Ry.*, 88 Mo. 672, 677, s. c. 14 Mo. App. 459; *Bluedorn vs Ry.*, 108 Mo. 439, 445-446.)

Vigilant watch ordinances. (*Sluder vs Transit Co.*, 189 Mo. 107; *Rapp vs Transit Co.*, 190 Mo. 144; *Latson vs Transit Co.*, 192 Mo. 449; *Wise vs Transit Co.*, 198 Mo. 546.)

Ordinance requiring ringing of bell. (*Gratiot vs Mo. Pac. Ry. Co.*, 116 Mo.

450; *Murray vs Railroad*, 101 Mo. 236; *Jennings vs Railroad*, 99 Mo. 394; *Stotler vs Ry.*, 200 Mo. 107.)

Railroad must provide and maintain necessary structure for convenience and safety of public travel at crossing. (*City of Kansas vs Belt Ry.*, 102 Mo. 633.)

The statute requiring cattle guards and wing fences has no application to street crossing in city. (*Kansas City vs Railroad*, 187 Mo. 146.)

Requiring watchmen and flagmen. Ordinances prescribing precautions to be observed by railroads at street crossings. (*Wilkins vs Railroad*, 101 Mo. 93; *Murray vs Railroad*, 101 Mo. 236; *Jennings vs Railroad*, 99 Mo. 394; *Edwards vs Railroad*, 94 Mo. App. 36.)

Equity will not enjoin enforcement of ordinance requiring railway to maintain flagman at crossings. (*Kansas City Cable Co., vs Kansas City*, 29 Mo. App. 89.) But, contra, that enforcement of municipal ordinances, if unreasonable, may be enjoined. (*Coal Co. vs St. Louis*, 130 Mo. 323.)

A city under charter power to control the streets and general welfare clause may by ordinance limit the time that railway trains may block a street. (*Burger vs Mo. Pac. Ry.*, 112 Mo. 238, 250.)

Where power to legislate is given a municipality, but the mode of its exercise is not prescribed, an ordinance in pursuance thereof, though *prima facie* valid, is subject to judicial review as to its reasonableness or oppressiveness as applied to existing conditions, which is a question for the court and not the jury, and it may be declared void on the ground of its being oppressive or unreasonable. (*Zumault vs K. C. Air Line*, 71 Mo. App. 670, 676, et seq., and cases cited;

White vs St. L. & S. F. Ry., 44 Mo. App. 540; City of Plattsburg vs Hagenbush, 98 Mo. App. 669.)

But a clear case of unreasonableness or oppressiveness must be established before the court will declare the ordinance void. (Gratiot vs Mo. Pac., 116 Mo. 450, 467, and cases cited.)

Ordinances limiting speed to six miles an hour upheld. (Neier vs Mo. Pac. Ry., 12 Mo. App. 25.)

Ordinance limiting speed of trains to four miles an hour, declared unreasonable. (White vs Railroad, 44 Mo. App. 540.) But this is a question for the court. (Neier vs Railroad, 12 Mo. App. 25.) Six miles an hour held unreasonable under some conditions. (Zumalt vs Air Line, 71 Mo. App. 670; City of Plattsburg vs Hagenbush, 98 Mo. App. 669.)

**Liability for Accident by Reason of Failure to Observe Ordinance.**—The running of a railroad train through the corporate limits of a city in excess of the speed prescribed by ordinance is negligence per se, and a cause of action results to any person injured by such violation. (Sluder vs Ry., 189 Mo. Loc. Cit. 135. Referring to numerous cases so holding and expressly affirming Jackson vs Ry., 157 Mo. 621, 641 and cases following same, and overruling Fath vs Ry., 105 Mo. 1.

c. 545 and the line of numerous cases following the latter. Gratiot vs Mo. Pac., 116 Mo. 450, 463; Hutchinson vs. Railroad, 161 Mo. 246; Stotler vs Railroad, 200 Mo. 107. See cases cited above.)

Less rate of speed at busy crossing than that permitted by ordinance may be negligence. (Holden vs Railroad Co., 177 Mo. 456.)

But no rate of speed is negligence per se, unless contrary to the provisions of express law or ordinance. (Maher vs Ry., 64 Mo. 267; Nuttler vs Railroad, 22 Mo. App. 328.)

Failure of railroad to keep flagman or watchman at street crossing when required by ordinance, negligence per se. (Murray vs Railroad, 101 Mo. 236; Dickson vs Mo. Pac. Ry. Co., 104 Mo. 491.)

Failure to have man on backing train or to have experienced brakeman. (Rafferty vs Railroad Co., 91 Mo. 33; Bergman vs Ry. Co., 88 Mo. 678.)

Failure to ring bell as required by ordinance is negligence per se. (Gratiot vs Mo. Pac. Ry., 116 Mo. 450, 464; Reed vs Railroad, 107 Mo. App. 238, 245 and cases cited.) Unless such failure does not contribute to the injury. (Hutchinson vs Ry., 161 Mo. 246, 253.)

**Twenty-eighth. Telephone, Telegraph Lines, Street Railways, Etc.—Other Public Utilities—Rates—Wires—Regulation—Land in Use.**—To regulate the rates to be charged for service by all persons, firms and corporations owning or operating any telephone or telegraph lines, systems or exchanges, street railway lines and systems, tunnels, subways, conduits, bridges or viaducts, or engaged in furnishing gas, steam or electricity for lighting, heating or power, or engaged in furnishing light, heat, power or refrigeration, or engaged in any other public utility under any franchise granted by the State of Missouri or the City of Kansas City; and to require any of such persons, firms and corporations to put and keep their wires, pipes and appliances under ground; and to regulate the use of the streets, alleys and public highways of the city by any such person, firm or corporation;

To sell, rent, lease or otherwise dispose of the products, use or service of any land, property, public utility or convenience, plants or

works of any kind, the ownership, use or control of which is or shall be in the city.

In *State ex rel. vs Telephone Co.*, 189 Mo. 83, the Supreme Court held that Kansas City did not have right to regulate telephone charges under provisions of constitution or enabling act of 1887, but held further that legislature could confer that power upon city. General Assembly conferred the power to regulate rates charged by public utilities in 1907. (Laws of 1907, p. 119; R. S. 1909, Secs. 9568, 9569, 9570.)

It was held that where charter granted by city fixes the maximum price that price cannot be reduced by city.

(*State ex rel. vs Laclede Gas Light Co.*, 102 Mo. 472.) But see authorities cited in note to Article 16, Section 2, holding that city cannot irrevocably establish rates for entire period of franchise.

Rates must be uniform and apply alike to all customers of same class and are subject to review by courts. (*Vanderberg vs Kansas City Missouri Gas Co.*, 126 Mo. App. 600.)

As to power of city in regard to location of wires and appliances and regulating the use of streets and alleys, see clauses 10 and 11, this section.

**Twenty-ninth. Control and Regulate Smoke Consumers, Etc.**—To control, regulate or prohibit the emission of dense smoke from chimneys and chimney stacks of buildings, manufactories, locomotives or engines or in any manner within the city.

(*St. Louis vs Packing Co.*, 141 Mo. 375; *State vs Tower*, 185 Mo. 79; *State vs Hemenover*, 188 Mo. 381;

*State vs Dower*, 134 Mo. App. 352.) Laws 1901, p. 73, R. S. 1909, Secs. 9689, 9690.

**Thirtieth. Cruelty to Children—Fines, Etc.**—To prohibit and prevent cruelty to children; to appropriate such sums as may be paid into the treasury from fines collected on conviction of persons charged with cruelty to children or animals, and to authorize the payment of the same, or any part thereof, to any society organized and maintained for the prevention of such cruelty.

**Abuse of Animals**—City may prohibit cruelty to animals although same acts may be misdemeanors under statute. (*St. Louis vs Schoenbusch*, 95 Mo. 618.)

What is abuse. (*Marshall vs Bingle*, 36 Mo. App. 122.)

Ordinance fixing load for two horse team and wagon not void for partiality. (*Kansas City vs Sutton*, 52 Mo.

App. 398.)

Intent. (*State vs Hackfath*, 20 Mo. App. 614; *State vs Roche*, 37 Mo. App. 480; *State vs Prater*, 130 Mo. App. 348; *State vs Haley*, 52 Mo. App. 520.)

Leaving horse unattended in street. (*Becker vs Schutte*, 85 Mo. App. 57; *Groom vs Kavanagh*, 97 Mo. App. 362.)

See Clause 11, this article.

**Thirty-first. Liquors—License—Regulation of Dramshops, Etc.**—To restrain, regulate and prohibit the selling or giving away of any wines, intoxicating or malt liquors, by any person within the city, other than those duly licensed; to forbid and punish the giv-

ing away of any wines, intoxicating or malt liquors to any woman, minor or habitual drunkard;

To pass any ordinance touching dramshops, beer houses, tippling houses or saloons, and the granting or revoking of the license for the same, not in conflict with this Charter and the Constitution and Laws of this State.

Method of licensing dram shops, see Article XVII.

State regulations R. S. 1899, Chap. 22; R. S. 1909, Chap. 63.

No one has a natural right to sell intoxicating liquor because the tendency of its use is to deprave public morals and to do so without a license from proper authority is unlawful. A dram shop license is a mere permit and not a contract with licensee which creates vested rights, but is subject at all times to police power and may be revoked. (State vs Seebold, 192 Mo. 720, l. c. 727, and cases there cited; Barnett vs County Court, 111 Mo. App. 693.)

But when one complies with all requirements of the dram shop law he bases his right to a license upon a valid and constitutional statute and is entitled to a county license and mandamus will lie. (State ex rel. vs Turner, 210 Mo. 77, l. c. 85.)

But before one can legally conduct dram shop in a city he must have both city and county license. (Sharp vs City of Carthage, 48 Mo. App. 26; State vs Harper, 58 Mo. 530.)

The propriety of the issue of a city dram shop license in any given case is under the charter a matter solely within the discretion of the police board. (Ex Parte Joffe, 46 Mo. App. 360, l. c. 46, cited with approval in Sluder vs Transit Co., 189 Mo. 107, l. c. 191 and State vs Hamey, 168 Mo. 167, l. c. 213; State ex rel. vs Stiff, 104 Mo. App. 685.)

It is no defense to a prosecution for failure to take out license that auditor has refused to issue it. If refusal was wrongful the applicant has remedy by mandamus. (City of Kansas vs Flinders, 71 Mo. 281.)

When the state law says that a license shall be granted on the petition of two-thirds of the inhabitants of a block, the Board of Aldermen have not the authority to say that there shall be a petition of two-thirds of the entire

town. Though the city is authorized to regulate a dram shop, it cannot regulate it in those particulars, which would be inconsistent with the regulation made by the state. (State ex rel. vs McCammon, 111 Mo. App. 626, l. c. 631.)

The statute of the state governing the sale of liquors and the conduct of dram shops thereunder becomes a part and parcel of the license. (Barnett vs County Court, 111 Mo. App. 693.)

The sale of a single glass of liquor without a license is a violation of the ordinance prohibiting the sale of intoxicating liquors without a license. (City of Kansas vs Muhlback, 68 Mo. 638; City of Springfield vs Ford, 40 Mo. App. 586; State vs Small, 31 Mo. 197.)

Kansas City has authority to enact ordinance prohibiting sales of liquors to women. (City of Joplin vs Jacobs, 119 Mo. App. 131.)

May prohibit females, whether proprietors or employes, waiting on customers in saloons. (State vs Canton, 43 Mo. 48; R. S. 1899, Sec. 2185; R. S. 1909, Sec. 2740.)

Druggist and dramshop keeper distinguished. (State vs Willard, 39 Mo. App. 251.)

Keeping saloons open on Sunday. (State vs Binder, 38 Mo. 450; State vs Kessels, 120 Mo. App. 233.)

The sale of liquor to a member by a bona fide social club not incorporated for profit is not a sale within the inhibition of dram shop law. (State ex rel. vs The St. Louis Club, 125 Mo. 308.)

But where the principal business of a club is selling intoxicating liquors to its members it is violation of the dram shop act. (State ex inf. vs. Kirkwood Social Athletic Club, 121 Mo. App. 87; State ex inf. vs Rosehill Pastime Athletic Club, 121 Mo. App. 81; State ex rel. inf. vs Rod & Gun Club, 121 Mo. App. 364.)

**Thirty-second. Maintenance of Insane and Poor Persons.—**

To provide for the support, maintenance and confinement of insane persons, and to make suitable provisions for the maintenance and support of poor persons, and to make suitable provisions for the care and maintenance of sick and injured persons.

Council cannot appropriate money | is a private institution belonging to  
to charitable institutions not under | and controlled by city of St. Louis.  
control of city. (Hitchcock vs St. | It is not included under general statute  
Louis, 49 Mo. 484.) | as eleemosynary institution of state.

Insane Asylum of City of St. Louis | (State ex rel. vs Seibert, 123 Mo. 424.)

**Thirty-third. Census.—**To provide for the enumeration of the inhabitants of the city for any purpose whatever.

Courts will take judicial notice of | municipal census. (State ex rel. vs.  
number of inhabitants as shown by | Dolan, 93 Mo. 467.)

**Thirty-fourth. Corporations—Rights of City in.—**To take all needful steps in and out of the State to protect the rights of the city in any corporation in which the city may have or acquire an interest.

**Thirty-fifth. Officers and Agents—Term—Salaries and Duties.—**To establish, create and prescribe the term of office, salaries and duties of all officers and the compensation and duties of all employes and agents necessary or proper in carrying into effect any of the powers of the city, in all cases not otherwise provided for by this Charter, and to establish the compensation of jurors and witnesses, respectively, for their services, except as is otherwise provided in this charter; *Provided*, That the salary, fee or compensation of any officer shall not be changed during the term for which he is elected or appointed, and that no officer receiving a salary shall receive any fees or other compensation for his services.

Distinction between officer and employee. (State ex rel. vs Gray, 91 Mo. App. 438; State ex rel. vs Longfellow, 95 Mo. App. 660.)

Change of salary does not apply to offices held at pleasure of appointing power. (State ex rel. vs Johnson, 123 Mo. 43.)

An officer who has served his full term holds thereafter as a holdover until his successor is appointed or until the appointing power chooses to re-

move him. (State ex rel. vs Hawes, 177 Mo. 360.)

Salary of officer holding over, not increased when. (State ex rel. vs Smith, 87 Mo. 158.)

A term of office fixed by law expires at the end of the term. Officer holding over after expiration of his term is de facto officer. (State ex inf. vs Lund, 167 Mo. 228.)

Facts that estop officer from claiming greater salary than that paid to

or received by him. (Galbreath vs Moberly, 80 Mo. 484.)

The right of city to fix compensation of officers does not necessarily confer the right to reduce, take away, or change the same. (Carr vs St. Louis, 9 Mo. 191.)

A city officer is entitled to the compensation fixed by ordinance and no more. (Carroll vs St. Louis, 12 Mo. 444; Chamberlain vs Kansas City, 125 Mo. 430.)

Provision that no officer having a salary shall receive any fees or other compensation for his services held not to apply to a policeman and that police-

man is entitled to fees as a witness in police court. (State ex rel. vs Gifford, 70 Mo. App. 522.)

City has no authority to require employee of city to pay notary fees received by him as notary into the city treasury. (Wood vs Kansas City, 162 Mo. 303.)

No fees allowed officer without statutory authority. (Hindman vs City of Springfield, 80 Mo. App. 579; Lonergan vs Louisiana, 83 Mo. App. 101; Kemp vs City of Monett, 95 Mo. App. 452; Hethcock vs Crawford County, 200 Mo. 170, 1. c. 178.)

See Article IV. Officers.

**Thirty-sixth. Elections—Precincts and Judges—**To locate and establish as many voting precincts in each ward as may be necessary to accommodate the voters therein, and to guard and protect the same, and to appoint all necessary judges and clerks for the same; *Provided*, That a sufficient number of precincts be established in each ward so that not more than five hundred voters shall be compelled to vote at any one precinct.

**Thirty-seventh. Ordinances Preserving Public Peace and Order.**—To pass all needful ordinances for preserving order, securing persons and property from violence, danger and destruction, protecting public and private property, and for promoting the general interest and insuring the good government of the city.

City possesses and can exercise only powers granted in express words or those necessarily incident to or implied in the powers expressly granted or those which are essential to the declared objects and purposes of the corporation. (St. Louis vs Telephone Company, 96 Mo. 623; City ex rel. vs Eddy, 123 Mo. 546; State vs Butler, 178 Mo. 272; 1. c. 313; St. Louis vs Kaime, 180 Mo. 309; 1. c. 319; State ex rel vs Wilder, 200 Mo. 97, 1. c. 105.)

Where there are both express and general charter provisions the special must be taken as intended to constitute an exception to the general provision. (Ruschenberg vs Railway, 161 Mo. 70.)

Power under general clause does not enlarge or annul power conferred by special provisions in relation to their various subject matters. (St. Louis

vs Kaime, 180 Mo. 1. c. 318; Jaicks vs Merrill, 201 Mo. 91, 1. c. 105.)

Charter will be construed strictly against the exercise of power, but the construction must not be so strict or technical as to defeat the evident objects or purposes of the corporation. (State ex rel. vs Allen, 183 Mo. 283, 1. c. 291; St. Louis vs Herthel, 88 Mo. 128.)

For discussion of powers of city under general welfare clause, see Water Co. vs City of Aurora, 129 Mo. 540.

Many ordinances have been held to be within authority of city under general welfare clause which are now authorized by special provisions of the Kansas City Charter.

Inspection of milk. See St. Louis vs Llesing, 190 Mo. 464, 1. c. 480.

Temporary closing of street for repairs. (Haller vs St. Louis, 176 Mo. 606.)

Vagrancy (St. Louis vs Bentz, 11 Mo. 61; St. Louis vs Cafferata, 24 Mo. 94.)

Cruelty to animals. (St. Louis vs Schoenbusch, 95 Mo. 618.)

Sale of liquor in parks. (State ex rel. vs Schweickardt, 109 Mo. 496.)

Filling wells in street. (Ferrenbach vs Turner, 86 Mo. 416.)

Regulating steam boilers and requiring license of engineers. (St. Louis vs Lamp Co., 139 Mo. 568.)

Removal of officers for misconduct. (State ex rel. vs Walbridge, 119 Mo. 383.)

Drunkenness on street. (City of Galatin vs Tarwater, 143 Mo. 40; Delaney vs Police Court of Kansas City, 167 Mo. 667.)

Thirty-eighth. **Fire Patrols—Regulation.**—To create, establish and maintain fire patrols, and salvage corps, and to provide by ordinance the officers and members thereof, and the rules and regulations which shall govern the same, and may by ordinance contract with any individual, association or corporation for the establishment and maintenance of fire patrols and salvage corps upon such terms and subject to such rules and regulations as the city may, in such ordinance, prescribe, and may set aside and appropriate money for the maintenance or employment thereof, or to carry out such contract.

See department of fire and water, Article XI.

Thirty-ninth. **National Guard—Land For Use of.**—To provide for or contribute to the support and maintenance of such organizations of the National Guard of Missouri as may be stationed or located in the city, and to acquire, by lease, purchase or otherwise, and hold land and buildings for such purposes.

Laws of 1907, p. 92; R. S. 1909, Secs. 9540, 9541 and 9542. (Knapp vs Kansas City, 48 Mo. App. 485.)

Fortieth. **Dikes, Levees, Etc.—Lands For.**—To purchase and acquire lands or rights-of-way beyond the city limits and outside the State of Missouri for the construction of levees, dikes and other works for the protection from floods and overflow of lands within the city limits, and shall have authority to appropriate funds for that purpose and for the purpose of constructing in whole or in part such levees, dikes and other work outside the State of Missouri for the protection from floods and overflow of lands inside the limits of said city. To establish levee districts within the city, to construct and maintain levees, dikes, drains and other works, and levy and collect special assessments to pay therefor.

See Article XII, establishment and maintenance of levee districts.

Article I, corporate powers.

R. S. 1899, Secs. 8361 to 8370; R. S. 1909, Secs. 5703 to 5713.

**Forty-first. Particular Powers Not to Impair General Powers of Common Council, Etc.—Amendment of Ordinances, Etc.—Powers of Boards Elsewhere Contained in This Charter.**—The foregoing enumeration of particular powers granted to the Common Council in this charter shall not be construed to impair any general grant of power herein or in this charter contained, nor to limit any such general grant to powers of the same class or classes as those so enumerated; and the Common Council shall have power to pass, publish, amend, and repeal all such ordinances, rules and regulations not inconsistent with the provisions of this charter or contrary to the laws of the State or of the United States as it may deem to be expedient or necessary in maintaining the peace, order, good government, health and welfare of the city, its trade, commerce, manufactures, or that may be necessary and proper to carry into effect the provisions of this charter.

Nothing in this article contained shall be construed to impair the powers conferred by this Charter upon the various boards and departments of the city government or head thereof, or to remove any requirements or restrictions in this Charter elsewhere contained.

See clause 37.

**Forty-second. Common Council—Power to Impose Fines—Other Methods of Punishment.**—And the Common Council shall have power to impose, enforce and collect fines, forfeitures and penalties for the breach of any provision of this charter or of any ordinance; to punish the violation of any provision of this Charter or any ordinance of the city by fine or imprisonment, or by both fine and imprisonment; but no fine shall exceed five hundred dollars nor imprisonment exceed twelve months for any one offense. Any person upon whom any fine is imposed shall stand committed until the payment of the same, with costs, and in default of such payment shall be imprisoned in the city prison, the workhouse, house of correction or house of refuge, hereinbefore provided; or in case of women or minors, in such other place as may be provided for them at public or private expense, to be designated by the court before whom conviction is had.

Every person so imprisoned in the city prison, the workhouse, house of correction or house of refuge, or other place as herein provided, shall be required to work for the city at such labor as his or her health and strength will permit, within or without said prison, workhouse, house of correction, house of refuge, or other place, not

exceeding ten hours each working day, and for such work such person shall be allowed, exclusive of his or her board, fifty cents per day for each day's work on account of said fine and costs. No city prisoner shall be required to labor outside the prison walls while in manacles.

This paragraph shall not be construed as limiting the city to any particular mode or method of enforcing its ordinances, as aforesaid; but the city shall have the right to enforce the same by any appropriate method, which is not inconsistent with or in violation of the constitution or laws of the State of Missouri.

City may punish violation of ordinance by fine. (*St. Louis vs Green*, 70 Mo. 562; *Spitler vs Young*, 63 Mo. 42.)

Authority to enforce a fine strictly construed. (*St. Louis vs Goeble*, 32 Mo. 295; 181 Mo. 137; 19 Mo. App. 69.)

Punishment by fine does not exclude other remedies. (*Carroll vs Campbell*, 110 Mo. 557, 1 c. 567.)

City may pass ordinances providing punishment for acts which are punishable by indictment under state laws. (*State ex rel. vs Walbridge*, 119 Mo. 383; *City of Marshall vs Standard*, 24 Mo. App. 192.) Or which are misdemeanors under state law. (*St. Louis vs Schoenbusch*, 95 Mo. 618; *Pilot Grove vs McCormick*, 56 Mo. App. 530; *Kansas City vs Neal*, 49 Mo. App. 72; *Plattsburg vs Trimble*, 46 Mo. App. 459; *DeSoto vs Brown*, 44 Mo. App. 148; *Linneus vs Dusky*, 19 Mo. App. 20; *St. Louis vs De Lassus*, 205 Mo. 578.)

Ordinance fixing minimum and maximum penalty differing from that fixed by state law for same offense is not in conflict with state law. (*Kansas City vs Hallett*, 59 Mo. App. 160; *St. Joseph vs Vesper*, 59 Mo. App. 459; *St. Louis vs De Lassus*, 205 Mo. 578.)

City cannot enforce ordinance which includes a class of persons embraced within exception of statute. (*St. Louis vs Meyer*, 185 Mo. 583.)

Prosecution for violation of city ordinance abates upon death of defendant. (*Town of Carrollton, vs Rhomberg*, 78 Mo. 547.)

May punish interference with officers making arrest. (*Independence vs Moore*, 32 Mo. 392.) But complaint must show that arrest being made was for an offense against the city. (*City of Marshall vs Standard*, 24 Mo. App. 192.)

Corporate existence of city cannot be questioned in proceeding to enforce ordinance. (*Fredericktown vs Fox*, 84 Mo. 59; *City of Clarence vs Patrick*, 54 Mo. App. 462; *Billings vs Dunnaway*, 54 Mo. App. 1; *State vs Fuller*, 96 Mo. 165; *State ex rel vs Birch*, 186 Mo. 205.)

Accused not entitled to trial by jury in police court. (*Ex parte Kiburg*, 10 Mo. App. 442; *City of Marshall vs Standard*, 24 Mo. App. 192; *Salisbury vs Patterson*, 24 Mo. App. 169; *St. Louis vs Knox*, 74 Mo. 79; *Delaney vs Police Court of Kansas City*, 167 Mo. 667.)

Prosecution under a city ordinance is but civil action. (*St. Louis vs Weitzel*, 130 Mo. 600; *Town of Canton vs McDaniel*, 188 Mo. 207, 1 c. 228; *Delaney vs Police Court of Kansas City*, 167 Mo. 667, 1 c. 678; *in re Ada Jones*, 90 Mo. App. 318; *City of Mexico vs Harris*, 115 Mo. App. 707; *City of Galatin vs Fannin*, 128 Mo. App. 324; *Town of Gower vs Agee*, 128 Mo. App. 427.)

Consequently an acquittal in a prosecution by the state is not a bar to an action for breach of ordinance. (*Town of Canton vs McDaniel*, 188 Mo. 207.)

See Cl. 14, this section and note.

**Sec. 2. Appropriation of Money—Apportionment of Revenue to be Raised for Year—Indorsement of Comptroller.**—No appropriation, or payment, shall be made from any revenue or fund

account in excess of the amount actually collected, and in the treasury and unappropriated. Within the first month of each fiscal year the Mayor and Common Council shall, by ordinance, as far as practicable, make an apportionment of the revenue to be raised for such year to the expenses of the several departments, and for all public works under proper headings, and for such other objects as it may be necessary to provide for; and the money then in the treasury, subject to apportionment and municipal revenues as collected, shall be distributed into different funds accordingly. At the time, or after making such apportionment, the Mayor and Common Council may, from time to time, by ordinance, appropriate money to the use of a department, and the same may be paid out by such department, subject to limitations in this charter specified, without further action by ordinance; and any balance at any time standing to the credit of a department, unexpended and not set apart by a department for a specific contract, shall be subject to withdrawal, by ordinance, and reappropriation to other uses. All ordinances that contemplate the appropriation or payment of any money, shall, upon their second reading, be referred to the appropriate committee of the house in which such ordinances are introduced, and the committee shall obtain the endorsement thereon of the comptroller to the effect that sufficient unappropriated money stands to the credit of the fund or revenue account therein mentioned, to meet the requirements of such ordinances and that the same is in the treasury, or it shall not be lawful to pass the said ordinances.

See Section 13, Article IV.

This section refers to the general current revenues of the city derived from taxation over which the mayor and common council have control and which they can apportion and appropriate to the various exigencies incident to the conduct of the city's affairs. (Pryor vs Kansas City, 153 Mo. 135.)

Distinction between apportionment and appropriation. Apportionment does not place money in a fund beyond the reach of the mayor and council. It may be revised or altered by ordinance as often during the fiscal year as the mayor and council shall deem necessary. As long as money apportioned to any fund remains in treasury unappropriated it is within reach of mayor and council for legitimate purposes.

(State ex rel. vs Mayor, Etc., of Kansas City, 58 Mo. App. 124.)

City not bound by contract until definite amount of money shall be appropriated. (Mister vs City of Kansas, 18 Mo. App. 217.)

This section has no application to case where city has committed a tort. (Smith vs St. Joseph, 122 Mo. 613.)

Nor to contract covering a series of years upon which the obligation to pay may arise as a thing contracted for is furnished. (Water and Light Co. vs City of Lamar, 128 Mo. 188; Water Co. vs Aurora, 129 Mo. 540; Water and Light Co. vs City of Lamar, 140 Mo. 145.)

The date of indebtedness is the year in which the contract is made and not the year when the work is completed. (Trask vs Livingston County, 210 Mo. 582.)

Injunction lies to restrain illegal diversion of public funds about to be made by municipal officers in charge thereof. Right not affected by solvency of officers. (*Black vs Ross*, 37 Mo. App. 250.)

City may be compelled by mandamus to pay judgment out of unappropriated funds. (*State ex rel. vs Kansas City*, 58 Mo. App. 124.)

**Sec. 3. Public Safety and Health—Inspection.**—The city, through its Mayor, or through its officers and agents, may at all reasonable times, within the city and within two miles of the city limits, enter into and examine all dwellings, lots, yards, inclosures and buildings, cars, boats and vehicles of every description, to ascertain their condition for health, cleanliness and safety; take down and remove buildings, walls or superstructures that are or may become dangerous, or require owners to remove or put them in a safe and secure condition, at their own expense; shall provide for the safe construction, inspection and repair of all private or public buildings within the city; compel persons to aid in extinguishing fires, or in the preservation of property liable to be destroyed or stolen.

See Clauses 18 and 19, Section 1, this article.

Wooden buildings not per se a nuisance and when erected while lawful so to do cannot afterward be abated because within fire limits. (*Allison vs Richmond*, 51 Mo. App. 133.)

The erection of frame building in violation of ordinance is not a nuisance per se and cannot be enjoined by private individual. (*Rice vs Jefferson*, 50 Mo. App. 464.)

City may remove building constructed within fire limits in violation of ordinance. (*Eichenlaub vs St. Joseph*, 113 Mo. 395.)

Under pretense of repairs a new building of larger dimension and in-

creased capacity cannot be erected. (*Caskey vs Edwards*, 128 Mo. App. 237.)

Power to require owners to remove or put in safe condition does not authorize an ordinance requiring the agents of owners to do so. (*St. Louis vs Kaime*, 180 Mo. 309.)

Power to regulate construction of buildings does not confer power on city to change common law rule as to lateral support between adjacent owners. (*Carpenter vs Reliance Realty Co.*, 103 Mo. App. 480.)

Inspection of building is a police regulation. Inspection fee is not a tax upon property. (*State vs Vickens*, 186 Mo. 103.)

**Sec. 4. Ordinances—Style of—Originate in Either House.**—The style of ordinance passed in pursuance of this Charter shall be "BE IT ORDAINED BY THE COMMON COUNCIL OF KANSAS CITY." Ordinances may originate in either house, and may be amended or rejected by either house.

Provisions relating to mere form of ordinance are directory only unless it is expressly or impliedly declared that

ordinance shall be void if prescribed form be not pursued. (*State ex rel. vs Wilder*, 211 Mo. 305, l. c. 317.)

Ordinance is not void because enacting clause does not follow form if charter is silent as to such irregularity. Provision that no bill shall contain more than one subject not applicable to ordinances. (*City of Tarkio vs Cook*, 120 Mo. 1; *St. Louis vs Liessing*, 190 Mo. 464.)

Ordinance is not invalid because or-

dainig clause is omitted. (*St. Louis vs Foster*, 52 Mo. 513; *Cape Girardeau vs Riley*, 52 Mo. 424.)

Distinction between motion, resolution and ordinance. Essentials of ordinance. (*Rumsey Mfg. Co. vs Schell City*, 21 Mo. App. 175; *Mulligan vs City of Lexington*, 126 Mo. App. 715.)

**Sec. 5. Ordinances—Passage—Signing—Amending—Approval—Veto.**—No ordinance shall be deemed passed by either house until it is signed by the presiding officer thereof, and he shall immediately sign it in open session, and the clerk shall, as soon as possible, transmit the same to the other house; and if the ordinance shall be passed by such other house without amendment, it shall be immediately signed in open session by the presiding officer thereof and be thereafter presented to the Mayor. If it be amended in such other house, it shall be immediately signed by the presiding officer thereof in open session and returned to the house from which it came, and if the amendment is there concurred in, it shall be immediately signed by the presiding officer of the house so concurring and be thereafter presented to the Mayor. If the Mayor approve any ordinance, he shall sign it; if not, he shall return it to the City Clerk with his objections, and the City Clerk shall, at the next session of the house in which it originated, return it to such house. If in either house any member shall object that any substitution, omission or insertion has occurred, so that the ordinance proposed to be signed is not the same in substance and form as when considered and passed by the house, such objection shall be passed upon by the house, and, if sustained, the presiding officer shall withhold his signature until the proper correction is made.

Article IV, Section 37 of State Constitution contains similar provisions in regard to state legislation.

Provision that ordinance shall be signed by presiding officer in open session held mandatory but note difference in language of charter provision. (*Barber Asphalt Co. vs Hunt*, 100 Mo. 22; *State ex rel. vs Mead*, 71 Mo. 266; *Construction Co. vs Loevy*, 64 Mo. App. 430, 1. c. 436.)

The duties of presiding officer are legislative and not ministerial and he cannot be compelled by mandamus to sign an ordinance nor enjoined from signing it. (*Albright vs Fisher*, 164

Mo. 56, overruling *State ex rel. vs Meier*, 143 Mo. 439.)

Effect of fraud or corrupt influence. (*State ex rel. vs Gates*, 190 Mo. 540; *Kansas City vs Hyde*, 196 Mo. 498.)

Mayor's concurrence in legislative action is essential to its validity unless ordinance is passed over his veto. (*State vs Butler*, 178 Mo. 272, 1. c. 340; *Eichenlaub vs St. Joseph*, 113 Mo. 395; *State ex rel. vs Wilder*, 211 Mo. 305, 1. c. 317.)

An ordinance which purports to be signed by the mayor and is authenticated by clerk under seal of city is valid though it was actually signed by

mayor's secretary under direction of mayor. (*Porter vs Boyd Paving & Construction Co.*, 214 Mo. 1.)

Ordinance itself must be signed. Signature in journal or minutes is not official signature to ordinance. (*State ex rel. vs Wilder*, 211 Mo. 305, 1. c. 318.)

Proof of mayor's signature where the original signed by mayor is lost or destroyed. (*Knight vs Railroad*, 70 Mo. 231; *City of Rockville vs Merchant*, 60 Mo. App. 365.)

Mayor's signature will be presumed to have been rightfully and not wrongfully made. (*Water Co. vs City of Aurora*, 129 Mo. 540, 1. c. 578.)

Acts or ordinances of city are evidenced by entries in the journal. (*Stewart vs City of Clinton*, 79 Mo. 603, 1. c. 611.)

City is bound by journal whether true or false. Property owner is only bound when journal recites truthfully those things necessary to give jurisdiction. (*Paving Co. vs O'Brien*, 128 Mo. App. 267, 1. c. 283; *Sedalia vs Mont-*

*gomery*, 109 Mo. App. 197, certified to Supreme Court in conflict with *Knopfi vs Roofing Co.*, 92 Mo. App. 79; *Sedalia vs Scott*, 104 Mo. App. 595.)

Held in *Ball vs Fagg*, 67 Mo. 481, that city clerk's attestation of date of mayor's approval of city ordinance cannot be contradicted by parol evidence. Approved in *Cox vs Mignery*, 126 Mo. App. 669, 1. c. 679.

As to whether minutes of council or board of public improvements are admissible to show that ordinance valid on its face was not legally passed, see *Bambrick vs Campbell*, 37 Mo. App. 460, 1. c. 464; *Fruin Bambrick Co. vs Geist*, 37 Mo. App. 509.

Ordinances are entitled to the presumption indulged with respect to statutes enacted by the state legislature. Effect of alteration in journal. (*Cox vs Mignery*, 126 Mo. App. 669; *St. Louis vs Gleason*, 15 Mo. App. 25. See section 8, Article II.)

Papers attached to ordinance not necessarily a part of ordinance. (*Keating vs Skiles*, 72 Mo. 97.)

**Sec. 6. Ordinances—Executive Privilege as to Items of Appropriation.**—If any ordinance presented to the Mayor contains several items of appropriation, he may object to one or more items while approving the other portions of the ordinance. In such case he shall append to the ordinance, at the time of signing it, a statement of the items to which he objects, and his reasons therefor, and return the same to the City Clerk within the same time and manner, with the same effect as to the items so objected to, and for the purpose of taking the same action in relation to each item of appropriation so objected to as provided for ordinances returned without the approval of the Mayor. But the portions of the ordinance not so objected to shall take effect upon the approval thereof.

**Sec. 7. Ordinances—Veto of—Proceedings—Vote.**—Every ordinance presented as aforesaid, but returned without the approval of the Mayor, and with his objections thereto, shall stand as reconsidered in the house to which it is returned. Such house shall cause the objections of the Mayor to be entered at large upon the journal, and proceed at its convenience to consider the question pending, which shall be in this form: "Shall the ordinance pass, the objections of the Mayor thereto, notwithstanding?" The vote upon this

question shall be taken by yeas and nays, and the names entered upon the journal; and if two-thirds of all the members elected to such house vote in the affirmative, except when in this charter a larger vote is required, the presiding officer of such house shall certify that fact upon the ordinance, attesting the same by his signature, and send the ordinance, with the objections of the Mayor, to the other house, in which like proceedings shall be had in relation thereto, and if the ordinance receive a like majority of the votes of all members elected to such other house, except when in this charter a larger vote is required, the vote being taken by yeas and nays, the presiding officer thereof shall in like manner certify the fact upon the ordinance; and said ordinance shall then be and become a law, and shall further be authenticated as having become a law, by certificate signed by the City Clerk, indorsed thereon, as follows: "This ordinance, having been returned by the Mayor, with his objections thereto, and, after reconsideration, having passed both houses of the Common Council by a vote of two-thirds of the members elect of each house, has become a law this.....day of ..... 19....., ..... City Clerk." And such ordinance shall be filed, recorded and preserved in the office of the City Clerk as other ordinances.

### Sec. 8. Ordinances—No Action by Mayor—Becoming Law.

If any ordinance shall not be returned by the Mayor within ten days (Sundays excepted), after it shall have been presented to him for his approval, the same shall become a law in the same manner as if he had approved and signed it; and said ordinance shall be authenticated as having become a law, by certificate signed by the City Clerk, indorsed thereon, as follows: "This ordinance, having remained with the Mayor ten days (Sundays excepted), has become a law this ..... day of ..... 19....., ..... City Clerk." And said ordinance shall be filed, recorded and preserved in the office of the City Clerk as other ordinances.

In computing the time first day is included and last excluded. (Beauden vs. Cape Girardeau, 71 Mo. 392.)

If, after presentation of ordinance to mayor the council adjourns sine die, before the ten days expire without

the mayor acting upon the ordinance, it does not become a law. (State ex rel. vs Carr, 67 Mo. 38; s. c. 1 Mo. App. 490; Paving Co. vs. Hunt, 100 Mo. 22.)

**Sec. 9. Ordinances—Reviving or Re-enacting.**—No ordinance shall be revived or re-enacted by mere reference to the title thereof, but the same shall be set forth at length as if it were an original ordinance.

(French vs Woodward, 58 Mo. 66; State ex rel. vs Finn, 8 Mo. App. 341.)  
Special ordinance may make general ordinance a part thereof, by proper reference. (Gallaher vs Smith, 55 Mo. App. 116.)

**Sec. 10. Ordinances—Amending.**—No ordinance shall be amended by providing that designated words thereof be stricken out and others inserted in lieu thereof, but the ordinance, or section amended, shall be set forth in full as amended.

Similar provision in state constitution, Art. IV., Sec. 34.

This and preceding section, how construed. (Mayor, etc., City of Boonville vs Trigg, 46 Mo. 288; Morrison

vs Railroad, 96 Mo. 602; State ex inf. vs Herring, 208 Mo. 708; Cox vs. Ry. Co., 174 Mo. 588.)

May amend by adding new sections. (State vs Thruston, 92 Mo. 325.)

**Sec. 11. Ordinances—Failing to Pass—Reconsideration—Vote When Taken.**—When an ordinance is put upon its final passage in either house, and, failing to pass, a motion is made to reconsider the vote by which it was defeated, the vote upon such motion to reconsider shall be immediately taken and the subject finally disposed of before the house proceeds to other business.

**Sec. 12. Ordinances—How Proved—Received in Evidence.**—All ordinances of the city may be proved by the seal of the city. When printed or published by authority of the city, the same shall be received in evidence in all courts and places without further proof.

See Art. XVIII, Sec. 5.

Courts will not take judicial notice of ordinances, (St. Louis vs Roche, 128 Mo. 541; State ex rel. vs. Sherman, 42 Mo. 210; Mooney vs Kennett, 19 Mo. 551; Cox vs St. Louis, 11 Mo. 431; Keane vs Klausman, 21 Mo. App. 485; St. Louis vs Railroad, 12 Mo. App. 591; City of Tarkio vs Loyd, 179 Mo. 600; St. Louis vs Liessing, 190 Mo. 464, 1. c. 490; St. Louis vs Bippen, 201 Mo. 528, 1. c. 532; Town of Canton vs Madden, 120 Mo. App. 404, 1. c. 409.)

Persons dealing with city and all who come within scope of ordinances must take notice of them. (Jackson vs Railway, 118 Mo. 199; Keating vs Kansas City, 84 Mo. 415; Palmyra vs

Morton, 25 Mo. 593; Sluder vs Transit Co., 189 Mo. 107, 1. c. 132.)

Party exerting right or justifying act under ordinance should plead same. (Givens vs Van Studdiford, 86 Mo. 149, and cases there cited; City of Tarkio vs Loyd, 179 Mo. 600.)

Where ordinance is sought to be introduced merely as an evidential fact it need not be pleaded. (Bragg vs Metropolitan Street Railway Co., 192 Mo. 331, 1. c. 350, 351.)

How pleaded. (State vs Dineen, 203 Mo. 628, and cases cited.)

Proof of ordinances. (Porter vs Construction Co., 214 Mo. 1; Town of Canton vs Madden, 120 Mo. App. 404.)

Ordinances contained in printed book published by authority of city, are admissible in evidence. (City of Turkio vs Cook, 120 Mo. 1; St. Louis vs Foster, 52 Mo. 513; Apitz vs Railroad, 17 Mo. App. 419.) Must be published by authority of city council. (Cavanev vs City of Milan, 99 Mo. App. 672.)

Proof by certified copy. (Sheehan vs Owen, 82 Mo. 458.)

Proof by entries in books, journal records of municipality. (City of Clarence vs Patrick, 54 Mo. App. 462; City of Billings vs Dunnaway, 54 Mo. App. 1; Sheehan vs Owen, 82 Mo. 458.)

But see City of Rockville vs Merchant, 60 Mo. App. 365.)

Parol evidence to prove lost or destroyed ordinance. (Wells vs Pressy, 105 Mo. 164; Knight vs Railroad, 70 Mo. 231; City of Rockville vs Merchant, 60 Mo. App. 365; Stephan vs Metzger, 95 Mo. App. 609, l. c. 621; Cavanev vs City of Milan, 99 Mo. App. 672.)

Parol evidence not admissible to prove existence of ordinance, when. (Stewart vs Clinton, 79 Mo. 603.)

Revision of ordinances not new law. (St. Louis vs Foster, 52 Mo. 513; Cape Girardeau vs Riley, 52 Mo. 424.)

**Sec. 13. Common Council—Abstract of Proceedings—Communications of Officers Published in Full, When.**—The City Clerk shall cause a correct abstract of the proceedings of the Common Council to be made out and published in at least one newspaper in the city. This abstract shall present in brief the substance of all petitions, memorials and remonstrances, of all motions and propositions, and all ordinances, resolutions and orders, so as to exhibit their nature and import, and shall also present a brief and accurate statement of all proceedings in relation thereto. The communications of the Mayor and other city officers shall be published in full when the Common Council shall so direct; but it shall be so ordered that the expense of publishing the same document the second time shall not be incurred.

**Sec. 14. Ordinances—Clerk Shall Record, When—Index.**—Immediately after the adjournment of any session of either house, the City Clerk shall file in his office all the original ordinances and all resolutions which may have become laws thereat, and shall record the same in well bound books provided for that purpose by the city; *Provided*, that no ordinance shall be recorded until it shall have become a law. He shall also make a written index of the subject of each ordinance and resolution, its number and date of becoming a law, together with the record and page where found, and shall preserve the file and records in his office.

Where original ordinance is destroyed record may be used as proof. (City of Rockville vs Merchant, 60 Mo. App. 365.)

**Sec. 15. Taxation—Exemption, Remission, Abatement, Reduction—Valuation.**—No person or property shall be exempted or released from any burden imposed by or according to law. No general or special tax or assessment, or interest or penalty thereon.

shall be remitted or abated, or the right to enforce payment thereon be released, except in correction of clerical errors. After the levy of any tax, neither the amount thereof nor the valuation of any property for the levy shall be reduced except only in the correction of clerical errors.

Laws exempting property other than that enumerated in the constitution are void. (*Westport ex rel. vs McGee*, 128 Mo. 152; *Copeland vs St. Joseph*, 126 Mo. 417; *Kansas City vs Medical College*, 111 Mo. 141; *Birch vs City of Plattsburg*, 180 Mo. 413.)

Residence kept and maintained for occupancy of bishop of church is used for purposes purely charitable and exempt from taxation. (*Bishop's Residence Co. vs Hudson*, 91 Mo. 671; see *Farmers' & Merchants' Bank of Jamesport vs Longfellow*, 96 Mo. App., 385.)

Common council is forbidden to

compromise city taxes, and cannot ratify a compromise made by county court. (*Kansas City vs Railroad*, 81 Mo. 285; *State vs Railroad*, 75 Mo. 208.)

Exemption from taxation provided by statute and constitution of certain property when "used exclusively for religious worship, for schools and for purposes purely charitable," does not exempt personal property. (*Kansas City vs. Medical College*, 111 Mo. 141.)

So also real estate of cemetery company is exempt but personal property is not. (*State ex rel. vs Casey*, 210 Mo. 235.) See notes to Art. V.

**Sec. 16. Sidewalks—Curbing—Guttering, Etc.—Care of by Owner—Police Regulation.**—The owners of real property may be required, under rules and regulations to be prescribed by this Charter and by ordinance, to make repairs of sidewalks, curbing and guttering, or any of them, in front of their property, and on the adjoining side of the street or avenue, and of alleys in the rear or on the adjoining side thereof, and owners, occupants or tenants may be required to keep sidewalks clean and free from ice, snow, earth or other substances, and sprinkle the street in front of property owned or occupied by them and on the adjoining side of the street or avenue, and also to clean the alleys in the rear of such property or adjoining the same, and to keep such streets, avenues and alleys free from filth, dirt and rubbish; such rules and regulations shall be deemed police regulations, and violations thereof may be punished by fine or imprisonment or both; and any such owners, occupants or tenants, or any person having control of any land or ground, who shall allow or maintain thereon weeds or any rank vegetable growth, may be required to cut, trim and remove the same.

The Common Council may, by ordinance, declare any such weeds or other rank vegetable growth to be a nuisance, and provide for the abatement of the same at the expense of the owner of such property, in any manner prescribed in this Charter or ordinance passed pur-

suant thereto, for the abatement of nuisances. Such rules and regulations shall be deemed police regulations, and violations thereof may be punished accordingly by fine or imprisonment, or both.

Abutting property owner not liable to city for damages paid for injuries by falling on ice on sidewalk notwithstanding ordinance requiring owner to keep walk free from ice and snow. (St. Louis vs. Life Insurance Co., 107 Mo., 92.)

Duty of city to keep streets and sidewalks in safe condition, cannot be evaded by ordinance requiring adjacent owners to keep same free from snow. (Norton vs St. Louis, 97 Mo. 537.)

Slippery condition of sidewalk from natural causes such as rain, will not be charged to fault of city. (Fairgrieve vs Moberly, 39 Mo. App. 31.)

Liability of abuttor. The abutting owner as such owes no duty to maintain street or sidewalk in front of premises and is not responsible for any defects therein which are not caused by his own wrongful act. He may recover for an injury arising from defect in front of his own property. Duty to remove snow and ice from the sidewalk incidentally discussed. (Ford vs Kansas City, 181 Mo. 137, 1. c. 147; Beck vs Brewing Co. 167 Mo. 195; Lucas vs Railroad Co., 174 Mo., 270.)

Abutting owner may, however, become liable and jointly liable with city

for unsafe condition of sidewalk. Liability does not arise from fact that he is owner of property abutting sidewalk but from the fact that he is instrumental in causing the condition either by his willful act or negligent omission. Liability growing out of extraordinary use of sidewalk for private convenience. (Perrigo vs St. Louis, 185 Mo. 274, 1. c. 286, 287 and cases there cited.)

No contribution between tortfeasors unless they have acted jointly or by concert of action. (Paddock Hawley Iron Co. vs. Rice, 179 Mo., 480.)

Validity of ordinance is question for the court and not jury. (Fruin Bambrick Co. vs Geist, 37 Mo. App. 509.)

In passage or attempted passage of an ordinance city is engaged in exercise of legislative powers and is not liable to one suffering injury in consequence of nonexercise or defective exercise of such powers. (Keating vs City of Kansas, 84 Mo. 415, see Art. I, Sec. 1.)

Persons dealing with city must take notice of legality of its ordinances. (Keating vs City of Kansas, 84 Mo., 415; Jackson vs Railway, 118 Mo. 199.)

**Section 1. Chief Executive Officer, Mayor—Election—Term of Office—Authority.**—The chief executive officer of the city shall be the Mayor, who shall be elected by the qualified voters of the city and shall hold his office for a term of two years and until his successor shall have been duly elected and qualified. The executive and administrative authority of the city shall be vested in him, excepting only the authority by this Charter vested in or allowed by ordinance to be conferred upon other officers or the various departments.

As to who are officers, suspension and removal of officers, see note to Section 25.

A corporation can act only through its officers. (St. Louis vs Armstrong, 56 Mo. 298.)

The officers of a city have such powers, and only such powers, as are conferred upon them by charter. (Ferry vs Ridge, 56 Mo. App. 615.)

Permit from mayor alone to occupy street confers no authority. (Lockwood vs Railroad Co., 122 Mo. 86, 1 c. 95.)

Immunity from judicial control, appertaining to office of governor of state or presidency of United States does not attach to mayoralty of city. (State ex rel. vs Noonan, 59 Mo. App. 524.)

Mandamus proper remedy to compel mayor to revoke permits issued by him in violation of municipal ordinance. (State ex rel. vs Noonan, 59 Mo. App. 524.)

Mayor has no authority to appoint attorney so as to make city liable for services. (Carroll vs St. Louis, 12 Mo., 444.)

**Sec. 2. Mayor—Qualifications.**—No person shall be Mayor who has not resided in the territory embraced within the city limits for the five years next preceding the date of his election, and who does not possess the qualifications of a member of the Upper House of the Common Council as hereinbefore defined; nor shall any person continue in the office of Mayor who shall have ceased to possess any of the said qualifications.

**Sec. 3. Removal From Office.**—The Mayor may be removed from office for any misdemeanor or other offense, by a concurrent vote of two-thirds of both houses of the Common Council elect, and the yeas and nays shall be entered upon the journal of each house.

**Sec. 4. Mayor—Duties and Powers—To Appoint City Officers—Consent of Upper House by Majority Vote—May Remit Fines.**—The Mayor shall take care that the laws of the State, the provisions of this Charter and the ordinances of the city are enforced. He shall, from time to time, give the Council information relative to the state of the city and shall recommend to their consideration such measures as he shall deem expedient and for the advantage of the city. He shall have power to appoint, in the manner provided by this Charter, all city officers, agents and employes not elected by the people or otherwise appointed. In all cases where by this Charter, or any ordinance of the city, the Mayor is authorized to appoint any officer, and such appointment is required to be confirmed by the Upper House of the Common Council, it is hereby made his duty to make such nomination within such time as may be prescribed by ordinance. If the Upper House of the Common Council shall refuse its consent to any such nomination made by the Mayor, he shall, within five days, nominate another person to fill such office. If he fail to make a nomination within that time, his power of appointment shall cease during the remainder of the term for which such officer is to be appointed, and the said Upper House of the Common Council shall appoint a suitable person to fill the office during the term.

The Mayor may, upon good cause shown, and subject to the provisions of this Charter in reference to the Board of Pardons and Parole, remit fines, forfeitures and penalties accruing from or im-

posed for the violation of any city ordinance, but such remission shall be effective only upon report of the same to the City Comptroller.

When the consent of the Upper House of the Common Council is required by this Charter to the appointment of any officer, such consent can only be given by a majority of the Upper House of the Common Council elect, voting for such appointment.

Statutory powers and duties of mayor. R. S. 1899, Secs. 2132, 2135, 2136, 2139, 2150; R. S. 1909, Secs. 4686, 4689, 4690, 4693, 4694.

Mandamus by private citizen to compel officer to enforce ordinance. (State ex rel. vs Francis, 95 Mo. 44.)

Constitutional provision that except as otherwise provided, in constitution itself no term of office shall exceed four years does not apply to an office, the term of which continues during pleasure of appointing power. (State ex rel. vs Johnson, 123 Mo., 43.)

Officers appointed at pleasure of appointing power are removed in same way. (State ex rel vs Johnson, 123 Mo. 43, l. c. 50; State ex rel. vs Hawes, 177 Mo. 360.)

Authority of mayor to remit fine can only be exercised after fine has been imposed. (State ex rel. vs Noonan, 59 Mo. App., 524.)

Permit from mayor to remain in city during good behavior is neither a pardon nor remission of fine. (Ex parte Higgins, 14 Mo. App. 601.)

**Sec. 5. President of Upper House Perform Duties of Mayor, When—Compensation.**—The President of the Upper House of the Common Council shall perform the duties of Mayor whenever and so long as the Mayor is absent from the city, or from any cause is unable to perform his official duties. If the Mayor and President of the Upper House are both absent from the city, or otherwise disabled from performing the duties of Mayor, the Speaker of the Lower House of the Common Council shall, for the time being, discharge the duties of such office, and the compensation of the President or Speaker, while acting as Mayor, shall be fixed by ordinance.

No deduction can be made from the salary of the mayor because of his absence from the city on private business. Nor is this holding in conflict with the clause in the city's charter

that another officer, during his absence, shall be acting mayor, and "receive the same compensation as the mayor." (Bates vs St. Louis, 153 Mo. 18.)

**Sec. 6. Mayor—Power Over Officers—Ex-Officio Member of Appointed Boards—Not to Vote Therein.**—The Mayor shall have power, when he deems it necessary, to require any officer of the city to exhibit his accounts or other papers, and to make report in writing touching any subject he may require pertaining to his office. He shall ex-officio be a member of all appointive boards, but without the right to vote therein.

**Sec. 7. Appointive Officers—Appointment and Confirmation—Term of Office—Duties—First Appointments.**—There shall be a City Counselor and City Auditor who shall be appointed by the Mayor. There shall be a City Clerk who shall be elected by the two houses of the Common Council in joint session. There shall be a City Assessor and a Purchasing Agent who shall be appointed by the Mayor, by and with the advice and consent of the Upper House of the Common Council. All of said officers mentioned in this section shall hold their offices for a term of two years, unless sooner removed, and in all cases until their successors are appointed and qualified. All of the officers mentioned in this section shall perform such duties as may be prescribed by this Charter, or any ordinance of the city, pursuant thereto; *Provided, however,* that the City Counselor, City Clerk and City Assessor in office at the time this Charter goes into effect shall continue in office until the third Monday in April of the year 1909, in all respects as though appointed hereunder, and the first appointment of the City Counselor shall be for a term ending on the third Monday in April of the year 1910. The City Auditor in office at the time this Charter goes into effect shall hold office hereunder until the third Monday in April of the year 1910, subject to the terms of this Charter in every respect as though he were appointed to such office hereunder, and the first appointment of a City Auditor for the term beginning the third Monday in April, 1910, shall be for one year only.

**Mayor Failing to Appoint Within Ten Days.**—In case the Mayor fails to make any appointment provided for by this Charter for ten days after it becomes his duty to make such appointment, the office shall be filled by a majority vote of the members elect of the Upper House of the Common Council.

21. Duties of city counselor, see Sec. 21. For tenure of office, suspension and	removal of officers, see Sec. 25. (State ex inf. vs Lund. 167 Mo. 228.)
------------------------------------------------------------------------------------	----------------------------------------------------------------------------

**Sec. 8. Comptroller and Treasurer, Elective Offices—Terms of Office—Duties.**—There shall be a Comptroller and a Treasurer, and a Judge of the Municipal Court, who shall be elected by the qualified voters of the city, who shall hold their offices for a term of two years, and in all cases until their successors have been duly elected and qualified, and who shall, in addition to the duties prescribed in this Charter, perform such other duties as may be provided by ordinance, pursuant thereto.

**Sec. 9. Vacancies in Elective Offices—How Filled.**—Whenever a vacancy shall occur in any office provided by law to be filled by election by the qualified voters of the city, except members of the Common Council, it shall, except as otherwise provided in this Charter, be filled for the remainder of the term by election by joint ballot of the two houses of the Common Council sitting in joint session, but no member of either house of the Common Council shall be eligible for election. Within five days after such vacancy occurs it shall be the duty of the President of the Upper House to convene said joint assembly. Any such vacancy, except in the office of Mayor, may be filled temporarily by appointment by the Mayor until a successor has been duly elected as last aforesaid, and qualified.

**Present City Comptroller and Treasurer.**—The City Comptroller in office at the time this Charter goes into effect shall be the first Comptroller, as if elected hereunder, to hold office, however, until the third Monday in April, 1909, and his successor shall be appointed by the Mayor for the term ending the third Monday in April, 1910. At the general city election to be held in 1910 a Comptroller shall be elected to serve for two years. The Treasurer of Kansas City in office the time this Charter goes into effect shall be the first Treasurer, as if elected hereunder, for the term ending on the third Monday of April, 1910.

**Police Judge to Retain Office Until General Election.**—The Police Judge of Kansas City in office at the time this Charter goes into effect shall exercise all the powers and perform all the duties as Judge of the Municipal Court, as if elected hereunder, until a Judge of the Municipal Court shall be elected at the general city election held in April, 1910.

An office is vacant within legal intentment and for all purposes of election, or appointment as well, when official term of occupant has expired, as in case of his death, resignation or removal, provided provision is made by law for filling office by such appointment or election. (State ex rel. vs Thomas, 102 Mo. 85.)

Where legal election is held and person elected fails to qualify there is no vacancy in the office and if such elect-

ed person dies without having qualified, the incumbent holds over to the time fixed by law for the election of his successor. (State ex inf. vs. Dabbs, 182 Mo. 359.)

An office newly created becomes ipso facto vacant in its creation. Appointment to fill vacancy may be provided for in act creating office. (State ex inf. vs. Burkhead, 187 Mo. 14.)

**Sec. 10. Municipal Court of Kansas City—Judge of—Qualifications—Divisions of Court—Powers—Jurisdiction.**—There is

hereby created a court not of record to be known as the Municipal Court of Kansas City. Such court shall be presided over by a judge who shall, at the time of his election, have been for five years a member in good standing of the bar of Jackson County, Missouri. The city may, by ordinance, divide the Municipal Court into two or more divisions, prescribe the time and place of holding each of such divisions, the territorial district of the city within which each division shall exercise jurisdiction, and provide for the election, at any general election, of additional judge or judges to preside over such additional division. When such Municipal Court is divided into divisions, each of such divisions shall possess the same powers and jurisdictions, except as to territorial limits; and any judge of any division may preside in any other division when required by ordinance so to do. Such court, or each division thereof, shall have a clerk appointed in accordance with the Civil Service rules in this Charter provided, whose duty shall be to file all proceedings therein, issue all process and perform such duties as may be required by ordinance. The Municipal Court and each division thereof shall have jurisdiction of all cases arising under any provision of this Charter or any ordinance of the city, and shall likewise exercise such jurisdiction as may be delegated to it by the general law of the State of Missouri.

**Jurisdiction Exclusive or Concurrent With Circuit Court, When.**—In suits for the collection of taxes, or for the enforcement of special tax bills, and in proceedings for taking and damaging private property, for the establishment of bill board restrictions and other easements, and for ascertaining damages caused by change of grade, or other exercise of the power of eminent domain, the jurisdiction of the Municipal Court shall be concurrent with the Circuit Court of Jackson County, Missouri. In all other cases, the jurisdiction of the Municipal Court shall be exclusive.

**Persons Arrested, Tried in Municipal Court, When.**—Whenever a person shall be arrested by a policeman for an offense against the city, which is also an offense against the State, he shall be tried in the Municipal Court.

**Appeals—Jury.**—Appeals may be taken from the Municipal Court to the Circuit Court of Jackson County, Missouri, in all cases, except the imposition of fines or penalties for the

breach of any city ordinance, in which case the appeal shall be to the Criminal Court of Jackson County. The Municipal Court shall have and exercise the powers of a Circuit Court for the preservation of order and enforcing process issued in the course of proceedings may summon and compel the attendance of witnesses, and when, by this Charter, a jury is allowed, may summon and compel the attendance of jurors, pass on the competency of evidence, and instruct the jury on questions of law. The Common Council of the city may, by ordinance, regulate the practice in said court in a manner not inconsistent with this Charter or the Constitution and laws of the State of Missouri. The Judge or Judges of the Municipal Court shall be ex-officio Justices of the Peace, and have and exercise, in addition to any jurisdiction conferred by this Charter, such powers and jurisdiction as may be delegated to them by any law of the State of Missouri.

**Money Paid for Fines, Etc.**—The Municipal Court, or the Clerk thereof, shall pay over to the City Treasurer, daily, all money collected from fines, penalties or other source.

Authority conferred on city of St. Louis to establish municipal courts authorized it to establish first district police court. (*Ex parte Kiburg*, 10 Mo. App. 442.)

Legislature may provide that police judge shall be ex officio justice of the peace. (*Frost vs. Wilson*, 70 Mo., 664.)

Kansas City given power by statute to impose and enforce fines and penalties. No fine to exceed \$500.00 and imprisonment not to exceed twelve months. (R. S. Mo. 1899, Sec. 6169; Amended Laws 1901, p. 79; R. S. 1909, Sec. 9761.)

Fines and Penalties see Art. III, Sec. 1, Cl. 42.

Legislature may confer exclusive power upon municipality to punish misdemeanors committed within corporate limits. (*State vs Gordon*, 60 Mo. 383; *Kansas City vs Neal*, 49 Mo. App. 72.)

But when right is not clearly surrendered to municipality each jurisdiction may have and enforce laws concurrently. (*State vs Kessels*, 120 Mo. App. 233, l. c. 237, and cases there cited.)

If municipality refuses to carry its

granted powers into effect it cannot be compelled to do so. (*Tritz vs. Kansas City*, 84 Mo. 632.)

No information is required in action in municipal court to impose penalty for violation of ordinance. (*City of Kirksville vs Munyon*, 114 Mo. App. 567.)

Repeal of an ordinance pending prosecution under it operates to release defendant unless otherwise provided in repealing ordinance. (*City of Kansas vs Clark*, 68 Mo. 588; *St. Louis vs Wortman*, 213 Mo. 131.)

But aliter where repealing ordinance provides that forfeiture should remain unaffected. (*City of Monett vs Hall*, 128 Mo. App. 91.)

Violation of municipal police regulations are not crimes within meaning of that term as used in constitution but are mere prosecutions to recover penalty for violation of city ordinance. Arraignment and plea are unnecessary. Defendant is not entitled to trial by jury. (*Delaney vs Police Court*, 167 Mo., 667; *In re Ada Jones*, 90 Mo. App., 318.)

Acquittal in prosecution by state

not bar to civil action by city. (Town of Canton vs McDaniel, 188 Mo. 207.)

Police officers entitled to witness fees and such fees cannot be remitted by municipal court. (R. S. Mo. 1899, Sec. 1486; R. S. 1909, Sec. 3459.)

City may appeal from judgment of acquittal. (Kansas City vs Clark, 68 Mo. 588; Kansas City vs Muhlback, 68 Mo. 638; St. Charles vs Hackman, 133 Mo. 634; City of Poplar Bluffs vs Hill, 92 Mo. App. 17.)

Appeal will not lie from judgment on plea of guilty or by confession. (Mexico vs Geiger, 53 Mo. App. 440; Edina vs Deck, 47 Mo. App. 234.)

Recognizance on appeal should be to effect that defendant shall appear in appellate court, obey every order that

shall be made in the premises, and not depart without leave of court. And conditions in a recognizance that defendant should pay any judgment that might be rendered against him, not binding on the sureties. (Howlett vs Turner, 93 Mo. App. 20, but see Kansas City vs Neal, 49 Mo. App. 72; Stevens vs Kansas City, 146 Mo. 460.)

Conviction under city ordinance will not be sustained on appeal where ordinance was not read in evidence. (St. Louis vs Roche, 128 Mo. 541.)

Power of police judge to amend transcript on appeal where proceedings are governed by law in regard to justices of the peace. (Stansberry vs Proctor, 48 Mo. App. 56.)

**Sec. 11. Comptroller—Supervision Over Revenues—Other Property—Over Acts of Fiscal Concerns—Of All General Accounts—Over Accounting Officers—Report Delinquencies.**—It shall be the duty of the Comptroller to exercise a general supervision over the collection and return into the city treasury and disbursement of all the revenues and other moneys of the city, and over the proceedings therefor; over all property, assets and claims, and over the custody, sale or other disposition thereof. He shall see that all proper and legal proceedings are had to recover, keep and manage such property and other interests, and that all proper rules and regulations are prescribed and observed in relation to all accounts, settlements and reports regarding the fiscal concerns of the city. He shall see that no appropriation of funds is overdrawn or misapplied, and that no liability is incurred, nor money or property of the city disbursed or disposed of contrary to the letter and spirit of law. He shall have charge of all the general accounts of the city, and prescribe the method and manner of keeping books of general as well as of subsidiary accounts in all of the offices and departments, and the form of receipts and vouchers. He shall have general supervision and direction over all accounting officers, and shall have access to all books and records of the depositaries and fiscal agents of the city. He shall promptly report in writing to the Mayor, and to the Common Council, any default or delinquency he may discover.

**Officers Failing to Act Guilty of Misdemeanor—System of Accounts.**—Whenever it shall be found that any officer, clerk or

employe shall have refused or failed to keep any of the books or records, or shall have refused or failed to transmit vouchers or papers pertaining to or in support of accounts, in the manner prescribed by Charter, or ordinance, or in manner necessary to support or verify accounts as the same may have been required by the Comptroller to be kept, such refusal or failure shall constitute a misdemeanor, punishable by fine of not less than One Hundred nor more than Five Hundred Dollars, or by imprisonment for not less than thirty nor more than ninety days, or by both such fine and imprisonment. The Comptroller may administer oaths and may require all settlements, returns, reports and claims to be verified by affidavit. A complete double-entry system of general accounts shall be devised and installed, which shall contain a complete classification and summary, (1) of all current revenues accrued to the city, (2) of all expenses incurred by the city, (3) of all resources and liabilities of the city, and the accounts of resources and liabilities shall be so classified that at any time the city may know (a) what liabilities are current (due or to become due within the fiscal period), and what assets may be made available to meet said current liabilities, and (b) what liabilities have been incurred and appropriations made for permanent properties and improvements, and the fund on hand for permanent properties and improvements, and properties acquired for continuous use, and also (4) of every levy of special taxes and assessments and the collections and disbursements on account thereof, and other payments and discharges thereof, showing at all times the condition of every account arising from such taxes and assessments.

Collection of Revenues, see Art. V.	is vested in city council. Art. I, Sec.
Management and control of finances	1; Art. III, Sec. 1, Cl. 1 and notes.
and all property belonging to the city	

**Sec. 12. Money Appropriated by Ordinance—Paid Out, How—Approval of Common Council, When.**—After money shall have been duly appropriated by ordinance, whether generally to the use of a department or for a special purpose, the same may be paid out by the officer or department having charge of the expenditure by requisition upon the Auditor for warrants upon the Treasurer, without further action of the Common Council; Provided, however, That in the case of the Board of Fire and Water Commissioners, no contract shall be made

binding the city when the consideration or total liability is more than Five Thousand Dollars, unless such contract be approved by the Common Council, and in case of all other departments, contracts may not be made when the consideration or total liability is more than Twenty-five Hundred Dollars, without such approval.

**Claims—How Approved and Paid—Warrants Drawn by Auditor.**—Claims against the city shall, before payment, be approved by the head of the department, or the President of the Board to which the expense is chargeable, and if not chargeable to any department, they shall be approved by the Mayor, and shall also be approved by the officer or agent who incurred the obligation, and when the claim is for materials, goods or supplies, shall bear a certificate as to quantity and quality signed by the person who first received such materials, goods or supplies on behalf of the city. The City Auditor shall examine such claims and see that they are arithmetically correct, are in proper form, and that they bear the approval of the persons required by law, and when correct and in form and duly approved, he shall, upon the requisition of the department or the Mayor, as the case may be, draw warrants on the City Treasurer in payment of the same.

**Warrants Countersigned by Comptroller—Money in Treasury, When Considered Duly Appropriated—Payment of Bonds, Interest, Etc.**—It shall be the duty of the Comptroller to countersign warrants for all claims justly due and owing from the city, but he shall not countersign any warrant unless there be, at the time, money in the treasury duly appropriated by ordinance and properly applicable to the payment thereof. Money in the treasury, standing in a sinking fund or resulting from a levy of taxes for the payment of bonds or interest, shall be considered duly appropriated for the payment of the particular bonds or interest for which levied or accumulated, without further ordinance to that effect, and money in special trusts paid into the treasury pursuant to condemnation proceedings or resulting from special taxes or assessments shall be considered duly appropriated to the purpose for which collected, received or held, and may be paid out accordingly. For the payment of bonds of the city or interest thereon, or for any money in special

trusts as aforesaid, the Comptroller shall, with the written approval of the Mayor, make a requisition upon the Auditor for a warrant on the Treasurer for that purpose.

Sec. 13. **Making Contracts Binding City, Restricted—Comptroller May, When—Money, How Set Aside—Violations of Restrictions—Misdemeanor—Punishment.**—Neither the Common Council nor any department or officer of the city, except the Comptroller, in a single instance in this Charter provided, shall have authority to make any contract or do any act binding the city, or imposing upon the city any liability to pay money until a definite amount of money shall first have been appropriated, or set aside by a department out of money already appropriated for the liquidation of all pecuniary liability of said city under said contract, or in consequence of said act; and the amount of said appropriation, or money so set aside, shall be the maximum limit of the liability of the city under any such contract or in consequence of such act, and said contract or act shall be *ab initio* null and void as to the city for any other or further liability; *Provided, however,* That nothing in this Charter contained shall preclude the city from making contracts for the period not exceeding ten years for the disposition of garbage or offal, under the regulation contained in Article XIV of this Charter, nor from making contracts for the cleaning and sprinkling of streets, alleys and public places, or any part thereof, for periods not exceeding five years, nor from making contracts for repairing or maintaining streets for periods not exceeding three years. Money shall be considered as so set aside by a department only when upon order of the department the Comptroller shall transfer the amount to a special account for the purpose of the special contract, and shall give his statement in writing to that effect. Any member of the Common Council, who shall knowingly vote for any appropriation of money or the making of any contract in violation of this Charter, or any officer of the city who shall knowingly do any act to impose upon the city any pecuniary liability in excess of the authority in the Charter limited, shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than One Hundred nor more than One Thousand Dollars or imprisonment in the county jail not less than one month nor more than one year, or by both such fine and imprisonment.

Contracts of city and power of city  
to contract, see Article I, Section 1,  
and Article III, Section 1, Clauses 1

and 42.

This section refers to the general  
current revenues of the city derived

from taxation over which the mayor and common council have control and which they can apportion and appropriate to the various exigencies incident to the conduct of the city's affairs. (*Pryor vs Kansas City*, 153 Mo. 135.)

Distinction between apportionment and appropriation. Apportionment does not place money in a fund beyond the reach of the mayor and council. It may be revised or altered by ordinance as often during the fiscal year as the mayor and council shall deem necessary. As long as money apportioned to any fund remains in treasury unappropriated it is within reach of mayor and council for legitimate purposes. (*State ex rel. vs Mayor, Etc., of Kansas City*, 58 Mo. App. 124.)

City not bound by contract until definite amount of money shall be appropriated. (*Mister vs City of Kansas*, 18 Mo. App. 217.)

This section has no application to

case where city has committed a tort. (*Smith vs St. Joseph*, 122 Mo. 643.)

Nor to contract covering a series of years on which the obligation to pay may arise as a thing contracted for is furnished. (*Water and Light Co. vs City of Lamar*, 128 Mo. 188; *Water Co. vs Aurora*, 129 Mo. 540; *Water and Light Co. vs City of Lamar*, 140 Mo. 145.)

The date of indebtedness is the year in which the contract is made and not the year when the work is completed. (*Trask vs Livingston County*, 210 Mo. 582.)

Injunction lies to restrain illegal diversion of public funds about to be made by municipal officers in charge thereof. Right not affected by solvency of officers. (*Black vs Ross*, 37 Mo. App. 250.)

City may be compelled by mandamus to pay judgment out of unappropriated funds. (*State ex rel. vs Kansas City*, 58 Mo. App. 124.)

#### Sec. 14. Comptroller—Special Duties—Provide for Payment of Bonds and Interest—May Obtain Loans, When and How.—

The Comptroller is specially charged with the preservation of the credit and faith of the city in relation to its bonded indebtedness. At the first meeting of the Common Council in each fiscal year, he shall certify to the Lower House the amount of money necessary to be raised by taxation for the payment of bonds and interest maturing, during the current fiscal year, and also the amount necessary to meet all obligations of the city on account of sinking funds for bonds outstanding, setting forth fully in detail the condition of the entire bonded indebtedness and sinking funds and showing the amount of money needed for each series, or issue of bonds, for interest, for principal, and for sinking fund. If necessary to preserve the public credit, the Comptroller may anticipate any part of the annual revenue levied for the purpose of paying bonds and interest, and may, with the approval of the Mayor, obtain loans on the credit and faith of the city to meet bonds interest about to fall due.

#### Sec. 15. Comptroller—Bonds—Sinking Funds—To Keep Description and Account—To Sell or Exchange Securities, When—Sinking funds for bonds of the city may be invested by the

Comptroller in bonds of the United States, of the State of Missouri, of the County of Jackson, of the School District of Kansas City, or of Kansas City, on the best terms obtainable, and he shall at all times keep a full and accurate description and account of all bonds outstanding in each and every sinking fund. The Comptroller, by and with the consent of a majority of the members-elect of the Upper House of the Common Council, shall sell the securities belonging to a sinking fund, or any part of them, on the best terms obtainable, when the proceeds thereof may be needed for the payment of bonds, and he may, with such consent, exchange any bonds belonging to a sinking fund for bonds of the city whenever such exchange is advantageous to the city. Any moneys remaining in a sinking fund after payment of the entire bonded debt for which it was accumulated shall be paid into the general fund.

**Bonds, Etc., Paid, Cancelled by Comptroller, How.**—Whenever any bonds, interest coupons or other written or printed evidences of debt of the city shall be paid and discharged they shall be cancelled by the Comptroller in the presence of a committee of the Lower House of the Common Council, and such committee shall report to such House a full and detailed description of said bonds so cancelled and burned, which report shall be entered upon the minutes of the Lower House in full.

**Sec. 16. Departments and Officers—To Make Annual Financial Report to Comptroller—Comptroller to Make Annual Report to Common Council.**—All departments of the city and all officers keeping accounts shall, within ten days after the close of each fiscal year, make reports to the Comptroller showing the financial transaction for such year, in such form and detail as may be required by ordinance, and shall make such other reports as he, or either House of the Common Council, may, from time to time, require. The Comptroller shall make annual reports to the Common Council covering the financial affairs of the city for each fiscal year, within fifteen days after the close thereof, transmitting with such report the reports for the year of all departments and officers; shall make regular intermediary reports as may be prescribed by ordinance, and shall make special reports whenever requested by the Mayor or by either House of the Common Council, on the financial

condition of the city. The Comptroller's report and such portions or summaries of the other reports as may be required by ordinance shall be printed within thirty days for distribution. He shall provide and keep in his office reliable and complete tables of all property and assets of the city, all contracts, names of contractors, and names of employes, in such manner as to show the department in which they are employed, their salaries, powers and duties, and how appointed. He may, subject to the Civil Service laws, rules and regulations contained in or provided for by this Charter, appoint such deputies and clerks as may be provided for by ordinance. No person shall be elected to the office of Comptroller who has not resided in the city five years next before his election, and shall not have attained the age of thirty years.

**Sec. 17. Treasurer—Powers and Duties—To Collect Taxes and Licenses, and Receive Money Due City—How Receipted—Shall Deposit all Moneys Received—Daily Report of Money Received by Treasurer and Auditor to Comptroller.**—It shall be the duty of the Treasurer to receive and keep the money of the city and pay out the same on warrants drawn by the Auditor and countersigned by the Comptroller and not otherwise. He shall collect all taxes and licenses levied or charged by the city, and all moneys due the city from any source, except as otherwise provided by law, pursuant to this Charter, for collection by others; he may, subject to the Civil Service rules, laws and regulations contained in or provided by this Charter, appoint such deputies and clerks as may be provided for by ordinance, and he shall be responsible for all the acts of his deputies and clerks. All moneys belonging to the city and received by any officer or agent thereof shall promptly be deposited in the treasury and the Treasurer shall daily deposit all moneys received by him in the depository banks of the city. For all moneys received the Treasurer shall give a duplicate receipt, one of which shall be countersigned by the Auditor before delivery to the party paying, and the other shall be delivered to and retained by the Auditor. Both the Treasurer and Auditor shall daily report to the Comptroller the amount of money received into the treasury and from what source.

**Sec. 18. Treasurer—Selection of Banks for Depositing City Funds—Interest on Deposits—Bond of Bank—Treasurer's Salary.**  
—Immediately after the third Monday in April following each gen-

eral election, and whenever occasion may require, the Mayor, Comptroller and City Counselor shall select banks or banking institutions in the city, which will give a satisfactory rate of interest for a period beginning on the first day of August next ensuing and ending in one or two years, for the current deposit of the city funds estimated on daily balances and paid monthly on the first day of each calendar month; and the City Treasurer shall keep the city's funds in the banks or banking institutions so selected; *Provided, however,* That before any bank or banking institution shall be so selected or deposits made therein by the Treasurer, such bank or banking institution shall give bond in such amount as shall, from time to time, be prescribed by ordinance, with good and sufficient sureties to be approved by the Mayor and a two-thirds vote of the members-elect of the Upper House of the Common Council, for the safe-keeping and prompt payment when demanded by the Treasurer of said funds and every part thereof deposited in such bank or banking institution, and shall at all times keep the sureties on the bonds satisfactory to the Mayor and Upper House of the Common Council, and the amount of such bonds may from time to time be increased by the Mayor and Upper House of the Common Council. It shall be the duty of the Treasurer, whenever requested by the Mayor, to send a circular letter to each bank and banking institution in the city, soliciting bids for keeping the funds of the city for the term herein specified and until a new selection shall be made and the funds removed. The Treasurer shall divide said funds into three or more equal parts as near as may be practicable, as may be determined by the Comptroller, and the bids may be for one or more of such parts. The circular shall state the conditions to be complied with by the bidders and what each bid shall set forth and what security, if any, is required to accompany each bid; and that the bidder will comply with the terms thereof if accepted. Bids sent to the City Treasurer shall be sealed and marked, "Bids for City Funds," and the Treasurer shall indorse thereon the time of the receipt of the same, and he shall open the bids on the day named in the circular letter in the presence of the Mayor, Comptroller and City Counselor, who shall select and designate three or more of such banks or banking institutions as depositaries of the city funds. The Mayor, Comptroller and City Counselor may accept the highest and best bids for any of said parts of said funds, except that no one bid may be accepted for more than one-third of the whole funds or they may re-

ject all bids or accept a bid or bids for one or more of said parts, and reject the other bids; if the bid or bids for all of said funds are not accepted they shall immediately direct the Treasurer to invite new bids, in the manner hereinbefore provided, for the parts of said funds for which no bid is accepted. Interest on city funds paid by banks or banking institutions shall be credited by the Treasurer into the general fund of the city. The Treasurer shall not be responsible for any loss from any failure or default of such bank or banking institution. The City Comptroller shall turn over to the City Treasurer, as soon as obtained, all bonds and securities purchased for sinking funds, taking the Treasurer's receipt therefor, which he shall carefully preserve in his office, and the fact of such delivery shall relieve the Comptroller of responsibility for any loss or misappropriation of the bonds and securities. The Treasurer shall collect said bonds and securities and the interest thereon as the same or any part thereof may become due, and shall report the collection of the same to the Comptroller. When it becomes necessary to sell or exchange bonds or securities as provided in this Charter, the Comptroller may make his requisition in writing on the Treasurer, with the written approval of the Mayor indorsed thereon, for such of the bonds and securities as he may require, and on such requisition so approved, the Treasurer shall deliver the bonds and securities to the Comptroller, taking his receipt therefor, and the fact of such delivery shall relieve the Treasurer from any responsibility on account of the bonds and securities so delivered, and transfer the same to the Comptroller and his sureties.

The various departments of the city shall, from time to time, make requisition upon the Purchasing Agent for such supplies, goods, materials, machinery and other things as they may need, and shall exhibit to the Purchasing Agent the statement of the Comptroller that the necessary funds have been appropriated and set aside to pay for the same. It shall be the duty of the Purchasing Agent, promptly and expeditiously, to purchase all the supplies, goods, materials and machinery, and other things required by the various departments, and so far as may be done and whenever the interests of the city will be thus promoted, to purchase goods, supplies and materials at wholesale or in bulk and pay for the same out of any funds appropriated to this department for that purpose. Whenever any goods, supplies or materials shall be required by any department, the same may be supplied, so far as possible, out of the general stores of the Purchasing Department, and when so supplied they shall be paid for by the department using them in every respect as to form and method of procedure as though the same had been purchased specially, except that the warrant in payment shall be payable to the credit of the Purchasing Department and shall be deposited in the treasury and credited to the funds of the Purchasing Department and shall be considered as duly appropriated to the uses of such department. The Purchasing Agent, upon the last day of each month, shall make full inventory and report of all goods, supplies and materials on hand and all funds remaining appropriated and unexpended in the department, and shall deliver one copy of such report to each House of the Common Council and one copy to the Mayor; and the Common Council may, from time to time, direct that any portion of funds appropriated to the Purchasing Department and standing to its credit be deducted and transferred to the general fund of the city.

Sec. 25. Mayor—Officers Suspended by Mayor and Removed by Lower House—Vacancies, How Filled.—Any officer elected by the people (not intending here to include members of the Common Council) may be suspended by the Mayor and removed by the Lower House of the Common Council for cause. Whenever the Mayor shall suspend any elected officer he shall immediately notify the Lower House of the Common Council of such suspension and cause therefor. If the same be not in session, then he shall immediately call a special session thereof in such manner as is provided for calling special sessions of the Common Council. The Mayor shall present charges against such suspended officer, who shall have the right to appear with a legal adviser for his defense, hear all proof, and make defense thereto, offering proof in his own behalf. If two-thirds of all the members-elect of such House shall, by resolution, sanction the action of the Mayor, then the suspended officer shall thereby be removed from office, but unless such action of the Mayor is sanctioned by such two-thirds vote, then such officer shall be immediately reinstated. Any officer, or the incumbent of any board appointed by the Mayor, whether appointed with or without confirmation, may be suspended by the Mayor. The Mayor shall immediately notify the Upper House of the Common Council of any such suspension and unless said Upper House shall, not later than the second session thereafter, by a two-thirds vote of the members-elect thereof, declare that such officer ought to be reinstated, the said officer shall be considered to be removed, and the Mayor shall notify him of such removal. A *de facto* officer is one who is in office, is recognized by the public as an officer, whose acts are acquiesced in by the public, and yet has no legal right to office. (State ex rel. vs Hawes, 177 Mo. 360, 1. c. 377.)

Election commissioners are public officers. (State ex rel. vs Maroney, 191 Mo. 531.)

Commissioner of buildings, under St. Louis charter, is officer. (State ex rel. vs Wells, 210 Mo. 601; State ex rel. vs Longfellow, 95 Mo. App. 660, 1. c. 666.)

Inspector of public buildings held not to be officer under St. Louis char-

ter. (Magner vs St. Louis, 179 Mo. 495; State ex rel. vs Longfellow, 95 Mo. App. 660.)

Superintendent of house of refuge, in St. Louis, is officer. (State ex rel. vs Walbridge, 69 Mo. App. 657.)

Deputy boiler and elevator inspector held to be officer under St. Louis charter and ordinances. (Gracey vs St. Louis, 213 Mo. 384.)

Superintendent of streets held to be officer under former Kansas City charter. (State ex rel. vs May, 106 Mo. 488.)

Chief engineer of city hall not an officer but mere employee. (State ex rel. vs Gray, 91 Mo. App. 438.)

In absence of act prescribing and defining duties of public officer his duties may be inferred from his employment and nature of office. (State ex rel. vs Walbridge, 69 Mo. App. 657.)

Traffic in public office is against good morals and contrary to public policy. Contract between officer and deputy appointed by him by which latter was to continue as deputy for whole period that officer should remain in office is void and no action will lie for breach of such contract. (In

re Irwin's Estate, 123 Mo. App. 508, l. c. 513; Horstman vs Adamson, 101 Mo. App. 119.)

**Removal of Officers.**—By state statute officer interested in contract under city or in work done by city or in furnishing supplies for city or any of its institutions is guilty of misdemeanor. Any appointed officer becoming so interested shall be dismissed from office by mayor and mayor shall immediately suspend elective officer and report facts to council and if by two-thirds vote of council he is found so interested he shall be immediately dismissed from office. (R. S. Mo. 1899, Sec. 2346; R. S. 1909, Sec. 4877.)

Charter provision not inconsistent with statute, simply furnishes cumulative remedy. (State ex rel. vs Walbridge, 119 Mo. 383, l. c. 389.)

Member of council is city officer within meaning of statute and is guilty of misdemeanor if he becomes interested in any contract with city and may be punished for such misdemeanor, although same statute provides for his removal from office. (State vs Kelly, 103 Mo. App. 711.)

The power to remove a corporate officer from his office, for reasonable and just cause, is one of the common law incidents of all corporations. (State ex rel. vs Walbridge, 119 Mo. 383, l. c. 394.)

Where the charter of the city vests the power of removal of an officer for cause, in the mayor and board of aldermen of the city, such law is in harmony with the law and spirit of the constitutional provision that the General Assembly shall provide for the removal from office of county, city, town and township officers, on conviction of willful, corrupt or fraudulent violation or neglect of official duty. (Manker vs Faulhaber, 94 Mo. 430; State ex rel. vs Walbridge, 119 Mo. 383; State ex rel. vs Wells, 210 Mo. 601.)

Power to remove includes power to suspend. (Blackwell vs City of Thayer, 101 Mo. App. 661.)

The employment and discharge of police is a matter which primarily belongs to state and is not simply matter of local concern. (State ex rel. vs Police Commissioners, 184 Mo. 109.)

A right to remove only for cause

implies that there must be reasonable notice, and specifications of the charges made, and an opportunity to be heard by the one sought to be removed, and this even where there is no express provisions to that effect, since this is implied as intended. (State ex rel. vs Walbridge, 119 Mo. 383, 394, 395; State ex rel. vs St. Louis, 90 Mo. 19; State ex rel. vs Maroney, 191 Mo. 531; State ex rel. vs Knott, 207 Mo. 167.)

Where charter, permitting removal for cause, does not specify what causes are sufficient, question is a judicial one to be determined by the court from the circumstances in each case; what would be causes as to one office might not be as to another office. (State ex rel. vs Walbridge, 69 Mo. App. 657.)

An appointment for a definite term confers upon incumbent right to serve out full official period unless forfeited by misconduct. (Horstman vs Adamson, 101 Mo. App. 119, l. c. 124; State ex rel. vs Brown, 57 Mo. App. 199, l. c. 204; State ex rel. vs Maroney, 191 Mo. 531, l. c. 548.)

Where law conferring authority to make appointment is silent as to the right of removal, and there is no limitation as to tenure, the right to appoint carries with it the absolute right to remove, without notice, and at pleasure. (Horstman vs Adamson, 101 Mo. App. 119, 125, and cases there cited; State ex rel. vs Johnson, 123 Mo. 43, 50; See also Shurtleff vs U. S., 189 U. S. 311, 314.)

An officer holding over after the expiration of his term, who is a mere locum tenens until a successor is appointed, may be removed at pleasure by the appointing power, at any time without notice or cause. (State ex rel. Rife vs Hawes, 177 Mo. 360, and cases cited; see State ex rel. vs Stonestreet, 99 Mo. 361, l. c. 377.)

Where officer derives title to office solely from ordinance, repeal of ordinance before term for which he was appointed has expired abolishes office, puts an end to his official existence and cuts off his right to salary for unexpired part of term and the power to enact an ordinance is the power to repeal. (Magner vs St. Louis, 179 Mo. 495.)

When assistants or employees may

be removed by chief. (State ex rel. vs Longfellow, 95 Mo. App. 660.)

Where neither charter nor ordinance makes provision for means whereby removal of appointive officer is to be effected, all means necessary pass as incidents of the grant of power of removal. (State ex rel. vs Walbridge, 119 Mo. 383, 394, 396.)

Specific acts complained of should be stated in record of tribunal trying officer sufficient to show jurisdiction of alleged offense; no intendments can be indulged as to jurisdiction and regularity of proceedings. (State ex rel. vs Lupton, 64 Mo. 415, 417.)

Cause for removal, see Article 11, Section 4.

Record of proceedings of mayor in exercising power of removal should show, in case of an appointive officer, charges sufficient in law, due notice and a trial had whereat he was permitted to be heard, and an order of removal for cause entered. (State ex rel. vs Walbridge, 62 Mo. App. 1. c. 164, 165.)

There is no statutory provision by which evidence taken before mayor may be preserved and made part of record. (State ex rel. vs Wells, 210 Mo. 601, 1. c. 621.)

**Compensation of Officers.**—Right of public officer to salary of his office is right created by law, is an incident to the office, not the creature of contract, nor dependent upon the fact of rendition or value of services actually rendered. (State ex rel. vs Walbridge, 153 Mo. 194, 203; Bates vs St. Louis, 153 Mo. 18 and cases cited; Givens vs Daviess Co., 107 Mo. 603; Cavanee vs Milan, 99 Mo. App. 672; Sanderson vs Pike Co., 195 Mo. 598, 1. c. 605, and cases cited.)

Compensation must be provided by law; no implied liability to pay will arise. (Givens vs Daviess Co., 107 Mo. 603, 608, 609, and cases cited; so see Garnier vs St. Louis, 37 Mo. 554; Jackson vs Stone, 168 Mo. 577, 1. c. 581; State ex rel. vs Adams, 172 Mo. 1; Sanderson vs Pike Co., 195 Mo. 598, 1. c. 605; O'Dwyer vs City of Monett, 123 Mo. App. 184.)

An officer has no vested right to office. In absence of constitutional restrictions the salary may be increased

or diminished during term; manner of payment may be changed and duties enlarged. (Givens vs Daviess Co., 107 Mo. 603.)

And abolishing the office cuts off the right to the salary attached to it. (Magner vs St. Louis, 179 Mo. 495; Primm vs Carondelet, 23 Mo. 22.)

Officer is entitled to salary for time during which he is sick or unable to perform duties of office. (Cavane vs City of Milan, 99 Mo. App. 672.)

And is entitled to salary although he neglect his official duties. (Bates vs St. Louis, 153 Mo. 18.)

If a city official is otherwise entitled to recover, the fact that there is not enough money appropriated to pay him will not defeat his claim. (Magner vs St. Louis, 179 Mo. 495, 501.)

Salary attaches to the legal title and an officer who is de facto such, but not de jure, cannot recover the salary attached to the office. (Sheridan vs St. Louis, 183 Mo. 25.)

Nor can an officer de jure recover from the city for salary paid in good faith to the officer de facto while in office. (State ex rel. vs Babcock, 106 Mo. App. 72.)

He who holds the commission is entitled to the salary until his authority is properly cancelled. (State ex rel. vs Clark, 52 Mo. 508.)

Where a statute changing the compensation of an officer from fees to a salary is unconstitutional he is entitled to fees collected by the office but he must pay assistants who render services in performing duties of his office with his consent, though employed by city and not by him. (Henderson vs Koenig, 192 Mo. 690.)

An officer who accepts a salary under an unconstitutional statute without protest, waives right to fees to which he was entitled instead of such salary. (State ex rel. vs Messerly, 198 Mo. 351.)

An officer who is lawfully suspended cannot recover salary for period covered by suspension whether he is finally removed from office or not. (Blackwell vs City of Thayer, 101 Mo. App. 661, 1. c. 663, and cases there cited; Westberg vs Kansas City, 64 Mo. 493.)

Where an attempted removal of an

officer is unlawful, he is still the incumbent, and he may recover his salary and may mandamus the proper officials. (State ex rel. vs Hawes, 177 Mo. 387; State ex rel. vs Johnson, 123 Mo. 43; State ex rel. vs Walbridge, 153 Mo. 194; See also U. S. vs Wick-ersham, 201 U. S. 390, 399.)

The constitution (Article XIV, Section 8) provides that "the compensation or fees of no state, county or municipal officer shall be increased during his term of office." This does not apply to any official whose term of office is not definitely fixed, and who holds at the pleasure of the appointing power. (State ex rel. vs Johnson, 123 Mo. 43, 48.)

But both constitutional and charter provision are held to apply to that part of an incumbent's term during which he holds over after the regular term, and before his successor is qualified. (State ex rel. vs Smith, 87 Mo. 158.)

When officer cannot hold over until successor is appointed and qualifies. (State ex rel. vs Lund, 167 Mo. 228.)

An ordinance providing that an employe of a city shall pay fees earned by him as a notary public in connection with the city's business into the city treasury and that his salary shall be in

full of such services, is void, and the notary's fees may be recovered by him from the city which had received them. (Wood vs Kansas City, 162 Mo. 303.)

If officer entitled to commissions pays them into treasury without solicitation, misrepresentation, duress, fraud or undue influence he cannot recover them. (Hethcock vs Crawford Co., 200 Mo. 170.)

But where the city has paid a city official his salary as understood to be due by it, and the same has been received by him as such, over a long period of time, he is thereafter estopped from claiming a greater sum. (Galbreath vs Moberly, 80 Mo. 484.)

A contract by a public officer for the assignment or sale and collection of his future salary is void as against public policy. (State vs Williamson, 118, Mo. 146; Cooley Credit Co. vs Townsend, 132 Mo. App. 390.)

An ordinance is valid, providing against assignability of salary or wages of city employes. (State ex rel. vs Kent, 98 Mo. App. 281.)

Under general principles of law a partial assignment of salary not yet due is void. (Beal vs McVicker, 8 Mo. App. 202.)

**Sec. 26. Boards Composed of Three Members—Appointed by Mayor—Qualifications.**—All Boards, except as herein otherwise provided, shall be composed of three members appointed by the Mayor for the terms in this Charter provided, and the appointees shall, in all cases, serve until their successors are appointed and qualified. Not more than two voting members of any Board shall be adherents of the same political party. All members of Boards shall be resident tax payers and qualified voters of the city, and shall have resided within the territory embraced within the city five years next before their appointment. No member of any Board shall hold any other office or employment under the United States, the State of Missouri, or any municipal corporation or political division thereof. If any member of any Board shall remove from the city, or shall accept any appointment to or nomination for or become a candidate for any political office, he shall be deemed to have resigned as a member of said Board.

**Shall Take Oath.**—Every member of a Board, before entering upon the duties of his office, shall take and subscribe before the City Clerk the oath that he will support the Constitution of the United States and of the State of Missouri, and the provisions of this Charter, and faithfully discharge the duties of his office, which oath shall be indorsed upon or attached to his certificate of appointment and filed with the City Clerk.

\* Fact that member of board before meeting of board had expressed opinion upon matter to come before board of which he was member did not disqualify him from sitting as member of board. (State ex rel. vs St. Louis, 207 Mo. 354.)

An appellate court cannot review the discretion of the board of public improvements, unless it is so exercised as to be clearly subversive to public rights. (Gay vs Tel. Co., 12 M. A. 485;

Forsyth vs Tel. Co., 12 M. A. 494.)

If the Charter does not in express terms direct the Board of Public Improvements to keep a record of its proceedings, such a duty is by necessary implication, imposed. Its record is admissible in evidence to show a departure from jurisdictional forms prescribed by the Charter, but finding of fact by the board is not conclusive. (Fruin Bambrick Co. vs Geist, 37 M. A. 509, 515.)

**Sec. 27. Boards—Money Required to Discharge Duties of, How Apportioned—Schedule of Number, Grade and Compensation of Employes, Etc.**—It shall be the duty of each Board at the beginning of the fiscal year to estimate what sums of money may be necessary for the current fiscal year to enable such Board to discharge the duties imposed upon it. The Board shall certify the same to the City Comptroller, and the Common Council is hereby required, in the first apportionment ordinance of the fiscal year, to set apart and apportion for each of such departments the amount the Common Council may deem necessary, payable out of the annual revenue of the city, and each Board shall have power, subject to the provisions of this Article, by requisition upon the Auditor for warrants, signed by the President, countersigned by its Secretary, to expend money after the same has been duly appropriated to the expense and the use of the department.

Each Board shall, with the concurrence of the Common Council, fix a general schedule of the number, grade and compensation of all agents and employes in the department under its supervision and control; *Provided*, That this section shall not limit the power of the Boards and heads of departments, as given elsewhere in this Charter, to employ day laborers or temporary employes in emergencies without previous authority by ordinance.

**Sec. 28. Boards—President, His Duties—Board Shall Make By-Laws and Contracts.**—The President of each Board, and in his absence or disability, any other member of the Board appointed President *pro tempore* by resolution of the Board, is authorized to sign, execute and acknowledge in the name of the Board all contracts and documents of any character, required or authorized by this Article and by resolution of the Board and to sign requisitions upon the City Auditor for funds under control of, and to be expended by the Board. All requisitions shall be countersigned by the Secretary, and in his absence or disability by some member of the Board other than President or President *pro tempore*. Each Board shall have power and it shall be its duty to make by-laws, rules and regulations for the orderly transaction and conduct of its business, and to make and enforce contracts in the name of the city to carry out the purposes expressed in this Article.

See Art. I, Sec. 1, Art. III, Sec. 1, and Notes.

**Sec. 29. Officers—Oath and Bond of—Bonds, How Approved—Suit on Bond—Failing to Furnish Bond, Office Becomes Vacant.**—Every officer of the city, before entering upon the duties of his office, shall take the same oath provided for members of the Common Council by Section four of Article II of this Charter, which said oath shall be indorsed upon or attached to his certificate of election or appointment, and he shall deliver the same to the City Clerk. The City Comptroller, before entering upon the duties of his office, shall give bond to the city, conditioned upon the faithful performance of his duties, and the faithful handling of all money and property of the city that may come into his hands, in the sum of One Hundred and Fifty Thousand Dollars, which sum may be increased by ordinance, with good and sufficient sureties to be approved by the Mayor and Upper House of the Common Council. The City Treasurer, before entering upon the duties of his office, shall give bond to the city, conditioned upon the faithful discharge of his duties, and the safe-keeping and faithful accounting for all moneys and property of the city that may come into his hands, in the sum of not less than One Hundred and Fifty Thousand Dollars, with good and sufficient sureties, to be approved by the Mayor, City Counselor, and City Comptroller. The City Purchasing Agent, and all other officers, employes and agents of the city receiving, collecting or handling money of the city, shall similarly give bond

in such sums and upon such conditions as may be required by ordinance. And the Common Council may, by ordinance, prescribe and fix bonds for any officers, employes or agents of the city. All bonds required by this Charter or provided for by ordinance shall be approved as to form by the City Counselor, and as to sureties by the City Comptroller, except the bond of the City Comptroller, which shall be approved as in this Charter provided.

**Breach of Bond—Officer Failing to Deliver to Clerk His Certificate—Custody of Bonds—What Corporations Accepted as Sureties.**—For any breach of the condition of any bond herein provided for, suit may be instituted thereon by the city or by any person or persons claiming to have been injured by reason of any such breach, in the name of the city and to the use of such person or persons. If any officer fails to deliver to the City Clerk his certificate and oath of affirmation, as herein required, within twenty days after his election or appointment, the office to which he may have been elected or appointed shall be deemed vacated. The City Clerk shall make out and certify copies of all certificates of election and appointment and deliver the same to the Comptroller. The Comptroller shall have the custody of all bonds given for the faithful discharge of duties, except that the City Clerk shall keep and hold the bond of the Comptroller. Corporations duly authorized and empowered by the laws of the State of Missouri to sign as sureties or give bonds for the faithful discharge of duty by public officers and others, and regularly engaged in such business, may be accepted in whole or in part as sureties upon bonds required by this Charter of any officer, agent or employe or depository of the city funds, at the discretion of the authority required to pass on the sufficiency of such bonds.

**City Shall Pay Premium for Bonds Given by Members of Boards.**—The city shall pay any premium necessary to be paid for bonds required by ordinance to be given by any member of any Board.

**Certificates of Election Recorded by City Clerk, Signed by Mayor.**—It shall be the duty of the City Clerk to record certificates of election or appointment with the oath thereto attached or

thereon indorsed, within five days after the same is delivered to him. It shall be the duty of the Mayor to sign and deliver such certificate at the time of appointing any officer.

**Financial Officer Not to Deal in Any Indebtedness of City—Misdemeanor—Penalty.**—If any financial officer of the city shall buy or sell, for the purpose of speculation, any indebtedness of the city, or deal therein during his term of office, he shall be guilty of a misdemeanor, and be punished upon conviction by a fine of not less than One Hundred Dollars nor more than One Thousand Dollars, or imprisonment in the county jail for not less than one month nor more than one year, or by both such fine and imprisonment.

**Assignment of Salaries Prohibited.**—The sale, encumbrance, or assignment by officers and employes of the city of the salary, wages or compensation paid or to be paid them by the city is prohibited, and shall convey no right to the vendee, assignee, or mortgagee thereof, whether said salary, wages, or compensation be earned or unearned.

**Salaries of Officers—When Fixed—Not Decreased or Diminished, When.**—The Common Council shall, at least thirty days before each city election, by ordinance, subject to the limitations of this Charter, fix the salaries of all officers for the ensuing official term, and shall not increase or diminish the salary of any officer during his term of office, except that the salary of the Purchasing Agent may be increased during his continuance in office, as he serves without term.

Comptroller in approving bonds, acts ministerially, and mandamus will lie to compel him to act. (State ex rel. vs Shannon, 133 Mo. 139.)

Where public impounder under color of his office improperly impounds cattle, he and sureties are liable on his bond for the trespass. (Kansas City ex rel. vs Minor, 89 Mo. App. 617.)

Liability on official bond of officer holding over. (State ex rel. vs Smith, 87 Mo. 158; Long vs Seay, 72 Mo. 648; State ex rel. vs Kurtzeborn, 78 Mo. 98.)

Suit on bond, admissions of princ-

pal evidence against surety, when. (St. Louis vs Foster, 24 Mo. 141.)

Person commissioned captain of harbor boat, held not to be a city officer. (McCloy vs St. Louis, 6 Mo. App. 603.)

Liability of County Clerk's bondsman for fees unlawfully retained by him as secretary of Board of Equalization is not affected by fact that his account against county was signed as secretary of Board of Equalization and allowed to him by court as such secretary. (State ex rel. vs Adams, 172 Mo. 1.)

## ALTERNATIVE SECTION THIRTY, ARTICLE IV.

## ALTERNATIVE NUMBER ONE.

Sec. 30. In addition to the method otherwise provided in this Charter for the removal of elective officers, the holder of any elective office may be removed at any time by the electors entitled to vote for a successor of such incumbent. The procedure to affect the removal of an incumbent of an elective office shall be as follows:

A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least thirty per cent of the entire vote for all candidates for the office, the incumbent of which is sought to be removed cast at the last preceding general municipal election, demanding an election of a successor to the person sought to be removed, shall be addressed to the Common Council and filed with the City Clerk and said petition shall contain a general statement of the grounds for the removal as sought. The signatures to the petition need not be appended to one petition, but each signer shall add to his signature, his place of residence, giving the street and number. Each such paper shall have added thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge and belief, each signature to the paper appended is the genuine signature of the person whose name purports to be thereto subscribed. Within ten days from the date of filing such petition, the said Clerk shall examine and ascertain whether or not said petition has a requisite number of signatures, and if necessary, the Council shall allow him extra help for that purpose, and he shall attach to the petition his certificate of the result of such examination, and deliver the same to the Council. If by the Clerk's certificate the petition is shown to be insufficient it may be amended within ten days from the delivery of such petition and certificate to the Council. The Clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the Clerk shall submit the same to the Council without delay, and the Council shall thereupon order a day for holding the said election, not less than thirty days nor more than forty days from the date of the Clerk's certificate to the Council that a sufficient petition is filed.

The City Council shall make, or cause to be made, publication of notice, and all arrangements for the holding of such election, and the same shall be conducted, returned, and results thereof declared in all respects as for other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise in writing, the Clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes the incumbent shall thereupon be deemed removed from his office upon the qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

#### ALTERNATIVE SECTION THIRTY, ARTICLE IV.

##### ALTERNATIVE NUMBER TWO.

Sec. 30. City officers elected by the people shall retain their official positions to the end of their respective terms of office, and until their successors are elected and qualified, unless sooner removed for cause, and shall not be subject to removal on petition of electors.

At the election held August 4, 1908, the total vote for the Charter was 14,069; the total vote against it was 5,219; the vote for the first alternative of Article IV, Section 30, was 4,099; the vote for the second alternative of said section was 2,724. (See Constitu-

tion Art. IX, Secs. 16, 17, R. S., Mo. 1899, Sec. 6359; R. S. 1909, Sec. 9703.)

Section 1. **Taxation—Levy—Amount Of—Exemption—Uniform.**—The city shall have power, by ordinance, to levy and collect a general tax of not exceeding one per centum for each fiscal year upon all property in the city not by general law exempt from municipal taxation. And the city may, under the authority of any provision of the Constitution or general laws of this State, now and

hereafter existing, exempt any class of property within its jurisdiction from taxation, either wholly or by reduction of the rate thereon: *Provided*, That any taxation or exemption from taxation shall be uniform upon the same class of subjects within the city.

**Authority to Tax.**—Taxing power may be exercised by municipal corporations under authority granted them by General Assembly. (Constitution Mo., Art. X, Sec. 1.)

If the state can tax for state purposes it can confer upon its municipalities power to tax for local purposes. (Henderson Co. vs Henderson City, 173 U. S. 592, 1. c. 614.)

"A municipality without power of taxation would be a body without life, Incapable of acting and serving no useful purpose." (U. S. vs New Orleans, 98 U. S. 381, 393.)

Without the exercise of taxing power municipal government would cease to exist. (State vs Railroad, 75 Mo. 208.)

General Assembly cannot impose taxes upon city, inhabitants or property for municipal purposes but may by general laws vest in corporate authorities power to assess and collect tax for such purposes. (Constitution, Art. X, Sec. 10; State ex rel. vs Ashbrook, 154 Mo. 375.)

State may provide for a police system for city and compel its support of municipalities funds. This is not tax levied for municipal purposes. (State ex rel. vs Mason, 153 Mo. 23.)

Legislature cannot empower city to tax for municipal purposes land beyond city limits. (Wells vs Weston, 22 Mo. 384; Cameron vs Stephenson, 69 Mo. 372.)

Authority to tax personal property within city where owner resides outside of city and to tax owner who resides in city for personal property outside of city. (St. Charles vs Nolle, 51 Mo. 122; Corn vs City of Cameron, 19 Mo. App. 573; City of Plattsburg vs Clay, 67 Mo. App. 497.)

Right of city to tax for construction of improvements beyond city limits or in another state see Haussler vs St. Louis, 205 Mo. 656.

As to what is within the limits where the boundary is a river, see extended discussion in Henderson Bridge Co. vs Henderson City, 173 U. S. 592, to be

interpreted in connection with our laws as to the boundary. (Swearingen vs Steamboat Lynx, 13 Mo. 519; Sanders vs Anchor Line, 97 Mo. 27; Cooley vs Golden, 52 Mo. App. 229; State ex rel. vs Longfellow, 169 Mo. 109; State vs Metcalf, 65 Mo. App. 681.)

Extension of limits that exempts property from taxation or provides for unequal taxation is invalid. (State ex rel. vs Wardell, 153 Mo. 319; Copeland vs St. Joseph, 126 Mo. 417.)

Lands brought into city by extension of its boundaries are not subject to a tax levy already made. (Westport ex rel. vs McGee, 128 Mo. 152; See Art. I, Sec. 4 and note.)

A contract by a city not to exercise taxing power or attempting to limit the exercise thereof by exemption or commutation of taxes, is void, and of no effect. (State vs Railroad, 75 Mo. 208, 1. c. 210; Springfield vs Smith, 138 Mo. 645, 1. c. 655; Vrana vs St. Louis, 164 Mo. 146 1. c. 152.)

There are three general classes of direct taxes, capitation having effect solely upon persons; ad valorem, having effect solely upon property; and income, having a mixed effect upon persons and property. (Glasgow vs Rowse, 13 Mo. 479, 1. c. 490.)

Difference between assessment for taxation and levying the tax. (Kansas City vs Railroad, 81 Mo. 285.)

The tax must be levied by tribunal to whom the power is delegated. (Kansas City vs Railroad, 81 Mo. 285; Railroad vs Apperson, 97 Mo. 300.)

Distinction between revenue and license tax. (Town of Pacific vs Seifert, 79 Mo. 210.)

A license is issued under police power. Exaction of license fee with a view to revenue would be exercise of power of taxation. Regulation cannot be used as a cloak for taxation. (State vs Bengsch, 170 Mo. 81, 1. c. 109, 110.)

City may collect ad valorem tax on property used in a calling and at same time impose license tax on the pursuit as a condition to right to carry it on. (City of Aurora vs McGannou,

138 Mo. 38; *City of Monett vs Hall*, 128 Mo. App. 91.)

See Art. III, Sec 4, and note.

**Taxes Must Be Uniform** upon same class of subjects within territorial limits of authority levying tax and all taxes must be levied and collected by general law. (Const. Mo., Art. X, Sec. 3.)

Rate must be uniform upon persons in same class. One merchant cannot be taxed at higher rate than other. (*Kansas City vs Grush*, 151 Mo. 128; *State ex rel. vs Ashbrook*, 154 Mo. 375.)

Classification must rest on some reason other than mere ownership. Property used for same or similar purposes within same class. (*Russell vs Croy*, 164 Mo. 69, l. c. 107.)

Tax must apply to all property within territorial limits of authority levying tax. (*State ex rel. vs Ry. Co.*, 195 Mo. 228.) This does not apply to special assessments and local improvements. (*Corrigan vs Kansas City*, 211 Mo. 608.)

Double tax of same property is not favored and is never presumed. (*State ex rel. vs Ry. Co.*, 196 Mo. 523.)

All property subject to taxation shall be taxed in proportion to its value. (Const. Mo. Art. X, Sec. 4.)

Railway corporations are subject to taxation on real and personal property owned or used by them, on their gross earnings, their net earnings and franchises and their capital stock. (Const. Mo. Art. X, Sec. 5.) See Secs. 7 and 10, this Article.

**Constitutional Limitations Upon Amount of Taxation.**—For city and town purposes the annual tax rate in cities having 30,000 inhabitants or more shall not in the aggregate exceed 100 cents on the one hundred dollar valuation. For the purpose of erecting public buildings the rates may be increased when the rate of such increase and purpose for which it is intended shall have been submitted to vote and two-thirds of qualified voters of city or school district voting at such election shall vote therefor. (Constitution Mo., Art. X, Sec. 11.)

For school purposes in districts composed of cities which have 100,000 inhabitants or more the annual rate shall not exceed 60 cents on the one hundred dollar valuation, but it may

be increased in districts formed of cities or towns to an amount not to exceed \$1.00 on the hundred dollar valuation on condition that majority of voters who are tax payers voting at election to decide question vote for said increase. (Const. Mo. Art. X, Sec. 11.)

Rate shall be ascertained by amount of taxable property according to last assessment for state and county purposes. (Const. Mo. Art. X, Sec. 11.)

The assessed valuation cannot exceed the assessed value of the same property for State and County purposes, although building constructed thereon between times of two assessments. (*Center Building Co. vs St. Joseph*, 108 Mo. 304.)

Tax levy in excess of constitutional limitation is invalid. (*State ex rel. vs Railway Co.*, 169 Mo. 563.)

Constitution refers to indebtedness incurred by assent, agreement or contract, not to liability for tort which is to be distinguished from debt. (*Conner vs Nevada*, 188 Mo. 148.)

Assessments for special benefits do not fall within constitutional inhibition. (*Lamar W. & E. L. Co. vs City of Lamar*, 128 Mo. 188, l. c. 219; *Barber Asphalt Paving Co. vs St. Joseph*, 183 Mo. 451, l. c. 458 and numerous cases there cited; *Heman Construction Co. vs Railroad*, 206 Mo. 172; *Fruin Bambrick Construction Co. vs St. Louis Shovel Co.*, 211 Mo., 524 l. c. 532.)

Nor do assessment for levies. (*Morrison vs Morey*, 146 Mo. 543.)

Kansas City is authorized to issue bonds with the assent of two-thirds of voters voting at election held for that purpose to an amount including outstanding indebtedness other than water works bonds to amount of 5 per cent of value of taxable property in city. (Const. Art. X, Sec. 12; *State ex rel. vs Wilder*, 197 Mo. 1.)

Power to contract debt by bond carries with it power to levy taxes to pay same unless such power is expressly denied. Levy may be compelled by mandamus. (*U. S. vs New Orleans*, 98 U. S. 381, l. c. 393, 394.)

Neither state nor city can impair obligation of bonds by dissolution of corporations or change of boundaries and officers of old municipality may be compelled by mandamus to levy taxes

for their payment. (*Graham vs Falsum*, 200 U. S. 248.)

Levy of taxes to pay indebtedness incurred under provisions of Constitution, Art. X, Sec. 12, may be made in addition to amount limited in section 11 of same article. (*Lamar W. & E. L. Co. vs City of Lamar*, 128 Mo. 188, s. c. 140 Mo. 145; *Aurora Water Co. vs City of Aurora*, 129 Mo. 540; *State ex rel. vs Ry. Co.*, 169 Mo. 563; *Evans vs McFarland*, 186 Mo. 703; *State ex rel. vs Payne*, 211 Mo. 64.)

**Injunction** will lie to prevent the collection of taxes levied in excess of the legal limit, but amount legally due must be first paid or tendered. (*Arnold vs Hawkins*, 95 Mo. 569; *Overall vs Rienzi*, 67 Mo. 203; *Valle vs Ziegler*, 84 Mo. 214; *Porter vs Paving Co.*, 214 Mo. 1, l. c. 22.)

When part of tax is illegal and part valid court will not enjoin collection of all taxes for year when. (*Black vs Early* 208 Mo. 281.)

**Property Exempt From Taxation Prior to Present Constitution.**—In absence of constitutional restriction the Legislature could exempt any subject from taxation. (*Scotland County vs Railway*, 65 Mo. 123.)

But the intention to abandon right of taxation must have been clearly and unequivocally expressed. (*Railroad vs Cass County*, 53 Mo. 17; *State ex rel. vs Railway*, 89 Mo. 523; *St. Louis vs Insurance Company*, 47 Mo. 150; *State ex rel. vs Dulle*, 48 Mo. 282; *University vs Rowse*, 42 Mo. 308; *Railroad vs Shacklett*, 30 Mo. 550; *State ex rel. vs Railway*, 99 Mo. 30; *Scotland County vs Railway*, 65 Mo. 123; *State ex rel. vs Lange*, 16 Mo. App. 468; *State ex rel. vs Johnston*, 214 Mo. 656, l. c. 662.)

When such exemptions constitute a contract, they cannot be abrogated in absence of reserved rights. (*St. Vincent's College vs Schaefer*, 104 Mo. 261; *Mechanic's Bank vs Kansas City*, 73 Mo. 555; *Scotland County vs Ry.*, 65 Mo. 123; *State ex rel. vs Board of Trustees*, 175 Mo. 52, l. c. 60.)

Where exemption is limited in amount not entitled to exemption beyond that amount. Exemptions created by constitution of 1875 cannot be added to those granted by Charter. (*State ex rel. vs Mission Free School*, 162 Mo. 322.)

But if such statutes do not amount to a contract they may be repealed at will of Legislature. (*University vs Rowse*, 42 Mo. 308; *St. Joseph vs Railroad*, 39 Mo. 477.)

If corporation holds property for any purposes except those mentioned in its charter that property is subject to taxation. (*State ex rel. vs Board of Trustees*, 175 Mo. 52.)

Such exemption constitutes personal privilege, and cannot be transferred without statutory authority. (*State ex rel. vs Railway*, 89 Mo. 523; *State ex rel. vs Railway*, 99 Mo. 30; *Dean vs Railway*, 199 Mo. 386, l. c. 390.)

Constitutional provision is prospective in its operation and does not repeal prior special laws exempting property from taxation. (*State ex rel. vs St. Joseph's Convent*, 116 Mo. 575; *Scotland County vs Railway*, 65 Mo. 123; *State ex rel. vs Board of Trustees*, 175 Mo. 52, l. c. 60.)

**Property Exempt From Taxation Under Present Constitution.**—Under the constitution of Missouri, property of the state, counties, municipal corporations and cemeteries, one acre of ground and buildings thereon used exclusively for religious worship, for school or for purposes purely charitable and property used exclusively for agricultural or horticultural societies shall be exempt from taxation, provided that such exemption shall be only by general law. (*Const. Mo. Art. X, Sec. 6.*)

For statute declaring exemption see R. S., 1899, Sec. 9119; R. S. 1909, Sec. 11335.

All laws exempting property from taxation other than the property above enumerated, shall be void. (*Const. Mo. Art. X, Sec. 7.*)

"In every locality the rate may vary, but for public local purposes all property not exempt under the constitution must be taxed." (*State ex rel. vs Ry. Co.*, 195 Mo. 228, l. c. 238.) This does not apply to special assessments and local improvements. (*Corrigan vs K. C.*, 211 Mo. 608.)

Attempted exemption of any character of property that does not fall within the exceptions enumerated in Section 6 of Article X of the constitution is void. (*State ex rel. vs Wardell*, 153 Mo. 319, l. c. 323.)

Statutes and constitutional provi-

ions are construed with strictness and most strongly against those claiming the exemption. Burden of establishing exemption is upon person claiming it. (*Exposition Driving Park vs Kansas City*, 174 Mo. 425, l. c. 433; *State ex rel. vs Johnston*, 214 Mo. 656, l. c. 662.)

When exemption becomes *res adjudicata*. (*Exposition Driving Park vs Kansas City*, 174 Mo. 425, l. c. 433.)

Public property of the city is exempt from taxation (Art. X, Sec. 6) but this does not apply to property held by city as trustee of a charitable bequest for benefit of a particular class; in such case the tax should be assessed against city as trustee. (*St. Louis vs Wenneker*, 145 Mo. 230, 239.)

Hospital building not excluded from exemption because certain patients therein pay, when such profit is applied to charitable purposes of the institution. (*State ex rel. vs Powers*, 74 Mo. 476; s. c. 10 Mo. App. 263.)

Real estate used for cemetery or crematory, exempt from taxation. (*State ex rel. vs Wesleyan Cemetery*, 11 Mo. App. 570.) A grave yard is none the less such because for a quarter of a century no one has been buried there. (*Tracy vs Bittle*, 213 Mo. 302.)

Personal property of cemetery company such as money derived from sale of lots, horses, hearses, etc., not exempt from taxation. (*State ex rel. vs Casey*, 210 Mo. 235.)

Exemption of property so long as same remains dedicated to purposes of cemetery, will not include ground rented to third person as residence and for purposes of husbandry. (*Gymnastic Society vs Hudson*, 12 Mo. App. 342, s. c. 85 Mo. 32.)

Exemption of five acre tracts within corporate limits unconstitutional. (*City of Westport vs McGee*, 128 Mo. 152; *Copeland vs St. Joseph*, 126 Mo. 417; *State ex rel. vs Wardell*, 153 Mo. 319; *Birch City vs Plattsburg*, 180 Mo. 413; *State ex rel. vs Birch*, 186 Mo. 205.)

To exempt United States property, title must be in the government. (*Speed vs St. Louis County Court*, 42 Mo. 382.)

What is horticultural society. (Ex-

position *Driving Park vs Kansas City*, 174 Mo. 425.)

Property of lodges. (*Adelphia vs Crawford*, 157 Mo. 356; *Fitterer vs Crawford*, 157 Mo. 51.)

Gift designed to promote public good by encouragement of learning, science and arts is a charity, and exempt from taxation. (*State ex rel. vs Academy*, 13 Mo. App. 213.)

Residence of Bishop used for purposes purely charitable is exempt. (*Bishop's Residence Co. vs Hudson*, 91 Mo. 671.)

If building is used in part for school purposes and part for other purposes, it is not exempt from taxation. (*Wyman vs St. Louis*, 17 Mo. 335.)

Military pay school where cadets are received and boarded as are officers and teachers under family arrangement is exempt from taxation although proprietor and his family reside in school building. (*State ex rel. vs Johnston*, 214 Mo. 656.)

Exemption of lot and buildings when used for schools, does not include office furniture nor furniture of chemical laboratory. (*Kansas City vs Medical College*, 111 Mo. 141.)

Ownership of property upon which is a school is a controlling factor in determining whether or not property is subject to taxation. Where property is leased for school purposes, lessors interest subject to taxation. (*State ex rel. vs Macgurn*, 187 Mo. 238.)

Public library is not public school within meaning of constitution. City which has levied maximum tax permitted for general revenue purposes cannot levy additional tax for library purposes. (*Brooks vs Schültz*, 178 Mo. 222.)

Law regulating insurance companies, specifying certain fees shall be in lieu of taxes, cannot operate as exemption from taxation or even to commute the payment of taxes. (*Life Association vs St. Louis County*, 49 Mo. 512; *State vs Railroad* 75 Mo. 208.)

Provision exempting from taxation does not extend to special assessments for public improvements. (*State ex rel. vs Linn County Court*, 44 Mo. 504; *Sheehan vs The Good Samaritan Hospital*, 50 Mo. 155; *City of Clinton vs Henry County*, 115 Mo. 557; *Southern Hotel Co. vs County Court*, 62 Mo. 134; *Farrar vs St. Louis*, 80 Mo. 379, *State*

*ex rel vs Kansas City*, 89 Mo. 34; *Heman Construction Co. vs Railway*, 206 Mo. 172; *Fruin-Bambrick Construction Co. vs St. Louis Shovel Co.*, 211 Mo. 524, l. c. 532.) Nor assessment for levees. (*Morrison vs Morey*, 146 Mo. 543.)

**Sec. 2. Increase of Levy.**—For the purpose of erecting public buildings the Common Council may in any fiscal year increase the one per cent heretofore authorized in section one of this article, not to exceed two and one-half mills on the dollar. But such increase shall not be made unless an ordinance authorizing such increase and defining the purpose thereof shall have first been submitted to a vote of the people by a proclamation of the Mayor at a general or special election, and two-thirds of the qualified voters of the city voting at such election shall vote therefor. No such submission shall be deemed legal and effective unless there shall have been published for fifteen successive days immediately preceding such election, in at least two daily newspapers published in Kansas City, a full verbatim copy of such ordinance and such proclamation of the Mayor.

Publication, see Art. XVIII, Sec. 13. and note.

**Sec. 3. Property to Be Taxed—Time When Owned.**—Every person owning or holding property subject to taxation for municipal purposes on the first day of January of any calendar year, including all property purchased on that day, shall be liable for taxes thereon for the fiscal year beginning on the third Monday in April next thereafter.

Domicile at time of making assessment determines place of taxation of all property taxable at place of residence of its owner. (*State ex rel. vs McCausland*, 154 Mo. 185; *Corn vs City of Cameron*, 19 Mo. App. 573.)

Legislature has authorized cities of the first, (R. S. 1899, Sec. 5341; R. S. 1909, Sec. 8588), second (R. S. 1899, Sec. 5508; R. S. 1909, Sec. 8890), third (R. S. 1899, Sec. 5811; R. S. 1909, Sec. 9203), and fourth (R. S. 1899, Sec. 5979; R. S. 1909, Sec. 9400), classes to tax all property in city liable to taxation for state purposes.

R. S. 1899, Sec. 6370; R. S. 1909, Sec. 9714, authorizes special charter cities to levy and collect taxes through its own officers. We find no statutory limitations upon this power except exemptions of certain classes of property from taxation.

Where property actually is located is place where assessment is made and tax collected. Regulation prescribed by Legislature must be followed. (*School District vs Bowman*, 178 Mo. 654, l. c. 658.)

R. S., 1899, Sec. 9121; R. S., 1909, Sec. 11337, provides that personal property situate in county other than one in which owner resides shall be assessed in county where owner resides and all notes, bonds or other evidences of debt made taxable by laws of this state held in any state or territory, other than that in which owner resides, shall be assessed in

county where owner resides.

Does not apply to property here casually or temporarily, but to such property as is capable of having actual situs separate from person or domicile of owner and to some extent kept, used, or maintained here. (*Pacific Ry. Co. vs Cass County*, 53 Mo. 17, 1. c. 31.)

Curator, discharged in February, should have given in property for assessment in January previous, and on settlement retained sufficient to pay taxes. Failing in this, he is personally liable for taxes. (*Kansas City vs Simpson*, 90 Mo. App. 50.)

If minors and their curator move from county where curator is appointed, their property is not thereafter taxable in such county, although Probate Court of county may continue to exercise jurisdiction over it until final settlement. (*State ex rel. vs McCausland*, 154 Mo. 185; *State ex rel. vs Brown*, 172 Mo. 374; *State ex rel. vs Hamilton*, 202 Mo. 377.)

Personal property of decedent taxable in domicile in which he resided at time of his death, and not in domicile of executor or administrator. (*Stephens vs Boonville*, 34 Mo. 323.)

But if decedent was non-resident, and property transferred to this state to be administered, its situs is here and is subject to local taxation. (*State ex rel. vs St. Louis County Court*, 47 Mo. 594; *Corn vs Cameron*, 19 Mo. App. 573.)

Taxes on personal estate of decedent, whether accruing before or after death, are demands which administrator should pay. (*State ex rel. vs Tittmann*, 103 Mo. 553; *State ex rel. vs Trust Co.*, 209 Mo. 472.)

In order that property may be taxed, it must be by law subject to taxation. (*Valle vs Ziegler*, 84 Mo. 214; *Kansas City vs B. L. Assn.*, 145 Mo. 50 1. c. 52.)

Held under this section that all personal property is assessable and taxable where owner resides. (*State ex rel. vs McCausland*, 154 Mo. 185; see also *School District vs Wickersham*, 34 Mo. App. 337, 1. c. 340, 341, and cases there cited.)

Situs of intangible property as stocks is residence of owner when contrary is not declared by statute. (*Ogden vs*

*City of St. Joseph*, 90 Mo. 522, 1. c. 529.)

General rule that situs of personal property is the domicile of owner, is subject to legislative repeal, modification or limitation; (*Railroad vs Board of Equalization*, 64 Mo. 294; *State ex rel. vs McCausland*, 154 Mo. 185, 1. c. 190.)

In reference to taxation personal property does not always follow domicile of owner. Property of non-resident, if situs here, is subject to local taxation. (*St. Louis vs Wiggins Ferry Co.*, 40 Mo. 581; *State ex rel. vs St. Louis County Court*, 47 Mo. 594; *Corn vs City of Cameron*, 19 Mo. App. 573.)

Property of resident of city may have situs outside of city. (*City of Plattsburg vs Clay*, 67 Mo. App. 497. Relating to city of fourth class.)

Personal property of a non-resident is taxable here if it be found within the local jurisdiction regardless of whose hands it may happen to be in. (*Curtis vs Ward*, 58 Mo. 295; *St. Joseph ex rel. vs Saville*, 39 Mo. 461.)

Fact that property is held in trust creates no exemption nor does it change its situs. (*State ex rel. vs St. Louis County Court*, 47 Mo. 594, 1. c. 603; *St. Louis vs Wenneker*, 145 Mo. 230.)

For purposes of taxation possession is prima facie evidence of ownership. (*City of St. Joseph ex rel. vs Railroad Co.*, 39 Mo. 476.)

Bonds owned by resident, but kept in another state in good faith because interest payable there or for safe keeping, and not to avoid taxation, are not taxable here. (*Valle vs Ziegler*, 84 Mo. 214; *State ex rel. vs County Court*, 69 Mo. 454; *St. Louis vs Wiggins Ferry Co.*, 40 Mo. 581.)

Taxation of cattle kept outside of city and not used in connection with owner's business in city. (*City of Plattsburg vs Clay*, 67 Mo. App. 497. City of fourth class.)

Steamboats having home port in city, are subject to city taxation. (*St. Joseph vs Saville*, 39 Mo. 460; *St. Louis vs Wiggins Ferry Co.*, 40 Mo. 581.)

Erroneous taxation of personal property in state not its situs, will not prevent assessment in this state. (*State ex rel. vs St. Louis County Court*, 47

Mo. 594; *State ex rel. vs County Court*, 69 Mo. 454.)

Word "year," when applied to matters of revenue, presumed to refer to fiscal year. (*Glasgow vs Rowse*, 43 Mo. 479.)

The revenues for any one year must be applied to current expenses for that year and only surplus after these have

been paid can be used to pay county warrants issued in some other year. (*Ry. Co. vs Thornton*, 152 Mo. 570; *State ex rel. vs Payne*, 151 Mo. 663; *State ex rel. vs Allison*, 155 Mo. 325; *State ex rel. vs Johnson*, 162 Mo. 621.)

Each year's taxes are a separate and distinct transaction. (*Bland vs Windsor*, 187 Mo. 108.)

**Sec. 4. Assessor—May Appoint Deputies.**—The Assessor may, subject to the Civil Service laws, rules and regulations contained in or provided for by this Charter, appoint one or more competent deputies, not exceeding the number that may be limited by ordinance, who shall have and exercise, under the supervision of the Assessor, any and all of the powers and duties of the Assessor, and he may remove such deputies at his pleasure.

**Sec. 5. List of Property to Be Returned to Assessor—Notice—Merchant's Return.**—The Assessor shall, at least ten days before the first day of January in each year, give public notice by advertisement in some daily newspaper published in the city, that all persons owning or having in their possession, or under their control, whether as owner or agent of another, on the first day of January next ensuing, personal property subject to municipal taxation, are required to deliver to him, at his office, on or before the fifteenth day of February next, lists of all such property, classified as required by law, with the true value thereof; and that every merchant doing business in the city is required within the same time to furnish to him, at his office, a true statement, verified by oath or affidavit of such merchant or his agent, of the highest amount in value of all goods, wares and merchandise owned or kept on hand for sale by such merchant during the three months next preceding such first day of January.

Publication, see Art. XVIII, Sec. 13, and note.

Presumption as to giving notice. (*State ex rel. vs Vogelsang*, 183 Mo. 17.)

Necessity of notice. (*State ex rel. vs Cummings*, 151 Mo. 49.)

**Sec. 6. City Assessor to Make Assessments—Return to City Clerk—Property, Real and Personal—List of Merchants—List of Corporations.**—It shall be the duty of the City Assessor on or before the fifteenth day of March of each year to make and return to the City Clerk a full and complete assessment of all prop-

erty, real and personal, in the said city on the first day of January next preceding, and not exempt from municipal taxation, excepting the goods, wares and merchandise kept on hand for sale by merchants, and excepting the property of corporations whose capital stock is liable to taxation, at the cash value of such property; also a list of all merchants doing business in the city, with the cash value of the highest amount of goods, wares and merchandise so owned or kept on hand for sale by each during the three months next before the first day of January next preceding; also a list of all corporations whose capital stock is liable to taxation, with the cash value of shares of stock of each of said corporations. All real estate assessed shall be returned in one book, and all other lists in one book under separate headings; *Provided*, That the Assessor may make each of said tax books in as many volumes as may be necessary for convenient handling. Such books shall contain appropriate blank columns for the extension of all taxes therein, and shall be certified, verified and returned as hereinafter provided.

A valid assessment has always been held an essential prerequisite to the lawful exercise of the power of taxation. (State ex rel. vs Bank of Carterville, 180 Mo. 717, l. c. 734; City of Hannibal ex rel. vs Bowman, 98 Mo. App. 103, l. c. 109 and cases there cited; State ex rel. vs Burrough, 174 Mo. 700.)

If assessment is void, tax is void. (State ex rel. vs Wabash Railway Co., 114 Mo. 1, l. c. 11; Heman vs Farish, 97 Mo. App. 393, l. c. 401; City of Hannibal ex rel. vs Bowman, 98 Mo. App. 103 l. c. 109.)

Law respecting assessments is in large sense, directory. Omission, which does not injuriously affect right of taxpayer and not essential to making assessment, will not vitiate tax. (State ex rel. vs Carr, 178 Mo. 229, l. c. 234.)

Mere informalities in making assessment, or in tax list or in assessment not being made or completed in the time required by law do not affect validity of tax. (State ex rel. vs Stamm, 165 Mo. 73, l. c. 83; R. S. Mo. 1899, Sec. 9179, R. S. 1909, Sec. 11383.)

But see cases holding that erroneous assessment is at most an irregu-

larity and is not subject to attack in collateral proceeding. (Warren vs Manwarring, 173 Mo. 21, l. c. 34; Morrison vs Turnbaugh, 192 Mo. 427, l. c. 445. See to the contrary, Phelps vs Brumback, 107 Mo. App. 16, l. c. 23.)

General rule is that partnership property is assessed in name of partnership and not in name of individuals composing partnership in proportion of interest of each. (School District vs Bowman, 178 Mo. 654, l. c. 658; State ex rel. vs Bank of Neosho, 129 Mo. 161.)

As to how property of minors and decedents is assessed, see Kansas City vs Simpson, 90 Mo. App. 50; State ex rel. vs Burr, 143 Mo. 209; State ex rel. vs Trust Co., 209 Mo. 472, l. c. 493, 494.

For who are merchants, assessment of merchants, etc., see Section 18. See also Article III, Section 1, Clause 4.

Assessment and taxation of corporate stock, property owned by corporations, etc., see Sections 7 and 10. Assessment of real property, see Section 11.

Sec. 7. Assessments to Include Property Owned By Corporations Not Assessable By the State Board of Equalization—City Assessor to Examine Findings of State Board of Equalization.—It shall be the duty of the City Assessor, in making and returning assessments provided by Section six of this Article, to include therein all railroad, street railroad, telephone, telegraph and other property owned by corporations within the limits of the city, which is not assessable by the State Board of Equalization. He shall each year procure copies of returns made by such corporations to the Clerk of the County Court of Jackson County, Missouri, in pursuance of Article VIII, Chapter 149, Revised Statutes 1899, and all amendments thereto, and copies of the certificates of the County Court of said County to the State Board of Equalization, showing the valuation and assessment made by said Court upon property to be assessed and equalized by said Board of Equalization. He shall keep said copies in the files of his office, and deliver same to his successor. He shall, each year, at least sixty days prior to the date fixed for the first meeting of the State Board of Equalization, make a careful comparison of said certificate of the County Court, with the property of such corporations assessable by the State Board of Equalization, and make a tabulated, detail report of all errors, omissions or undervaluation thereof to the Mayor; and keep a copy of said report in the files of his office. It shall be the duty of the City Engineer, City Counselor, and all other city officials, when requested by the Assessor to do so, to aid the Assessor in making such comparisons. If it appears by said report that the rights of the city have been substantially affected by any mistakes, omissions or undervaluations, it shall be the duty of the Mayor, City Assessor and City Counselor to appear before the State Board of Equalization and make a showing of such errors. Copies of all plats, papers and arguments filed by said officials with the State Board of Equalization shall be kept on file in the office of the City Assessor, and delivered to his successor. Copies of the annual proceedings of the State Board of Equalization shall also be kept in good order in the files of the City Assessor, and shall be delivered to his successor. It shall be the duty of the City Assessor to examine the findings of the State Board of Equalization, and, if he ascertains that the city has not been allowed its pro rata share of the total valuation, he shall report same to the Mayor, and it shall be the duty of the

Mayor to cause such facts to be presented to the State Board of Equalization for correction.

Property of manufacturing companies and other corporations, taxation of which is not otherwise provided for by law, shall be assessed and taxed in their corporate names. (R. S. Mo. 1899, Sec. 9153, R. S. 1909, Sec. 11357.) See Sec. 10 post.

**Railroads** and street railroads are assessable by State Board of Equalization in the aggregate value of property as apportioned by board to each county, municipal township, city or incorporated town in which the road is located. (R. S. 1899, Chap. 149, Art. XVIII; R. S. 1909, Chap. 117, Art. 12.)

Railroad franchises are assessable in same manner. (Laws 1901, p. 232, R. S. 1909, Secs. 11551-11552.)

Taxing franchise of railroad engaged in interstate commerce. (State ex rel. vs Wiggins Ferry Co., 208 Mo. 622.)

Nothing in Federal Constitution prevents state from singling out railroad or other corporate property and taxing it for state purposes in manner and at rate different from that applicable to other property. (Michigan Central Ry. Co. vs Powers, 201 U. S. 247.)

Theory of system of taxing railroads is that railroad with all necessary appurtenances to its efficient equipment as means of traffic should be taken as a whole and assessed for taxation by State Board of Equalization. Does not include property used by railroad corporation as collateral facility to business, such as workshops, etc., nor property held for purposes other than those of carrier. All such other purposes being subject to taxation by local authorities. (State ex rel. vs Railroad, 162 Mo. 391, l. c. 394.)

State tax levied upon aggregate assessment and valuation of cars in lieu of all other taxes held unconstitutional. (R. S. Mo. 1899, Sec. 9349; State ex rel. vs Stephens, 146 Mo. 662.)

What is railroad within meaning of statute. (State ex rel. vs Wiggins Ferry Co., 208 Mo. 622.)

Full discussion of what is assessable by State Board and what by local authorities. (State ex rel. vs H. & St. J. Ry. Co., 135 Mo. 618; State ex rel. vs Wiggins, 208 Mo. 622.)

Statute professes to provide method for entire state for extending and collecting taxes on railroad property and applies to charter cities. (State ex rel. vs Railroad, 117 Mo. 1, cited with approval in St. Louis vs Klausmeier, 213 Mo. 119, l. c. 126; St. Louis vs Meyer, 185 Mo. 583, l. c. 598.)

Taxes against railroads are assessed by State Board of Equalization. (R. S. Mo. 1899, Sec. 9344, R. S. 1909, Sec. 11559.)

Street railroads are also assessable by State Board of Equalization. (R. S. Mo. 1899, Sections 9353, 9354, 9355, R. S. 1909, Secs. 11572, 11573, 11574.)

This applies to street railway company whose line or road is partly within city, and partly outside limits of city. (State ex rel. vs Met. Street Ry. Co., 161 Mo. 188.)

What assessment must contain. (State ex rel. vs Ry. Co. 101 Mo. 136, l. c. 144, 145.)

Judgment of State Board of Equalization is final under Missouri constitution and statutes. (State ex rel. vs Dockery et al., 191 U. S. 165, l. c. 170; State ex rel. vs Western Union Telegraph Co., 165 Mo. 502, l. c. 517.)

Taxes against railroads are levied by the County Court. (R. S. Mo. 1899, Sec. 9363, R. S. 1909, Sec. 11582.)

County Court only has power to levy these taxes for city purposes. (City of St. Joseph vs Railroad, 118 Mo. 671, l. c. 685.)

Tax may be levied only by County Court by order spread upon its records, otherwise collection of tax cannot be enforced. (City of Kansas vs Railway Co., 81 Mo. 285; St. Louis & S. F. Ry. Co., vs Apperson, 97 Mo. 300; State ex rel. vs Railroad, 135 Mo. 618.)

Assessment may be made at adjourned session of regular term. (State ex rel. vs Railway, 101 Mo. 136.)

Tax not invalid because levy is made after tax is due. (St. Louis & S. F. Ry. Co. vs Gracy, 126 Mo. 472.)

Ascertainment of rate and amount of levy by County Court is judicial act and rate cannot be changed by Circuit Court nor otherwise reviewed by it. (State ex rel. vs Ry., 149 Mo. 635.) See

State ex rel. vs Western Union Tel. Co., 165 Mo. 502.)

Each City or Town Council, Etc., is required to certify to the County Court a statement of assessments of property held for purposes other than those of carrier and the rate percent levied by the city on all property therein for municipal purposes for that year.

If this certificate is not made within time required, tax upon said property for such city cannot be levied. (State ex rel. vs Railroad, 135 Mo. 77.)

**Telegraph Companies.**—Franchises and property of telegraph companies are assessed by State Board of Equalization. (R. S. Mo. 1899, Chap. 149, Art. IX; Laws 1901, p. 232; R. S. 1909, Chap. 117, Art. XIII; R. S. 1909, Secs. 11551, 11552.)

Property of telegraph company within state is subject to state taxation like all other property. Fact that company is engaged in interstate commerce or that it is agent of government can afford no immunity from taxation of its property. (State ex rel. vs Western Union Telegraph Co., 165 Mo. 502, 1. c. 519.)

What may be taken into consideration in assessing telegraph company. (State ex rel. vs Western Union Tel. Co., 165 Mo. 502, 1. c. 511, 512.)

Fact that telegraph company is instrument of interstate commerce does not exempt its property in this state from taxation. (State ex rel. vs Wes-

tern Union Tel. Co., 165 Mo. 502, 1. c. 525, s. c. 190 U. S. 412.)

**Bridges** assessable by State Board of Equalization. (R. S. Mo. 1899, Chap. 149, Art. IX; Laws 1901, p. 232; R. S. 1909, Chap. 117, Art. XIII; R. S. 1909, Secs. 11551, 11552.) See note to telegraph companies.

How assessed. (State ex rel. vs Railroads, 196 Mo. 523.)

**Franchises of Express Companies** assessable by State Board of Equalization. (R. S. 1899, Chap. 149, Art. IX and XII; Laws of 1901, p. 232; R. S. 1909, Chap. 117, Art. XIII.)

**Telephone, Conduit, Water, Electric Light, Gas Companies** and all other similar corporations, owning, operating and managing public utilities and quasi public corporations possessing special and peculiar privileges and authorized by law to perform any public service, how taxed. (Laws 1901, p. 232; R. S. 1909, Secs. 11551, 11552.)

**Collection**—Taxes due city from railroads are due and payable to the County Collector. (R. S. 1899, Sec. 9368; R. S. 1909, Sec. 11587.)

Authority of city to sue in its own name for taxes assessed against railroads. (Kansas City vs Railroad, 81 Mo. 285; City of St. Joseph vs Railroad, 118 Mo. 671, 1. c. 685, 686.)

See R. S. Mo. 1899, Secs. 9373 and 9374, R. S. 1909, Secs. 11592 and 11593) requiring all suits to be prosecuted in name of State ex rel. Collector of County.

**Sec. 8. Every Property Owner to Deliver to Assessor Complete List of Property, Etc.—Assessor to Receive List, When—To Furnish Blanks.**—It shall be the duty of every person owning or having under his control any personal property subject to municipal taxation for any fiscal year to deliver to the City Assessor, at his office, on or before the fifteenth day of February next preceding such fiscal year, a true and complete list thereof, with the actual cash value of such property. On and after the first day of January the Assessor shall attend in person or by deputy at his office, on every week day up to and including the fifteenth day of February following, from the hour of eight o'clock in the forenoon until six o'clock in the afternoon, for the purpose of receiving the lists of property and statements of merchants and others by this Charter required to be delivered to him, and shall at all times keep on hand and furnish

to persons lawfully requiring the same, all necessary blanks and forms for lists and statements required by this Charter.

See note to next following section.

It is duty of curator to list property in his charge for assessment. Curator discharged in February should have given in list in preceding January and

retained sufficient to pay taxes. Failing in this he is personally liable for taxes. (Kansas City vs Simpson, 90 Mo. App. 50; State ex rel. vs Burr, 143 Mo. 209.)

**Sec. 9. Verification of Lists—Failing to Furnish List—Penalty.**—The Assessor and his deputies shall be authorized to administer oaths and affirmations, and may examine on oath any person touching the personal property for which he is liable to be assessed, or the value thereof, or the amount of goods, wares and merchandise owned or kept by him as a merchant; and may, by a notice delivered to any person or left at his residence, office or place of business, require such person within five days to deliver to him at the Assessor's office any list or statement necessary for the purpose of making the assessment, and to verify the same by affidavit; and any person failing or refusing to verify such list, when thereto requested by the Assessor, or to be examined, or answer on oath, regarding his property and merchandise, when thereto requested by the Assessor, or to deliver and verify such list and statement when notified by the Assessor so to do, shall forfeit to the city the sum of one hundred dollars, to be recovered in an action therefor in the name of the city, to be instituted under the direction of the Comptroller before the Municipal Court or any court of competent jurisdiction, and the Assessor shall assess such person according to the best information he can get.

Assessment lists, whether made by taxpayer or by assessor, are only memoranda for the personal use of assessor in making up assessment book. They are not evidence in suit for collection of taxes assessed. (State ex rel. vs Carr, 178 Mo. 229, 1. c. 238.)

The tax books are the primary evidence. (State ex rel. vs Birch, 186 Mo. 205, 1. c. 214.)

The assessor is not bound to the value fixed by tax payer in list furnished assessor. Law same in regard to both real and personal property. (State ex rel. vs Stamm, 165 Mo. 73)

Taxpayer cannot be heard to question validity of assessment if value is fixed by his agreement. (Kansas

City ex rel. vs Holmes, 127 Mo. App. 620; State ex rel. vs Stamm, 165 Mo. 73.)

One who makes out and signs assessment list furnished by assessor is not in position to complain that list did not specify property by classes but made lumping or total valuation. (City of Lexington ex rel. vs Bank, 165 Mo. 671.)

Failure of assessor to list various pieces and kinds of personal property assessed is mere irregularity. If tax payer refuses to list his property and assessor makes assessment in lump sum on best information and no appeal is taken he cannot complain in

action for collection of tax that assessment was not itemized. (State ex rel. vs Cummings, 151 Mo. 49.)

Difference between assessment for taxation and levying tax. (Kansas City vs Railroad, 81 Mo. 285.)

When right to assess for taxation without list signed by taxpayer at-

taches. (State ex rel. vs Cummings, 151 Mo. 49; State ex rel. vs Casey, 210 Mo. 235; State ex rel. vs Spencer, 114 Mo. 574.)

Validity of added assessment is not affected by failure to impose penalty. (State ex rel. vs Baker, 170 Mo. 383.)

**Sec. 10. Corporations and Companies—Assessment of Property of—Bank Stock—Lists and Assessment of—Lien—Failure to Furnish List—Penalty.**—The property of all corporations and companies within the city, except incorporated banks and such other corporations as are exempted by State law, shall be assessed and taxed as the property of individuals is assessed and taxed. All shares of stock in foreign corporations, or in corporations whose property is liable to municipal taxation, but the assessment of which is not otherwise provided for, shall be assessed to the holder of such shares. The stock of incorporated banks and other corporations taxable in the same manner as incorporated banks, whether organized under the laws of this State or of the United States, shall be assessed and taxed in the following manner: The president or other chief officer of any such bank or other corporation shall each year, within the time prescribed by law for listing personal property, under oath, deliver to the Assessor a list of all shares of stock held therein, and the names of the persons holding the same on the first day of January of each year, together with a list of all real estate belonging to such corporation and lying within the limits of the city (which said real estate shall be omitted by the Assessor from his assessment of taxable real estate), and shall also state the actual cash value of such stock; and such stock shall be taxed at its actual cash value to the owners thereof as other personal property is taxed, in one list by itself on the personal property tax book of the Assessor, in a column headed by the name of the corporation whose stock is thus assessed and taxed. The taxes assessed on shares of stock embraced in such list shall be paid by the corporations respectively as agents or shareholders, and shall be a lien upon such shares from the first day of January before the fiscal year for which the same are assessed, and these corporations may respectively recover from the owners of such shares the amount so paid, or deduct the same from the dividends accruing on such shares; and the amount so paid shall be a lien on such shares respectively from the date aforesaid, and shall be paid before a transfer thereof shall be made. If any president

or other chief officer of any such corporation fail to comply with the provisions of this section, he shall forfeit to the city the sum of one thousand dollars, to be recovered by the city as plaintiff in any court of competent jurisdiction, and the Assessor shall proceed to assess the stock of such corporation as nearly correct as he may be able to do.

**Manufacturing and Business Corporations.**—Property of manufacturing companies and all other corporations not otherwise provided for by law shall be assessed and taxed in their corporate names. (R. S. Mo. 1899, Sec. 9153, R. S. 1909, Sec. 11357.)

Shares of stock in manufacturing and business corporations not subject to taxation. It is the property of such corporations that is taxed. (State ex rel. vs Catron, 118 Mo. 280, l. c. 284; Valle vs Ziegler, 84 Mo. 214; Ogden vs St. Joseph, 90 Mo. 522.)

But if property of the corporation is without the jurisdiction of the city and cannot be taxed, city may tax the shares of stock owned by resident of city, and it makes no difference that the property of the corporation is located in another state and taxed there. (Ogden vs St. Joseph, 90 Mo. 522.)

Both the stock and personal property of business and manufacturing corporations could be taxed, if authorized by law, but the intent to tax both must be clearly declared. It is duplicate taxation. (Valle vs Ziegler, 84 Mo. 214; Ogden vs St. Joseph, 90 Mo. 522.)

What is discrimination in matter of taxation of corporations. (State ex rel. vs Western Union Telegraph Co., 165 Mo. 502.)

**Banks**—Persons owning shares of stock in banks shall not be required to deliver list to assessor but president or other chief officer shall, under oath, deliver to assessor list of all shares of stock held therein, face value thereof, the value of all real estate represented by shares of stock, etc., which shall be valued and assessed as other property at true value in money less value of real estate represented by stock. (R. S. Mo. 1899, Sec. 9153; R. S. 1909, Sec. 11357.)

Persons owning shares of stock in banks not required to list same, but president of bank required to deliver

such list with names of shareholders, to assessor. (State ex rel. vs Merchants Bank, 160 Mo. 640, l. c. 647; State ex rel. vs Bank of Neosho, 120 Mo. 161; Ogden vs St. Joseph, 90 Mo. 522; State ex rel. vs Catron, 118 Mo. 280; Springfield vs Bank, 87 Mo. 441; Bank vs Meredith, 44 Mo. 500; Lionberger vs Rowse, 43 Mo. 67; St. Louis Savings Ass'n vs Lightner, 42 Mo. 421.)

And failure of bank officer to furnish list to assessor affords no reason for making assessment or enforcing the tax against bank. (City of Springfield vs First National Bank, 87 Mo. 441.)

Assessment of personal taxes to be paid by a bank must be against stockholders in proportion to the value of their stock and not against bank as a corporation. (State ex rel. vs Shryack, 179 Mo. 424; State ex rel. vs Bank of Carterville, 180 Mo. 717; State ex rel. vs Miners' Bank of Joplin, 181 Mo. 1; State ex rel. vs Bank of Tipton, 196 Mo. 516.)

Such tax not a charge against bank, and is not payable by receiver of insolvent or dissolved bank corporation. (Relfe vs Columbia Insurance Co., 11 Mo. App. 374. But see State ex rel. vs Trust Co., 209 Mo. 472.)

Shares of stock in banks to be assessed at actual value. (State ex rel. vs Catron, 118 Mo. 280.)

County Board of Equalization has power to increase value of banks corporate stock above that returned by the cashier. (Ward vs Board of Equalization, 135 Mo. 309.)

Personal property of private or unincorporated banks taxable where bank is located, although banker resides elsewhere. (State ex rel. vs Rogers, 79 Mo. 283.)

They are required to make return of all moneys and valuables of any description invested in or used in their business, and same is taxed as other

personal property. (State ex rel. vs Bank of Neosho, 120 Mo. 161.)

Assessment against private bank is made in name by which bank is known and under which it does business. (City of Stansberry vs Jordan, 145 Mo. 371; State ex rel. vs Rogers, 79 Mo. 283.)

State has no power to authorize taxation of national banks except on shares of bank and real estate as provided by act of congress. (Carthage vs First National Bank of Carthage, 71 Mo. 508; State ex rel. vs Shryack, 179 Mo. 424, 1. c. 438.)

Capital stock of private bank invested in United States bonds, not taxable. (State ex rel. vs Rogers, 79 Mo. 283; St. Louis Association vs Lightner, 42 Mo. 421.)

Taxation of shares of stock, and of

property owned by corporation over and above its capital stock. (St. Louis Mut. Life Ins. Co. vs Charles, 47 Mo. 462.)

**Building and Loan Associations.**—Property of building and loan associations is excepted from taxation by state law providing for assessment and taxation of such corporations by assessing share holders on their shares and from them collecting tax. (R. S. 1899, 9154; R. S. 1909, Sec. 11358.)

Property of building and loan associations assessed or taxed in corporate name. (Kansas City vs Building & Loan Association, 145 Mo. 50.)

How assessed. (State ex rel. vs Stamm, 165 Mo. 73.)

**Insurance Companies** assessed in manner similar to banks. (R. S. Mo. 1899, Sec. 9153; R. S. 1909, Sec. 11357.)

**Sec. 11. Assessments of Realty—Tabulated Form—Description—Survey—City Engineer—Separate Assessment—Assessment For Years Omitted.**—The Assessor shall return on his assessment book of real property, in tabular form, each parcel of real estate subject to taxation, with the description and value thereof, in numerical order as to the lots and blocks or sections, or subdivisions thereof, and in a separate column the value attached by the Assessor to each parcel or description; but shall not be required to give the name of the owner of any land except as hereinafter specified. When any property is not laid off in lots or blocks, the Assessor shall describe the same by any pertinent description, and for the purpose of such description he may require the owner thereof to furnish such description. It shall be the duty of all owners of property not so laid off in lots or blocks to furnish to the Assessor a sufficient description thereof, and in case of the failure of any such owner to furnish such description at least fifteen days before the time fixed for the return of the assessment, the Assessor may require the City Engineer to make and return to him a survey of such property, and the expenses of such survey shall be returned by the Assessor, together with his assessment of the property, and shall be added to the tax to be levied upon the property and collected as a part thereof. The owner of any undivided interest in any parcel of land may furnish to the Assessor at any time before his assessment is returned a description of such parcel, with the amount of his interest therein, and the Assessor shall then assess such undivided inter-

est with the name of the owner thereof as a separate parcel; but unless such description and statement are so furnished, the Assessor shall not be required to make such separate assessment. The Assessor shall number each parcel of land assessed in the order of the same upon the assessment book. If the Assessor shall discover that any real or personal property subject to taxation for any previous year was not assessed, or for any cause has escaped taxation for such year, it shall be the duty of the Assessor, in addition to the assessment for the then ensuing year, to assess such property for the year or years in which the same was untaxed.

See note to Sec. 6, supra.

Accurate description of land is necessary to valid assessment of tax thereon. (State ex rel. vs Railway Co., 114 Mo. 1; State ex rel. vs Burrough, 174 Mo. 700; State ex rel. vs Linney, 192 Mo. 49.)

Separate and distinct parcels of land should be assessed separately unless whole is held as one parcel then it is mere informality. (Phelps vs Brumback, 107 Mo. App. 16; Yeaman vs Lepp 167 Mo. 61.)

Land must be assessed in name of owner. (Brown vs Hartford, 173 Mo. 183, 1. c. 189. But see Mathews vs City of Kansas, 80; Mo. 231, 1. c. 240.)

Who is owner. (Land & Lumber Co. vs Bippus, 200 Mo. 688; Stuart vs Ramsey, 196 Mo. 404.)

Double assessment, property assessed in name of true owner and a former owner. (Wood vs Smith, 193 Mo. 484.)

Assessment of property held in trust.

(State ex rel. vs Trust Co., 209 Mo. 472.)

Assessed value of real estate for city taxes cannot be greater than assessed value for state and county taxes, although building was constructed thereon between the time of the two assessments. (Center Building Company vs St. Joseph, 108 Mo. 304.)

Subsequently assessing tax against property that has escaped taxation for any year not unconstitutional. (State ex rel. vs Vogelsang, 183 Mo. 17.)

Back assessment of personal property should show on its face specific property omitted and unless it does so it is void. (Cape Girardeau vs Buehrmann, 148 Mo. 198.)

Property subject to, and which has escaped taxation through inadvertance of officer, is liable to taxation in hands of subsequent purchaser for the years it has so escaped. (Kansas City vs Railroad, 81 Mo. 285; State ex rel. vs Fullerton, 143 Mo. 682.)

**Sec. 12. Assessment—Indorsed and Verified by Assessor—Return to Common Council.**—Upon the completion of his assessment, the Assessor shall endorse upon each of his assessment books his certificate that he has made diligent efforts to ascertain all taxable property of the class or kind assessed in such books, for the fiscal year, being or situate in the city, and that so far as he has been able to ascertain, the same is correctly set forth in the book, which certificate shall be verified by his affidavit, and then return the assessment to the Common Council by delivering the same to the City Clerk at his office.

After he has completed assessment and turned over books to proper officer assessor has no authority to repossess himself of assessor's books and enter therein personal property

omitted from list furnished by taxpayer. He can only proceed at time and in manner pointed out by statute. (City of Hannibal ex rel. vs Bowman, 98 Mo. App. 103, 1. c. 108.)

**Sec. 13. Board of Appeals—Appeals and Complaints—Sessions—Time Of.**—The Mayor, the Comptroller, the Assessor, the President of the Upper House and the Speaker of the Lower House of the Common Council shall constitute a Board of Appeals for the hearing of appeals and complaints of any party aggrieved by the assessment as made by the Assessor. Said Board shall hold two sessions in each year, and a majority of the members shall constitute a quorum for the transaction of business. The first session shall be held for six consecutive days, beginning on the third Monday of March in each year, and the second session shall be held for six successive days, beginning on the first Monday in April of each year.

See note to Section 15.

**Sec. 14. Board of Appeals—Notice of Sessions—Assessment at Office of City Clerk.**—The City Clerk shall cause to be published, in at least one newspaper published in said city, and for at least five days before the day fixed by law for the first sitting of the Board of Appeals, a notice to all taxpayers of the city that the Board of Appeals will hold its annual session on the days prescribed by law, and stating the dates and the place where such Board will hold its sessions, and that in the meantime the assessment for the ensuing fiscal year will be open to the inspection of the public, at the office of the City Clerk.

journalment for sufficient time to publish correct notice. (Black vs McGonigle, 103 Mo. 192.)

Appearance before board is a waiver of notice. (State ex rel. vs Baker, 170 Mo. 383.)

Correcting mistake in notice. Ad-

See note to Art. III, Sec. 1, Cl. 4.

Taxes upon real property are hereby declared a perpetual lien thereon against all persons. The Treasurer shall continue to receive taxes after they have become delinquent and until sale.

The City Treasurer shall briefly note the apportionment on the tax book and apportion the total tax in like manner and shall file the certificate in his office.

The duplicate real estate receipt shall also state the tract number of all tracts of land included in this receipt. The original real estate or land tax receipt shall in addition set forth the assessed valuation and tax on each tract or parcel of real property paid for, and shall also show, under the heading of "Delinquent Taxes Unpaid," all taxes against the tract of land described therein remaining due and unpaid, as shown by the land tax book in the City Treasurer's office, giving simply the amount thereof and what year. If there are no taxes delinquent that fact should be noted by the Treasurer on said original receipt. The City Treasurer shall also note on the original land tax receipt whether or not there are unpaid special and park taxes on record in his office against the property described in said receipt. The City Treasurer shall immediately deliver all such receipts to the City Auditor, whose duty it shall be to countersign and deliver the original receipt to the payor and retain the duplicate, from which he shall from day to day make a permanent record and account, showing all the facts required to be stated in such duplicate receipt as aforesaid, so that such record shall show the amount collected by the City Treasurer each day, and the penalty or interest and costs, if any, on the same. The City Treasurer may, in his discretion, in any other case exercise the same power. When the City Treasurer distrains goods he shall keep them at the expense of the owner, and shall give notice of the time and place of the sale of the same within five days after the taking, in the manner constables are required to give notice of the sale of personal property taken under execution, and the time of sale shall not be more than twenty days from the day of taking. He shall enter upon the personal tax book a brief description of the property taken and the amount for which the same was sold. Any person or persons purchasing any share or shares of stock in any such corporation at such sale shall be entitled to have such share or shares so purchased entered upon the books of such corporation as the share or shares of such purchaser, and he shall be deemed in law and equity as the absolute owner of such share or shares. Nothing in this section shall be so construed as to prevent an action in the name of the city, before any court of competent jurisdiction, against such corporation, or any of the stockholders, to recover any tax, interest and costs remaining unpaid on any share or shares of stock of such corporation, on or after October first.

**Sec. 31. Taxes—Treasurer Selling Realty on Which Taxes Have Been Paid, or Tendered—Penalty, Damages, Costs and Attorney's Fees.**—If the City Treasurer or his deputy shall sell or assist in selling any real property on which the taxes for which the same is sold have been paid, or shall execute and deliver a deed for real property which has been redeemed in accordance with the provisions of this Charter or any ordinance of Kansas City, or for real property for which the amount required has been duly tendered him before the execution and delivery of the deed for same, the City Treasurer through whose negligence in the discharge of his official duties such injured party is damaged, and his bondsmen, shall be liable to such injured party to the amount of any judgment that may be rendered against him under the provisions of this Charter, in any action by or against such injured party, involving or in any manner calling in question the sale of such real property for taxes, or the title thereby conveyed or purporting to be conveyed to the purchaser at such tax sale, his heirs or assigns, in any court in this State, and for any and all amounts such injured party may be compelled to pay to redeem such real property so sold, together with the interest at the rate of one per cent a month on the amount such injured party pays on such judgment or to redeem such real property so sold from the time of such payment, and such injured party shall be entitled to recover reasonable attorneys' fees for prosecuting any action against such treasurer and his bondsmen, in case where such injured party recovers judgment.

**Sec. 32. Taxes—Sale of Realty—Certificate of Purchase—Form of—Assignment of—Recorded, When.**—The City Treasurer shall make out, sign and deliver to the purchaser of

any real property sold for the payment of taxes as herein provided a certificate of purchase, in substantially the following form:

"CITY TREASURER'S CERTIFICATE OF TAX SALE.

"I, ....., Treasurer of Kansas City, County of Jackson, State of Missouri, do hereby certify that the following described real property, viz:..... situate in Kansas City, Missouri, was on the ..... day of ..... A. D. ...., on surrender of this certificate.

"IN WITNESS WHEREOF, I have hereunto set my hand this .... day of ..... A. D. ....

".....

"*City Treasurer.*"

Such certificate of purchase shall be assignable, and an assignment thereof shall vest in the assignee all the right, title and interest of the original purchaser.

Every certificate of purchase shall be acknowledged and recorded in the same manner that deeds of real property are required to be acknowledged and recorded by the laws of this State, and any such certificate not recorded within six months shall be void.

See note to Section 40.

Giving certificate and having it recorded are necessary to validity of sale; without these acts subsequent execution and delivery of deed convey no title. (Davis vs Evans, 174 Mo. 307.)

The year upon the taxes for which sale is predicated must be correctly stated. (Bland vs Windsor, 137 Mo. 108, 1. c. 131.)

What is sufficient assignment. (Pitkin vs Reibel, 104 Mo. 505; Atkinson vs Butler Improvement Co., 125 Mo. 565.)

Where purchaser writes his name on back of certificate of purchase and delivers it to assignee he thereby authorizes assignee to write above his signature formal assignment if such be necessary. (Chrisman vs Hough, 146 Mo. 102.)

**Sec. 33. Taxes Paid By Purchaser—Receipts For—Special Taxes.**—The purchaser of any real property sold for taxes may pay subsequent taxes thereon, including penalties and costs, if any, and shall receive from the City Treasurer, or other officer to whom the same is paid, duplicate receipts therefor. In like manner he may pay any state or county tax, whether levied before or after the date of his certificate of purchase, together with any interest, penalties or costs thereon, and receive from the officer to whom the same is paid duplicate receipts therefor. In like manner such purchaser may pay any special tax or assessment tax bill, park tax, grading, condemnation or other special benefit levied against such tract by authority of this Charter, including interest, penalties and costs, if any.

It shall be the duty of the Auditor, upon the presentation to him of such duplicate receipts, or of any receipt or voucher showing the payment of any special tax or assessment, tax bill, park tax, grading, condemnation or other special benefit, to file the same in his office and enter a memorandum thereof upon the book of sales. He shall also endorse upon the certificate of purchase the amount of such city, state or county tax, special tax or assessment, tax bill, park tax, grading, condemnation or other special benefit, including interest, penalties and costs, if any. No state or county tax, special tax or assessment, tax bill, park tax, grading, condemnation, or other special benefit, shall be so paid or entered up unless the same be delinquent or be in default.

See Section 41, and note.

**Sec. 34. Redemption—Time For—Proceedings.**—Real property sold under the provisions of this article, including any real property bid off by the city, or any interest in such real property, may be redeemed by the owner, or his agent or attorney, at any time within five years from the first day on which the annual tax sale began, or at any time before the execution and delivery of the tax deed to the purchaser at the tax sale, his heirs or assigns, by the payment to the City Treasurer of the amount for which such real property was sold, together with interest thereon at the rate per cent bid per annum from the date of purchase, together with all other taxes, assessments or benefits subsequently paid by the purchaser, his heirs, or assigns, as authorized by this Charter whether state, county, park, municipal, general or special, together with interest thereon at the same rate from date of payment; *Provided, however,* That if redemption be

made within six months after the date of sale, the person redeeming shall be required to pay interest on said amounts for the full period of six months from the date of sale.

Right of mortgagee to redeem. (Davis vs Evans, 174 Mo. 307.)

**Sec. 35. Redemption—Auditor to Give Statement—Certificate—Countersigned.**—The City Auditor shall, upon application of any person wishing to redeem any real property sold for taxes under the provisions of this article or any ordinance of Kansas City, give to such person a statement setting forth the amount required to redeem each tract or parcel of real property described in such statement. Upon filing such statement with the City Treasurer and paying to such Treasurer the amount therein named, it shall be the duty of the City Treasurer to give such person duplicate certificates of redemption therefor, one of which shall be countersigned by and the other filed with the City Auditor, whose duty it shall be to make an entry opposite the tract or parcel of real property redeemed, on the proper book of sales in his office, showing the amount paid to redeem the same, the time when, and by whom such redemption was made, and he shall charge the City Treasurer with such amount. The City Treasurer shall make like entries in the land tax book in his office. No certificate of redemption shall be valid or received in evidence without being countersigned by the City Auditor as aforesaid.

Statement issued by auditor must include all taxes for the payment of which the property was sold. (State ex rel. vs Tufts, 108 Mo. 418.)

**Sec. 36. Redemption—Money Paid For—Disposition Of.**—All moneys received by the City Treasurer for the redemption of real property shall at once be paid into the city treasury to be paid out to the purchaser of such real property, his heirs or assigns, on the delivery of the certificate of purchase to the City Auditor, who shall file the same in his office and draw a warrant upon the City Treasurer in favor of the party entitled to such redemption money for the amount thereof. If no person entitled to such redemption money shall, within two years after the same is paid to the City Treasurer, appear and claim the same, all such moneys not so claimed shall be forfeited to the city and placed to the credit of the general fund.

**Sec. 37. Redemption—List of Property Published Before Expiration of Time—Cost.**—The City Treasurer, at least four months before the expiration of the time limited for redeeming real

property, as provided for in this article, shall cause to be published in the newspaper doing the city printing at the time, for at least twenty consecutive days, Sundays excepted, a list of all unredeemed real property, describing each tract or lot substantially the same as it was described in the land tax book, stating the amount of taxes, penalty, charges, interest and costs, calculated to the last day of redemption, due on each tract or lot, together with a notice that unless such property be redeemed on or before the day limited therefor, such real property will be conveyed to the purchaser, his heirs or assigns. The cost of such advertisement shall be charged to the party redeeming, or, if not redeemed, shall be charged to the person receiving the deed.

**Sec. 38. Redemption—Copy of Published, Filing Of—Defect in List.**—The City Treasurer shall obtain a copy of the advertisement required in the last section, together with the certificate of the due publication thereof, from the printer, publisher or manager of the newspaper in which the same shall have been published, and shall file the same in the office of the City Auditor; and such certificate shall be substantially in the form to be prescribed by ordinance of Kansas City; *Provided*, That no informality or defect in such advertisement, or any failure to make such advertisement or certificate, shall in any manner invalidate the sale made for taxes, or the deed made for any real property sold for taxes.

**Sec. 39. Redemption—Failure Of—Tax Deed to Purchaser—Record of Costs and Expenses.**—If any real property sold for taxes under the provisions of this article shall not be redeemed within five years from the day on which the annual tax sale began at which it was sold, it shall be the duty of the City Treasurer, on presentation to him of the certificate of purchase, to execute in the name of Kansas City, under his hand and the seal of Kansas City, to the purchaser, his heirs or assigns, a deed of the real property described in such certificate of purchase, remaining unredeemed, as shown by the records of his office, and shall acknowledge such deed and deliver the same to the grantee, which deed shall vest in the grantee an absolute estate in fee simple in the real property described therein, and shall convey all the right, title and estate of the former owner or owners, free from any and all incumbrances of whatsoever kind or nature, subject, however, to all unpaid state, county and city taxes, general and special taxes or assessments which are a lien

thereon. The deed executed under this article shall be called a tax deed, and shall be acknowledged and recorded in the same manner that other deeds and conveyances of real property are required to be acknowledged and recorded by the laws of the State; *Provided*, That unless such tax deed shall be filed for record in the office of the Recorder of Deeds at Kansas City within twenty days after delivery of the same to the purchaser, his heirs or assigns, it shall be void. The City Treasurer shall collect from the grantee in such deed a fee of one dollar, which fee shall include the cost of acknowledgment of the same. Any number of parcels or lots of real property bought by the same person may be included in one deed, if so required by the purchaser; *Provided, however*, That the City Treasurer shall collect an additional fee of ten cents for each parcel of real property included in such tax deed exceeding one in number. All fees collected by the City Treasurer under this section, less costs of acknowledgment, shall be paid by him into the city treasury to the credit of the general fund.

**Sec. 40. Tax Deeds—Form Of—How Executed—Prima Facie Evidence of What.**—Tax deeds executed by the City Treasurer shall be substantially in the following form:

“KNOW ALL MEN BY THESE PRESENTS, That, whereas the following described real property, viz.: . . . . . situated in Kansas City, in the County of Jackson and State of Missouri, was subject to taxation for the year (or years) A. D. . . . .; and whereas, the taxes assessed upon said real property for the year (or years) aforesaid remained due and unpaid at the date of the sale hereinafter mentioned; and whereas, the City Treasurer of said Kansas City did, on the . . . . . day of . . . . ., A. Dollars and . . . . . Cents, being the whole amount of taxes,

penalty and costs then due and remaining unpaid on said real property for (here insert a description of the property sold, describing each tract or parcel separately), and payment of said sum having been by him made to said City Treasurer, the said property was stricken off to him at that price; and whereas, the said A..... B..... did, on the ..... day of ..... A. D. ...., duly assign the certificate of purchase of the property as aforesaid, and all his rights, title and interest to said real property, to E..... F....., of the County of ..... and State of .....; and whereas, five years have elapsed since the first day on which the annual tax sale began and the said property has not been redeemed therefrom as provided by law; and whereas, the City Treasurer of Kansas City aforesaid did, at least four months before the expiration of the time limited for redeeming said real property, publish a notice as required by law in such case made and provided, that unless said real property was redeemed on or before the day limited therefor, it would be conveyed to the purchaser or his heirs or assigns:

“Now, THEREFORE, I, ....., City Treasurer of Kansas City, County and State aforesaid, for and in consideration of ..... Dollars and ..... Cents, taxes, penalty and costs due on said real property for the year (or years) ..... to the City Treasurer of said Kansas City paid as aforesaid, and by virtue of law in such case made and provided, have granted, bargained and sold, and by these presents do grant, bargain and sell unto the said A..... B..... (or E..... F.....), his heirs and assigns, the real property last hereinbefore described, to have and to hold unto him, the said A..... B..... (or E..... “IN WITNESS WHEREOF, I, ..... City Treasurer of Kansas City, as aforesaid, have hereunto subscribed my name and affixed the corporate seal of Kansas City, this ..... day of ....., A. D. ....

“(Seal)

“.....  
City Treasurer of Kansas City.”

Said deed shall be signed by the City Treasurer in his official capacity, with the seal of the City affixed, and acknowledged by him before some officer authorized to take acknowledgment of deeds.

and when substantially thus executed and recorded shall be *prima facie* evidence in all courts of the State, in all controversies and suits in relation to the rights of the grantee in said deed, his heirs or assigns, to the real property thereby conveyed or purporting to be conveyed, that the taxes were not paid at any time before the sale; that the real property conveyed was subject to taxation for the year or years stated in the deed; that the real property conveyed had not been redeemed from the sale at the date of the deed; that tender of redemption money had not been made to the City Treasurer before the execution and delivery of the deed; that the real property conveyed had been duly assessed for the year or years named in the deed; that the taxes were levied according to law; that the real property conveyed was duly advertised for sale; that the real property was duly sold for taxes as stated in the deed; that the manner in which the assessment, levy, notice and sale were conducted was, in all respects, regular and as the law directed; that the grantee named in the deed was the purchaser, or that the certificate of purchase had been duly assigned to the grantee; that all the prerequisites of the law and ordinances of Kansas City were complied with by all the officers who had or whose duty it was to have had any part or action in any transaction relating to or affecting the title conveyed or purporting to be conveyed, from the assessment of the real property up to the execution of the deed, both inclusive; and that all things whatsoever required by law to make a good and valid sale and to vest the title in the purchaser were done.

When tax deed or records of same are shown to have been destroyed by fire secondary evidence of their contents admissible. (*Kries vs Land & Lumber Co.*, 121 Mo. App. 184.)

The year upon the taxes for which sale is predicated must be correctly stated. (*Bland vs Windsor*, 187 Mo. 108, 1. c. 131.)

Deed is void unless acknowledged; (*Graton vs Land & Lumber Company*, 139 Mo. 322.)

Does not require that tax deed shall be a literal copy of the form, but that it shall substantially comply with it. (*Skinner vs Williams*, 85 Mo. 489; *Sullivan vs Donnell*, 90 Mo. 278; *Pitkin vs Reibel*, 104 Mo. 505; *Gregg vs Jesberg*, 113 Mo. 34.)

Omission of recital that sale was "publicly" held is substantial defect. (*Bingham vs Birmingham*, 103 Mo.

345; *Sullivan vs Donnell*, 90 Mo. 278.)

Omission of words "for the payment of taxes, interest and costs then due and unpaid on said real property," is fatal defect in deed. (*Hopkins vs Scott*, 86 Mo. 140.)

Necessity of recital that sale was continued from day to day. (*Gregg vs Jesberg*, 113 Mo. 34.) See Section 26.

Tax deed must show separate sale of each tract. (*Allen vs Buckley*, 94 Mo. 158; *Smith vs Williams Cooperage Co.*, 100 Mo. App. 153.)

Tax deed may contain different tracts in different places if all have been bought at same sale. (*Allen vs White*, 98 Mo. 55.)

Contradicting recitals in deed by official records. (*Kinney vs Forsythe*, 96 Mo. 414.)

Sufficiency of description. (*Roth vs Gabbert*, 123 Mo. 21; *State ex rel.*

vs Railroad, 114 Mo. 1; State ex rel. vs Burrough, 174 Mo. 700.)

No presumptions, in absence of statutory regulations, are indulged in favor of tax proceedings or tax deeds. (Corn vs Cameron, 19 Mo. App. 573; Gregg vs Jesberg, 113 Mo. 34, and cases cited, 40; Kries vs Land & Lumber Co., 121 Mo. App. 184, and

cases cited, 191; See State ex rel. vs Bank of Neosho, 120 Mo. 161.)

See note to Section 43; Davis vs Evans, 174 Mo. 307; Bland vs Windsor, 187 Mo. 108.

Tax deed can not be made conclusive evidence of recitals contained in it. (Abbott vs Lindenbower, 42 Mo. 162.)

**Sec. 41. Tax Deeds—To Defeat, What Must Be Proved—If Defeated, Payment to Grantee—Judgment.**—In any suit or proceeding involving or in any manner calling in question the title or right of the grantee in a tax deed, or those claiming under lien of, to or in the real property conveyed or purporting to be conveyed by such tax deed, executed substantially as provided in the preceding section, the person claiming title adverse to the title conveyed or purporting to be conveyed by such tax deed shall be required to prove in order to defeat said tax deed, either that the taxes, interest and costs were paid before the sale; that the real property therein described was not subject to taxation for the year or years stated in the deed; that the real property therein described had been redeemed from the sale at the date of the deed or the tender of the redemption money had been made to the City Treasurer before the execution and delivery of the deed, in accordance with the provisions of this article; and that such redemption was had or attempted to be had for the use and benefit of the person having the right of redemption under this article; and if any person claiming title under a tax deed, executed substantially as provided for in the preceding section, shall be defeated in any suit or proceeding by or against him for the recovery of the real property conveyed or purporting to be conveyed by such tax deed, the successful claimant shall be adjudged to pay such person claiming under such tax deed the full amount of all money paid by the purchaser at the tax sale of such real property, together with interest at the rate per cent per annum bid by the purchaser at the tax sale; and also the amount of all taxes, assessments and benefits, state, county, park, municipal, general or special, paid by the purchaser, his heirs or assigns, after the date of the certificate of purchase, and entered on the book of sales, with the same rate of interest per annum, together with the costs of tax deed and fees for recording the same, also the total costs of all improvements made thereon, and all costs in the case, which judgment shall be a lien upon the real property in controversy and shall bear

interest at the same rate per annum, and may be enforced by execution as in other cases of judgments and decrees of such court against the land in controversy.

Suit brought against private owners of real estate under provisions of City Charter to recover taxes, etc., paid out under void city tax deed, does not involve title to real estate nor construction of revenue laws of state so as to give Supreme Court jurisdiction over appeal. (*Russell vs Woerner*, 207 Mo. 653.)

May recover taxes and assessments paid, though tax deed may be substantially defective. (*Bingham vs Birmingham*, 103 Mo. 345; *Allen vs Buckley*, 94 Mo. 158; *Pitkin vs Reibel*, 104 Mo. 505; *Gregg vs Jesberg*, 113 Mo. 34; *Pitkin vs Shacklett*, 106 Mo.

571; *Pitkin vs Miller*, 106 Mo. 577; *Phelps vs Brumback*, 107 Mo. App. 16.)

To maintain action for taxes purchaser at tax sale must have deed substantially in accordance with Charter provisions and must have been defeated in suit or proceeding for recovery of property and unless that prerequisite concur he cannot maintain a personal action against owner. Dismissal of an ejectment suit is insufficient. Owner of property is necessary party otherwise no defeat and no successful claimant. (*Russell vs Woerner*, 131 Mo App. 253.)

**Sec. 42. Tax Deeds—Recorded—Force Of—Possession—Received in Evidence.**—Any person putting on record a tax deed, executed substantially as provided for in this Article, shall be deemed to have set up such a title to the real property described in such deed as will enable the party claiming to own such real property to maintain an action for the recovery of the possession thereof against any person claiming under the tax deed, whether such person is in actual possession of the land or not, and such tax deed shall be received in evidence without further evidence to sustain such conveyance or the title thereby acquired.

This section applies only where the land is vacant. (*Callahan vs Davis*, 90 Mo. 78, s. c. 103 Mo. 444.)

The remedy herein is not exclusive, and one who actually occupies the land may bring suit to quiet title against claimant under tax title. (*Apperson vs Allen*, 42 Mo. App. 537. See *Northcutt vs Eager*, 132 Mo. 265.)

One claiming under tax sale has constructive possession so as to maintain action of trespass for cutting timber. (*Kries vs Land & Lumber Co.*, 121 Mo. App. 184; See note to next section.)

**Sec. 43. Tax Deeds—Action Against Grantee—Limitation.**

Any suit or proceeding by or against the purchaser at a tax sale, his heirs or assigns, for the recovery of the real property, or any interest therein, sold for taxes, or any suit or proceeding to defeat or avoid a sale or conveyance of real property sold for taxes under

the provisions of this Article, shall be commenced within three years from the time of recording the tax deed, and not thereafter.

Three years limitation valid. (*Bird vs Sellers*, 122 Mo. 23; s. c. 113 Mo. 580; *Hill vs Atterbury*, 88 Mo. 114; *Chrisman vs Hough*, 146 Mo. 102), and begins to run in favor of tax deed not void in its face, from the time it is recorded. (*Skinner vs Williams*, 85 Mo. 489.)

This limitation has no application except where tax deed is valid upon its face. (*Hopkins vs Scott*, 86 Mo.

140; *Mason vs Crowder*, 85 Mo. 526; *Skinner vs Williams*, 85 Mo. 489; *Pitkin vs Reibel*, 104 Mo. 505; *Kinney vs Forsythe*, 96 Mo. 414; *Blodgett vs Schaffer*, 94 Mo. 652; *Callahan vs Davis*, 90 Mo. 78; *Callahan vs Davis*, 125 Mo. 27; *Wilson vs. Purl*, 133 Mo. 367; *Smith vs Williams Cooperative Co.*, 100 Mo. App. 153, l. c. 153 and cases cited.)

**Sec. 44. Redemption After Delivery of Deed—Equitable Action—Prerequisite.**—Any person entitled to redeem real property sold for taxes under the provisions of this Article, after the execution and delivery of the deed for the same, shall redeem the same by an equitable action, in which all persons claiming an interest in the land desired to be redeemed from the tax sale as shown by the records shall be made defendants, and the court shall determine the rights, claims and interests of the several parties, including all liens for taxes and special assessments, interest and costs as provided in this Article, and claims for improvements made on the real property by any person or persons claiming under the tax title; *Provided*, that any person seeking to redeem shall, before he shall be permitted to commence or prosecute his action, deposit with the Clerk of the Court in which the action or proceeding is commenced an amount sufficient to pay the party claiming under the tax deed the amount paid at the tax sale for the real property in controversy, also the amount or amounts of all taxes, state, county or municipal, general or special, paid by the purchaser at the tax sale, or those claiming under or through him, after the date of the certificate of purchase, with penalty added as provided in this Article, and interest on all said amounts at the rate of twelve per cent per annum from the date or dates of such payments.

**Sec. 45. Tax Deeds—Failure of Purchaser to Obtain—Time—Certificate Void—Title Cleared.**—Unless the holders or owners of certificates of purchase for real estate purchased at any tax sale under this Article take out deed or deeds, as permitted or contemplated by this Article, within two years from and after the time for redemption expires, the said certificates or deeds and the sales on which they are based shall, from and after the expiration of

such two years, be absolutely null, and shall constitute no basis of title, and shall cease to be a cloud on the title to the real estate to which such certificates refer.

**Sec. 46. Tax Sale—Valid and Invalid Taxes—Supported By Valid Tax.**—No certificate of purchase or tax deed issued by authority of this charter shall be defeated or annulled by proof that part only of the taxes, assessments or benefits included in such certificate of purchase or tax deed are invalid or irregular, but such certificate of purchase or tax deed shall be binding and effective as to the valid taxes, assessments or benefits included therein, and no further; and in any redemption or proceeding permitted by this charter the amount of invalid taxes, assessments or benefits may be deducted from the amount necessary to redeem.

When part of tax is legal, and part illegal, legal part will be sustained if capable of being distinguished. ( <i>Morrison vs Railway Co.</i> , 96 Mo. 602; but	if the legal cannot be separated from the illegal, the whole is bad. ( <i>Corn vs Cameron</i> , 19 Mo. App. 573, 583.)
-----------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------

**Sec. 47. Abatement of Tax—Comptroller Shall Make Record.**—The Comptroller may, at any time prior to the sale of any lot or tract of land for delinquent taxes, or suit brought for personal tax, abate any particular tax because the same has been paid, or for mistake in entering it against the wrong lot or tract, or in case of any personal tax against the wrong person, and correct any mistake in computing or extending any tax so entered. He shall in each case make a permanent record of his action in making such abatements and corrections, and shall at once certify the same to the proper custodian of the books, who shall at once note such action on the proper land tax book and other proper records of the city, in such a way as to show clearly what has been done, and when, but without erasing or altering the prior entries of taxes on the book or record.

**Sec 48. Taxes—Suit to Collect in Addition to Other Remedies—Statement—Judgment.**—In addition to any and all remedies by sale or otherwise, provided in this charter, the city shall have the power to enforce the collection of delinquent taxes, with all interest, costs and penalties thereon, by suit brought in the name of Kansas City in any court of competent jurisdiction. In suits for the collection of taxes on personal property, and in suits to collect the taxes on the property of railroads and other public service cor-

porations, it shall be sufficient to state the amount of tax, interest, costs and penalty claimed, the year or years for which it was levied, the owner or person liable, and that the tax has not been paid, and in such suits a personal judgment may be rendered against the person or corporation whose property has been taxed.

Holder of void tax deed is under no obligation to pay tax. (*Barber Asphalt Paving Co. vs Kiene*, 99 Mo. App. 528.)

No lien on personal property for taxes, but they constitute a preferred claim. (*State to use vs Rowse*, 49 Mo. 592; *State vs Harper*, 58 Mo. 530; *Greeley vs Bank*, 98 Mo. 458; *State ex rel. vs Tittman*, 103 Mo. 553; *State ex rel. vs Trust Co.*, 209 Mo. 472.)

Personal property cannot be taken to pay special tax for improvement of real estate. (*Higgins vs Ausmuss*, 77 Mo. 351; *Barber Asphalt Paving Co. vs St. Joseph* 183 Mo. 451, l. c. 456, and cases cited.)

Collection of personal tax will not be enjoined upon ground that law authorizing it is unconstitutional. (*State ex rel. vs Wood*, 155 Mo. 425.)

If city has authority to impose and collect taxes, its motives are irrelevant and immaterial, and it is not liable in suit for malicious prosecution. (*Brown vs Cape Girardeau*, 90 Mo. 377.)

Part only of tax illegal, when collectible. (*Morrison vs Railroad*, 96 Mo. 602; *Corn vs Cameron*, 19 Mo. App. 573, 583; *Black vs Early*, 208 Mo. 281.)

Tax books sufficient authority for levy on property. (*Higgins vs Ausmuss*, 77 Mo. 351.)

**Sec. 49. Taxes—Suit to Recover on Specific Property—Parties to Suit—Effect of Judgment—City May Purchase.**—In suits for the collection of taxes which are a lien upon any specific property except as in the preceding section provided for, no personal judgment shall be rendered, but the judgment shall be that the amount found due shall be levied on the real estate or property upon which the tax is a lien, which judgment shall have priority over all other liens and incumbrances, as to all parties to such suit. Judgments for taxes shall bear the same rate of interest as did the tax sued on, and a sale under execution thereon shall be free from any redemption. The city may purchase such property at execution sale and take deed to itself and acquire the same title as any other purchaser.

All persons having an interest in the land at commencement of suit should be made defendants. (*Kansas City vs Railroad*, 77 Mo. 180; *Simonson vs Dolan*, 114 Mo. 176; *Wood vs Smith*, 193 Mo. 484, and cases cited, 489, 490.)

To what extent action in rem. (*Jalcks vs Sullivan*, 128 Mo. 177; *Land & Lumber Co. vs Bippus*, 200 Mo. 688.)

**Sec. 50. Suit for Taxes—More Than One Year's Taxes in One Suit—Undivided Interest—Joint and Several—Judgment.** When the taxes for more than one year are due the city upon any

parcel of property, they may all be included in one suit, and when taxes on more than one parcel of land owned by the same person or persons are due, all such parcels may be included in one suit. Owners of undivided interests may be sued jointly or severally, and each, together with his interests, charged with the proper portion of the tax, though such tax may have been assessed as a whole. When any parcel of land has been included in the assessment in a larger parcel or tract, such smaller parcel shall be charged with its fair and just proportion of the tax, which shall be determined by the court. The owners of the whole of the larger parcel may be made defendants, and each parcel charged with a proper share of the tax or the owners of any one or more of the smaller parcels may be sued separately. In all such cases, the several taxes and parcels of land may be set out in one cause of action, and judgment entered against each parcel for the tax, interest, costs and penalties found due thereon.

**Sec. 51. Suit For Taxes—Courts Having Jurisdiction—Judgments—Transcripts—Executions.**—The municipal court of Kansas City shall have jurisdiction in all cases for the collection of taxes due the city when the amount does not exceed the sum of three hundred dollars. Defendants shall be served with summons, and the judgment shall be as hereinbefore prescribed. In case of a judgment for delinquent taxes upon real property no execution shall be issued by the municipal court, but upon filing a transcript of such judgment in the office of the Clerk of the Circuit Court of Jackson County, at Kansas City, such Clerk shall record the same in the book kept for recording transcripts of judgment before Justices of the Peace, and shall also enter such judgment on the judgment docket of such court, and execution shall issue thereon in conformity with such transcript of judgment. In the case of judgments for personal taxes, execution may be issued by the municipal court and the same may be enforced in the same manner as judgments of Justices of the Peace. In such suits all process and executions shall be directed to, served and returned by any police officer of Kansas City or any constable of Jackson County.

**Sec. 52. Suit For Taxes—Procedure.**—The proceedings in such suits for the collection of taxes shall, in all respects not herein provided for, conform as near as may be to the practice and procedure in civil cases, including the sale under execution and making deed to purchaser.

**Sec. 53. Tax Books and Records—Evidence—Copy Of—**

The tax book and all other books and papers made or kept by the Auditor, Treasurer, Assessor or other officer of the city, in any manner relating to any tax, shall be received in all courts as evidence of all the facts stated therein, and of the validity of the tax, costs, interest and penalty therein appearing, and a copy of so much of any of the aforesaid books and papers as relates to the tax in question, certified to by the Auditor or any other officer of said city having the same in charge, shall be received in evidence in like manner and with like effect.

Assessment lists, whether made by taxpayer or by assessor, are only memoranda for the personal use of assessor in making up assessment book. They are not evidence in suit for collection of taxes. (State ex rel. vs Carr, 178 Mo. 229.)

The tax books are the primary evi-

dence. State ex rel. vs Birch, 186 Mo. 205, l. c. 214.)

Abbreviations are sufficient. "Ex" for except, "a" for acres and "Cor." for corner sufficient in assessment, being in every day use and well understood. (State ex rel. vs Vaile, 122 Mo. 33.)

**Sec. 54. Attorney's Fees—Judgment—Costs.—**

An attorney's fee of ten per centum on the amount of the judgment shall be taxed up as costs in every proceeding for the collection of delinquent taxes under this Article. Such amount of ten per centum shall be taxed and collected as other costs in the case; *provided*, that no such fee shall be paid until the judgment and other costs in the case are paid.

Attorney's fee of ten per cent, legal. (Kansas City vs Johnson, 78 Mo. 661.)

But an ordinance providing for an

unreasonable attorney's fee would be void. (Cape Girardeau vs Riley, 72 Mo. 220.)

Sec. 1. Taking or Damaging Private Property for Public Use—Compensation—How Ascertained.—Whenever the city shall, by ordinance, provide for establishing, constructing and maintaining for public use any viaduct or bridge or any approach thereof, or right-of-way therefor, or any tunnel, cut or subway and approaches, or right-of-way therefor or for establishing, opening, widening, extending or altering for public use any street, avenue, alley, levee, wharf, market place, public square, site or lands for hospital, fire department, building, public museum or gallery of art, police station, water department, workhouse, morgue, sewage or garbage reduction plant, route for sewer of any kind, water or gas mains or for altering the channel of any water-course, or for the right to use any stream or right-of-way for drainage purposes, or for the vacating of any street, or whenever any private property is taken or damaged for any other public purpose whatsoever, and not herein specifically enumerated, and it becomes necessary to take or damage any private property for such public use, just compensation shall be paid to the owner or owners of such private property taken or damaged which shall be ascertained and assessed by a jury of six disinterested freeholders of the city by proceedings prescribed by ordinance, and as in this Charter provided, or as otherwise provided by law.

Proceedings, Where Conducted—Process—Record.—Unless otherwise specified by ordinance, and except as elsewhere in this Charter prescribed, such proceedings shall be conducted in the Municipal Court of the city which shall, while in the discharge of such duty, have and exercise the powers of the circuit court for the preservation of order and enforcing process issued in the course of the proceedings, and may summon and compel by attachment, or otherwise, the attendance of witnesses and jurors, and fine and commit any person guilty of misdemeanor or contempt, and the judge of such court shall pass on the competency of evidence,

and instruct the jury on questions of law arising. The Clerk of such court shall issue process and record orders made by said court.

Power to condemn for sewer right of way. (South Highland Land & Improvement Co. vs Kansas City, 172 Mo. 523, l. c. 535.)

How streets are dedicated and established. See Art. III, Sec. 1, Cl. 11.

Vacation of streets. See Art. IX., Sec. 9, and note, Art. III, Sec. 1, Cl. 11, note.

Power of city to condemn land for parks, boulevards, etc. see Art. XIII, Sec. 5 and note, also Section 7 and note.

Right of eminent domain is conferred by state, through its constitution, on cities of 100,000 inhabitants.

Special charter supersedes general statutes where two conflict as to mere municipal regulation, and condemnation proceeding to acquire lands for streets, parks, water works, sewers and the like clearly fall within municipal regulation. (Kansas City vs Marsh Oil Co., 140 Mo. 458; Fruin-Bambrick Construction Co. vs St. Louis Shovel Co., 211 Mo. 524, l. c. 533; Brunn vs Kansas City, 216 Mo. 108.)

Power and authority to condemn property rests with municipal authority and property cannot be condemned or public streets opened at instance of any particular individual. (Kansas City vs Railroad, 189 Mo. 245, l. c. 256.)

City cannot condemn private property for a private use. City cannot create a street in name of public for purpose of vacating it in interest of individual. (Kansas City vs Hyde, 196 Mo. 498; Deschner vs St. L. & M. R. R. Co., 200 Mo. 310, l. c. 330; Riggs vs Met. Street Ry. Co. 216 Mo. 304.)

Public use defined. (American Telephone & Telegraph Co. vs Railroad Co., 202 Mo. 656, l. c. 680.)

Necessity and expediency of condemnation of land is determined by city. Whether such taking is for a public use, is a judicial question. (Cape Girardeau vs Houck, 129 Mo. 607; Kansas City vs Baird, 98 Mo. 215; Kansas City vs Hyde, 196 Mo. 498; Prior vs Construction Co., 170

Mo. 439; American Telephone & Telegraph Co. vs Railroad, 202 Mo. 656.)

Existence of power to take property may be controverted at any stage of proceedings. (City of Hopkins vs Railroad, 79 Mo. 98.)

Additional servitude. Elevated railway. (De Geoffroy vs Merchant's Bridge & Terminal Co., 179 Mo. 698.)

Whether city has already acquired property sought to be condemned is triable in such proceedings only, and not in suit to enforce tax bills or enjoin their collection. (Buddecke vs Ziegenhein, 122 Mo. 239; Michael vs St. Louis, 112 Mo. 610; Eyssell vs St. Louis, 168 Mo. 607, l. c. 616, St. Louis vs Annex Realty Co., 175 Mo. 63.)

Property condemned for one public use cannot be appropriated to different use. (Price vs Thompson, 48 Mo. 361; Sugar Refining Co. vs Elevator Co., 82 Mo. 121; Board of Regents vs Painter, 102 Mo. 464; State ex rel. vs Longfellow, 169 Mo. 109.)

Definition of the word "property." (St. Louis vs Hill, 116 Mo. 527; Carpenter vs Reliance Realty Co., 103 Mo. App. 480; Carter vs Bolster, 122 Mo. App. 135, l. c. 141.)

What is taking property. (Tegeler vs Kansas City, 95 Mo. App. 162.)

Cannot establish a building line on a boulevard without compensation to property owners. (St. Louis vs Hill, 116 Mo. 527; St. Louis vs Dorr, 145 Mo. 466, l. c. 485.)

Permitting dirt, in grading street under contract, to roll down upon premises of adjoining proprietor, is a taking of private property. (Broadwell vs Kansas City, 75 Mo. 213.)

May condemn or establish street across railroad tracks, and Council is the proper judge of the necessity thereof. (Hannibal vs Railroad, 49 Mo. 480; Kansas City vs Mastin, 169 Mo. 80.)

As the individual holds his property subject to the right of eminent domain so does the corporation. (American Telephone & Telegraph Co. vs Railroad, 202 Mo. 656.)

Dedication for street on condition that extension thereof be dedicated by owners and no benefits assessed

against dedicators cannot be accepted by city and condemnation proceedings taken for such extension. (St. Louis vs Meier, 77 Mo. 13.)

But where proposed extension of street would end in *cul de sac*, it may be shown that a like proceeding is pending to establish another street to connect with the proposed extension and court may withhold judgment in one case until judgments are rendered in both. (Kansas City vs Hyde, 196 Mo. 498.)

City takes property of citizen under power of eminent domain. It raises money to make compensation therefor under power of taxation. While under Charter but one proceeding is provided for accomplishment of both objects yet they are distinct in char-

acter. (St. Louis vs Buss, 159 Mo. 9, l. c. 12.)

When land is taken by condemnation, the title passes by mere operation of law. (Tamm vs Kellogg, 49 Mo. 118.)

Power of Mayor and Council to establish boulevard not abrogated by park amendment to Charter, now Art XII, Sec. 5. (Kansas City vs Smart, 128 Mo. 272.)

Mayor under former Charter and Municipal Court under present Charter, has same power as Circuit Court for conducting these proceedings and the same presumptions are indulged in favor of correctness of his actions. (Kansas City vs Smart, 128 Mo. 272; Leonard vs Sparks 117 Mo. 103, l. c. 108.)

**Sec. 2. Description of Property Taken or Damaged—Benefit Limits—Plat, Description and Names—Date Fixed for Empanelling Jury.**—When any ordinance shall provide for taking or damaging private property for any public use specified in the preceding section, the city shall by ordinance describe the private property to be taken or damaged, and if the same is to be paid for wholly or in part by special assessments, shall prescribe the limits within which private property shall be deemed benefited by the proposed improvement, and be assessed and charged to pay compensation therefor; and thereupon the City Engineer or one of his assistants shall make out and deliver to the Clerk of the Municipal Court a statement by plat, map or otherwise, containing a correct description of the several lots or parcels of private property to be taken or damaged, with the respective names of the owners and parties interested therein so far as known, who may be such at the time said ordinance takes effect. Said court shall thereupon, by order, appoint a day and place for empaneling a jury to ascertain the compensation for the property to be taken or damaged and to make assessments to pay for the same, which order shall recite the number and title of said ordinance with the date when it took effect, and contain a description of the property proposed to be taken or damaged as contained in said ordinance and also a description of the property contained in the benefit district as described in said ordinance, and naming the day and place fixed by said court for impaneling a jury to ascertain the compensation for the property to be taken or dam-

aged and to make assessments to pay for the same, which order shall be directed to all persons whom it may concern, without naming them.

**Notice, Publication of—Personal Service of—Parties.**—A copy of such order shall be published in a newspaper at the time doing the city printing, for four successive weeks, the last insertion to be not more than one week prior to the day set for said hearing. The parties owning or having an interest in the real estate proposed to be taken or damaged shall be served with a copy of said order, either by delivering to each of such owners or parties interested, at any time before the day fixed therein for the hearing, a copy of the order or by leaving such copy at their usual place of abode with some member of their respective families over the age of fifteen years, and in case of corporations, by delivering a copy to the president, secretary or some managing officer thereof, or to any agent of such corporation in charge of any office or place of business of such corporation in Jackson County, Missouri.

**Parties Not Served, Alias Order Issued.**—If service of such notice cannot be made on any or all of such parties as above described, within said city, the return on such notice shall so state, and thereupon an alias order specifying a different date may be made by said court, if deemed advisable, notifying such unserved parties of the facts as in case of the original notice above provided. Said cause may be continued or postponed from time to time. It shall not be required in any case to bring in any person other than the owners of the property or those interested therein who were such at the time of the taking effect of such ordinance; and the parties claiming or holding through or under such owners or parties interested, or any of them, shall be bound by the proceedings as fully as if they were brought in; but any person having an interest in the real estate to be affected by the proceedings may, upon application and entering their appearance, be made parties thereto; but no notice of said proceedings shall, in any case, be necessary to the validity thereof, except the publication of the order as herein provided. Notice so given by publication shall be sufficient to authorize the court to hear and determine the cause and to make any finding or order or render any judgment therein as fully as though all the parties interested at the time of the taking effect of such ordinance, or at any time thereafter, had been sued by their proper names and had been personally served.

**Affidavit of Publisher, Evidence, When—Jury Empaneled.**—Affidavit by the publisher, manager or any person connected with the newspaper in which such order was published, accompanied with a printed copy of the notice, shall be *prima facie* evidence of the publication of such order as herein required.

**Policeman May Serve Notice.**—The service of any notice, process or order, required by this Article, may be made by a policeman of the city, or by any constable or officer authorized to serve judicial writs; and any return of service by a policeman, constable or other officer shall be evidence of the facts therein stated. After notice has been given as herein provided and upon the day fixed for impaneling a jury, or upon a day to which such hearing has been adjourned, the Municipal Court shall appoint and cause to be impaneled a jury composed of six men who shall be disinterested freeholders of the city, who shall receive such compensation as shall be provided by ordinance, which jury shall hear the evidence and view the property to be taken and damaged, or assessed with benefits.

**“Disinterested Freeholder” Construed.**—The term “disinterested freeholder” as used in this Charter shall not be so construed or defined as to exclude or disqualify any person interested in property by reason of the fact that he is a trustee in a deed of trust upon property taken or damaged or within the benefit district.

**Power to Assess Benefits.**—It is within power of Legislature to create special taxing district and to charge cost of local improvement in whole or part upon property in said district, either according to valuation or superficial area or frontage. (Meier vs St. Louis, 180 Mo. 391; Heman Construction Co. vs Railroad, 206 Mo. 172, l. c. 179.)

The right to levy taxes, either general or special, is vested primarily in legislature, may be, and generally is delegated to legislative body of municipality. Only subject of inquiry is whether municipality acted within its powers. (Kansas City Grading Co. vs Holden, 107 Mo. 305.)

Distinction between assessment of benefits against property in condemnation proceedings and for local im-

provements. (St. Louis vs Buss, 159 Mo. 9, l. c. 12; Eyssell vs St. Louis, 168 Mo. 607 l. c. 621; St. Louis vs Lawton, 189 Mo. 474, l. c. 484; St. Louis vs Brinckwirth, 204 Mo. 280; Keith vs Bingham, 100 Mo. 300.)

Benefits valid, though street impassable until graded. (Kansas City vs Baird, 98 Mo. 215.)

Assessment of benefits upon lots collectively instead of separately, illegal. (St. Louis vs Provenchere, 92 Mo. 66; Hannibal vs Richards, 35 Mo. App. 15.)

Property exempt from general and special taxation may be liable for special benefit assessments. (State ex rel. vs Kansas City, 89 Mo. 34; Sheehan vs Hospital, 50 Mo. 155; City of Clinton vs Henry County, 115 Mo. 557; Exposition Driving Park vs Kansas

City, 174 Mo. 425, 1. c. 443; State ex rel. vs Kansas City, 89 Mo. 34; Corrigan vs Kansas City, 211 Mo. 608; St. Louis vs Decatur, 147 U. S. 190.)

Church property is subject to special assessment. (Lockwood vs St. Louis, 24 Mo. 20.) So is railroad property. (Heman Construction Co. vs R. R. 206 Mo. 172; Laws 1907-92-93; R. S. Mo. 1909, Sec. 9543.) But omission from assessment does not invalidate other assessments. (Kansas City vs Bacon, 147 Mo. 259; Corrigan vs Kansas City, 211 Mo. 608. Park maintenance tax.)

### THE PROCEEDING.

When may be removed to Federal Court. (Union Pac. Ry. Co. vs City of Kansas, 115 U. S. 1.)

Exercise of eminent domain has never been regulated by the code of practice in this state. It has generally been governed by provisions special to the different charters. (Kansas City vs Marsh Oil Co., 140 Mo. 458; Kansas City vs Bacon, 147 Mo. 259, 1. c. 272; Kansas City vs Mastin, 169 Mo. 80, 1. c. 88; Meier vs St. Louis, 180 Mo. 391, 1. c. 409; Morrow vs Kansas City, 186 Mo. 675, 1. c. 684; Fruin-Bambrick Construction Co. vs St. Louis Shovel Co., 211 Mo. 524, 1. c. 533; Brunn vs Kansas City, 216 Mo. 108.)

**Parties.**—Proceeding is properly conducted in name of Kansas City. (Kansas City vs Mastin, 169 Mo. 80, 1. c. 92.)

It is sufficient to make those persons parties who are owners when ordinance is enacted, but it is better practice to make the persons holding title when action is commenced parties. (Stewart vs White, 98 Mo. 226; Kiebler vs Holmes, 58 Mo. App. 119.)

Mortgagee should be made party. (Longwell vs Kansas City, 69 Mo. App. 177.)

When land is taken by condemnation, title passes by operation of law. (Tamm vs Kellogg, 49 Mo. 118.)

City does not by passage of ordinance take the property. Owner at time property is taken and damages assessed entitled to compensation. (Kiebler vs Holmes, 58 Mo. App. 119.)

Purchaser of land subsequent to assessment of damages does not by virtue of his deed acquire title to damages, even though they are not expressly reserved in deed. (Hilton vs

St. Louis, 39 Mo. 199; Hull vs Phillips, 128 Mo. App. 247.)

Where title is in controversy. See Section 11, and note.

**The Action.**—By analogy, ordinance occupies place of petition in ordinary suit, the order or notice is the summons or due process of law, the report of the jury is the verdict or special finding and that with the appointment of the jury and its entry on the city records constitute the record proper together with the judgment. (City of Tarkio vs Clark, 186 Mo. 285, 1. c. 297.)

The filing of the ordinance is the only thing required as the preliminary step. (Kansas City vs Mastin, 169 Mo. 80, 1. c. 92)

What is valid ordinance. See note to Art. III, Sec. 1, this volume, and Art. III, Secs. 4 and 5.

Since valid ordinance is necessary to jurisdiction of court an ordinance which is to take effect on a certain condition, is insufficient unless it be alleged and proved that the condition has been complied with. (St. Louis vs Cruikshank, 16 Mo. App. 495, 1. c. 496, 497; Ranlose vs Dollman, 100 Mo. App. 347, 1. c. 364.)

City must define by ordinance the benefit district and describe the land proposed to be taken. (City of Tarkio vs Clark, 186 Mo. 285, 1. c. 299; Fruin-Bambrick Construction Co. vs St. Louis Shovel Co., 211 Mo. 524, 1. c. 532.)

Provisions in a charter requiring the recommendation of a certain board of commissioners, preliminary to an ordinance of condemnation, are valid. (Kansas City vs Mastin, 169 Mo. 80, 1. c. 93; St. Louis vs Franke, 78 Mo. 41; St. Louis vs Gleason, 93 Mo. 33; Fruin-Bambrick Construction Co. vs Geist, 37 Mo. App. 599; Bambrick vs Campbell, 37 Mo. App. 460; City of Sedalia vs Montgomery, 109 Mo. App. 197.)

The ordinance which is the basis of the proceeding cannot be amended and the proceedings continued thereunder. (Shaffner vs St. Louis, 31 Mo. 261)

Ordinance not defective for failure to state property affected is in Jackson County. Court will presume city did not extend street beyond its jurisdiction. (Kansas City vs Vineyard,

128 Mo. 75; *Kansas City vs Block*, 175 Mo. 433.)

Record need not disclose property to be condemned is in Missouri or Jackson County. (*Kansas City vs Smart*, 128 Mo. 272; *Kansas City vs Block*, 175 Mo. 433.)

**Purpose of Map.**—Jurisdiction does not depend upon filing or correctness of map. (*Kansas City vs Smart*, 128 Mo. 272; *City of Tarkio vs Clark*, 186 Mo. 285, 1. c. 299.)

**Process and Service.**—No notice is required by constitution to be given to property owners respecting those matters which Legislature itself determines or delegates to municipal authorities. Publication of notice to property owners and opportunity to be heard is due process of law. (*Meier vs St. Louis*, 180 Mo. 391; *Fruin-Bambrick Construction Co. vs St. Louis Shovel Co.*, 211 Mo. 524, 1. c. 532; citing *Spencer vs Merchant*, 125 U. S. 345; *Williams vs Eggleston*, 170 U. See Art. XIII, Sec. 11.

**The Jury.**—Constitution is not violated by provision that damages for taking property shall be ascertained by board of six freeholders. (Kansas City vs Marsh Oil Co., 140 Mo. 458.)

Jury of six freeholders is a competent jury to try condemnation proceeding on appeal to Circuit Court. (Kansas City vs Hill, 80 Mo. 523.)

A municipality is not an "incorporated company" within the meaning of Sec. 4, Art. XII, Constitution; definition of municipal corporation. Incorporated company waives common law jury by not demanding it. (Kansas City vs Vineyard, 128 Mo. 75; Kansas City vs Smart, 128 Mo. 272.)

Judgment not invalid on collateral attack because record does not affirmatively show that jury was composed of "disinterested freeholders." (Leonard vs Sparks, 117 Mo. 103.)

Not so on appeal. (City of Tarkio vs Clark, 186 Mo. 285.)

Ground of challenge to juror must

be stated. (Kansas City vs Smart, 128 Mo. 272; State vs Myers, 198 Mo. 225, l. c. 248.)

See Section 5.

**The Evidence.**—See Sec. 3, and note.

**The Verdict and Judgment.**—See Section 4, and note.

In proceedings of eminent domain every material requirement of the law authorizing such proceeding must be strictly complied with; and unless it affirmatively appear upon the face of the proceedings that every essential prerequisite of the law conferring the authority has been complied with, such proceeding will be void. (St. Louis vs Koch, 169 Mo. 587, l. c. 591 with citation of numerous cases; Spurlock vs Dornan, 182 Mo. 242, l. c. 250; City of Tarkio vs Clark, 186 Mo. 285; St. Louis vs Gleason, 93 Mo. 33, 37-38; Schaffner vs St. Louis, 31 Mo. 264; St. Louis vs Cruikshank, 16 Mo. "Unreasonable nicety is not required." (St. Louis vs Franks, 78 Mo. 41, l. c. 43.—Quoting Dillon.)

Every presumption is indulged in favor of jurisdiction of court of general jurisdiction and this applies to condemnation proceedings. (Buddecke vs Ziegenhein, 122 Mo. 239; In re Bledsoe Hill 200 Mo. 630.)

**Sec. 3. Jury to Ascertain Just Compensation.**—The jury impaneled under the provisions of this Article shall ascertain the just compensation to be paid as follows:

**First: Actual Value, When**—For each piece of private property taken when the public use thereof shall be such that the city must have the exclusive possession and control thereof, the actual value of the property taken.

**Second: Damage From Partial Use of Private Property.**—For each piece of private property taken where the public use thereof may be such that the city need only have such possession and control as will not wholly exclude the possession and beneficial use thereof by the owner or owners, the actual damage from the public use specified in the ordinance.

**Third: Damage When Use of City's Property Injures Private Property.**—For all damages to each piece of private property not actually taken so as to give the city the possession or control of the same, the actual amount of the damages such property may sustain from the use of the private property taken for the public use for which it may be taken, including all that the city from time to time may do or cause to be done in, with, or upon the private property so taken.

**Compensation for Private Property Used or Damaged—How Paid—Interested Parties May Appear—Jury to Examine Property—Removal of Improvements—Verdict, Signing and Form of—Duties of Engineer and Assessor.**—To pay such compensation the jury shall assess against the city the amount of benefit to the city and public generally, inclusive of benefit to any property of the city, and the balance of such compensation they shall assess against the several lots and parcels of private property within the benefit district, exclusive of the improvements thereon, deemed benefited by the proposed improvement as determined according to the preceding section: each lot or parcel of ground to be assessed with an amount bearing the same ratio to such balance as the benefit to each lot or parcel bears to the whole benefit to all the private property assessed. Parties interested may submit evidence to the jury and the latter shall examine personally the property to be taken, damaged and assessed. The party owning any property taken may remove any improvements thereon, and the jury may consider this fact in determining their verdict. The verdict of the jury shall be signed by each juror and delivered to the Municipal Court and shall contain a correct description of each lot or parcel of private property to be taken and the value thereof, and of each lot or parcel of private property damaged and the amount of injury thereto, and also the amount assessed against the city, together with a correct description of each lot or parcel of private property assessed and the amount assessed against the same. The City Engineer and City Assessor or their assistants shall, when required, aid the jury to put their verdict in proper form, and the jury shall not be discharged until the Municipal Court is satisfied that the verdict is correct in form.

**Adjournment of Proceedings—Jury Failing to Agree.**—The Municipal Court may adjourn proceedings from time to time until the matter be completed. If any jury cannot agree, the

Municipal Court may discharge them and may order the impaneling of another jury to perform the duty devolving upon the jury by this Article, and no new notice to parties interested shall be necessary beyond such order, which order must be made on the day of discharging any jury and shall fix the time and place for impaneling a new jury, or nothing further shall be done under the ordinance and all the proceedings shall be void. Said order shall be duly recorded by the Clerk of the Municipal Court.

**Juror Disabled, Proceedings.**—If in any proceeding any juror becomes disabled, or, for any reason, unable to act as a juror in the case, the Court shall have power to fill the vacancy by selecting another juror, and the case shall be tried before the entire jury *de novo*, or the Court may discharge the jury and impanel a new jury as in this Article provided.

What is property and what is taking property. See note to Section 1.

The owner of property taken in condemnation under the constitution is entitled to have damages as compensation determined by a jury or board of not less than three freeholders, as may be prescribed; but the constitutional provision does not apply to special benefits to the owner's lots resulting from the improvement, but the Charter provides that they be ascertained by the Commissioners, subject to the power of the court to review their appraisal and modify same; and such modification is not an impairment of the right to a jury. (St. Louis vs Buss, 159 Mo. 9 l. c. 13.)

See Jury, note to Section 2

**Damages**—Constitution provides that private property shall not be taken or damaged for public use without just compensation. (Const., Art. III, Sec. 21.)

Words "just compensation," have same meaning they have when used in every day business transactions. (Railroad vs Brick Company, 198 Mo. 698.)

The proper amount of compensation for private property taken for a public use cannot be fixed by the Legislature. What is just compensation must be determined by a jury or appraisers. (Co. Ct. vs Griswold, 58 Mo. 175, l. c. 199.)

Measure of damages for land taken. (Railroad vs Knapp, Stout & Co., 160 Mo. 396.)

In determining damages for land taken, reference should be had to use for which property is suitable, having regard to existing business or wants of community or such as may be reasonably expected in immediate future. (Met. Street Ry. Co. vs Walsh, 197 Mo. 392, l. c. 418.)

When part only of real estate is taken measure of damages is difference between fair market value of whole tract before and fair market value after appropriation. (St. Louis Belt & Terminal Ry. Co. vs Real Estate Co., 204 Mo. 565, l. c. 575.)

Consequential damages resulting by appropriation of property. (Hannibal Bridge Co. vs Schaubacher, 57 Mo. 582; Railroad Co. vs Pfau, 212 Mo. 398; Railroad vs McGrew, 104 Mo. 282; St. Louis vs Abeln, 170 Mo. 318, l. c. 326; Railroad vs Knapp, Stout & Co., 160 Mo. 396.)

Damages condemning sewer right of way where sewage pollutes stream. (Mining Co. vs City of Joplin, 124 Mo. 129; Smith vs Sedalia, 182 Mo. 1.)

Proceeding for condemnation of property and for grading subsequent to condemnation are distinct and separate unless authorized by same ordinance in compliance with Section 14 of this article and cost of subsequent

grading is not properly allowed as damages. (Kansas City vs Railroad, 187 Mo. 146, l. c. 156.)

Stone is a component part of land and its separate value as personal property cannot be shown. (Railroad vs Real Estate Co., 204 Mo. 565.)

Railroad—Measure of damages where street crosses it. (Kansas City vs Belt Railway, 102 Mo. 633.)

A railroad company is not entitled to have assessed as damages cost of certain structures and fixtures which a condition of its franchise required it to put in at its own expense when street should cross track. (Kansas City vs Railroad, 187 Mo. 146.)

Improvements Taken.—If building would be entirely destroyed by removal, damages should be allowed for building. If damages are not allowed for building it cannot be removed. (St. Louis vs Insurance Co., 90 Mo. 135, l. c. 142; Kansas City vs Morse, 105 Mo. 510, l. c. 518.)

Damages where improvements could be moved to other property of owner. (Kansas City vs Morse, 105 Mo. 510; Railroad vs Pfau, 212 Mo. 398; Hannibal Bridge Co. vs Schaubacher, 57 Mo. 582.)

In absence of the Charter provision, improvements on the property taken would belong to city. (Kansas City vs Morse, 105 Mo. 510; St. Louis vs Insurance Co., 90 Mo. 135.)

Damage to improvements constructed by lessee. (McAllister vs Reel, 59 Mo. App. 70; St. Louis vs Nelson, 108 Mo. App. 210.)

If a lessee is conducting a business on the premises, which will be broken up or interrupted by the taking of the property for public use, he is entitled to compensation. (St. Louis vs Abeln, 170 Mo. 318, 326, citing Missouri authorities.)

But the damage should be separately assessed and not adjusted by deduction from the sum allowed the landlord. (St. Louis vs Abeln, 170 Mo. 318, 326.)

If landlord is not entitled to damages by reason of adverse possession, neither is lessee. (Kansas City & N. Con. R. Co. vs Baker, 183 Mo. 312.)

Benefits.—Assessment of benefits is a legitimate exercise of the taxing power. (St. Louis vs Speck, 67 Mo. 403; Garrett vs St. Louis, 25 Mo. 505;

Meier vs St. Louis 180 Mo. 391, l. c. 408; Heman Construction Co. vs Railroad, 206 Mo. 172, l. c. 179; Fruin-Bambrick Construction Co. vs St. Louis Shovel Co., 211 Mo. 524, l. c. 531; Corrigan vs Kansas City, 211 Mo. 608.)

Benefits cannot be assessed in gross upon several contiguous lots. (St. Louis vs Provenchere, 92 Mo. 66, and cases cited.)

Property exempt from general and special taxation may be assessed with benefits, see cases cited, note to Section 2.

Owners cannot consent to give their land on condition of exemption from assessments as it tends to render benefits assessed against others unequal. (St. Louis v Meier, 77 Mo. 13.)

Benefits peculiar to that portion of property not taken and not common to public at large may be set off against damages assessed for that part of property which is taken. (Southern Illinois Bridge Co. vs Stone, 194 Mo. 175; State ex rel vs Kansas City, 89 Mo. 34.)

Assessment of only one dollar against city not unjust discrimination. (Kansas City vs Smart, 128 Mo. 272.)

Question of whether city should be charged with benefits is one of fact and can be reviewed only on appeal or writ of error prosecuted in manner prescribed by law. (St. Louis vs Annex Realty Co., 175 Mo. 63.)

Provision that entire benefits be assessed against private property, legal. (Uhrig vs St. Louis, 44 Mo. 458.)

City not primarily liable for benefits assessed against private property. (Shaffner vs St. Louis, 31 Mo. 264.)

Assessment of benefits in excess of value of lot, validity of. (Zoeller vs Kellogg, 4 Mo. App. 163; Tyler vs St. Louis, 56 Mo. 60; St. Louis vs Frank, 9 Mo. App. 579.)

Evidence and Instructions.—Evidence admissible of what similar property in the neighborhood sold for about the time of the appropriation. (In re Forsythe Boulevard, 127 Mo. 417; Markowitz vs Kansas City, 125 Mo. 485; Met. Street Ry. Co. vs Walsh, 197 Mo. 392, l. c. 403, 404 and cases cited; State vs Meysenburg, 171 Mo., 1 l. c. 63.)

Exceptions to rule. (Met. Street Ry. Co. vs Walsh, 197 Mo. 392.)

**Art. 6. CONDEMNING AND DAMAGING PRIVATE PROPERTY. Secs. 3-4.**

Evidence admissible of cost of materials used in constructing building. (Markowitz vs Kansas City, 125 Mo., 485.)

Who are competent to testify as to value of real estate. (Railroad vs Brick Co., 198 Mo. 698; Railroad Co. vs Woodard, 193 Mo. 656.)

Not necessary for witnesses to be engaged in real estate business. (Robinson vs St. Joseph, 97 Mo. App. 503, 1. c. 509.)

Arbitrary rule limiting number of witnesses to a side held unreasonable. (Railroad vs Aubuchon, 199 Mo. 352.)

Jury should be guided by the evidence and their own judgment. (Kansas City vs Baird, 98 Mo. 215; Kansas City vs Butterfield, 89 Mo. 646; Kansas City vs Hill, 80 Mo. 523; Kansas City vs Street, 36 Mo. App. 666; Kerwin vs Friedman, 127 Mo. App. 519.)

Instruction that jury not bound by expert testimony, if deemed unreasonable, upheld. (St. Louis vs Ranken,

95 Mo. 189; Restetsky vs Railroad, 106 Mo. App. 382.)

In absence of error in instruction and of fraud or misconduct on part of freeholder's jury their verdict is conclusive of two facts; whether real estate in the benefit district had been specially benefited and the extent of that benefit. (Kansas City vs Bacon, 147 Mo. 259.)

The court may cut down or modify, as to some or all, the assessment of benefits; but not as to the damages; and the action of the court with respect to the assessments of benefits in ordering a new appraisement or not is largely discretionary, and the appellate courts will only set same aside in case of abuse. (St. Louis vs Buss, 159 Mo. 9; St. Louis vs Lawton, 189 Mo. 474; See Sec. 4.)

If juror die pending proceeding must be trial de novo. (Anderson vs St. Louis, 47 Mo. 479.)

**Sec. 4. Verdict Reported to Common Council—Confirmation—Time—Sums Assessed Against City—Appropriation For—Assessed Against Private Property, a Lien—Time of Payment—Not Paid in Time, to Bear Interest—Collected as Any Other Special Tax—Or by Tax Bill—Procedure.—**The Clerk of the Municipal Court shall, after the rendition of the verdict of the jury, report the same to the Common Council; and if the same be not confirmed by the Common Council within sixty days from the making of such report, the proceedings and verdict shall be void. If the verdict and proceedings be confirmed by ordinance within sixty days from the report of the Clerk of the Municipal Court, an appropriation shall be made to pay such sum as has been assessed against the city and the city shall have and hold the property sought to be taken for the purpose specified in the ordinance providing for the improvement, and the City Clerk shall give notice in writing of the fact of such confirmation to the Clerk of the Municipal Court; and the several amounts assessed by the jury against private property shall be a lien on the several lots and parcels of private property charged, from the date of the enactment of the ordinance providing for the improvement until paid; and if not paid within sixty days after the confirmation of the verdict, shall bear interest at the rate of seven per cent per annum, from

the confirmation thereof, except as hereinafter provided, and shall be collected by the city as by ordinance provided, by suit or otherwise, as any other special taxes, or by special execution, as follows, namely: A special tax bill against any lot or parcel of property assessed may be issued by the Clerk of the Municipal Court, under his hand, and his signature thereto shall be attested by the City Clerk under the seal of the City, which tax bill shall contain a description of such lot or parcel of property, and the amount assessed against the same as fixed by the verdict, and state that the assessment has been made to pay compensation for private property taken or damaged, or both, as the case may be, for the purpose specified in the ordinance providing for the improvement, giving the title of and date when the ordinance took effect, and that such assessment has been confirmed by ordinance, giving also its title and date when the ordinance took effect, and that such assessment shall bear interest as herein provided. Each tax bill, so issued, shall be filed in the office of the Clerk of the Circuit Court of Jackson County, at Kansas City, and by such Clerk recorded and indexed as a judgment in favor of the city, against the property described in the tax bill. At any time after the filing and recording of any such tax bill, as aforesaid, a special execution may be issued thereon out of the said Circuit Court in vacation or term time, as on a judgment of the Court in favor of the city, which execution shall recite the tax bill or the record thereof and state when the tax bill was filed and be directed to the Sheriff of Jackson County, and command him, in case the assessment, interest and costs be not paid to him, to sell the property therein described, or so much thereof as may be necessary to pay such assessment, interest and costs. The proceedings under such special execution shall, as far as practicable, conform to the proceedings on special executions on ordinary judgments foreclosing liens on land.

**Sale and Deed to Vest Title.**—Any sale, including the making of a deed by the sheriff to the purchaser, made as aforesaid, shall vest in the purchaser, all the right, title and interest and estate in the land of the parties owning and interested in the same, who shall not have paid their share of the assessment, and all parties claiming through or under them, or any of them, by operation of law or otherwise, subsequent to the taking effect of such ordinance shall be bound thereby.

**Tax Bill Subject to Order of Court—Title Not Acquired Under Proceedings, Bill Set Aside—Proceedings in Case of Defect or Omission—Assessment Invalid in Part—Executions—Owner of Divided or Undivided Interest, May Pay Separately.—**

Tax bills filed and recorded as aforesaid shall be subject to the order of the Court, and may be set aside or the amount of assessment reduced on motion of any party interested in the property assessed, the city having reasonable notice of the filing of such motion and the object thereof. If no title can be acquired under the proceedings to any of the property sought to be taken, the court shall set aside any bill and assessment on motion. If by reason of any defect or omission in the proceedings the city cannot acquire title or right to any particular parcel of property, or to any interest in any parcel of property sought to be taken, the court shall on the fact being made to appear, reduce the assessment by deducting therefrom so much thereof as was assessed on account of the property or interest in the property sought to be taken, but not acquired, to be determined as far as practicable from the verdict of the jury making the assessment, and award execution for the residue. No assessment shall be affected or interfered with for the reason that any other assessment or assessments made in the same proceedings may be invalid in whole or in part. Executions and proceedings thereon shall be under the control of the court or judge, as in ordinary civil cases. The owner of any divided or undivided interest in any lot or parcel of the property assessed, whether acquired prior or subsequent to the date of the taking effect of the ordinance, may pay his share separately.

**Divided Interest, Benefits, How Divided—Procedure—Death of Owner Pending Proceedings—Modes of Collecting Assessments—Money Collected, How Used.—**In the case of divided interest the benefits shall be divided in proportion to the area of the lot or tract assessed. No sale on execution on any tax bill shall be affected or invalidated because there may have been ground to set aside or reduce the tax bill. In case of the death of any property owner or claimant pending any proceedings under this Article, it shall not be necessary to bring in his representative, or to revive against such representative by any further notice, though it may be done by the city if deemed advisable. The city may resort to any or all of the modes of collecting such assessments at the same time, but shall have only one satisfaction. Money collected on such assessments shall be used only to pay such

compensation and whatever interest shall be collected, and no more, shall be apportioned and paid equitably to the owners of the property taken.

If verdict be not confirmed by council all proceedings, as well as the ordinance, are void. (Carter vs Foster, 145 Mo. 383, 1 c. 388.)

Error in description in verdict, cured by description in ordinance. (Kansas City vs Smart, 128 Mo. 272.)

Assessment is a lien from date of ordinance. (Barnhart vs Hughes, 46 Mo. App., 318; Everett vs Marston, 186 Mo. 587, 1 c. 601.)

Interest. (Plum vs Kansas City, 101 Mo. 525; Hilton vs St. Louis, 99 Mo. 199; Martin Ex'r vs St. Louis, 139 Mo. 246; Brunn vs Kansas City, 216 Mo. 108; Shoemaker vs U. S. 147 U. S. 282.)

See note to Secs. 6-7.

Does not stop interest on mortgages. (Kansas City vs Trust Co., 110 Mo. App. 647.)

Where owner recovers interest on award for land taken he must account for rents and profits for land taken. (Plum vs City of Kansas, 101 Mo., 525.)

Held under St. Louis charter that commissioners act as assessors in determining amount of special tax against each tract. Held that such assessment is not a judgment which can of itself be enforced against property or upon which scire facias can issue. (St. Louis vs Brinckwirth, 204 Mo. 280, overruling Eyssell vs St. Louis, 168 Mo. 607; but see Brunn vs Kansas City, 216 Mo. 108.)

Whether property assessed with

benefits was in fact benefited, and the extent of such benefits, are not triable in a suit to enforce tax bills. (Michael vs St. Louis, 112 Mo. 610; St. Louis vs Annex Realty Co., 175 Mo. 63.)

Whether city had already acquired property sought to be condemned could be tried in condemnation proceeding only, and not in suit to enforce tax bills or enjoin their collection. (Buddecke vs Ziegenhein, 122 Mo. 239.)

**Modification of Verdict.**—The court may modify the report under this section by cutting down the benefit assessed and adding the amount to that assessed against the city, and this is not a violation of the land-owner's right to have damages assessed by a jury or commission of freeholders. (St. Louis vs Lawton, 189 Mo. 474.)

Modification of verdict. (St. Louis vs Abeln, 170 Mo. 318; St. Louis vs Buss, 159 Mo. 9; St. Louis vs Lawton, 189 Mo. 474; St. Louis vs Weber, 140 Mo. 515; Railroad vs Pfau, 212 Mo. 398.)

On exception the Commissioners are competent witnesses. (St. Louis vs Abeln, 170 Mo. 318.)

The owners against whom benefits are assessed may except to the report on the ground that the ordinance upon which the proceeding is founded is void. (St. Louis vs Cruikshank, 16 Mo. App. 495.)

**Sec. 5. Incorporated Company—May File Application for Common Law Jury, When—Failure to File, Waiver of Right—Application Filed, Cause Transferred to Circuit Court—Procedure—Two or More Incorporated Companies Interested—Court May Order All Tried Before One Jury—Other Proceedings Continued Until Verdict of Jury—Judgment—Appeal.**—If any incorporated company which may be interested in the whole or any part of the land to be taken or damaged by the said proceedings, be entitled under the laws of the land to trial of its claim for compensation therefor by common law jury of twelve men, it may at any time prior to the day fixed as herein:

provided for impanelling a jury, file in the office of the Clerk of the Municipal Court, a petition in which it shall state the description of the property owned or claimed by it so to be taken or damaged and the amount and nature of its claim therefor, and may further state that it demands a trial before a common law jury of twelve men of its claim for compensation therefor; and if any such incorporated company shall not so file such petition before such date, it shall be deemed and taken to have waived its right to trial by a jury as aforesaid of such issue. And if any incorporated company, which may under the law of the land be entitled to a trial by jury as aforesaid, shall file such a petition, then the Municipal Court shall make an order transferring said cause to the Circuit Court for further proceedings therein and the Clerk of the Municipal Court shall within thirty days after such order certify and file with the Clerk of said court a transcript of the proceedings and all papers filed therein, or a copy thereof, and thereupon said court shall become possessed of said cause and the Circuit Court shall cause such common law jury to be impaneled at a time to be fixed by it and the issue to be tried by such jury shall be the actual value of the land of such claimant taken, if any, and the amount of damage to the land of such claimant not taken, by the public use thereof and by the use of the land taken for the purpose for which it is taken, including all the city may, from time to time, do or cause to be done in, with or upon the private property so taken or damaged. If two or more such incorporated companies interested in the land to be taken or damaged as aforesaid be entitled to trial by a common law jury as aforesaid, and shall make demand therefor as aforesaid, the court may, in its discretion, as may appear expedient, order that all such claims shall be tried at the same time before one jury; and said cause or further proceedings in the same shall be continued from time to time by the court until such issue or issues shall have been determined by the verdict of said jury; *Provided*, That any party to such issue which may feel aggrieved by the verdict of said jury may, within four days after the rendition of the same, file its motion for a new trial and in arrest of judgment, and said motion or motions shall be heard without delay, and after hearing the same, the court may overrule the same or may order a new trial of such issue or issues on good cause shown; but no appeal from the judgment of the court overruling such motion shall be had therein until the final judgment of confirmation of the entire proceedings by the said court as hereinafter provided.

**After Verdict of Common Law Jury—Other Proceedings—Jury Empaneled—Shall Accept Assessment of Damages as by Said Common Law Jury—So Recite in Verdict.**—After the rendition of the verdict of such common law jury of twelve men, and after the hearing of the exceptions thereto on the motions for a new trial or in arrest of judgment, if any there be, the court shall, on any day thereafter to which said cause may have been continued as aforesaid, impanel a jury of six freeholders and the cause shall proceed before such jury of six freeholders impaneled to try the same as set forth in section six, in this Article; *Provided*, That in case any claim for compensation shall have been tried and ascertained by a common law jury as herein provided, any jury of freeholders in said proceedings shall accept and adopt the valuation or assessment of damages for any land taken or damaged as assessed by said common law jury, and shall so recite the same in and as a part of any verdict thereafter rendered by any such jury of freeholders.

Where corporation demands jury right under constitution cannot be denied. (St. Louis vs Roe, 184 Mo. 324; S. M. & A. Ry. Co. vs Woodard, 193 Mo. 656.)

A municipality is not an "incorporated company" within the meaning of

Section 4, Article XII, Constitution; definition of municipal corporation. Incorporated company waives common law jury by not demanding it. (Kansas City vs Vineyard, 128 Mo. 75; Kansas City vs Smart, 128 Mo. 272.)

**Sec 6. Appeal to Circuit Court.**—In case the city, or any person affected by the proceedings, either as the owner thereof or interested in any of the property taken or damaged, or as the owner of, or interested in any of the property assessed, shall feel aggrieved by the verdict of the jury, such party so aggrieved may, within twenty days from the time the verdict of the jury is confirmed, appeal to the Circuit Court of Jackson County, Missouri, at Kansas City. If an appeal is taken, the same shall be perfected by the filing with the Clerk of the Municipal Court within the time aforesaid, by some party in interest as aforesaid, such an affidavit as is required by law in appealing from the judgment of a Justice of the Peace, and in which affidavit the party appealing, or his agent, shall state what interest the party appealing has in the proceedings. The party appealing may, however, discontinue such appeal at any time before the transcript has been filed in the office of the Clerk of the said court, by filing a statement in writing to that effect with the Clerk of said Municipal Court.

Such trials on appeal are to be conducted in all respects and subject to the same rules and the same laws as other trials had in the Circuit Court as fully as may be and the same record thereof made and kept. The verdict of the jury or finding of the court, sitting as a jury, shall conform in all respects to the requirements of section three of this Article, and shall have the same force and effect as therein specified, and provided for verdicts of the jury in the Municipal Court, and shall be binding and conclusive upon all persons and parties concerned or interested in the proceedings, and no confirmation thereof by the Common Council shall be required. The assessments against private property shall be paid within the same time, and until paid bear the same rate of interest as provided in section four of this Article, and the amounts assessed against private property by the finding or verdict shall stand as a judgment, and

**On Appeal, Jury to Consist of Six Freeholders—To Examine Property—Verdict—Judgment Shall be What—How Collected.—**

On appeal under this section the jury shall consist of six men who shall be disinterested freeholders of the city and be chosen by the judge of the court. They shall, before making their verdict, examine personally the property taken or damaged and that to be assessed with benefits, and upon the finding or verdict, judgment shall be entered thereon that the city have and hold the property sought to be taken for the purpose specified in the ordinance providing for the improvement, and pay therefore the amount assessed against the city, and full compensation assessed therefore, and that the several lots and parcels of private property assessed to pay compensation by the verdict or finding stand charged, and be bound, respectively, for the payment of assessments, with interest as provided in this Article, and that such judgment be enforced by special execution or executions to collect assessments as aforesaid, without special tax bills, and the court may, by execution or otherwise, put the city in possession of the property taken, or any part thereof. the full compensation therefor having been paid to the owner or party damaged, or into court for him.

**Costs, How Taxed**—The court shall tax and charge the costs in appeals according to equity.

**Sec. 7. Appeal—Circuit Court—Dismissal—Interest On Judgment From Date of Dismissal—Appeal From Circuit Court—Bond For Costs—Interest On Judgment.**—When any proceeding is appealed to the Circuit Court and none of the appellants appear at the time of said hearing of said proceeding, the court shall dismiss the appeal; and any party appealing may, at any time before the jury has rendered a verdict, dismiss his appeal to the Circuit Court; and should the party appealing not appear, and his appeal be dismissed, or when all parties who may have appealed shall have dismissed their appeals, the verdict rendered on the hearing before the Municipal Court shall remain in full force and be binding on all parties interested in said proceedings, and be enforced as if no appeal had been taken. In case of such dismissal of the appeal or appeals to the Circuit Court, the several amounts assessed against the property deemed benefited shall bear interest as hereinbefore provided only from date of the dismissal of such appeal or appeals. Any party or parties may appeal from the judgment of the Circuit Court in such manner as appeals are taken in other civil causes, but the only bond required of the party appealing shall be one, conditioned that should the judgment of the Circuit Court be affirmed by the Appellate Court, or should such appeal be dismissed, he will pay all costs of such appeal. When an appeal shall be taken from the Circuit Court, the amounts assessed upon the property deemed benefited shall bear interest only from the affirmance of the judg-

ment in the Appellate Court, or from the dismissal of the appeal or appeals; *Provided, however,* That if the party or parties appealing shall be the owner or owners of the property assessed with benefits, then such party or parties appealing shall, unless the judgment be reversed in the Appellate Court, pay interest at the rate of eight per cent per annum on the amount or amounts of the judgment in the Circuit Court charged from date judgment is rendered until paid.

sult of proceedings appeals all other parties, though not appealing, are equally bound by result of appeal as though they had joined therein. (Kansas City vs Mulkey, 176 Mo. 229, l. c. 247.)

After reversal by Supreme Court on appeal by part of defendants, the retrial must be as to all defendants, and not merely as to those who appealed. (State ex rel vs Gill, 84 Mo. 248.)

In any proceeding contemplated by this Article where the city shall pay or cause to be paid to the clerk of the court in which said proceeding is pending, the amount of the damages awarded for the use of the persons entitled to the same.

**Art. 6. CONDEMNING AND DAMAGING PRIVATE PROPERTY. Secs. 8-10.**

the city shall have the right to enter upon and take possession of the property so taken or condemned notwithstanding any exceptions to such award or appeals therefrom and any subsequent proceedings in said case shall only affect the compensation to be allowed.

Cities of over 100,000 are authorized by statute to pay into court the money awarded as damages and take possession of the property and proceed with the improvement contemplated, by Laws, 1907, p. 118. (R. S. 1909, Sec. 9762.)

**Sec. 9. Benefit Assessments—City May Sell—Proceeds, How Used—Failure to Collect Assessments, City Not Liable.**—The city may sell, assign or transfer, without recourse, in any manner provided by ordinance, the whole or any part of the unpaid assessments for benefits assessed against private property in pursuance of this Article, or of Article VII, of this Charter, as shown by the verdict in such proceedings, and the proceeds thereof shall be used for the payment of damages allowed in such proceedings, and the benefits and interest thereon shall be collected by the city and paid to the purchaser or his assigns thereof, but in no event shall the city be liable on account of failure to collect any assessment and all the rights of the city shall by such assignment pass to and vest in such purchaser.

When the amount of such damages shall be in the city treasury, the Comptroller shall, by war-

rant, and without the necessity of any action or appropriation by the Common Council, pay to the person or persons entitled thereto, or into court for their use, the amount of damages as set out in the verdict and the proportion of interest thereon, if any, and take a receipt therefor.

**City Not Liable for Interest—Satisfaction of Lien.**—The city, in no event, shall be liable for any interest on account of any proceedings under this Article. **Sec. 11. Property Taken Or Damaged—Possession By City, When—Title in Controversy—Pending Which, Money Paid Into Court.**—The city shall not be entitled to the possession of any lot or parcel of property taken or damaged until full payment of the compensation therefor be made or paid into court as herein provided. If the title to any property taken or damaged be in controversy, or there be any dispute as to what party or parties are entitled to such compensation, nothing shall be paid therefor to any party until the right to the compensation be determined by the Circuit Court of Jackson County, Missouri, at Kansas City, in an appropriate suit between the city and the parties claiming the same, in which none of the costs of the litigation shall be borne by the city, unless the city be one of the claimants, and which suit may be brought by the city or any party making claim to said compensation; and during such controversy or dispute the money shall remain in the city treasury, and pending such litigation, the city may, after having in the city treasury the compensation to be paid for the property, with leave of the court in which the suit is pending, or judge of such court in vacation, by order made in the action, take possession of the property, bringing the money into court, if required, and the court or judge may enforce such order by execution or otherwise. If any party entitled to such compensation be absent, or unable or unwilling to receive the same, the city shall have the right to apply to said court, or the judge thereof in vacation, for an order directing said compensation to be paid to the clerk of said court for the use of said party, which order shall be entered of record by said clerk as the proceedings of said court, and when the amount has thus been paid into court, the rights of the city in said property shall be the same

in all respects as if such compensation had been paid directly to the party entitled thereto.

When land is taken by condemnation title passes by operation of law. (Tamm vs Kellogg, 49 Mo. 118.)

Title to land condemned does not pass until payment made. (Prevolt vs Railroad, 57 Mo. 256; Green vs Railroad, 82 Mo. 653; Railroad vs Evans, 85 Mo. 307; State ex rel. Rogers vs Hug, 44 Mo. 116; State ex rel. vs Lubke, 15 Mo. App. 152; Kansas City vs Ward, 134 Mo. 172. But, see Plum vs Kansas City, 101 Mo. 525; Buchanan vs Kansas City, 208 Mo. 674.)

Cities of over 100,000 are authorized by statute to pay into court the money awarded as damages and take possession of the property and proceed with the improvement contemplated, by R. S. 1909, Sec. 9762, Laws, 1907, p. 118.

Where title to property is in controversy city may file bill of interpleader, court may order money to be paid into court. (Ross vs Gates, 183 Mo. 338; Holmes vs Kansas City, 209 Mo. 513; Hilton vs St. Louis, 99 Mo. 199; Martin Executor vs St. Louis, 139 Mo. 246.)

If the ownership of the property is in dispute and the city wishes to avoid payment of interest the money should be paid into court. Otherwise the city is required to pay lawful interest for the time subsequent to the ascertainment of the value of the land taken; interest is allowable as in case of any other judgment, and not from the time the city takes possession; (Martin vs St. Louis, 139 Mo. 246, 261, with discussion by the court.)

Payment into court and interest—appeal after interplea by different claimant. (St. Louis vs Nelson, 108 Mo. App. 210.)

When money is paid into court it represents and stands in place of condemned land and claimants have same right to money that they had in land. (Ross vs Gates, 183 Mo. 338, s. c. 117 Mo. App. 237; Buchanan vs Kansas City, 208 Mo. 674.)

Prior mortgagee is entitled to priority of payment including interest after judgment of condemnation until payment of amount awarded for damages. (Kansas City vs Trust Co., 110 Mo. App. 647.)

**Sec. 12. Docket—Kept By Clerk of Court—Show Property Taken or Damaged.**—The city shall provide suitable books, of such form as may be prescribed by ordinance, to be kept by the Clerk of the Municipal Court or the Clerk of the Circuit Court, or both, as may be necessary, showing what pieces of property have been taken or damaged by such proposed improvement, and the amount assessed against each piece of property in the district deemed benefited to make compensation therefor, with indexes to such books, so that the exact condition of each piece of property affected by said proceedings can at any time be definitely ascertained, and such index shall be the only docket of such cases required to be kept by the Clerk of said court.

**Sec. 13. the purpose of such proceedings, which record shall contain correct copies of all ordinances constituting part of the proceedings, notices to the parties to the proceedings and returns thereon, all notices published and the proofs thereof, all orders by the Municipal Court, the names of the jurors and when impaneled, and the verdict of the jury and such other documents and matters as the ordinances of the city may require. The Judge of the Municipal Court shall examine such final record of such proceedings, and, if it be correct, sign the same; and thereafter such record, or copy thereof, certified by the Clerk of the Municipal Court, shall be competent evidence in all courts of this State of the facts stated therein. The original papers shall be carefully preserved by the Clerk of the Municipal Court. The city shall pay all costs of proceedings to take or damage private property except costs of proceedings to collect assessments, which shall be taxed and paid as costs in ordinary cases, and except the costs upon appeal as hereinbefore provided. If the city fails to collect any assessment in whole or in part, it may pay the amount not so collected out of the city treasury.

Attorney's fees and expert witness fees cannot be taxed as costs. (St. Louis vs Meintz, 107 Mo. 611; Brewing Association vs St. Louis, 168 Mo.

In such case the notice required to be given, as aforesaid, shall state that benefits and damages, if any, arising from the condemnation and grading of the street or thoroughfare to the established grade shall be assessed by the jury in said condemnation proceedings.

**Failing to File Claim, Waiver of Damage—Claim Filed, When—Damages, How Found—Benefits.**—In case the owner of any tract of land shall not file with the said Clerk a

claim for damages on account of the proposed grading of the street or thoroughfare, he shall be deemed to have waived the same. Such claim shall be filed on or prior to the day when the jury is impaneled to assess the damages. The jury shall find the amount of damages, if any, to any tract of private property for which damages are claimed on account of the proposed grading, as provided in Article VII of this Charter, and in assessing the benefits, shall consider benefits caused by the opening of the street or thoroughfare as provided in this Article, and the benefits arising from the grading of the street to the proposed grade, as provided in Article VII of this Charter.

**Sec. 15. Ordinance For Proposed Improvement—Council May Repeal, When.**—The Common Council shall have the power, in any proceeding provided for in this Article, at any time before any of the parties assessed with the benefits shall have paid the amount so assessed to repeal the ordinance ordering the proposed improvement, if such repeal be deemed for the best interests of the city, and in such event the judgment for compensation and benefits shall be void.

Where there is a valid subsisting

and final judgment in condemnation proceedings, unappealed from, not vacated or set aside, such judgment may be interposed to bar prosecution of new proceeding for condemnation of same property for same purpose by same corporation. (*Kansas City vs Mulkey*, 176 Mo. 229, 1. c. 252.)

In a second proceeding, whether barred or not by former proceeding, verdict or judgment of former proceeding cannot be made basis for verdict or judgment in later proceeding. (*Kansas City vs Mulkey*, 176 Mo. 229, 1. c. 253.)

**Sec. 16. General Public Improvements—Common Council May Order—In One or By Separate Ordinances—What Ordinance Shall Provide—Compensation For Private Property, Paid Out of General Fund or by Assessment—Damages, How Ascertained—Procedure.**—When the grading or regrading of any public highway, or the grading or regrading of any highway and highway or highways intersecting therewith, or the construction of tunnels, subways or viaducts in, under or upon said public highway or highways, or the taking of

Said ordinance or ordinances may provide for establishing or re-establishing the grade of such public highway or intersecting highway or highways or part or parts thereof, and may provide for such grading or regrading by means of cuts, fills or viaducts, and may provide for building subways or tunnels, and may, in the same ordinance and as a part of the same general public improvement, provide also for the condemnation of private property taken or damaged by such proceeding. Such ordinance or ordinances shall in such case provide also for the payment of compensation for private property so taken or damaged either out of the general fund of the city or by special assessments upon a benefit district, or by both; the damages, if any, caused by such public improvement may be ascertained in one court proceeding or by separate court proceedings in the Circuit Court of Jackson County, Missouri, at Kansas City, as may be provided by ordinance, and all procedure for the ascertainment of damages, the service of notice, and the making of special assessments shall be conducted under such section or sections of this Article or of Article VII of this Charter, as the ordinance or ordinances shall provide. Such ordinance or ordinances shall provide the method by which the damages awarded in such proceeding or proceedings shall be paid, and if said damages are to be paid by special assessment upon a benefit district, said ordinance or ordinances shall fix the boundaries of said district.

**Board of Public Works to Prepare Plans—To Show What—Filed With Clerk of Court.**—When proceedings are conducted under the provisions of such ordinance or ordinances, the Board of Public Works shall cause plans to be prepared, which said plans shall be identified in the ordinance or ordinances, and shall show the location and description of the proposed public improvement as a whole, and such plans shall be filed with the Clerk of the Circuit Court with a certified copy of said ordinance or ordinances. Any special assessment against property deemed benefited shall be collected in the manner provided in this Article.

The Board of Public Works, or Board of Park Commissioners, as the case may be, shall cause plans to be prepared, which said plans shall show the location, length, width and height of the proposed viaduct, manner of construction thereof, and the dimensions, character and grade of the approaches thereto. The Board of Public Works, or the Board of Park Commissioners, shall then recommend to the Common Council the passage of an ordinance providing for the construction of such viaduct, making a reference in said ordinance to said plans. Such ordinance shall establish the grade of said viaduct and of the approaches thereto. In case a part or whole of the dam-

**Condemnation for Subway, Tunnel or Cut—Same Proceedings.**—Whenever it is deemed necessary by the city to condemn a right-of-way for a subway, tunnel or cut, or to condemn an easement for the construction of the same under private property, or to construct the same under any street, avenue, alley, highway or other public grounds, and private property may be damaged thereby, said proceedings may be originated and conducted in the same manner and with like effect as herein provided in regard to viaducts so far as the same may be applicable.

Provisions in a charter requiring the recommendation of a certain board of commissioners preliminary to an ordinance of condemnation are valid. (*Kansas City vs Mastin*, 169 Mo. 80, 93; *St. Louis vs Franks*, 78 Mo. 41;

*St. Louis vs Gleason*, 93 Mo. 33; *Fruin-Bambrick Construction Co. vs Geist*, 37 Mo. App. 509; *Bambrick vs Campbell*, 37 Mo. App. 460; *City of Sedalia vs Montgomery*, 109 Mo. App. 197.)

**Sec. 18. Billboards, Etc., on Private Property—May Prohibit—Ordinance Prescribe What—Damages—Proceedings—Petition of Owners of Majority of Front Feet—Dismissal.**—The Common Council may, by ordinance, prohibit the construction or maintenance of bill boards or advertising boards or structures for the posting, painting or printing of signs or advertisements on private property within any prescribed limits. Such ordinance shall prescribe the size, character and location of such advertising boards and structures so prohibited, and in case any private property shall be so damaged by such prohibition as to entitle the owners thereof to remuneration or damages under the Constitution of the State of

Missouri, such prohibition and the proceeding to enforce the same shall be treated as a public improvement, and unless the consent of the owner or owners damaged by such prohibition be first obtained, the same procedure for the ascertainment and assessment of just compensation to be paid to the owner or owners of such private property and the manner of payment of such damages shall be adopted as is prescribed by Sections two, three and four of this Article relating to proceedings for condemning and damaging private property: *Provided, however,* That if, within four days after the rendition of the verdict in said proceedings, there shall be filed with the Clerk of the court in which said proceedings are pending a petition asking for the dismissal of said proceedings signed by the owners of a majority of the front feet of the property in the benefit district fixed by the ordinance instituting such proceedings, then the Common Council shall not have power to confirm said verdict and said proceedings shall be dismissed on behalf of the city and no judgment shall be rendered therein.

Regulation of bill boards. (Crawford vs Topeka, 51 Kans. 756.)

**Sec. 19. Condemning and Damaging Private Property—Additional Methods—City Taking Possession.**—In addition to the methods heretofore provided in this Article for the condemning and damaging of private property, whenever the city shall deem it necessary and by ordinance determine to take or damage any private property for public use of said city, it may adopt the same procedure for such taking and damaging as is prescribed in the general laws of the State for the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes, being Chapter 12, Article VII, of the Revised Statutes of Missouri, 1899. Upon paying to the Clerk of the Circuit Court the amount of damages awarded, the city shall have the right, notwithstanding the filing of exceptions to such award, or appeals therefrom, to enter upon and take possession of the property so taken and condemned and to proceed with the public improvement, or in the case of damage only, to proceed with the public improvement, and any subsequent proceeding shall only affect the amount of compensation to be allowed.

Cities of over 100,000 are authorized by statute to pay into court the money awarded as damages and take possession of the property and proceed with the improvement contemplated by R. S. 1899, Sec. 9702, Laws, 1907, p. 118.

Effect of verdict in later proceeding. (Kansas City v. Mulk, 176 Mo. 229, 1, c. 253, 254.)

**Sec. 20. Taking and Damaging Property in the State of Kansas.**—The city may, whenever it is deemed necessary, and in the manner provided by ordinance, institute and prosecute, within the State of Kansas, when permitted by and in accordance with the laws of that State, proceedings for the taking and damaging of private property for any of the public uses specified in this Charter.

City has power that is given corporations by general law to take, hold and convey such real and personal estate as the purposes of the corporation shall require not exceeding the amount limited in its Charter whether the property be situated within or without the city limits. (Christy's Admr. vs St. Louis, 20 Mo. 143; Chambers vs St. Louis, 29 Mo. 543; Hafner vs St. Louis, 161 Mo. 34; Haeussler vs St. Louis, 205 Mo. 656; St. Louis vs Crow, 171 Mo. 272.)

Power to hold property outside of state. (Haeussler vs St. Louis, 205 Mo. 656.)

City has right to expend money on improvements outside of city. (Hagood vs City of La Grange, 33 Mo. 244; Elting vs Hickman, 172 Mo. 237, l. c. 259.)

Property outside of state. (Haeussler vs St. Louis, 205 Mo. 656.)

**Sec. 21. Proceedings Under This Article in Circuit Court, When.**—Whenever deemed advisable by the Common Council, and upon ordinance therefor, the proceedings provided for in this Article may be commenced in the first instance and maintained and determined in the Circuit Court of Jackson County, Missouri, at Kansas City, and such court shall have original, full and complete control and jurisdiction thereof, and of the parties thereto, and such proceedings may be commenced, maintained and determined, as near as may be, in similar manner, with similar procedure and like process and service thereof, as provided for in Sections two and three of this Article, and whenever in such event, the Mayor of the city shall file, or cause to be filed, in said court a duly certified copy of an ordinance of said city, with the statement by map or plat as provided in Sections two and three of this Article, for similar proceedings, the court shall become fully possessed of the proceedings with full power therein and have complete and sole control and jurisdiction thereof. In such case the court shall, upon application of the city, make the order provided for in Section two of this Article, and service and publication thereof shall be made as provided for in said section.

**Sec. 22. Assessments—Installments—Common Council to Determine—Proceedings in Circuit Court—Interest.**—Whenever the Common Council shall so determine, the assessments to pay for property taken or damaged shall be paid in such

number of annual installments as may be determined by ordinance upon the recommendation of the Board of Public Works. In such case the proceedings shall be begun and prosecuted to judgment in the Circuit Court of Jackson County, Missouri at Kansas City. The assessments shall bear interest at the rate to be specified in the ordinance not exceeding seven per cent per annum. In such case the provisions of Sections twenty-two, twenty-three and twenty-four of Article XIII shall apply as to the payment and collection of the amounts and the penalties thereon and the disposition of the money so collected.

**Condemnation Fund Certificates—Board of Public Works, Powers of.**—The Common Council, upon recommendation of the Board of Public Works, may, by ordinance, provide that the City Treasurer shall issue certificates equal in amount to the unpaid assessments as provided in Section twenty-five of Article XIII of this Charter. Such certificates shall be known as condemnation fund certificates and all the provisions of Sections twenty-five, twenty-six and twenty-seven of Article XIII shall apply to the issue, sale and payment of such certificates so far as applicable, except that all the rights, powers and duties in said sections conferred upon the Board of Park Commissioners are hereby conferred upon and vested in the Board of Public Works, provided that any sums received from the collection of assessments or the sale of condemnation fund certificates as authorized by this section, more than are required to pay for the property taken or damaged in any proceeding, shall be credited to the general fund of the city.

Right to authorize special assessments carries with it right to determine when and in what manner they shall be paid. (*Morrison vs Morey*, 146 Mo. 513, 1. c. 567.)

Validity of certificates. (*Kansas City vs Ward*, 134 Mo. 172.)

**Sec. 23. Defective Proceedings—Supplemental.**—When by reason of any error, defect, or omission in any proceedings, or in the verdict or judgment therein that may be instituted under the provisions of this Article, a portion of the private property sought to be taken, or some interest therein, cannot be acquired, or an assessment is made against private property which cannot be enforced or collected, or when, by reason of any such defect, private property in the benefit district is omitted, the city may, by ordinance, institute,

carry on and maintain supplemental proceedings to acquire the right and title to such property or interest therein intended to be taken by the first proceeding, but which cannot on account of such defect, error or omission, be acquired thereunder, or to properly assess against any piece or parcel of private property against which an assessment was in the first proceeding erroneously made or omitted to be made, the proper amount such private property, exclusive of the improvements thereon, is benefited by the proposed improvement to be determined by the verdict of the jury in such supplemental proceedings; and the original assessments may be revived, corrected, increased or diminished as may be necessary or equitable under the provisions of this Article for the original proceedings. Such supplemental proceedings shall be instituted and conducted as to the particular piece or pieces of private property sought to be acquired or assessed in like manner and with like effect as in the original proceedings, and shall be known and described as supplemental proceedings for the purposes specified in the original ordinance; and a supplemental verdict and assessment shall be made, confirmed and copies of the original verdict certified in every particular as in the original proceedings; and the assessments as established and corrected by such supplemental verdict shall be collected by the City Treasurer in the same manner and under like conditions and restrictions, powers and duties as in the case of original proceedings.

**Sec. 24. Certified Copy of Confirmation Ordinance, or Judgment, Filed With Recorder of Deeds, When.**—Within six months after the confirmation of the verdict of a jury in the Municipal Court or within six months after the rendition of a final judgment vesting in the city the title of any land as provided by this Article, the city shall cause to be filed in the office of the Recorder of Deeds of Jackson County, at Kansas City, a certified copy of said confirmation ordinance, or certified copy of such judgment, as the case may be.

**Sec. 25. Eminent Domain—Outside City—Sewers and Water Courses, Acquisition—Method—Cost—Tax Bills.**—Whenever the city shall propose to acquire outside the corporate boundaries of the city and within the territorial limits of Jackson County, any right-of-way for sewers or any lands for use for or in connection with sewer purposes or the right to make use of any natural course

of drainage or water course or any part thereof as a public drain or sewer route, by purchase or by the exercise of the power of eminent domain for public use as an outlet or appurtenance to any sewers built or to be built within the corporate boundaries of the city, the Common Council shall, by ordinance, describe sufficiently for identification the right-of-way, lands and natural course of drainage or water course or part thereof to be made use of proposed to be acquired as aforesaid and shall designate the sewer district or districts within the corporate boundaries of the city which shall be deemed benefited by the acquisition thereof and by the construction of such outlet and all appurtenances which may be constructed or used in connection with such outlet; thereupon the city may proceed to acquire such right-of-way, lands and right to use such natural course of drainage or water course, or part thereof, by gift, purchase or condemnation proceedings in the manner herein provided, and the whole cost of so acquiring the same, less such sum as may be appropriated by the city for that purpose or otherwise paid, shall be collected by special tax from all lands exclusive of highways, streets and alleys embraced within the said district or districts declared to be so deemed benefited in the manner hereinafter provided. The cost of constructing such outlet and all appurtenances which may be constructed in connection with such outlets, less such sum as may be appropriated by the city for that purpose or otherwise paid, shall be paid for in special tax bill, as hereinafter provided, against all lands, exclusive of highways, streets and alleys embraced within the said district or districts.

**Sec. 26. Proceedings—Separate or Any Number.**—The city may acquire any part of such right-of-way, lands and natural course of drainage or water course, as aforesaid, in the same condemnation proceedings or by separate condemnation proceedings, and may proceed against each owner separately or any number of owners may be joined in one proceeding, but in all cases the damages to each shall be separately assessed.

**Sec. 27. Drainage—Riparian Owners—Unknown Owners. Procedure—Parties.**—In case the city shall desire to acquire any such right-of-way or lands or the right to so make use of any such natural course of drainage or water course or part thereof for public use, as aforesaid, and the riparian owners of any such water course or owners of such course of drainage or of any of such lands

or of the property through which such right-of-way runs and the city cannot agree upon the proper compensation to be paid therefor, or in case the owner is incapable of contracting, be unknown or be a non-resident of the State, the city may apply to the Circuit Court of Jackson County or to any judge thereof, in vacation, by petition, setting forth a general description of such natural water course or course of drainage or describing the route of the right-of-way so sought to be acquired over or through any lands and describing the lands so sought to be acquired, the names of the owners thereof if known or if unknown, a pertinent description of the property whose owners are unknown, and praying the appointment of three disinterested freeholders of the county as commissioners or for a jury to assess the damages which such owners may severally sustain in consequence of the use of such natural water course or courses of drainage for the purposes aforesaid, or for the use of such right-of-way for the purposes aforesaid or by the taking of such lands. The owners or those having any right, title or interest in such land or natural water course or course of drainage or part thereof or land through which such right-of-way runs is sought to be appropriated, shall be made parties defendant by name if the names are known, and by description of the unknown owners of the same if their names are unknown. It shall not be necessary to make any persons defendant in respect to their ownership unless they are either in actual possession of the premises to be affected, claiming title, or have a title to the premises appearing of record upon the proper records of the county.

Condemnation proceedings are absolutely void where no attempt is made before beginning them to make agreement with owner of land. (Wilkinson vs St. Louis Sectional Dock Co., 102 Mo. 130.)

Not necessary where evidence shows that no efforts, however strenuous, would have resulted in agreement. (So. Ill. & Mo. Bridge Co. vs Stone, 194 Mo. 175, 1 c. 187.)

Parties, note to Section 2.

**Sec. 28. Petition—Summons—Notice—Publication.**—Upon the filing of the petition a summons shall be issued giving such owner at least ten days' notice of the time when said petition will be heard, which summons shall be served by the sheriff of the county in the same manner as writs of summons are or may be by law required to be served. If the name or the residence of the owner be unknown or if the owners or any of them do not reside within

the State, notice of the time of hearing the petition reciting the substance of the petition and the day fixed for the hearing thereof shall be given by publication for three weeks successively prior to the time of hearing the petition, in a newspaper published in the county.

Service, publication, etc., note to Section 2.

**Sec. 29. Commissioners—Report Damages—Record Of.—**

The court, or judge thereof in vacation, after being satisfied that due notice of the pendency of the petition has been given, shall appoint three disinterested commissioners who shall be freeholders, residents of the county, to assess the damages which the owners may severally sustain by reason of such appropriation, who, after having viewed the property shall forthwith return under oath such assessment of damages to the clerk of such court setting forth the amount of damages, and the clerk shall file such report and record the same in the order book of the court. In estimating damages the commissioners shall always take into consideration the advantage as well as the disadvantage resulting from the establishment of the said sewer route or sewer to the lands through or over which the same may run.

Damages condemning sewer right of way where sewage pollutes stream. (*Mining Co. vs City of Joplin*, 124 Mo. 129; *Smith vs Sedalia*, 182 Mo. 1.)

Measure of damages, see note to Section 3.

Benefits may be set off against damages. (*So. Ill. & Mo. Bridge Co. vs Stone*, 191 Mo. 175, 1. c. 188 and cases cited.)

**Sec. 30. Report Notice of Filing—Exceptions to Report—New Appraisement By Jury.—**Upon the filing of such report of said commissioners, the clerk of the court wherein the same is filed shall duly notify the party whose property is affected of the filing thereof. Such report may be reviewed by the court in which the proceedings are had and on written exceptions filed by either party in the clerk's office within ten days after the service of the notice aforesaid, the court shall make such order therein as right and justice may require, and may order a new appraisement upon good cause shown. Such new appraisement shall at the request of either party be made by a jury under the supervision of the court as in ordinary

cases of inquiry of damages. In all cases, the report of the commissioners when signed by a majority of them shall be taken and considered as the report of a'l.

Exceptions may be filed by leave of the court after ten days, if good cause is shown, and by contesting such exceptions the city waives the irregularity after an adverse ruling. (St. Louis vs Weber, 110 Mo. 515, 521.)

But probably, if improperly filed out of time, such exceptions, as in other cases, may be stricken out. (See St. Louis vs Lang, 131 Mo. 412, 1. c. 421.)

On exceptions to the report, the lat-

ter is presumptively correct; the proceeding to review is not entirely *de novo*, and, while the court must hear evidence as to the correctness of the valuation of the commissioners, the latter will not be disturbed unless clearly shown to be inadequate or excessive. (St. Lou's vs Abeln, 170 Mo. 318, and cases referred to in the opinion. Railroad vs Pfau, 212 Mo. 398, 1. c. 412.)

**Sec. 31. Costs—Commissioners' Fees.**—The cost of the proceedings shall be paid by the city up to and including the filing and copying of the report of the commissioners, and the court, as to any costs made by subsequent litigation, may make such order as in its discretion may be deemed just. The court shall allow the commissioners a reasonable allowance for their services, which shall be taxed as costs in the proceedings.

**Sec. 32. Possession and Use of Drainage Course By City, When.**—Upon the payment to the clerk of said court of the amount so assessed or if a verdict of a jury shall have been rendered of the amount awarded by such jury for the party in whose favor the same has been assessed or awarded, the city may proceed to use such natural course of drainage or water course and construct such sewer and appurtenances and to take possession of such lands, and all further and subsequent proceedings shall only affect the amount of compensation to be allowed.

**Sec. 33. Cost of Acquiring Land and Drainage Course—To Constitute a Lien—Computed by Board of Public Works—Recorded and Certified—Prima Facie Evidence—Interest—Such Special Tax, How Collected.**—The whole cost of acquiring such lands and the use of such course of drainage or water course and of such right-of-way, less such sum as may have been appropriated by the city for that purpose or otherwise paid as aforesaid, shall constitute a lien on all the lands within said district or districts, exclusive of public highways, streets and alleys so declared to be deemed benefited in proportion to the area of each tract, and shall be collected

by a special tax. Such cost shall be computed and apportioned by the Board of Public Works and set down in a book provided for that purpose and by said Board certified to be correct, and such book, and certificate or a copy thereof, or of any part thereof, certified by said Board shall be received in all courts in this State as *prima facie* evidence of the validity and equality of such special tax and of all steps and proceedings necessary to the validity and collection of such special tax. Said book, when so certified, shall be forthwith turned over to the City Treasurer, whose duty it shall be to collect such special tax at the same time the general city taxes are collected. Such special tax shall bear interest at the rate of seven per cent per annum from the date of such certificate, unless paid within sixty days after such date, and such special tax may be paid to the City Treasurer at any time. The city may also collect such special tax by suit foreclosing the lien thereof, before any justice of the peace or municipal court or other court having jurisdiction of the amount sued for, and in any such suit it shall only be necessary for the plaintiff to allege the certification and delivery of such book and the amount and non-payment of the special tax sued for, together with a description of the particular tract of land charged therewith.

**Sec. 34. Special Tax Advanced By Any Person—Certificate—City Not Liable.**—It shall be lawful for any person to advance to the city for the use and benefit of such district or districts so declared to be deemed benefited the whole or any part of such special tax, the amount advanced to bear interest at the rate of seven per cent per annum until collected from such special tax. A certificate of such advance shall be issued to such person by the Mayor and Comptroller and all sums thereafter collected on such special tax shall be paid over to such person on demand as of the day on which the same was collected until the whole amount so advanced and interest as aforesaid shall have been duly paid; but the city shall in no event be liable to such person in any manner whatever for the amount so advanced or any part thereof, but the collections from such special tax shall constitute the only resource for the payment of the same.

**Sec. 35. Cost of Construction of Outlet, Sewer, Etc.—Special Tax Bills.**—The cost of constructing any outlet sewer, appurtenances and works in connection therewith or to be used in connection therewith on or along said right-of-way course or drain-

age or water course or on said land or any part thereof, less such sum as may have been appropriated by the city for that purpose or otherwise paid as aforesaid, shall be paid for wholly or in part in special tax bills against all lands embraced within said district or districts, exclusive of public highways, streets, and alleys, in proportion to the area of each tract, the work to be done and the special tax bills to be issued in accordance with the provisions of this Charter concerning the construction of district sewers and the issuing of special tax bills therefor so far as the same may be applicable.

**Sec. 36. Common Council—Powers Under This Article.—**The Common Council shall have power to appropriate money for the purposes aforesaid and to pass all ordinances not inconsistent with this Charter or the Constitution or laws of the State, which may be deemed necessary or expedient to further carry out the purpose and intent of this Article.

**Sec. 37. Condemnation Beyond City Limits in Missouri—Proceedings—Compensation.—**In all cases where the city shall provide by ordinance for the condemnation of land beyond the city limits in the State of Missouri for any purposes specified in this Charter where the same is to be paid for by the city out of the general fund, or by the sale of bonds, or in any manner except the assessment of benefits, the proceedings for the condemnation of such land shall be begun and conducted in the Circuit Court of the County where said land to be acquired is situated, and the compensation or damages for the taking of said land shall be ascertained in the same manner provided for acquiring land in Jackson County, as set forth in Sections 27, 28, 29, 30, 31 and 32 of this Article.

street, alley, avenue, public highway or part thereof, which has once been established, the Common Council shall by resolution declare the work of improvement to be necessary, and cause such resolution, or the substance thereof, to be published in the newspaper doing the city printing, for ten days (Sundays included), and unless the resident owners of the city who shall own the majority in front feet of all the lands belonging to such resident owners fronting on the street, alley, avenue, public highway or part thereof to be improved, shall, within thirty days after the first day of the publication of such resolution, file with the City Clerk their remonstrance against the proposed change, then the Common Council shall have power by ordinance to cause the proposed change to be made; *Provided further, however*, That no such resolution or ordinance shall be passed by the Common Council, except upon the recommendation of the Board of Public Works endorsed thereon. R. S. Mo. 1899, Section 6302. Repealed Laws 1909, p. 328.

Fee simple title is not acquired by condemnation, and property cannot be used for other purposes without additional compensation to owner. (Belcher Sugar Co. vs Elevator Co., 82 Mo. 121, s. c. 101 Mo. 192; State ex rel. vs Longfellow, 169 Mo. 109; Cartwright vs Tel. Co., 205 Mo. 126; State ex rel. vs R. R. Co., 206 Mo. 251.)

Grade must be established by Common Council by ordinance, and this power cannot be delegated. (Thomson vs Boonville, 61 Mo. 282; Stewart vs City of Clinton, 79 Mo. 603; Werth vs Springfield, 22 Mo. App. 12; City of

Unionville vs Martin, 95 Mo. App. 28, l. c. 36, and cases cited.)

Grade must be established before grading. (Clapton vs Taylor, 49 Mo. App. 117; Gehling vs St. Joseph, 49 Mo. App. 430; and cannot be changed so as to affect a grading contract made but not completed. (Brady vs Rogers, 63 Mo. App. 222.)

Acts of Legislature of March 26th, 1885, and March 21st, 1887, relating to grading were superseded by the provisions of the former charter. (State ex rel. Kansas City vs Field, 99 Mo. 352. R. S. Mo. 1899, Secs. 6302 to 6307. Repealed Laws 1909, p. 328.)

See relation of City to State, Introductory note.

Provisions of Charter confining right of petition and remonstrance to resident property owners not unconstitutional as a discrimination against non-residents. (*Buchan vs Broadwell*, 88 Mo. 31.)

Bona fide resident owners are intended, and not grantees receiving title for purpose of effecting or defeating improvement. (*Forbis vs Bradbury*, 58 Mo. App. 506.)

Publication of resolution is in nature of notice to property holders and is required to be made for purpose of affording them an opportunity to appear before Council and interpose any objections they may have. (*Barber Asphalt Paving Co. vs Muchenberger*, 105 Mo. App. 47, l. c. 50.)

Council does not acquire jurisdiction until expiration of ten days. Remonstrance may be impeached by evidence controverting ownership and authority of subscribers thereto. Remonstrant may withdraw name by filing letter with clerk. Signature of administrator of an estate to remonstrance is not signature of owner. Where title to property affected stands in name of partnership, party whose name alone appeared in title can be counted. Officers of corporation cannot file remonstrance unless specially authorized by board of directors. (*City of Sedalia ex rel, vs Montgomery*, 109 Mo. App. 197.)

Publication of notice and proof of publication, see note to Article XVIII, Section 13.

**Sec. 2. Benefit District.**—When the property owners to be disturbed or damaged by the grading, or re-grading of any street, alley, avenue, public highway or part thereof are lawfully entitled to remuneration or damages under the Constitution of the State of Missouri, and shall not have waived any right or claim thereto, the ordinance which shall order the grading or re-grading of any street, avenue, alley, public highway or part thereof, shall also prescribe and determine the limits within which private property is deemed benefited by the proposed grading or re-grading.

R. S. Mo., 1899, Section 6303. Repealed Laws 1909, p. 328.

It is within power of Legislature to create special taxing district and to charge cost of local improvement in whole or part upon property in said district either according to valuation

or superficial area or frontage. (*Meier vs St. Louis*, 180 Mo. 391; *Heman Construction Co. vs Railroad*, 206 Mo. 172, l. c. 179.)

As to what is waiver of damages see note to Section 7.

**Sec. 3. Plat of Property Benefited—Engineer to Furnish.**—Within thirty days after the taking effect of the ordinance, the City Engineer shall furnish the Mayor a map or plat containing a correct description of the several lots or parcels of private property in the benefit limits prescribed in said ordinance, but a failure to furnish the map or plat within the specified time shall not invalidate the proceedings.

R. S. Mo. 1899, Section 6304. Repealed Laws 1909, p. 328.

Purpose of map. Jurisdiction does not depend upon filing or correctness

of map. (*Kansas City vs Smart*, 128 Mo. 272; *City of Tarkio vs Clark*, 186 Mo. 285, l. c. 299.)

**Sec. 4. Proceedings in Circuit Court—In Municipal Court, When.**—The proceedings hereinafter provided for shall be heard and determined by the Circuit Court of Jackson County, Missouri, at Kansas City, or if not in session, by a judge thereof, and when they are had in vacation the same record thereof shall be made and kept as if such proceedings had been had in term time; *Provided, however,* That whenever it is deemed advisable by the Common Council, and upon ordinance therefor, the proceedings hereinafter provided for in this Article may be commenced in the first instance and maintained and determined in the Municipal Court of the city, and such court shall have original, full and complete control and jurisdiction thereof, and of the parties thereto, and such proceedings may be commenced, maintained and determined as near as may be in similar manner, with similar procedure and like process and service thereof as is hereinafter provided for the procedure in the Circuit Court of Jackson County, Missouri, at Kansas City; and whenever, in such event, the Mayor of the city shall file, or cause to be filed, in the Municipal Court a duly certified copy of the ordinance of the city providing for such grading or re-grading with the statement by map or plat above provided for, the Municipal Court shall become fully possessed of the proceedings with full power therein, and have complete and full control and jurisdiction thereof. In such case the Municipal Court shall, upon application of the city, make all orders and take such steps and follow such procedure as is hereinafter provided for the Circuit Court of Jackson County, Missouri, at Kansas City, or the judge thereof.

**Appeal—Lien—Interest.**—In case the city or any person affected by the proceedings shall feel aggrieved by the verdict of the jury in the Municipal Court, he may, within twenty days of the filing of the verdict, appeal to the Circuit Court of Jackson County, Missouri, at Kansas City. Such appeal shall be perfected in the manner provided in Section 6 of Article VI of this Charter, and upon the perfection of such appeal, said cause shall be tried *de novo* in the said Circuit Court. If said cause be so tried in the Municipal Court and be not appealed, as above provided, the several lots or parcels of private property assessed to pay compensation shall stand charged and be bound respectively for the payment of such assessments, with the lien thereof charged from the date of enactment of the ordinance for the improvement until paid. If such assessment be not paid within sixty days after the

rendition of the verdict, the same shall bear interest at the rate, and shall be collected in the manner provided by Section 4 of Article VI of this Charter.

R. S. Mo. 1899, Section 6305. Repealed Laws 1909, p. 328.

Mayor under former Charter and municipal court under present Charter has same power as Circuit Court for conducting these proceedings and the

same presumptions are indulged in favor of correctness of its actions. (Kansas City vs Smart, 128 Mo. 272; Leonard vs Sparks, 117 Mo. 103, 1. c. 109.)

**Sec. 5. Proceedings in Circuit Court—Order, Form of.**—When the Mayor shall file, or cause to be filed, a certified copy of said ordinance, with a copy of the map or plat provided for in Section 3 of this Article, in the Circuit Court, or with the clerk thereof, such court, or the judge thereof, shall fix a day and place for assessing the damages and benefits to arise from the proposed grading or re-grading, and shall make an order reciting the title of the ordinance and stating the general object and nature of the ordinance; and also stating the limits within which private property is benefited by the proposed grading or re-grading, as determined and prescribed by the ordinance, and said order shall be directed to all whom it may concern, without naming them, notifying them of the day and place fixed for the ascertaining of damages and benefits to arise from said grading or re-grading, and that unless they file their claim for damages as herein required they shall thereafter be precluded from making any claim on account thereof, which order may be substantially in the following form, to-wit:

**Publication of Order—Further Order—Service on Parties—Jurisdiction of Court on Publication—Claims for Damages to be Filed.**—A copy of such order shall be published in each issue of a newspaper at the time doing the city printing, for ten days (Sundays included), the last insertion to be not more than one week prior to the day so fixed for said hearing. The court, or judge thereof, may, at the time of making said order, further order that all or any portion of the residents of the city owning or having an interest in real estate fronting on the street, alley, avenue, public highway or part thereof, proposed to be graded or re-graded, or in the real estate within the limits of the district prescribed by the ordinance within which private property is deemed benefited by the proposed grading or re-grading be served with a copy of said order, either by delivering to each of such owners a copy of the order or leaving such copy at their usual place of abode with some member of their respective families over the age of fifteen years, and in the case of resident corporations, by service of said order in like manner as with summons in ordinary civil causes. If service of such notice cannot be made on any or all of such parties as above described, within the city limits, when personal service is ordered by said court, or judge, the return on such notice shall so state. Thereupon an *alias* order, specifying a different date may be made by said court, or judge, if deemed advisable, notifying such unserved parties of the facts, as in case of original notice above provided. Said cause may be continued or post-

poned from time to time. It shall not be required in any case to bring in any person other than the owners of the property or those interested therein, who were such at the time of the taking effect of the ordinance providing for the improvement, and the parties claiming or holding through or under such owners or parties interested, or any of them, shall be bound by the proceedings as fully as if they were brought in; but any person having any interest in the real estate liable to be affected by said proceeding may, upon application and entering his appearance, be made a party thereto; but no notice of said proceedings shall be necessary to the validity thereof, except the publication of the order, as herein provided. Notice so given by publication shall be sufficient to authorize the court, or the judge thereof in vacation, to hear and determine the cause and to make any finding or order therein as though all the parties had been sued by their proper names and had been personally served. Affidavit by the publisher, manager, or any person connected with the newspaper in which such order was published, accompanied with a copy of the notice, shall be evidence of the fact of the publication of the notice or order as stated therein. At any time before the day set for the hearing or before the day to which said cause may have been postponed or continued as designated in either of aforesaid notices, any person claiming damages by reason of the aforesaid grading or re-grading, may file, or cause to be filed, with the clerk of said court, a description of the property claimed to be damaged and the interest of the claimant therein. The clerk shall note the filing of such claim as a part of the record of said cause. If no claim be filed before the day set for the hearing of said cause, or the day to which said cause has been postponed or continued, as above provided, the court, or judge thereof, in vacation, shall make an order finding that no such claim has been filed, and thereupon the grading or re-grading may then be done, or made, and no claim for damages therefor shall thereafter be made or considered. The service of any notice or process required by this Article or ordered by the court, or judge thereof in vacation, may be made by a policeman of the city, or by any constable or other officer authorized to serve or return notices, and any return of service by a policeman, constable or other officer shall be evidence of the facts therein stated.

R. S. Mo. 1899, Section 6306. Repealed Laws, 1909, p. 328.

For the proceeding, parties, insti-

tution and conduct of the action, notice, process, service and publication, see note to Article 6, Section 2.

**Sec. 6. Board of Commissioners—Six Freeholders—Fees—“Disinterested Freeholders” Construed.**—On the day set for hearing, if notice has been given as hereinbefore required, the court, or judge, shall appoint and cause to be empaneled a board of commissioners composed of six men, who shall be disinterested freeholders of the city, and such commissioners shall be allowed the same fee that jurors are allowed for their services. The term “disinterested freeholder,” as used in this Article, shall not be so construed or defined as to exclude or disqualify any person interested in property by reason of the fact that he is trustee in a deed of trust upon property taken or damaged or within the benefit limits.

See note to Article 6, Section 2, The Jury.

**Sec. 7. Commissioners—Oath—Evidence—View Property—Verdict to State What—Estimating Damages—Failure to Agree—New Commissioners.**—The commissioners provided for in the preceding section shall be sworn to ascertain and report the actual damages, or just compensation, to be paid in each case separately, as well as the benefits to be assessed, under such instructions as shall, after hearing the parties, be given them by the court or judge. The parties interested may submit evidence to the commissioners, and the commissioners shall examine personally each piece of property described on such map or plat, and all property claimed to be damaged by such proposed grading or re-grading. The commissioners shall ascertain and state in the report or verdict:

*First:* The amount of actual damage to each piece of private property that will be damaged by reason of the proposed grading or re-grading, making just allowance for all special benefits to such piece of property from such grading or re-grading, and when the damages to any piece of property do not exceed the benefits thereto from the proposed improvement, the commissioners shall not report any allowance or damages to such piece.

*Second:* If the commissioners shall find that private property is actually damaged by reason of the proposed improvement, to pay the total amount of such damages allowed, they shall first assess against the city such sum as is equal to the amount of benefits the city at large will receive from the proposed improvement, and the balance of the sum so awarded as damages and not assessed against

the city the commissioners shall assess against the private property within the benefit limits prescribed in the ordinance, but excluding from such assessment any piece of private property to which damages are awarded on account of the proposed improvement, when the damages allowed exceed the benefits assessed against such piece of private property; and no piece of private property shall be assessed with benefits in any amount in excess of the actual benefits which the same will receive by reason of the proposed improvement; and in determining such actual benefits to any piece of private property, the damages which it may have sustained, but for which no claim was made, shall be taken into consideration by the commissioners. If the commissioners cannot agree the court may discharge them, and may proceed to empanel another board; but the order to empanel a new board of commissioners must be made on the day of discharging any board of commissioners and must name the time and place of empaneling the new board.

See note to Article VI, Section 3.

**Property Damaged By Change of Grade.**—Prior to constitution of 1875, city in legitimate exercise of its powers could change grade by ordinance without being liable for consequential damages, unless injury resulted from negligent or improper manner in which the work was done. (St. Louis vs Gurno, 12 Mo. 415; Taylor vs St. Louis, 14 Mo. 20; Hoffman vs St. Louis, 15 Mo. 651.) A contrary decision was made in Thurston vs St. Joseph, 51 Mo. 510, but the former rule was again followed in later cases (Schattner vs Kansas City, 53 Mo. 162; Imler vs Springfield, 55 Mo. 119; Wegmann vs City of Jefferson, 61 Mo. 55; Stewart vs Clinton, 79 Mo. 603.)

Constitution was so amended in 1875 that compensation was required when property was damaged as well as taken for public use, and since that time it is settled law that when property is damaged by establishing the grade of a street, or by raising or lowering the grade already established, it is damaged for public use within the meaning of the Constitution. (Hickman vs Kansas City, 120 Mo. 110, 1. c. 116; Werth vs Springfield, 78 Mo. 107, 110; Householder vs Kansas City, 83 Mo. 488; Clemens vs Ins. Co., 184 Mo. 46, 1. c. 53.)

Although grade established prior to Constitution of 1875, owner of property damaged entitled to compensation. (St. Louis vs Lang, 131 Mo. 412.)

The change of grade need not be the whole width of the road-bed. (Stickford vs St. Louis, 7 Mo. App. 217; Stickford vs St. Louis, 75 Mo. 309.)

Abutting owner entitled to damages for a material change in the grade from the natural surface. (Investment Co. vs St. Joseph, 191 Mo. 459; Cole vs St. Louis, 132 Mo. 633, 640, and cases cited; Davis vs Ry. 119 Mo. 180; Fred vs Railway, 65 Mo. App. 121; Fuess vs Kansas City, 191 Mo. 692.)

Grades of streets are usually fixed by relation to "City directrix." (St. Louis vs Lang, 131 Mo. 412.)

The grade of a street between intersecting streets is a plane. (Pratt vs Street Railway, 49 Mo. App. 63.)

Macadamizing street in careful manner upon established grade will not entitle abutting owners to damages. (Gibson vs Owens, 115 Mo. 258.)

City is not liable for damages for surface water, caused by grading, in absence of negligence. (Payne vs Railroad, 112 Mo. 6.)

**Damages**—Ground of recovery is owner's easement or property interest in the street and in order to recover, or to bring himself within the amendment he must show a special and peculiar injury to his property, or some easement connected therewith, different in kind from that of others. (*Clemens vs Ins. Co.* 184 Mo. 46, 54 and cases there cited; *Van De Vere vs Kansas City*, 107 Mo. 83; *Rude vs St. Louis*, 93 Mo. 408; *Knap, Stout & Co. vs St. Louis*, 153 Mo. 560, 1. c. 572.) See also where a street railroad was constructed. *Ruckert vs Grand Ave. Ry.*, 163 Mo. 260, 1. c. 278, and steam railroad. *De Geoffrey vs Merchants Bridge*, 179 Mo. 698, 1. c. 705, et seq. *Baker vs McDaniel*, 178 Mo. 447; *Realty Co. vs Deere Plow Co.*, 208 Mo. 66.

Lot must abut on street. (*Gardner vs St. Joseph*, 96 Mo. App. 657; *Burde vs St. Joseph*, 130 Mo. App. 453; but see *Heer Dry Goods Co. vs Ry. Co.*, 41 Mo. App. 63; *Milling Co. vs Riley*, 133 Mo. 574.)

Different rule as to alley in same block. (*Dries vs St. Joseph*, 98 Mo. App. 611.)

No compensation for improvements put on lot after grade was established. (*Clinkenbeard vs St. Joseph*, 122 Mo. 641; *Davis vs Railway*, 119 Mo. 180.)

Whether the change be from the natural to an artificial grade or from one artificial grade to another, the measure of damages is the difference in value of the property before and after the change, less any special benefit not common to all property in the neighborhood, caused by such change of grade; and this is the rule whether the cost of the improvement be paid by the city or taxed as benefit assessments against the abutting property; the cost of the improvement taxed against the abutting property should not be considered. (*Investment Co. vs St. Joseph*, 191 Mo. 459; *Fuess vs Kansas City*, 191 Mo. 692; *Hickman vs Kansas City*, 120 Mo. 110; *Cole vs St. Louis*, 132 Mo. 633; *Waldron vs Kansas City*, 69 Mo. App. 50.)

As to measure of damages where access to a highway is cut off, being the difference in market value before and after such cut-off, see also *Slatery vs St. Louis*, 120 Mo. 183; *Choteau*

*vs St. Louis*, 8 Mo. App. 48; *Faust vs Pope*, 132 Mo. App. 287.

Cost of subsequent grading is not element of damages. (*Kansas City vs Railway*, 187 Mo. 146, 1. c. 156; *Widman Investment Co. vs St. Joseph*, 191 Mo. 459, 1. c. 468.)

Increased cost of making improvements occasioned by change of grade. (*Fuess vs Kansas City*, 191 Mo. 692.)

**Measure of Damages.**—Use of word "property" in instruction criticised, and use of word "lots" recommended. (*Dale vs St. Joseph*, 59 Mo. App. 566.)

Fact that owner had received damages in former grading proceeding for other street or alley does not affect damages or measure of damages. Rule remains same. (*Robinson vs St. Joseph*, 97 Mo. App. 503.)

Where the expense of protection against threatened injury, or repairing the injury by restoring the premises as near as may be to former condition is less than the diminution in the market value by reason of the grading, such cost of restoration is the proper measure of damages. (*Smith vs Kansas City*, 128 Mo. 23; *Kansas City vs Morton*, 117 Mo. 446; *Fuess vs Kansas City*, 191 Mo. 692, 1. c. 697; *Tegele vs Kansas City*, 95 Mo. App. 162; *Stroker vs St. Joseph*, 117 Mo. App. 350.)

Damage for change of grade. Landlord and tenant. (*St. Louis vs Nelson*, 108 Mo. App. 210.)

Damages because of removal of shade trees, when allowed; (*Walker vs Sedalia*, 74 Mo. App. 70.) And when not. (*Colston vs St. Joseph*, 106 Mo. App. 714. *Scott vs Marshall*, 110 Mo. App. 178.)

Property owner petitioning for change of grade estopped from claiming damages. (*Cross vs Kansas City*, 90 Mo. 13; *Vaile vs City of Independence*, 116 Mo. 333; *Carson vs St. Joseph*, 91 Mo. App. 324.)

Consent to construction and operation of cable railway is not a consent to change grade. (*Fred vs Cable Ry.*, 65 Mo. App. 121.)

Nor is request of plaintiff, after the grading of the road-bed by the cable company that the grading of the street be finished. (*Hickman vs Kansas City*, 120 Mo. 110, 120.)

When owner asks that established grade be changed from one grade

to another he does not necessarily waive damages for the act of grading street to such established grade. (*Fairbanks vs St. Joseph*, 102 Mo. App. 425.)

**Benefits.**—See note to Article VI, Section 3. Special benefits only to be charged.

Rule for assessment of damages and benefits, discussed and stated. (*Kansas City vs Morton*, 117 Mo. 446; *Carroll vs City of Marshall*, 99 Mo. App. 464.)

Assessments for grading held not invalid because dirt excavated was used to fill and thereby improve another street while property fronting thereon was not taxed. (*K. C. Grading Co. vs Holden*, 107 Mo. 305.)

The benefit to be deducted from the damages sustained by the land owner by the taking or damaging his property is only the direct and peculiar benefit that would result in particular to his tract, and not the general benefit that his lands would derive in common with the lands of other owners in his neighborhood. (*Cole vs St. Louis*, 132 Mo. 633, 640; *So. Ill. Bridge Co. vs Stone*, 194 Mo. 175; *State ex rel. vs Kansas City*, 89 Mo. 34.)

Evidence admissible that property is less valuable because located in line of a street proposed to be extended. (*Kansas City vs Hill*, 80 Mo. 523.)

Assessment cannot exceed amount property is benefited. (*Tyler vs St. Louis*, 56 Mo. 60; *Zoeller vs Kellogg*, 4 Mo. App. 163; *St. Louis vs Frank*, 9 Mo. App. 579.)

City not primarily liable for benefits assessed against private prop-

erty. (*Schaffner vs St. Louis*, 31 Mo. 264.)

Fact that owner of property assessed with benefits received notice only by publication does not militate against validity of assessment. (*Eyssell vs St. Louis*, 168 Mo. 607, 1. c. 616.)

Validity of tax bills for grading not affected by failure to assess damages. (*Gibson vs Owens*, 115 Mo. 258; *Keith vs Bingham*, 100 Mo. 300, 1. c. 306.)

Nor by failure to provide compensation for damages. (*Springfield vs Baker*, 56 Mo. App. 637.)

**Change of Grade.**—Matters that will be taken into consideration by Court of Chancery upon application for injunction; (*McElroy vs Kansas City*, 21 Fed. Rep. 257.)

Where the property is not taken, and proprietary rights are not disturbed, but the damage to property is consequential, due to a change in the grade, the constitutional provision prohibiting taking or damaging of private property without just compensation, does not entitle owner to damages before work is done, and he is not entitled to an injunction until the same are ascertained and paid. (*Clemens vs Ins. Co.*, 184 Mo. 46.) See further as to when an injunction will lie, cases cited in the opinion; also *Iron Co. vs St. Louis*, 138 Mo. 608.

Where city has abandoned improvement or it is impossible to undertake it because ordinance which made it possible has been repealed, injunction will not be granted. (*Lester Realty Co. vs St. Louis*, 169 Mo. 227.)

**Sec. 8. Verdict—Signed and Returned, When—To Contain What—When Set Aside—Costs.**—The verdict of the board of commissioners shall be signed by each commissioner, and delivered to the court or judge on the day fixed for such report at the hearing of the same unless said commissioners are granted further time by the court or judge. Such report or verdict shall contain a correct description of each lot or parcel of property damaged, the names of the claimants, and the amount of damages thereto; also the amount of benefits assessed against the city, together with a correct description of each lot or parcel of private property assessed with benefits

and the amount assessed against the same. The City Engineer, or his assistant, shall, when requested by the court or judge, put the verdict or report in proper form. The court or judge may, on its or his own motion, or on the motion of the city, or of any party interested in the proceedings, for good cause, set aside the verdict or report of any board of commissioners. and thereupon appoint a new board to perform the duties in this Article prescribed, and fix a time and place for empaneling such other board and a rehearing of the whole matter. The court costs, up to and including the judgment, and costs of giving the notices herein, shall be paid by the city.

**Sec. 9. Verdict—Confirmation—Judgment—Docketed and Indexed—Execution, Recitals in.**—The verdict and report shall, unless set aside, be confirmed by the court or judge thereof, and judgment entered thereon that the city pay the damages assessed therein, and that the city recover the respective amounts assessed against private property, and that the several lots or parcels of private property, so assessed to pay compensation by the verdict or report, stand severally charged and be bound for the payment of the respective assessments, also the interest and costs that may accrue thereon. Such judgment shall be by the clerk docketed and indexed in the books used for that purpose, as provided for in Section 12, Article VI, of this Charter. Such judgment may be enforced by a special execution if the same is not paid, or as to the portion not paid. The judgment as to the benefits assessed against private property shall bear interest at the rate of seven per cent per annum from the date of such judgment, unless appealed from; but in case of an appeal, interest shall be charged only from date of affirmance or dismissal of the appeal in the Appellate Court. The execution herein authorized shall be deemed sufficient if it recites the date of the judgment, the amount assessed against each tract described therein, the rate of interest thereon, and the date when it begins to accrue, and state that such tract or tracts were assessed to pay compensation for damages to private property for grading or re-grading of a street, alley, avenue, public highway or part thereof, as the same may be, giving the title and date of approval of the ordinance ordering such grading or re-grading, and command the officer to whom such execution is directed to sell each tract or parcel of property therein described, or so much thereof as may be necessary to satisfy the assessment and interest and costs due thereon.

**Sec. 10. Abutting Property Left Below Grade—Proceedings.**—In all cases where the grading or regrading of a street, alley, avenue, boulevard or public highway, or part thereof, would cause an embankment or fill to be made, leaving any abutting property below the proposed grade of the street, the Common Council shall have authority in the ordinance for such grading to provide for the condemnation of an easement in said abutting property, or a right to support said embankment or fill so far as may be necessary to bring the street to the required grade, and by allowing the material of which said embankment is made to fall upon the abutting land at the natural slope so that the surface of said street may be graded the full width thereof. In such case the Board of Public Works shall prepare a plat showing a profile of the portion of the street, avenue, alley, boulevard or other public highway proposed to be graded, and indicate thereon approximately the amount of the encroachment of the embankment upon the abutting property. Said plat shall be referred to and identified in said ordinance. In such cases the notice to be given shall state that such easement is sought to be acquired in said proceedings.

**Condemnation of Easement—Easement Acquired, Not to Prevent Use by Owner, When—Claim for Damages.**—Such easement acquired by the city shall not prevent the use of property to the line of the street by the owner or occupant thereof; *Provided*, That if he shall remove the support of an embankment he shall support the same by a sufficient wall, or by some other method satisfactory to the City Engineer. In all cases where an easement shall be condemned as herein provided, any person interested in any property affected thereby, who makes claim for damages therefor as provided in case of damages on account of such grading, shall be entitled to have the commissioners determine the damages caused by said easement in addition to the damages provided for in Section 7 of this Article.

**Failure to Claim—Waiver.**—Any person interested in any property affected by such proceedings, who fails to file a claim for damages within the time and in the manner herein provided for the filing of a claim for damages on account of the proposed grading, shall be deemed to have waived the same.

**Sec. 11. Judgment—Appeal—Bond—Interest—Docketed for Next Term.**—Any party aggrieved by the judgment may take an appeal therefrom by filing such affidavit as is required in appealing civil cases, and filing a bond in such sum and with such security as may be approved by the Circuit Court, or the judge thereof in vacation, conditioned that the party appealing, should the judgment be affirmed by the Appellate Court, or if such appeal should be dismissed, shall pay all costs of such appeal. The bond or affidavit for such appeal, however, shall be filed within twenty days from the date of the judgment, and the appeal shall be perfected within sixty days from the date of the judgment, unless further time be granted by the court. In case of appeal, the judgment shall stand suspended until the appeal is disposed of, and no interest shall be collected on assessments until such appeal be affirmed or dismissed; *Provided, however,* That the party appealing shall pay interest at the rate of seven per cent per annum on his assessment unless such appeal is reversed. No writ of error shall be allowed. The Clerk of the Appellate Court shall put such case upon the docket for hearing at the next term of that court, if the appeal is allowed. No error or defect not affecting the rights of the appellant shall work a reversal of the judgment.

See note to Article 6, Section 7.

**Sec. 12. Proceedings to Ascertain Damages—Conform to What.**—The proceedings herein shall in all respects not herein provided for conform as near as may be to the practice and procedure in civil cases, including the sale under execution and the making of deeds to purchasers. The city shall have power to purchase at such sales.

**Sec. 13. When Grading May Be Done—Payment of Damages Into Court.**—Should no claim for damages be filed at any time before the day set for hearing as provided in this article, or if the verdict or report of the commissioners shall declare that no damages will result to private property from the proposed grading or re-grading, or if damages assessed by said verdict or report shall be paid to the owners, or into court for them, the city may proceed to cause the grading or re-grading to be done according to the ordinance. Payment to the clerk of the court for the owner shall be deemed a payment into court of any damages assessed.

**Sec. 14. Exclusive Remedy—Verdict Conclusive—Benefit District, Unreasonable—Proceedings.**—The proceedings herein prescribed for ascertaining the damages or compensation to private property from grading or re-grading of streets, avenues, alleys, public highways, or parts thereof, shall be taken and held by the courts as excluding every other method or remedy for such ascertainment. Any person failing to receive an award of damages in the proceedings herein authorized shall be held concluded by the verdict or report of the commissioners and the judgment thereon; and such verdict or report shall in every other proceeding, legal and equitable, be taken and held as conclusive as to what private property will be damaged and benefited, or either, and the extent thereof, by the proposed grading or re-grading, subject to review only as herein allowed; *Provided, however,* That should the court or judge upon evidence find that the benefit district prescribed by the Common Council is unreasonable, it or he can so declare and cause an entry of such finding to be placed on record in the cause; and such finding shall cause all the proceedings had under such ordinance to be null and void; and an appeal from such finding of the court or judge may be taken in the same manner as in any ordinary civil case. The inquiry as to the reasonableness or unreasonableness of the ordinance in the matter mentioned may be heard and determined by the court or judge before the submission of any other testimony in the case, or it may be submitted and disposed of by the court at any time before the verdict or report of the commissioners.

Constitutional provision is self-enforcing and although the Legislature may have enacted no law providing for a mode for ascertainment and payment of the compensation provided for, resort may be had to any common law action affording an appropriate means of redress. (*Hickman vs Kansas City*, 120 Mo. 110, 117, *Householder vs Kansas City*, 83 Mo. 488; *Keith vs Blingham*, 100 Mo. 300; *Sheehy vs Cable Co.*, 94 Mo. 574, 578, et seq.)

A statutory remedy purporting to be an exclusive remedy must, in order to be exclusive, be commensurate with constitutional right and remedies which owner is entitled to for his pro-

tection. (*Hickman vs Kansas City*, 120 Mo. 110, 118, 119; *Markowitz vs Kansas City*, 125 Mo. 485; *Jamison vs Springfield*, 53 Mo. 224; *Imler vs Springfield*, 30 Mo. App. 669.)

When damages are not ascertained in this manner an action will lie against the city. (*Gardner vs St. Joseph*, 96 Mo. App. 657; *Hickman vs City of Kansas*, 120 Mo. 110; *Fuess vs Kansas City*, 191 Mo. 692; *Investment Co. vs St. Joseph*, 191 Mo. 459.)

Court may declare benefit district unreasonable, but cannot establish new district. (*Kansas City vs Morton*, 117 Mo. 446.)

**Sec. 15. Damages Paid Into Court—Several Claimants—Termination—Costs.**—When damages are assessed to any piece or parcel of private property and paid into court, the right to such damages, if there be more than one claimant, may be determined by the court on motion of any party claiming an interest therein, but the costs resulting from such motion shall not be assessed against the city. The court may require the claimant to interplead for the fund according to equity.

See note to Article VI, Section 11.

**Sec. 16. Repeal of Ordinance Before Payment of Assessments.**—The city shall have the power at any time before any of the parties assessed with benefits shall have paid the amount so assessed, to repeal the ordinance ordering the proposed grading or re-grading, if such repeal be deemed for the best interests of the city, and in such event the judgment for damages and benefits shall become void.

See note to Article VI, Section 15.

**Sec. 17. City Treasurer to Receive Benefit Assessments—Satisfies Judgment.**—It shall be the duty of the city treasurer to receive the benefit assessments on private property at any time after the conclusion of the proceedings before the issuance of execution. Payment of the benefits to the City Treasurer as provided in this section shall operate as a satisfaction of the judgment therefor and the lien on the land charged therewith.

**Sec. 18. Additional Remedies—Laws of the State—City to Proceed to Grade, When.**—In addition to the method hereinbefore provided in this Article for ascertaining the damages, if any, arising from proposed grading or re-grading of any street, avenue, alley or public highway, or part thereof, whenever the city shall deem it necessary, and by ordinance so determine, it may adopt the same procedure for ascertaining the damages caused by such grading or re-grading as is prescribed in the general laws of the State for the appropriation and valuation of lands taken for telegraph, telephone, gravel and plank or railroad purposes, being Chapter 12 of Article VII of the Revised Statutes of Missouri of 1899. Upon paying to the clerk of the Circuit Court the amount of damages awarded, the city shall have the right to proceed with such grading or re-grading, notwithstanding the filing of exceptions to such award, and any subsequent proceedings shall only affect the amount of compensation to be paid.

**Section 1. Public Improvements—Power to Make—Pay For.**—The city shall have power to acquire and cause to be made all public improvements designated in this Article, to pay therefor, in whole or in part, out of the general fund, or in whole or in part by special assessments, and to make and levy, assess and collect special assessments to pay therefor, and to issue special tax bills to evidence such assessments.

See note to Section 3 and Section 24.

The right to levy taxes, either general or special, is vested primarily in Legislature, may be, and generally is, delegated to Legislative body of municipality. Only subject of inquiry is whether municipality acted within its powers. (Kansas City Grading Co. vs Holden, 107 Mo. 305.)

Distinction between assessment of benefits against property in condemnation proceedings and for local improvements. (St. Louis vs Buss, 159 Mo. 9, l. c. 12; Eyssell vs St. Louis, 168 Mo. 607, l. c. 621; St. Louis vs Lawton, 189 Mo. 474, l. c. 484; St.

Louis vs Brinckwirth, 204 Mo. 280; Keith vs Bingham, 100 Mo. 300.)

Special taxation is sustainable under the taxing power. (Keith vs Bingham, 100 Mo. 300; Springfield vs Baker, 56 Mo. App. 637; Heman Construction Co. vs Railroad, 206 Mo. 172; Meier vs St. Louis, 180 Mo. 391.)

State Constitutional provisions on taxation do not apply to special taxation. (Meier vs St. Louis, 180 Mo. 391, l. c. 408; Farrar vs St. Louis, 80 Mo. 379; St. Joseph vs Owen, 110 Mo. 445; Adams vs Lindell, 5 Mo. App. 197, s. c. 72 Mo. 198; Heman Construc-

tion Co. vs Wabash Ry. Co., 206 Mo. 172; Paving Co. vs St. Joseph, 183 Mo. 451.)

Special assessments are not special taxes within meaning of Sec. 11, Art. X, of State Constitution. (Lamar W. & E. L. Co. vs Lamar, 128 Mo. 188; Farrar vs St. Louis, 80 Mo. 379.)

Exemption from general taxation is not an exemption from special assessment. (Sheehan vs Hospital, 50 Mo. 155; City of Clinton vs Henry County, 115 Mo. 557; Exposition Driving Park vs Kansas City, 174 Mo. 425, l. c. 443; State ex rel. vs Kansas City, 89 Mo. 34; Corrigan vs Kansas City, 211 Mo. 608; St. Louis vs Decatur, 147 U. S. 190; state ex rel. vs Linn Co. Court, 44 Mo. 594.)

Church property is subject to special assessment. (Lockwood vs St. Louis, 24 Mo. 20.)

So is railroad property. (Heman Construction Co. vs R. R., 206 Mo. 172; Laws 1907, pp. 92-93. R. S. 1909, Sec. 9513.) But omission from assessment does not invalidate other assessments. (Kansas City vs Bacon, 147 Mo. 259; Corrigan vs Kansas City, 211 Mo. 608. Park Maintenance Tax.)

City cannot enter into an agreement that property shall be exempt from general taxes or special assessments. (Vrana vs St. Louis, 164 Mo. 146; Racliffe vs Duncan, 130 Mo. App. 695.)

Property held for public use is not subject to special tax. (St. Louis vs Brown, 155 Mo. 545; Barber Asphalt Paving Co. vs St. Joseph, 183 Mo. 451.)

If the city invokes the power of eminent domain unlawfully in making improvements, it can be held accountable; but tax bills for improvements made under the taxing power cannot be attacked on this ground. (Keith vs Bingham, 100 Mo. 300.)

Validity of front foot and area district rule is settled beyond question. (Paving Co. vs Peck, 186 Mo. 506; Paving Co. vs Munn, 185 Mo. 552; French vs Barber Asphalt Paving Co., 181 U. S. 394, affirming s. c. 158 Mo. 534; Heman vs Gilliam, 171 Mo. 258; Farrar vs St. Louis, 80 Mo. 379; Collier Estate vs Paving Co., 180 Mo. 362; Prior vs Construction Co., 170 Mo. 429; St. Joseph vs Farrell, 106 Mo. 437; Naylor vs Harrisonville, 207 Mo. 341.)

U. S. Constitution as affecting special assessments. (French vs Barber, 181 U. S. 394, affirming s. c. 158 Mo. 534; Norwood vs Baker, 172 U. S. 269.)

Fact that person outside district may receive benefits equal to those who are assessed does not affect validity of assessment of latter. (Kansas City Grading Co. vs Holden, 107 Mo. 305.)

**Sec. 2. Improvements—Let by Contract—Lowest Bidder—Repairs by Day's Work.**—All ordinances and contracts for all work authorized to be done by this Article shall specify how the same is to be paid for, and in case payment is to be made to the contractor in special tax bills, the city shall in no event, nor in any manner, be liable for or on account of the work. All city improvements of whatever kind or character, made or to be constructed at the expense of the city, including all work to be paid for in special tax bills, except as in this Charter provided otherwise, shall be let by contract to the lowest and best bidder; Provided, however, That nothing in this section shall be so construed as to prevent repair by day's work of streets, alleys and other public places, curbing, sewers, culverts, buildings or other city property so far as may be necessary under the direction of the Board of Public Works.

**Materials—Competition.—Board May Reject Bids.**—In specifying the character of the materials for or mode of construction of the pavements or roadways, or the construction of curbing or sidewalks, the city shall not limit the materials to be used to those taken from any specific place, mine or quarry, or the material of any particular owner or manufacturer, or to any patented process or material, but the Board of Public Works may arrange plans and specifications for bids in such manner as to permit any such materials to enter into competition, and any contract made with the lowest and best bidder under such plans and specifications, if confirmed by ordinance, shall be valid.

The Board may reject any and all bids.

See note to Section 3 and Section 24.

**Liability of City For Work.**—In absence of above provision, city would be liable as guarantor of special tax bills. (Oster vs Jefferson City, 57 Mo. App. 485; Fisher vs St. Louis, 44 Mo. App. 482; Ash vs Independence, 79 Mo. App. 70.)

City not liable when tax bills are invalid. (Ely vs St. Louis, 181 Mo. 723. l. c. 730; Keating vs Kansas City, 84 Mo. 415; Saxton vs St. Joseph, 60 Mo. 153; Carroll vs St. Louis, 4 Mo. App. 191.)

City not liable to tax bill owners for errors in tax bills. Nor is city engineer, when he acts in good faith. St. Joseph vs McCabe, 58 Mo. App. 542; Schooler vs Arrington, 106 Mo. App. 607.)

City not liable when city officer refuses to issue tax bills. (Kiley vs St. Joseph, 67 Mo. 491.)

No duty on city to collect tax bill. It discharges its whole duty when it makes assessment of tax bills. (Thornton vs City of Clinton, 148 Mo. 648.)

But city liable when contractor prevented by city's act or default from

completing contract. (Chambers vs St. Joseph, 33 Mo. App. 536; Murray vs K. C., 47 Mo. App. 105; Steffen vs St. Louis, 135 Mo. 44.)

City not liable to contractor for extra work caused by mistake of city engineer. (Burke vs Kansas City, 34 Mo. App. 570; Wilson vs St. Joseph, 125 Mo. App. 460.)

But city may be liable for extra work agreed upon by street commissioner and accepted by city. (Heman vs St. Louis, 213 Mo. 538.)

City cannot, unless authorized by contract, maintain suit for use and benefit of owners of lots abutting on street against contractor for damages to property owners caused by breach of contract to improve street. (Heman vs St. Louis, 213 Mo. 538.)

Lowest and best bidder, see note to Section 3.

**Repairs**—Heman vs St. Louis, 213 Mo. 538.

Specifying materials, monopoly, patent, etc., fully discussed in Curtice vs Schmidt, 202 Mo. 703. See note to Sec. 3.

**Sec. 3. Improvements and Repairs—Resolution of Board of Public Works—What it Shall State.**—All proceedings to improve streets, avenues, alleys, sidewalks and public highways of every character, and parts thereof, within the city, by grading, re-grading the same, paving or re-paving the same, with any material, macadamizing or re-macadamizing or oiling the same, constructing or reconstructing the same, curbing or

re-curbings the same, guttering or re-guttering the same, or repairing the same, constructing bridges, viaducts, tunnels, subways or cuts on or along or under the same and the maintenance and repair of any or all of such improvements during a stated term of years, and by sodding, re-sodding and the planting or re-planting of trees and maintaining them for a term of years along the same, or along any part thereof, excepting boulevards under park commissioners, or a proceeding for constructing or reconstructing public, district or joint district sewers, shall be begun by the adoption of a resolution by the Board of Public Works, which resolution shall state the nature of the improvement and when the same is to be paid for in whole or in part in special tax bills, the method of making assessments to pay therefor.

**Hearing, Notice of.**—After the adoption of any such resolution the Board of Public Works shall, by order, fix a day upon which a hearing in respect to such improvement shall be had, which day shall be within thirty days after the date when such order is made, and shall cause to be published for ten days in the newspaper at the time doing the city printing, and if there be no such paper, then in any other newspaper published in the city, a notice directed to the property owners interested in the improvement without naming them, which notice shall recite the substance of the resolution and that a hearing will be had by the said board at their office concerning the proposed improvement, and the date upon which the hearing shall be had.

**Property Owners to Present Views—Paving.**—On the date fixed for such hearing any and all property owners interested in such improvement may, by written petition, or otherwise, present their views in respect to the proposed improvement to the said board, and the said board may adjourn the hearing from time to time. After such hearing, if the said board shall determine that it is not for the public interest that the proposed improvement, or a part thereof, be made and paid for, either out of the general fund or by any method of assessment, they shall make an order to that effect, and thereupon the proceeding for the improvement, or part thereof determined against by such order, shall stop and shall not be begun again until the adoption of a new resolution.

**Remonstrance.**—In case the improvement or part thereof consists of paving or re-paving, macadamizing or re-macadam-

izing the roadway of a street, avenue, alley or part thereof, which shall not have been found and declared to be used and occupied for business purposes, as hereinafter specified, and the resident owners of the city owning a majority of the front feet of all the lands belonging to such residents and fronting on the street, avenue, alley or part thereof to be paved or macadamized, shall file with the said board, on or before the day fixed for such hearing, a remonstrance against such paving or macadamizing, the power of the board to make the improvement shall cease for the period of six months from the date of the filing of such remonstrance, after the lapse of which period the proceeding may be begun by the adoption of a new resolution.

**Findings and Declarations of Common Council, Effect of.**—In case the proposed improvement consists of paving or repaving, macadamizing or re-macadamizing as aforesaid, then, in that event, upon the unanimous recommendation of the Board of Public Works, if each house of the Common Council shall, by ordinance, find and declare by a vote of two-thirds of the members-elect of each house that the street, avenue, alley, public highway, or part thereof, on which the proposed improvement is to be made is used or occupied for business purposes, and that the improvement has been unanimously recommended by the Board of Public Works, such finding and declaration shall be final and conclusive for all purposes, and no special tax bills that may be issued to pay for the work shall be held invalid or affected for the reason that the work for which they may have been issued was not unanimously recommended by the Board of Public Works, or that such street, avenue, alley, public highway or part thereof was not in fact used or occupied for business purposes, and the improvement shall proceed regardless of any remonstrance.

**Improvements Arrested, Proceedings.**—After the expiration of the respective periods during which an improvement may be arrested, as aforesaid, a proceeding may be begun and carried forward for the improvement so determined against or remonstrated against as though no former proceedings had been begun. If no such determination against the improvement is made, or if only a part of the proposed improvement be determined against by said board, the said board shall adopt and perfect plans and specifications for the proposed improvement not determined against, and

for an improvement of the same general nature, including, as they deem proper, provisions for the maintenance thereof for a stated period, and in case a macadam or gravel street roadway pavement is provided for, there may be included as an essential part of maintenance thereof specifications for the rolling and oiling of such pavement at intervals during a stated period.

**Advertising for Bids—Contract Confirmed by Ordinance.—**

After the passing of such resolution and the adoption of such plans and specifications, the Board of Public Works shall advertise for bids for the doing of the work by publication for not less than five days, and shall let the contract to the lowest and best bidder therefor, and shall cause the contract so let to be formally executed by the contractor and by said board on behalf of the city, and the same, before it shall be binding and effective, shall be ratified, approved and confirmed by an ordinance of the said city, as hereinafter specified, and when so ratified, approved and confirmed shall in all respects be considered and held to have been authorized by the city.

**Board May Rescind Before Confirmation of Contract—Completion of Work—Time Extended.—**The Board of Public Works, at any time before any contract is so ratified, approved and confirmed, may rescind by an order entered on the records of said board, the action of said board in signing said contract in behalf of the city, and thereupon all proceedings had in relation to such proposed improvement shall be null and void. The city shall have power, by ordinance, for any good cause, to extend the time of the beginning or of the completion of the work under any such contract, and an ordinance of the city purporting to extend the time therefor shall be conclusive evidence of the existence of good cause for such extension. But all such ordinances for extensions must have endorsed thereon the approval of the Board of Public Works; and said board shall not endorse said approval until the City Engineer shall file with said board his verified certificate stating the reasons for granting such extension, and that said extension is made in good faith for the reason therein specified, and for none other.

**When Cost Paid by Special Tax Bills.—**The ordinance ratifying, approving and confirming the contract as above provided for shall also provide for and authorize the im-

provement, and shall state the nature of the improvement, and this may be done by a reference to the plans and specifications therefor, and such ordinance shall state how the cost thereof shall be paid; that is, whether the cost thereof is to be paid by the issuance of special tax bills, or out of the general fund, or whether by one method or the other, in whole or in part, and if by the issuance of special tax bills, how the assessments therefor shall be made and levied. The said board shall endorse their approval on the ordinance. The Common Council may amend such ordinance by altering the limits of a proposed benefit district in all cases where the dimensions and boundaries of such district are not specifically defined by this Charter, but may not make any other amendment, and shall pass or reject the same.

**Assessment, How Made.**—When the cost of the whole or any part of the improvement referred to in this section is to be paid by special tax bills evidencing assessments against lands, such assessments shall be made, levied and assessed according to one of the methods in this Article prescribed. Such method shall be specified in the resolution of the Board of Public Works and also in the ordinance confirming the contract for doing the work. In making assessments to pay for work other than for grading or re-grading, and other than for constructing district sewers and joint district sewers, the Board of Public Works shall compute the cost thereof and apportion the same among the several tracts or parcels of land to be charged therewith, and charge each lot or parcel of land with its proper share of such cost according to the frontage of such land on the street, avenue, alley or highway, or part thereof, named in the contract for the doing of the work. In making assessments for special tax bills to pay for grading or re-grading any street, sidewalk, avenue, or public highway, or part thereof, the City Assessor shall, on demand of the Board of Public Works, cause an assessment to be made of the value of all the lands to be charged with the cost of such grading or re-grading, exclusive of the improvements thereon, and shall deliver such assessment to the Board of Public Works, who shall compute the cost of such grading or re-grading and apportion such cost among the several lots or parcels of land to be charged, according to the value thereof, fixed by the City Assessor as aforesaid, and charge each lot or parcel of land with its proper share of such cost.

**Grading, Cost, How Apportioned.**—When the work of grading or regrading streets, avenues or public highways is to be paid for in special tax bills, the cost shall be apportioned and paid as follows: The cost of all grading, including the grading of sidewalks, shall be charged as a special tax on all lands on both sides of the street, avenue or public highway, or part thereof, graded, within the following limits, viz.: In case the land fronting on the street, avenue or public highway, or part thereof, graded, be laid off in lots or blocks, property so laid off from the line of the street, avenue or public highway, or part thereof, graded, back to the center line of the block or blocks, shall be so charged, whether fronting on the street, avenue or public highway or not; nevertheless, the Common Council shall have power by ordinance to prescribe that such lands shall not be charged beyond the alleys in such blocks, if deemed just and equitable, and in case any land fronting on such street, avenue or public highway, or part thereof, graded, be not laid off into lots or blocks, then the land not so laid off, and the land in the rear thereof on the line of the street, avenue or public highway, or part thereof, graded, back one hundred and fifty feet, shall be so charged, whether fronting on the street or not; and land liable for such grading shall be charged according to the value thereof, exclusive of improvements thereon, as herein provided; and in case of question on the part of the assessor or Board of Public Works as to whether any lands fronting on the street, avenue or public highway, or part thereof, be laid off into lots or blocks, or not, within the meaning of this section, the common council shall, on the request of the assessor or Board of Public Works, in making out special tax bills and charging the lands for such grading, determine whether or not any particular land or lands fronting on the street, avenue, public highway, or part thereof, graded, to be laid off or not into lots or blocks within the meaning of this section, and such determination shall be conclusive on all parties interested for all purposes. The cost of all work on any sidewalk, including curbing and guttering along the side thereof, exclusive of the grading of the same, shall be charged as a special tax upon the adjoining lands according to the frontage thereof on the sidewalk. The cost of all work mentioned in this section of this article done on spaces fronting on any other street, avenue, alley or public highway, shall be deemed part of the costs of work done on other spaces under the same ordinance and contract, and be charged and paid for accordingly.

**Tax Bills Against Corner Lots—Contracts for Different Kinds of Work.**—In making out special tax bills against corner lots for work on sidewalks, other than grading, and for work of curbing, they shall be charged for work on both fronts and on the outside corners. A single contract may be let and entered into to do various kinds of work when payment is to be made therefor in special tax bills, and when any kind of work shall be fully completed, tax bills therefor may be issued; but in case of a general contract for repairs, as provided in Section 16 of this Article, tax bills may be issued from time to time as separate jobs of repairing may be done.

See note to Section 24.

**What Work May Be Done.**—City, when authorized, may pave streets at expense of abutting property. (St. Joseph vs Anthony, 30 Mo. 537; St. Joseph vs O'Donoghue, 31 Mo. 345; Palmyra vs Morton, 25 Mo. 593.)

Meaning of word "pave." (Ross vs Gates, 183 Mo. 338; Farrar vs St. Louis, 80 Mo. 379.)

Power to pave includes power to repave. (Morley vs Carpenter, 22 Mo. App. 640.)

Meaning of "construct." (Farrar vs St. Louis, 80 Mo. 379.)

Power to improve streets at cost of property owner is a continuing power. (McCormack vs Patchin, 53 Mo. 33; Thurston vs St. Joseph, 51 Mo. 510; Hoffman vs St. Louis, 15 Mo. 651; Smith vs Tobener, 32 Mo. App. 601; Morrow vs Kansas City, 186 Mo. 675, l. c. 689.)

Maintenance when same as repairs. (Verdin vs St. Louis, 131 Mo. 26.)

Obligation to repair is not obligation to construct new pavement. (State ex rel. vs Corrigan, 85 Mo. 263.)

Difference between reconstruction and repairs. (Farrell vs Rammekamp, 64 Mo. App. 425; Ratterskamp vs Stifel, 59 Mo. App. 510; Ruggles vs Collier, 43 Mo. 353.)

The word "street" means public street. It does not mean private way. (Collier Estate vs Paving Co., 180 Mo. 362.)

No power given to construct work outside of city. (Stealey vs Kansas City, 179 Mo. 400, l. c. 404.)

City cannot lay a special tax against abutting property for the purpose of

paying for sprinkling street, and a contract for both paving and sprinkling is ultra-vires; also tax bills issued against abutting property for sprinkling streets are void. (Kansas City vs O'Connor, et al., 82 Mo. App., 655; New York Life Insurance Co. vs Prist, 71 Fed. 815.)

Necessity for improvement is a legislative not a judicial question. (Heman vs Franklin, 99 Mo. App. 346; Skinker vs Heman, 148 Mo. 349; Heman vs Schulte, 166 Mo. 409; Heman vs Ring, 85 Mo. App. 231; Akers vs Kolkmeier, 97 Mo. App. 520.)

City in its discretion may provide for improvement of whole or parts of streets as it sees fit. (Moran vs Lindell, 52 Mo. 229; Stifel vs McManus, 74 Mo. App. 558; Springfield vs Weaver, 137 Mo. 650; Ely vs St. Louis, 181, Mo. 723; Ruppenthal vs St. Louis, 190 Mo. 213; Dinsmore vs St. Louis, 192 Mo. 255.)

**By Resolution** and its publication jurisdiction of subject matter and of parties interested is acquired. (Springfield vs Weaver, 137 Mo. 650.)

Sufficiency of resolution. (Kansas City vs Askew, 105 Mo. App. 84; Smith vs City of Westport, 105 Mo. App. 221; City of Kirksville vs Coleman, 103 Mo. App. 215.)

Publication need not be on ten consecutive days. (Roth vs Forsee, 107 Mo. App. 471.)

Publication of notice and proof of publication, see note to Article XVIII, Section 13.

**Remonstrance.**—See Section 21.

Provisions of Charter confining right of petition and remonstrance to resident property owners not unconstitutional as a discrimination against non-residents. (*Buchan vs Broadwell*, 88 Mo. 31.)

Bona fide resident owners are intended, and not grantees receiving title for purpose of effecting or defeating improvements. (*Forbis vs Bradbury*, 58 Mo. App. 506.)

Publication of resolution is in nature of notice to property holders and is required for purpose of affording them an opportunity to appear before Council and interpose objections. (*Barber Asphalt Paving Co. vs Muchenberger*, 105 Mo. App. 47. l. c. 50.)

Council does not acquire jurisdiction until expiration of ten days. Remonstrance may be impeached by evidence controverting ownership and authority of subscribers thereto. Remonstrant may withdraw name by filing letter with clerk. Signature of administrator of an estate to remonstrance is not signature of owner. Where title to property affected stands in name of partnership party whose name alone appeared in title can be counted. Officers of corporation cannot file remonstrance unless specially authorized by Board of Directors. (*City of Sedalia vs Montgomery*, 109 Mo. App. 197.)

Remonstrance, sufficiency, withdrawal. (*City of Sedalia vs Scott*, 104 Mo. App. 595.)

Tax bills for work done in disregard of remonstrance are void. (*Forbis vs Bradbury*, 58 Mo. App. 506; *Sedalia vs Scott*, 104 Mo. App. 595.)

Conclusiveness of finding and declaration of Council. (*Dennison vs Kansas City*, 95 Mo. 410; *Buchan vs Broadwell*, 88 Mo. 31; *Adkins vs Railroad*, 36 Mo. App. 652; *Smith vs Tobener*, 32 Mo. App. 601; *Fruin-Bambrick Co. vs Geist*, 37 Mo. App. 509; *Barber Asphalt Co. vs Muchenberger*, 105 Mo. App. 47.)

Injunction to prevent action contrary to remonstrance. (*Dennison vs Kansas City*, 95 Mo. 410.)

Duty of Property owner to make objections where he sees improvements being made. (*Jaleks vs Merrill*, 201 Mo. 91.)

Property owners cannot by remonstrance prevent construction of side-

walks. (*Huling vs Bandera Flagstone Co.*, 87 Mo. App. 349.)

Repairing sidewalk without notice to property owner. (*Kansas City vs Huling*, 87 Mo. 203.)

Jurisdiction acquired by board is to proceed in usual course and it has no authority to abandon improvement and after so long a time resume jurisdiction where it was left off. (*Marshall ex rel. vs Wisdon*, 127 Mo. App. 640.)

Publication of advertisement and proof of publication, see note to Article XVIII, Section 13.

**Specifications** must be prepared and completed when ordinance is adopted, otherwise tax bills issued for the work will be void. (*Dickey vs Holmes*, 109 Mo. App. 721, l. c. 725, and cases cited. *McCormick vs Moore*, 134 Mo. App. 669.)

Where specifications are before Council, fact that they are not filed will not invalidate tax bills. (*Bridewell vs Cockrell*, 122 Mo. App. 196. But see *Paving Co. vs O'Brien*, 128 Mo. App. 267, to contrary.)

Profile or specifications of work to be done not necessary, when. (*Sheehan vs Owen*, 82 Mo. 458; See *Jaicks vs Merrill*, 201 Mo. 91.)

Defective specifications. (*Excelsior Springs vs Ettenson* 120 Mo. App. 215.)

Engineer cannot delegate authority to prepare plans and specifications to prospective bidder. (*Paving Co. vs O'Brien*, 128 Mo. App. 267.)

**Bids.**—It is imperative that there should be opportunity for competition. (*State ex rel. vs Smith*, 177 Mo. 69, l. c. 86; *Paving Co. vs Field*, 188 Mo. 182 and cases cited; *Chrtice vs Schmidt*, 202 Mo. 703, l. c. 720 et seq. *McQuiddy vs Brannock*, 70 Mo. App. 535; *Schoenberg vs Field*, 95 Mo. App. 241, l. c. 249 et seq.; *Dickey vs Holmes*, 109 Mo. App. 721; *Excelsior Springs vs Ettenson*, 120 Mo. App. 215, l. c. 224.)

Notice of bids, when required. (*Galbreath vs Newton*, 45 Mo. App. 312, s. c. 30 Mo. App. 380; *Saxon Nat'l Bank vs Carswell*, 126 Mo. 436; *Keane vs Cushing*, 15 Mo. App. 96.)

Essential to validity of tax bills, when. (*Kiley vs Oppenheimer*, 55 Mo. 374.)

Notice of public letting mandatory when required by ordinance. (*Clapton vs Taylor*, 49 Mo. App. 117.)

Advertisement for bids, sufficiency

of. (*Morley vs Weakley*, 86 Mo. 451; *Keane vs Klausman*, 21 Mo. App. 485; *City of Louisiana vs Shaffner*, 104 Mo. App. 101.)

Notice not defective because first publication is on Sunday. (*Roth vs Hax*, 68 Mo. App. 283); or last day on Sunday and no publication on day of letting. (*Clapton vs Taylor*, 49 Mo. App. 117; *Curtice vs Schmidt*, 202 Mo. 703, l. c. 714; *B. A. Paving Co. vs Muchenberger*, 105 Mo. App. 47; *St. Joseph vs Landis*, 54 Mo. App. 315.)

Proof of publication of notice. (*Nevada to use vs Morris*, 43 Mo. App. 586.)

At common law newspaper does not prove itself. (*Ross vs Gates*, 117 Mo. App. 237.)

Fact that there was only one bid does not invalidate contract. (*Paving Co. vs Hezel*, 76 Mo. App. 135, l. c. 152.)

Lowest bidder not uncertain, because contractor is required to do such extra work resulting from unforeseen circumstances as city official may direct at price fixed by official. (*Allen vs Rogers*, 20 Mo. App. 290.)

Discretion in selecting lowest bidder. (*Bank vs Woestein*, 147 Mo. 467; *Clapton vs Taylor*, 49 Mo. App. 117; *Barber Asphalt Paving Co. vs Hezel*, 76 Mo. App. 135, l. c. 152.)

Lowest and best bidder, determination of city authorities conclusive in absence of fraud or bad faith. (*Clapton vs Taylor*, 49 Mo. App. 117; *State ex rel. vs McGrath*, 91 Mo. 386; *Bank vs Woestein*, 147 Mo. 467.)

If lowest bidder declines to enter into contract, City may readvertise for bids. (*City of Lexington vs Bank*, 130 Mo. App. 687.)

Or contract may be awarded to next lowest bidder without readvertising for bids. (*Gibson vs Owens*, 115 Mo. 258.)

But if awarded to next lowest bidder at different prices than those contained in his bid, the tax bills will be void. (*Guinotte vs Egelhoff*, 64 Mo. App. 356.)

After work has been completed, cannot be objected, that same was not let to lowest bidder. (*Johnson vs Duer*, 115 Mo. 366; *Bank vs Woestein*, 147 Mo. 467, l. c. 483.)

Contractor before making bid cannot agree with certain property own-

ers to take less for work for which their property is liable without vitiating tax bills issued against other owners, but he may after tax bills are issued, settle them for less than their face. (*Kurtz vs Knapp*, 127 Mo. App. 608.)

What sufficient evidence of acceptance of bid. (*City of Joplin vs Freeman*, 125 Mo. App. 717.)

Municipality not liable for damages for refusing to accept bid. (*Coquard vs School District*, 46 Mo. App. 6.)

Mistake in bid, withdrawal of bid. (*Moffett vs City of Rochester*, 173 U. S. 373.)

Contents of lost written bid shown by parol evidence. (*Morley vs Weakley*, 86 Mo. 451.)

Contract cannot be awarded before expiration of time required for advertising. (*Kiley vs Oppenheimer*, 55 Mo. 374.)

Authority to advertise for bids does not begin until resolution or ordinance, providing for work goes into effect. (*Cushing vs Russell*, 134 Mo. App. 650.)

But see *Smith vs City of Westport*, 105 Mo. App. 221, l. c. 224, 225.

Notwithstanding competition in letting contracts is required, yet if there is patented article or article in hands of one person or company which is necessary for public improvement and no one else has same general character of material which could be brought into competition, city is not forced to use other clearly inferior material. (*Curtice vs Schmidt*, 202 Mo. 703, l. c. 725; *Barber Asphalt Paving Co., vs Hunt*, 100 Mo. 22; *Verdin vs St Louis*, 131 Mo. 26; *Swift vs St. Louis*, 180 Mo. 80; *Paving Co. vs Field*, 188 Mo. 182; *Construction Co. vs Coal Co.* 205 Mo. 49; *Taylor vs Schroeder*, 130 Mo. App. 483; *State ex rel. vs Smith*, 177 Mo. 69; *Field vs Paving Co.*, 194 U. S. 618.)

Selecting material for public improvements under former Charter. (*Shoenberg vs Field*, 95 App. 241; *Gilsonite Const. Co. vs Coal Co. et al*, 205 Mo. 49; *Curtice vs Schmidt*, 202 Mo. 703; *Barber Asphalt Paving Co. vs Field*, 188 Mo. 182.)

Under former Charter, Board of Public Works could make competitive bidding impossible. (*Barber Asphalt Paving Co. vs Field*, 188 Mo. 182; *Swift vs St. Louis*, 180 Mo. 80; *Barber*

**Asphalt Paving Co. vs Hunt**, 100 Mo. 22; **Field vs Barber Asphalt Paving Co.**, 194 U. S. 618.)

**The Contract.**—Validity of contract, ratification, estoppel, see notes to Article I, Section 1, Article III, Section 1.

City may impose provisions in contract relative to doing of work the same as a private person. (**St. Louis vs Von Phul**, 133 Mo. 561.)

Contract may provide that laborers are to work only eight hours per day. (**St. Louis Quarry Co. vs Frost**, 90 Mo. App. 677; **Curtice vs Schmidt**, 202 Mo. 703.)

And that all of work must be done in Missouri. (**Allen vs Labsap**, 188 Mo. 692.)

Contract may provide for such extra work as may be required, owing to unforeseen circumstances in executing the work according to contract and may provide that the price therefor shall be fixed by officer of city. (**Allen vs Rogers**, 20 Mo. App. 290; **Heman vs St. Louis**, 213 Mo. 538.)

And may contain terms for repairs with those of construction. (**Bank vs Woesten**, 147 Mo. 467; **Barber Asphalt Paving Co. vs Hezel**, 76 Mo. App. 135.)

And for maintenance. (**Bank vs Woesten**, 176 Mo. 49; **Paving Co. vs Munn**, 185 Mo. 552; **G. R. Asphalt Co. vs St. Louis**, 188 Mo. 576; **Allen vs Labsap**, 188 Mo. 692.)

Provision in paving contract to guarantee, maintain and keep in repair for period of five years, is valid. (**Barber Asphalt Paving Co. vs French**, 158 Mo. 531; **Barber Asphalt Paving Co. vs Munn**, 185 Mo. 552; **Seaboard Natl. Bank vs Woesten**, 147 Mo. 467; **Barber Asphalt Co. vs Ullman**, 137 Mo. 543; **Barber Asphalt Co. vs Hezel**, 155 Mo. 391; **Morse vs Westport**, 110 Mo. 502.)

Contract cannot be let for only portion of work ordered and for which bids are received. (**Trenton vs Collier**, 68 Mo. App. 483.)

Portion of work included in public contract cannot be let by private contract and remainder of cost assessed against property in front of which work is done under public contract. (**Childers vs Holmes**, 95 Mo. App. 154.)

Rule that contractor cannot enter into agreement with some property owners to take less than public contract price for their work does not prohibit contractor from accepting less

from abutting owner after tax bills are issued. (**Kurtz vs Knapp**, 127 Mo. App. 608.)

The fact that there were holes in the pavement before and after the acceptance of the work by the city engineer does not invalidate the tax bills issued for the paving, as the guaranty in the contract to keep pavement in repair for five years does not mean that pavement will endure without repair for that period. (**Gilsonite Const. Co. vs Coal Co.**, 205 Mo. 49.)

**Repairs.** (**Heman vs St. Louis**, 213 Mo. 538.)

Contract awarded should accord with the ordinance (Former Charter,) and advertisement for bids, and work should conform to contract. (**Galbreath vs Newton**, 30 Mo. App. 380; **Construction Co. vs Coal Co.**, 205 Mo. 49, l. c. 68; **City of Sedalia vs Abell**, 103 Mo. App. 431, l. c. 437; **Kansas City vs Askew**, 105 Mo. App. 84; **Dickey vs Holmes**, 109 Mo. App. 721; **Turner vs City of Springfield**, 117 Mo. App. 418; **Excelsior Springs vs Ettenson**, 120 Mo. App. 215; **City of Marshall to use vs Wisdom**, 127 Mo. App. 640.)

Literal compliance with contract not essential to validity of tax bills. (**Rose vs Trestrail**, 62 Mo. App. 352; **Cole vs Skrainka**, 105 Mo. 303; s. c. 37 Mo. App. 427; **Heman vs Gerardi**, 96 Mo. App. 231; **City of Springfield vs Mills**, 99 Mo. App. 141, l. c. 145; **Barber Asphalt Co. vs Muchenberger**, 105 Mo. App. 47, l. c. 52; **Saxton Natl. Bank vs Haywood**, 62 Mo. App. 550; **St. Joseph to use vs Landis**, 54 Mo. App. 315; **Marionville vs Henson**, 65 Mo. App. 397; **Sheehan vs Owen**, 82 Mo. 458; **Steffen vs Fox**, 124 Mo. 630; **St. Joseph vs Anthony**, 30 Mo. 537; **King-Hill Brick Co. vs Hamilton**, 51 Mo. App. 120.)

See **Galbreath vs Newton**, 30 Mo. App. 380.

Fact that city is required to let contract to lowest bidder does not constitute city agent of owners of property abutting on street to sue for damages to them for breach of the contract. City does not act for them in letting contract. (**St. Louis vs Wright Contracting Co.**, 202 Mo. 451.)

City engineer cannot vary terms of contract. (**Burke vs Kansas City**, 34 Mo. App. 570; **Wilson vs St. Joseph**, 125 Mo. App. 460.)

City cannot annul contract for its own default. (*Murray vs Kansas City*, 47 Mo. App. 105; *Kemp vs School District*, 84 Mo. App. 680.)

Contract may be assigned, when. (*St. Louis to use vs Clemens*, 42 Mo. 69; *Gordon vs Jefferson City*, 111 Mo. App. 23; *Brick Terra Cotta Co. vs Hull*, 49 Mo. App. 433.)

Assignment of money due under contract is not assignment of contract. (*Dickey vs Porter*, 203 Mo. 1.)

Time.—Ordinance must follow resolution and letting in reasonable time. (*Marshall to use vs Wisdom*, 127 Mo. App. 640.)

Improvements must be completed within time required by ordinance or tax bills invalid. (*Barber Asphalt Paving Co. vs Munn*, 185 Mo. 552; *Barber Asphalt Paving Co. vs Ridge*, 169 Mo. 376; *Richter vs Merrill*, 84 Mo. App. 150; *Rose vs Trestrail*, 62 Mo. App. 352; *Childers vs Holmes*, 95 Mo. App. 154, 1 c. 158.)

And work must be completed within time limited by contract, or tax bills issued therefor are void. (*Winfrey vs Linger*, 89 Mo. App. 159; *Carlin vs Cavender*, 56 Mo. 286.)

Power to extend time cannot be delegated to engineer. (*Childers vs Holmes*, 95 Mo. App. 154.)

When ordinance does not specify time for completion of work, and time is fixed in contract, but with clause providing for the payment of a penalty at so much per day for failure to complete within that time, contractor has reasonable time in which to complete work. (*Heman vs Gilliam*, 171 Mo. 258; *Allen vs Labsap*, 188 Mo. 692; *Curtice vs Schmidt*, 202 Mo. 703; *Gilsonite Const. Co. vs Coal Co.*, et al., 205 Mo. 49.)

And it is for court to determine whether work was done within reasonable time. (*Gilsonite Const. Co. vs Coal Co. et al.*, 205 Mo. 49.)

Extending time. (*Bridewell vs Cockrell*, 122 Mo. App. 196; *Springfield ex rel. vs Schmook*, 120 Mo. App. 41.)

When time for completion of contract has expired Council cannot extend time by new ordinance. (*Gilsonite Const. Co. vs Coal Co. et al.*, 205 Mo. 49.)

When work is completed. (*Porter vs Paving Co.*, 214 Mo. 1.)

Ordinance.—(Under prior Charter,

public improvements were begun by common council instead of Board of Public Works.)

Under prior Charter contract for work must conform to ordinance.

Ordinance must state extent and dimensions of work and materials to be used, and these matters cannot be left by ordinance to city engineer. (*Haag vs Ward*, Rec. et al., 186 Mo. 325; *St. Louis to use vs Clemens*, 52 Mo. 133; *Heman Const. Co. vs Loevy*, 64 Mo. App. 430; *Ruggles vs Collier*, 43 Mo. 353; *St. Louis vs Clemens*, 43 Mo. 395; *State ex rel. vs St. Louis*, 56 Mo. 277; *St. Louis vs Schoenemann*, 52 Mo. 348; *Ramsey vs Field*, 115 Mo. App. 620.)

Ordinance authorizing sidewalk, five feet wide without locating it void. (*Municipal Securities Corporation vs Gates*, 130 Mo. App. 552; *Ramsey vs Field*, 115 Mo. App. 620.)

Provision that work shall be done under direction of City Engineer, is not delegation of authority to engineer. (*Gilsonite Const. Co. vs Coal Co. et al.*, 205 Mo. 49; *Sheehan vs Gleason*, 46 Mo. 100; *Swift vs St. Louis*, 180 Mo. 80; *Moran vs Lindell*, 52 Mo. 229.)

It will be presumed that street is proper subject for municipal legislation; not essential that ordinance state that street is in Kansas City, (*Kansas City vs Block* 175 Mo. 433.)

Ordinance itself need not prescribe material and regulations for, and manner of doing the work if ordinance refers to plans and specifications which cover these particulars. (*Gilsonite Const. Co. vs Coal Co. et al.*, 205 Mo. 49; *Roth vs Hax*, 68 Mo. App. 283; *Becker vs City of Washington*, 94 Mo. 375; *Asphalt Co. vs Ullman*, 137 Mo. 543.)

Same principle applies to action of board. (*Swift vs St. Louis*, 180 Mo. 80.)

City engineer cannot authorize work done with different material than that specified in ordinance. (*Brick Co. vs Hamilton*, 51 Mo. App. 120; *Quest vs Johnson*, 58 Mo. App. 54.)

Property owner cannot complain where variance is made at his request. (*Brick & Terra Cotta Co. vs Hull*, 49 Mo. App. 433; *Hill-O'Meara Construction Co. vs Hutchinson*, 100 Mo. App. 294.)

When decision as to materials, etc., to be used in a part of the work only is improperly left to city engineer, tax bills for whole work will not be invalid unless it is affirmatively shown that the cost of that part of the work in question was included in the tax bills. (*Haag vs Ward, Rec. et al.*, 186 Mo. 325.)

Void ordinance cannot be validated by ordinance enacted after completion of work. (*St. Louis vs Clemens*, 52 Mo. 133; *Dickey vs Holmes*, 109 Mo. App. 721.)

See note to Article 1, Section 1.

Unreasonableness of ordinance for public improvements. (*Corrigan vs Gage*, 68 Mo. 541; *Morse vs Westport*, 136 Mo. 276; *Kansas City to use vs Richards*, 34 Mo. App. 521.)

Impossibility of full performance is no excuse, ordinance should be repealed and new proceeding instituted. (*Excelsior Springs vs Ettenson*, 120 Mo. App. 215.)

Validity of ordinance for public improvements passed at special session. (*Dollar Savings Bank vs Ridge*, 183 Mo. 506.)

Ordinance confirming contract need not be signed by Mayor with his own hand, his name may be signed by another under his immediate direction. (*Porter vs Boyd Paving & Construction Co.*, 214 Mo. 1.)

Where property owner knew of passage of ordinance providing for sidewalk in front of his property and did not attack the proceeding until after contract was let and work completed, he is guilty of laches. (*Huling vs Bandera Flagstone Co.*, 87 Mo. App. 349; *Hill-O'Meara Construction Co. vs Hutchinson*, 100 Mo. App. 294.)

**Apportionment of Cost of Improvements.**—See Section 12.

Power to assess and validity of area and front foot rule, see note to Section 1.

Property owner not entitled to be heard before apportionment of cost of street improvement upon abutting lots. (*French vs Barber Asphalt Paving Co.*, 181 U. S. 324.)

Property owner not entitled to notice of assessment of abutting property for paving streets. (*Barber Asphalt Paving Co. vs. French*, 158 Mo. 534; *Corrigan vs Kansas City*, 211 Mo. 608.)

Entire work should be apportioned and not by blocks. (*Weber vs Scherogens*, 59 Mo. 389; *St. Louis vs Clemens*, 49 Mo. 552; *Fowler vs St. Joseph*, 37 Mo. 228.)

Assessment must be made against each lot separately. (*Ross vs Gates*, 117 Mo. App. 237.)

A lot cannot be charged with cost of work done in front of it, but must bear its proportionate share of cost of whole work. (*Neenan vs Smith*, 50 Mo. 525; *Childers vs Holmes*, 95 Mo. App. 154, l. c. 160.)

Where in building a sidewalk, it was necessary to build a retaining wall in front of certain lots, the whole cost of the wall should not be assessed against the adjoining property, but should be apportioned against all the property fronting on the sidewalk. (*Adams vs Green*, 74 Mo. App. 125.)

Property owner cannot escape assessment for grading or paving by having the improvements in front of his property made at his own expense. (*Smith vs Small*, 50 Mo. App. 401; *Independence vs Gates*, 110 Mo. 374; *Childers vs Holmes*, 95 Mo. App. 154.)

Land not fronting on street not liable for cost of grading same. (*Crane vs French*, 50 Mo. App. 367.)

Lot not fronting on portion of street paved cannot be charged for paving. (*Smith vs Small*, 50 Mo. App. 401; *Paving Co. vs Peck*, 186 Mo. 506, *Chillicothe ex rel. vs Henry*; *K. C. Ct. App.* 118 S. W. 486.)

"Front Foot" means "Abutting Foot." (*Moberly vs Hogan*, 131 Mo. 19.)

Street intersections. (*Chillicothe ex rel. vs Henry*; *K. C. Ct. App.* March 29, 1909, 118 S. W. 486; *Heman Cons. Co. vs McManus*, 102 Mo. App. 649.)

Sham sale of strip off front of lot will not prevent liability of lot for special assessments. (*Stifel vs Brown*, 24 Mo. App. 102.)

Term "Adjoining Lands" does not include portions sold off rear of lot. (*Clapton vs Taylor*, 49 Mo. App. 117.)

Abutting property should be assessed for its entire depth, but failure to do so, is no defense where same person owns entire tract. (*Perry vs Rldge*, 56 Mo. App. 615.)

Assessment of contiguous lots. (*Hill-O'Meara Co. vs Sessinghaus*, 106 Mo. App. 163; *Const. Co. vs Leovy*, 41 Mo.

App. 430; Fowler vs St. Joseph, 37 Mo. 228; Hannibal vs Richards, 35 Mo. App. 15; Kemper vs King, 11 Mo. App. 116; Christian vs Taussig, 8 Mo. App. 602.)

Computation and apportionment of cost is judicial in nature and cannot be made by city engineer without express authority by Board of Public Works. (McQuiddy vs Vineyard, 60 Mo. App. 610.)

It is unnecessary that the president of the board of public works personally compute, levy or assess the cost of public work. It is sufficient that he sign his name to the tax bill. Signing his name became the consummate act of computing, assessing and levying. (Construction Co. vs Loevy, 179 Mo. 455, 1. c. 466; Jaicks vs Merrill, 201 Mo. 91.)

When properly authorized, clerk may sign name of president of Board of Public Works to tax bills. (Jaicks

vs Merrill, 201 Mo. 91; Dickey vs Porter, 203 Mo. 1.)

City engineer may obtain measurements from assistant. (Kefferstein vs Knox, 56 Mo. 186.)

Right to apportion among abutting lot owners cost of work on railroad crossing. (Bank vs Haywood, 62 Mo. App. 550; Hund vs Rackliffe, 192 Mo. 312.)

Assessments for grading street held not invalid because dirt excavated was used to fill, and thereby improve another street, while property fronting thereon was not taxed. (K. C. Grading Co. vs Holden, 107 Mo. 305.)

Power to charge property for grading a street when same property has previously been assessed for grading, while other property on street to be graded was not assessed. (Halpin vs Campbell, 71 Mo. 493.)

**Sec. 4. Improvements—Board to Determine When Completed in Accordance With Terms of Contract.**—The Board of Public Works is invested with power to determine whether any improvement constructed under a contract with the city has been completed in accordance with the terms of the contract therefor, and to accept such improvement on the part of the city, and to determine the amount of the liquidated damages, if any, to be paid by the contractor in accordance with the terms of the contract therefor, for failure to comply with the contract, and to ascertain, in case the cost or part thereof is to be paid in special tax bills, the amount that each tract of land shall be assessed or charged for the payment of the cost of such work.

**Acceptance of—Payment by Tax Bills.**—The Board shall at the time of accepting any improvement on the part of the city, make an order or orders, by which they shall accept such improvement and determine the price thereof to be paid the contractor, and make and levy an assessment against the tracts of land, exclusive of improvements, to be assessed to pay therefor, the aggregate of which assessments shall equal the amount of the cost of such work to be paid in special tax bills; and said Board shall issue and deliver to the contractor, or to his assignee, tax bills to be dated the day when such tax bills and apportionment are certified to the City Treasurer in payment of the price of such improvement to be paid for by special tax bills.

See note Sec. 3 and Sec. 24.

vs Paying Co., 214 Mo. 1; Hund vs Work is completed when. (Porter Rackliffe, 192 Mo. 312, 1. c. 330.)

**Sec. 5. Sewer System—Divided Into Four Classes.**—The general sewer system of the city shall be divided into four classes, to-wit: Public, district, joint district and private sewers. The city may, by ordinance, find and determine the class to which any sewer belongs, and the finding and determination of the city in that respect shall be final and conclusive.

Validity of "area rule" for assessments. (*Farrar vs St. Louis*, 80 Mo. 379; *St. Joseph vs Farrell*, 106 Mo. 437; *Prior vs Const. Co.*, 170 Mo. 439; *Collier Est. vs Paving Co.*, 180 Mo. 362; *Johnson vs Duer*, 115 Mo. 366.)

Definition and purpose of sewers. (*Fuchs vs St. Louis*, 167 Mo. 620; 1 c. 636.)

Distinction between "public," "district," "joint district" and "private" sewers. (*South Highland Land Co. vs Kansas City*, 172 Mo. 523; *Prior vs Const. Co.*, 170 Mo. 439; *Hill vs Swingley*, 159 Mo. 45; *Eyerma vs Blaksley*, 78 Mo. 145.)

Difference between public and district sewer is not a mere difference in name and city cannot determine method of paying for sewer by denominating it a public sewer when it is a district sewer, or a district sewer when it is a public sewer. (*Hill vs Swingley*, 159 Mo. 45; *South Highland Land Co. vs Kansas City*, 172 Mo. 523.)

Public sewers cannot be constructed as district sewers to be paid for in tax bills. (*Heman vs Handlan*, 59 Mo. App. 490; *State ex rel. vs Wilder*, 217 Mo. 261.)

City may create a number of joint districts and later group these into a main joint district and levy the cost of sewers therein against land in the main joint district which had been previously taxed for a sewer in one of the first joint districts. (*South Highland Land Co. vs Kansas City*, 172 Mo. 523.)

Land that has once been taxed to build a district or joint district sewer cannot be taken out of the district and deprived of use of same. It cannot be placed in another similar district or joint district and subjected a second time to a like burden, nor can land which was not in the district or joint district when the sewer was built be added to the district or joint district and have a benefit for which it has

paid nothing. (*South Highland Land Co. vs Kansas City*, 172 Mo. 523.)

Under prior charter where ordinance provided for sewer for sanitary and drainage purposes and evidence showed that sewer was not for sanitary and drainage purposes, tax bills for its construction are void; and fact that subsequent to completion of the work, use is made of the sewer for drainage purposes, does not make the tax bills valid. (*Barton et al vs Kansas City, et al*, 110 Mo. App. 31; see *City of St. Joseph vs Owen*, 110 Mo. 445.)

Under prior charter, ordinance must prescribe dimensions, material and character of sewer, either in body of ordinance or by reference to plans and specifications. (*Dickey vs Holmes*, 109 Mo. App. 721; *Dickey vs Porter*, 203 Mo. 1; *McCormick vs Moore et al*, 134 Mo. App. 669.)

Ordinance may establish sewer district and at same time provide for constructing sewer therein. (*Eyerma vs Blaksley*, 78 Mo. 145.)

Question whether lot is benefited is legislative, not judicial question and in absence of fraud, judgment of council is conclusive. (*Prior vs Const. Co.*, 170 Mo. 439.)

Expediency of establishing district sewer not subject to collateral attack. (*Johnson vs Duer*, 115 Mo. 366.)

If drainage of sewer into creek will decrease market value of adjoining property, owner is entitled to compensation, which may be awarded in the suit to condemn right of way. (*Joplin Mining Co. vs Joplin*, 124 Mo. 129.)

Sewer must not be constructed so as to create nuisance. (*Edmondson vs Moherly*, 98 Mo. 523; *Schoen vs Kansas City*, 65 Mo. App. 134; *Arn vs Kansas City*, 14 Fed. Rep. 236.)

When impossible to state in advance the amount of masonry that will be needed in construction of sewer, the dimensions and quality of the masonry

need not be prescribed in advance. (*Dickey vs Porter*, 203 Mo. 1.)

Tax bills for sewers need not recite basis of apportionment. (*Dickey vs Porter*, 203 Mo. 1.)

When tax bills invalid because Board of Public Works failed to compute and apportion cost of sewer, the Board may afterwards make apportionment and computation and issue new tax bills which will be valid. (*Dollar Savings Bank vs Ridge*, 79 Mo. App. 26; *State ex rel vs St. Louis*, 183 Mo. 230; *State ex rel vs St. Louis*, 211 Mo. 591 l. c. 604; See Sec. 27.)

Power to enact ordinance requiring property owner to pay assessment before permitting him to connect with sewer. (*Hill vs St. Louis*, 159 Mo. 159.)

No defense to tax bill for sewer that property not affected by bill cannot be drained. (*Johnson vs Duer*, 115 Mo. 366.) Fact that part of sewer ran through private property, the owners of which had not consented thereto, did not relieve property owners from paying for that part that ran through public streets. (*Johnson vs Duer*, 115 Mo. 366.)

Assessment for sewer not void on ground that property against which tax is assessed cannot be reached by sewer pipes except by passing through intervening private property. (*Heman vs Schulte*, 166 Mo. 409.)

**Liability of City Growing Out of Construction and Repair of Sewers.**—City is liable for injuries occasioned by negligence in constructing sewer even though acting in violation of charter; laborers and superintendent of streets not fellow servants. (*Donahoe vs Kansas City*, 136 Mo. 657.)

Leaving man-hole above street level. (*Wheat vs St. Louis*, 179 Mo. 572.)

Keeping in repair. (*Gulath vs St. Louis*, 179 Mo. 38.)

Liable to person using street for unguarded excavation in street in constructing sewer. (*Welch vs St. Louis*, 73 Mo. 71.)

Liable to property owners for negligence of contractor in constructing sewer. (*Fink vs St. Louis*, 71 Mo. 52; *Thurston vs St. Joseph*, 51 Mo. 510.)

Liable for nuisances unnecessarily created by construction of sewer. City not liable for damages by a rock thrown from sewer by blast made by contractor. (*Blumb vs City of Kansas*, 84 Mo. 112.)

Rule as to independent contractor. (See *McGrath vs St. Louis*, 215 Mo. 191.)

Failure to exercise power to construct sewers, gives no right of action to private parties. (*Woods vs Kansas City*, 58 Mo. App. 272.)

City not liable for injury to gas pipes, conduits, or railroad tracks in constructing sewers. (*Sedalia Gas Light Co. vs Mercer*, 48 Mo. App. 644; *National Water Works Co. vs Kansas City*, 20 Mo. App. 237, s. c. 28 Fed. Rep. 922.)

And provision in contract that contractor will be responsible for such injuries is void. (*Sedalia Gas Light Co. vs Mercer*, 48 Mo. App. 644; *Railroad vs Morley*, 45 Mo. App. 304.)

**Sec. 6. Public Sewers—Establishment and Construction Of—Cost of, How Paid—Bed of Natural Stream Reclaimed—Land Assessed For Special Benefits—Application of Fund.**—Public sewers shall be established and constructed at such times, to such extent, and of such dimensions and materials as may be approved by the Board of Public Works, and under such regulations as may be

provided by ordinance, and these may be extensions or branches of sewers already constructed, or to be constructed, or entirely new throughout, as may be deemed expedient. Public sewers shall be paid for out of the general fund of the city; *Provided, however,* That if in the construction of any public, district, or joint district sewer the bed or channel of any natural stream or water course is reclaimed and made valuable to the owners thereof, or real property subject to overflow is reclaimed therefrom, in whole or in part, and made valuable to the owners thereof, or real property adjoining such public sewer is otherwise specially benefitted, then the Common Council may provide that such real property, or any of it, shall be assessed for such special benefits, and the funds derived therefrom shall be used and applied toward the cost and construction of such public, district or joint district sewer. Such proceeding and assessment may be made and collected in such manner as may be provided by ordinance.

See note to Section 5.

**Sec. 7. District Sewers—Change of District—Construction Of—Computation of Cost Of—Cost Apportioned—Payment by Special Tax Bills—City's Liability Limited.**—District sewers shall be constructed or reconstructed within the limits of the districts heretofore or hereafter established by ordinance, as the case may be. Any sewer district heretofore or hereafter established may be subdivided, enlarged or changed by ordinance at any time previous to the construction of any district sewer therein. But no such district shall be subdivided, enlarged or changed after a district sewer shall have been constructed therein. The city may, with the approval of the Board of Public Works, from time to time, cause a district sewer or sewers to be constructed or reconstructed in any sewer district heretofore or hereafter established, and such sewer or sewers shall be as shall be prescribed by the Board of Public Works and confirmed as herein required by ordinance. Any district sewer heretofore or hereafter constructed, may be changed, diminished, enlarged or extended, and shall have such laterals, inlets and other appurtenances as may be prescribed by the Board of Public Works and confirmed by ordinance. As soon as the work of constructing, changing, diminishing, enlarging or expending any district sewer shall have been completed under a contract let for the purpose, the Board of Public Works shall compute the whole cost thereof, and apportion and charge the same as a special tax against the lots of

land in the district, exclusive of the improvements, and in the proportion that their respective areas bear to the area of the whole district, exclusive of the streets, avenues, alleys and public highways, and shall, except as in this article provided, make out and certify in favor of the contractor or contractors to be paid, special tax bills for the amount of the special tax against each lot or parcel of land in the district. The city shall in no event, nor in any manner whatever, be liable for or on account of the cost of work done in constructing, changing, diminishing, enlarging or extending any district sewer, except as in this article provided.

See note to Section 5 and Section 24.

**Sec. 8. Joint Sewer Districts—Construction of—Cost of—Contract to Specify What—Tax Bills.**—Whenever the city may deem it necessary that a sewer should be constructed or reconstructed in any part of the city containing two or more sewer districts it may, by ordinance, unite such sewer districts into a joint sewer district and cause a sewer to be constructed therein in like manner in all respects as is provided in Section seven (7) of this article in cases of district sewers, except in cases of joint district sewers the city may, if deemed proper, provide in the ordinance creating such joint district sewer that the city shall pay a certain sum to be specified in said ordinance, toward the payment of the cost of such joint district sewer; and should the common council, by ordinance, unite two or more sewer districts into a joint sewer district for the purpose of constructing a joint district sewer therein, the action of the Common Council shall be conclusive for all purposes, and no special tax bills shall be held invalid or be affected on account of the included drainage area thereof, or the size, character and purpose of such sewer; *Provided, however,* That no sewer district shall be included in such joint district which is not included in the natural drainage area of the valley or water course in which the joint district sewer is proposed to be constructed. The contract for the construction of such sewer shall specify that the city shall be liable for the sum so specified to be paid by the city, and that the remainder of the cost thereof shall be paid in special tax bills, to be issued in any manner that is or may be provided for the issuing of tax bills for the construction of sewers.

See note to Section 5 and Section 24.

**Sec. 9. Private Sewers—Constructed Under Regulations—Connected With Land Outside City—Cost Of.**—Private sewers may be constructed under the regulations, specifications and restrictions as may be provided by the Board of Public Works, but the city shall be at no expense in the construction or repairing of the same. Whenever land outside of the city limits is occupied, the Board of Public Works may allow such property to be connected with a sewer inside the city limits under such regulations and upon such compensation as it may determine, and all such compensation shall be expended only for the benefit of the district or districts which have contributed to the cost of the sewer with which such connection shall have been made.

**Sec. 10. Septic Sewer Tanks—Cost of, How Paid.**—Whenever the city shall deem it necessary it may, by ordinance, provide for the construction within or without the limits of the city of septic sewer tanks or other sewer reduction devices for the purpose of purifying the discharge from any public, district or joint district sewer, or outlet thereof; the cost of such septic sewer tanks or devices may be paid for in part or in whole out of the general fund, or in case of a district or joint district sewer, or outlet therefor, in part or in whole, in special tax bills, as a part of the cost of constructing or extending the district or joint district sewer, or outlet therefor, as may be designated by ordinance providing therefor.

**Drains to Protect Street Work.**—In grading or constructing any street, avenue, boulevard, alley or public highway, or part thereof, the work may be protected from running or surface water by drains or culverts upon the order of the Board of Public Works, or by the Board of Park Commissioners, as the case may be, as may be provided by ordinance, and the same may be closed, removed, or altered at will.

Does not apply to permanent culverts. (Young vs Kansas City, 27 Mo. App. 101; Russell vs Adkins, 24 Mo. App. 605.)

Duty of city in regard to constructing culverts. (Martin vs St. Joseph, K. C. Ct. App. March 1, 1909, 117 S. W. 94.)

**Sec. 11. Tax Bills—How Made Out and Certified.**—All special tax bills provided for by this Charter, except when issued to the city shall be made out in favor of the contractor to be paid, or his

assignee and shall be certified by the president of the Board of Public Works, or in his name, by any person or persons by the said Board thereto authorized by resolution recorded on the records of said Board; and said Board shall deliver such tax bills to the party in whose favor made out, or his assignee, and take the receipt of such party therefor in full of all claims against the city on account of the work for which such tax bills have been made out.

See note to Section 24.

See Section 12.

President of board need not sign tax bills with his own hand if name of president is signed by person authorized by board. (*Dickey vs Porter*, 203 Mo. 1; *Jaicks vs Merrill*, 201 Mo. 91.)

Computation and apportionment of cost is judicial in nature and cannot be made by city engineer without express authority by Board of Public Works. (*McQuiddy vs Vineyard*, 60 Mo. App. 610.)

It is unnecessary that the president

of the Board of Public Works personally compute, levy or assess the cost of public work. It is sufficient that he sign his name to the tax bill. Signing his name became the consummate act of computing, assessing and levying. (*Construction Co. vs Loevy*, 179 Mo. 455, l. c. 466; *Jaicks vs Merrill*, 201 Mo. 91.)

When properly authorized, clerk may sign name of president of Board of Public Works to tax bills. (*Jaicks vs Merrill*, 201 Mo. 91; *Dickey vs Porter*, 203 Mo. 1.)

**Sec. 12. Computations Required by This Article, Approved by Board of Public Works.**—All computations, apportionments or assessments required by this article to be made by the Board of Public Works shall be held to be properly made when the same are approved by said Board.

See note to Section 3, Section 11, and Section 24.

**Sec. 13. Improvements—Contract—Modification Of.**—After any contract for a public improvement has become binding upon the parties thereto, the city shall have power, without regard to whether the cost of the improvement contracted for is to be paid out of the general fund or in special tax bills, to provide by ordinance on recommendation of the Board of Public Works that a certain part of the improvement contracted for may be omitted and that the contract for the improvement be modified to that extent, which ordinance shall provide a reasonable deduction in the price of the improvement by reason of such omission, but no such ordinance shall be approved by the Mayor or become a law until the contractor and his sureties consent in writing to the terms of such ordinance. Such omission shall not affect the validity of the assessments or the special tax bills issued for the work actually performed.

See note to Section 3, and Section 24.

**Sec. 14. Improvements—City May Make Without Contract—Procedure—Cost, How Assessed—May Sell Assessments of Tax Bill—City Authorized to Acquire Plant, Machinery, Etc.—**The city is hereby authorized, by ordinance to provide, that the Board of Public Works may construct or reconstruct the paving, sidewalks, guttering, or curbing, or may maintain and repair the same, or may grade or regrade any portion of a street, avenue, alley or other public highway, within the city, without letting a contract for the same. In case of gravel or macadam roadway, maintenance and repair as used in this section, may include rolling and oiling the street. A resolution shall be adopted and published, as provided in Section three of this article, and the provisions of Section three of this article shall apply so far as the same may be applicable. The cost of said work may be assessed according to the method provided in this article applicable to the class of improvement made, and the assessments therefor may be made payable as provided in Section twenty-four hereof, or in installments as provided in Section twenty-five hereof, and shall bear the same rate of interest prescribed in the respective cases. The city is authorized to cause the issue of special tax bills for such work in favor of Kansas City, the same as if such work had been done by contract, and may authorize the City Comptroller to sell and assign such assessments of such special tax bills without recourse, upon such terms and in such manner as may be provided by ordinance, and when such sale is made, the City Comptroller shall assign and deliver said tax bills to the purchaser of the same. The city is hereby authorized to acquire such plant, machinery, and equipment and to purchase such materials as may be necessary to perform the work specified in this section.

See note to Section 3, and Section 24.

(City of Elsberry vs Black, 120 Mo. App. 20.)

**Sec. 15. Repairs—How Made—Cost of—How Assessed—Lien on Property.—**When any sidewalk, curb or gutter on any street or avenue is out of repair, the Board of Public Works may cause the same to be put in good and substantial repair and pay the cost thereof out of the fund apportioned to said Board, and shall keep an accurate account of the cost of making such repairs in front of and adjacent to each tract of land; and shall, at the end of each fiscal year, assess and charge against the tract of land in front of which any and all such repairs shall have been made during such fiscal

year, the cost thereof, and shall certify to the City Comptroller the cost of the repairs made in front of and adjacent to each tract of land fronting or abutting upon the sides of the street or avenue on which such repairs were made, giving a description of each tract of land so charged, with sufficient accuracy to identify the same, and the amount of the assessment against the same, and thereupon the City Comptroller shall place the amount so charged on the land tax book for the next fiscal year, which assessment shall be a lien upon the property so charged from the date of the receipt of such land tax book by the City Treasurer, which assessment shall be subject to the same penalties and shall be collected by the City Treasurer in the same manner as general taxes are collected, except that no rebate shall be deducted or allowed from said assessments in case the same are paid before the time fixed in this charter when general city taxes become due.

**Assessments Delinquent—How Collected—Fund.**—And such assessments shall become delinquent and bear the same rate of interest and penalties and in default of payment of such assessments against any tract of land, a sale thereof shall be made by the same officers and with the same powers and in similar manner and on similar notice and at such times, as though such assessment was a duly assessed and levied general city tax against real estate; and all provisions of this Charter relative to the redemption, sale and conveyance of lands for city taxes and the rights of purchasers thereof, and the powers of city officers shall apply so far as applicable to the redemption sale and conveyance of lands to enforce the collection of such assessment. Such assessments when collected by the City Treasurer, shall be credited to the fund from which the money was paid by said Board.

See note to Section 3.

(Heman vs St. Louis, 213 Mo. 538.)

**Sec. 16. Driveway Portions of Streets, Etc.—Kept in Repair—Cost of, How Paid.**—The city may cause the driveway portions of any street, avenue, alley, public highway or part thereof, to be maintained and kept in repair, and may contract therefor for a period of time not to exceed three years, and pay therefor out of the general fund or by issuing special tax bills as herein provided. When it is proposed to pay for such work by the issue of special tax bills a proceeding therefor shall be begun and conducted to a

final conclusion, from the adoption of a resolution therefor to the acceptance and payment of the cost of the work by the issuance and collection of special tax bills in the same manner as is provided in regard to similar improvements mentioned in Section three of this article. In case the highway to be maintained and repaired is a macadam or gravel roadway, the specifications therefor may include the rolling and oiling of such street at such intervals as an essential part of the maintenance and repair thereof. The cost of such work, when not to be paid for out of the general fund, shall be assessed and levied against the tracts of land abutting on the highway or part thereof required by the contract to be maintained or repaired according to the frontage of the property on the highway or part thereof, named in the contract for doing the work, and tax bills shall be issued against each tract of land for its proportionate share of the cost, which tax bills, unless otherwise provided by ordinance, shall be issued within sixty days after the end of each calendar year during the continuance of such contract as payment in full for all work done under the contract during such calendar year, and shall be payable within thirty days after the date of issue thereof without interest, and if not so paid, shall bear interest at the rate of seven per cent per annum for the first year, and eight per cent per annum thereafter until paid. Every such tax bill shall be a lien on the lands against which it is issued, and the provisions of this article relating to special tax bills, except the section relating to special tax bills, payable in installments, shall so far as practicable, and not in conflict with the provisions herein contained, apply to tax bills issued under this section.

See note to Section 3, and Section 24.

Provision in paving contract to guarantee, maintain, and keep in repair for a period of five years, is valid. (Heman vs St. Louis, 213 Mo. 538.)

**Sec. 17. Publication of Notice Required by Charter—How Made.**—Any notice, advertisement, or publication required by this Charter to be published, shall be held to be well given, made and published, when the same is published for the required number of days in the newspaper doing the city printing on the day of the first publication of said notice. In computing the number of days during which the publication is made, Sundays and legal holidays and all calendar days between the first and last publications, shall be included and counted whether or not the paper is published on such days.

See note to Section 2, and Section 3. See note to Article XVIII, Section 13.

**Sec. 18. Sidewalks—Width of—Tree Planting Area.**—Unless otherwise heretofore or hereafter specifically provided by ordinance, the width of every sidewalk, including the top of curb, shall be one-fifth of the entire width of the street or avenue of which it is a part, and on each side of every street or avenue in the city a sidewalk of that width is hereby established. The one-third of that width adjoining the curb line between such line and the property line on all sidewalks hereafter improved, unless differently provided by ordinance, shall be used as a tree planting area. But the city may, by ordinance, establish a different width of sidewalk on any highway at any time and may, by ordinance, designate the character and extent of the use and improvement of any and all sidewalks.

**Territory Added to Corporate Limits.**—Provided, however, that should any territory be added to the corporate limits of the city subsequently to the time when this Charter takes effect, the width of the roadway in every street or avenue in such added territory shall be twenty-six (26) feet, being thirteen (13) feet on each side of the center line of every such street or avenue. The remaining portion of every such street or avenue shall be sidewalk, including the width of the curb. But a roadway of different width may be established at any time by ordinance on any street or avenue in the territory so added to the city.

Width of sidewalks may be fixed by general ordinance and special ordinance not necessary. (*Adkins vs Railroad*, 36 Mo. App. 652.)

Ordinance establishing width of sidewalks not applicable to crossings. (*Fairgrieve vs Moberly*, 39 Mo. App. 31.)

Where ordinance prescribes width of sidewalk shall not be less than 5 feet held proper within ruling of *Sheehan vs Gleeson*, 46 Mo. 100. But provision that it shall be laid as directed by engineer in space 11 feet

wide is invalid as being a delegation of legislative function and tax bills for work are invalid. (*Ramsey vs Field*, 115 Mo. App. 620.)

Where ordinance provided for width of a sidewalk to be laid in a space 13 feet wide, but did not locate it within the space, ordinance and tax bills were invalid. (*Municipal Securities Corp. vs Gates*, 130 Mo. App. 552.)

Power of city to establish and alter width of roadway and sidewalk. (*Ely vs St. Louis*, 181 Mo. 723; 1. c. 730; *Ruppenthal vs St. Louis*, 190 Mo. 213.)

**Sec. 19. Contracts For Improvements on Streets, Etc.—Lowest Bidder—Covenant to Pay Laborers and for Materials—Sureties—Suit on Contract, Limitation—Parties—Proceedings—Judgment—Distribution of Money Collected—Court.**—Contracts for making city improvements on streets, sidewalks, avenues or alleys

or for constructing sewers, let to the lowest and best bidder, shall contain a covenant on the part of the contractor or contractors with the city, to pay for the work and labor of all laborers, subcontractors, and teamsters, teams and wagons employed on the job, and for all materials used therein, and performance of such covenant shall be guaranteed by good and sufficient sureties signing the contract, whose sufficiency shall be approved by the City Comptroller, but who shall not be liable beyond the estimated cost of the materials used and the labor done upon the job, to be stated in the contract; *Provided*, That the city shall not be liable for the sufficiency of the contractors or sureties, nor for any failure to comply with or irregularity in complying with this provision. Laborers, subcontractors and teamsters and owners of teams and wagons who may do work, and parties who may furnish materials stipulated for by any such contract, may recover in an action in the name of the city for their use (in which no cost shall be adjudged against the city and all costs not adjudged against the defendant shall be adjudged according to equity against the persons for whose use the suit may be presented), all money due them for labor and materials, or either, not exceeding the estimated cost of the labor and materials as stated in the contract; and such recovery may be had against the contractor and sureties, or either, as in chancery; but it shall not be necessary to file with the petition the original contract. Suit may be brought for the benefit of all laborers, subcontractors, teamsters and owners of teams and wagons on the job, and for materials used in the performance thereof, and the amount due them to be ascertained by the court or referee, unless the court direct an issue to be tried by a jury; pending the suit, laborers, subcontractors, teamsters and owners of teams and wagons, and parties who have furnished materials for the performance of the contract, not mentioned in the petition, whether they have done work or furnished materials before or after the commencement of the suit, may become parties to the proceedings by appearing and filing in the action a written statement of their demand. Such notice thereof as the court may direct shall be given to the defendants, and reasonable opportunity to defend shall be given. The proceedings shall, as far as practicable, be governed by the rules and principles of courts of chancery, so as to afford speedy and adequate relief according to the spirit and letter of this section. Judgments shall be rendered for the estimated cost of labor and materials as stated in the contract, and execution shall be awarded and issued for the aggregate amount found due the laborers, subcontractors,

teamsters and owners of teams and wagons, and the parties who have furnished materials, not exceeding the estimated cost in the contract, which shall be collected, with costs. The money shall, after paying costs, be divided and paid *pro rata* among those for whose use the judgment may be rendered. The court shall decide all questions as to distribution summarily on motion. No action shall be brought or prosecuted for the benefit of laborers, subcontractors, teamsters or owners of teams and wagons, or parties who have furnished materials on the contract, unless the suit be commenced within three months after the completion of the work to be done under the contract and acceptance thereof by the city, nor shall such action be brought before such completion and acceptance, unless the court find good cause therefor according to the averments in the petition. Suits shall be brought in some court of competent jurisdiction in Jackson county, if jurisdiction of the proper parties can be obtained in the county.

City has right to require bond. (St. Louis vs Von Phul, 133 Mo. 56; Kansas City ex rel. vs Youmans, 213 Mo. 151.)

Under prior charter a sub-contractor who contracted to do certain work, material to be furnished by contractor, could not recover on contractor's covenant as he was not a laborer within the meaning of the charter. (Kansas City to use vs McDonald, 80 Mo. App. 444.)

Sub-contractor may sue on contractor's covenant for material furnished when the work has been completed, even though the city has not accepted the work. (Kansas City ex rel. Brick Co. vs Walsh, 88 Mo. App. 271.)

Suit on covenant must be brought within three months after acceptance of work, which means acceptance by Board of Public Works. Record made by city engineer accepting work not to be considered in reckoning the period of limitation. (Kansas City vs McDonald, 73 Mo. App. 439.)

Contract of sureties to be strictly construed. Continuing and limited guaranty. What are "materials" within meaning of section. Constitutionality of provision for court procedure. (Kansas City to use of Brick Co. vs Youmans, 213 Mo. 151.)

In suit by material men on covenant of contractor for a street pavement, it is no defense that ordinance and contract for the work are void, as the contract between materialmen and contractor is independent of contract between city and contractor. (Kansas City ex rel. Brick & Tile Co. vs Schroeder, 196 Mo. 281.)

Clause in bond providing for faithful performance of contract does not make city trustee of express trust with authority to sue for use and benefit of surety owners for additional cost of improvement in excess of sum fixed by broken contract. (St. Louis vs Wright Contracting Co., 202 Mo. 451.)

Equitable garnishment by materialmen of funds due from city to contractor and priority of such right over right of surety who completed work. (St. Louis vs O'Neil Lumber Co., 42 Mo. App. 586; St. Louis vs Keane, 27 Mo. App. 642.)

Surety not liable to third person for personal injuries received through negligence of contractor. (Kansas City ex rel. vs O'Connell, 99 Mo. 357.)

Contractor's partner may be one of the sureties on his contract. (Kurtz vs Knapp, 127 Mo. App. 608.)

**Sec. 20. Sureties on Bonds and Contracts.**—The provision of Section twenty-nine (29) of Article four (IV) of this Charter with reference to sureties and bonds shall apply to any bond or contract provided for in this article.

**Sec. 21. Remonstrance of Property Owners—Board of Public Works Shall Determine Sufficiency Of.**—Whenever a remonstrance of property owners against public improvements purporting to be executed under the authority of this Charter is filed with the Board of Public Works, the Board shall canvass the same and determine and certify whether or not such remonstrance is legally sufficient under the requirements of this Charter, and such certificate shall be final and conclusive as to the legal sufficiency of such remonstrance, and the determination of the said Board that no legal remonstrance has been filed shall be conclusive of that fact.

See note to Section 3.

Held Section 22 of prior charter did not apply to petitions of property owners selecting materials to be used for

paving business streets. (Gilsonite Const. Co. vs Coal Co. 205 Mo., 49.)

**Sec. 22. Tax Bills—Apportionment of to City Treasurer—To Contain What—Treasurer Shall Enter in Special Tax Record.**—As soon as the cost of any work, payable in special tax bills, as in this article provided, has been assessed against the several tracts of land chargeable therewith, the Board of Public Works shall, at the time of delivering the tax bills to the contractor, or his assignee, entitled thereto, certify such apportionment and assessment to the City Treasurer, which apportionment shall contain the names of the owners and parties interested in the several tracts of land affected and charged therewith who were such at the date when the work was accepted by the said Board, such names to be determined and taken from the city assessor's books at the time; but no defect or mistake in said books, or in the description therein of the parcels of land, or in the names in such apportionment, shall impair or affect the validity of the tax bills. The City Treasurer shall, immediately upon the receipt of such apportionment, enter the assessments therein contained in appropriate books to be kept for that purpose, showing the property assessed, the title and date of approval of the ordinance providing for the improvement for which such tax bills are issued, the amount and date of the assessment and the rate of interest thereon, which book shall be denominated, "Special Tax Record."

**Notice to Parties—Payment—How Receipted.**—Immediately upon receipt of such apportionment, the City Treasurer shall give notice, by mail or otherwise, as provided by ordinance, to the parties named in such apportionment, of the issuance of the tax bills against the tract of land in which they appear to be interested as appears by such apportionment, describing such tract of land, and stating in general terms for what purpose issued, the amount, rate of interest, and when and where payable. Any person owning or interested in any tract of land against which a special tax bill may be issued under the provisions of this Charter, may pay the same to the City Treasurer, whose duty it shall be to receive the amount thereof, without charge or commission, and to issue to such person duplicate receipts therefor, showing from whom received, the date, the amount of such tax bill, with a description of the land as described in such bill; the original of such receipt shall be countersigned by the Auditor, and delivered to the person entitled thereto; the duplicate thereof shall be filed by the Auditor in his office, and he shall enter a memorandum thereof in a book kept for that purpose. The City Treasurer shall cancel and mark "paid" the amount of such tax bill so paid, on the record thereof, and such entry shall be evidence of the payment as stated, and said tract of land shall be discharged from all liens on account of such tax bill so paid from that date. The person to whom any such tax bill may be issued or the assignee thereof shall be entitled to receive on demand the money so paid to the City Treasurer only on delivery to the City Auditor of such special tax bill, duly receipted in full, who shall file the same in his office and draw a warrant upon the City Treasurer in favor of the party so entitled to receive the same, for the amount so paid to the City Treasurer on account of such special tax bill, which warrant, before it shall be paid, shall be countersigned by the Comptroller.

See note to Sec. 24.

Effect of error of treasurer in mark- ing payment against wrong lot in	special tax book. (Adams vs Lewel- len, 117 Mo. App. 319.)
---------------------------------------------------------------------------	---------------------------------------------------------------

**Sec. 23. Special Tax Record—To Show What—Kept by Treasurer—Special Assessments Considered Special Taxes—A Lien—Treasurer to Furnish List of Special Tax Bills.**—The special tax record to be kept by the Treasurer shall be complete and full and show all special tax bills, if any, issued under this Charter, and all benefit assessments arising out of condemnation and grading cases made under the provisions of Articles six (VI) and seven (VII), respectively, of this Charter, which

may be in his hands for collection against any lot or parcel of land in Kansas City. Any and all special assessments therein contained, whether arising out of the issuance of special tax bills, as in this article provided, or by virtue of the verdict or report of juries or commissioners in such condemnation or grading proceedings, respectively, shall be considered for the purpose of collecting and receiving payment thereof, as special taxes against any lot or parcel of land against which the same may be a lien, and upon application to the City Treasurer for the amount of general city taxes against any lot or parcel of land in Kansas City, said treasurer shall also furnish to the party making such application, a list of all special tax bills and such benefit assessments against such lot or parcel of land as appear by said record at that time. The Common Council may, by ordinance, consistent with the provisions of this Charter, further regulate the keeping of the records, by the City Treasurer, of special tax bills and benefit assessments against private property arising out of the provisions of Articles six (IV) and seven (VII), of this Charter, and the collection of such assessments by execution and sale of the private property against which the same may be a lien.

**Failure to Comply With This and the Next Preceding Section.**—Failure to comply with the provisions of this and the next preceding section of this article shall not vitiate or impair any tax bill. Nor shall the execution of the provisions of this and the next preceding section, or failure or defect in executing the provisions of said two sections impair or vitiate the general city taxes on any lot or parcel of land.

See note to Section 24.

**Sec. 24. Tax Bills—Payment—Cancellation—Lien—Suit on—Parties.**—Every special tax bill may be paid to the owner or holder thereof, and upon presentation of such tax bill marked "paid" to the City Treasurer, he shall cancel and mark "paid" the amount of such tax bill on the record thereof, which entry when made, shall have the same effect to discharge the tract of land affected by such tax bill from the lien thereof, as if the amount of such tax bill had been paid to the City Treasurer as in Section twenty-two of this article provided, and such entry shall be evidence of the payment of the tax bill as therein stated. Every special tax bill issued under the provisions of this article shall be a lien upon the land described therein upon the date of the certification thereof to the City Treasurer, as in this ar-

ticle provided, and such lien shall continue for two years thereafter, but no longer, except as in this article otherwise provided, unless suit shall be brought to collect the same within two years from the date of said certification, in which case the lien shall continue until the determination of the legal proceedings to collect the same, including any sale of the property charged; *Provided, however,* That if such suit shall be brought within the two years, the plaintiff or plaintiffs therein shall within ten days after the bringing of such suit, in person or by attorney or agent, file in the office of the City Treasurer a written statement giving a brief description of the tax bill sued on, and in what court and against whom such suit shall have been brought. The City Treasurer shall immediately after the filing of any statement, note on the record of such tax bill the time of filing such statement and the substance of the same. If the plaintiff or plaintiffs in such suit shall fail to file such statement within the time above limited, the land described in the tax bill sued on shall be free from the lien of the tax bill and of any judgment in such suit, no matter when rendered, and shall not be sold in satisfaction of any such judgment; *Provided, however,* That failure to file said notice shall not affect or invalidate said lien or judgment as to the interest of persons made parties to such suit and served with process in said suit. Every special tax bill if paid within thirty days from the date of said certification thereof, shall bear no interest; if not paid within such time, shall bear interest from the date of the certification thereof at the rate of seven per cent per annum. No tax bill need give the name of any party owning or interested in the land charged thereby; and before suit, the owner of any part in severalty or of any undivided interest in the land charged by any tax bill. may pay his share separately, in which case his part or interest shall not be liable in case of suit. Such tax bills shall be issued within twenty days from the completion and acceptance of the work, but the failure to issue them within such time shall not affect the validity of the tax bills. All or any of the owners of the land charged, or of any interest or estate therein, may be made defendants in any suit upon a tax bill and the right, title interest or estate of the parties made defendants in any such suit shall be bound thereby, and the owners of the land as shown by the records in the office of the recorder of deeds of Jackson county, Missouri, and by the records of the courts of record having jurisdiction in Kansas City shall be conclusively held to be the owners thereof for the purpose of foreclosing such liens, and all suits on special tax bills may be brought in the names of the owners or assignees thereof.

**Unknown Owner or Non-Resident, Etc.—Pleading—Evidence.**—In case any owner of land or interest therein shall be unknown, or a nonresident of the state, suit may be brought against such owner separately or together with others, and such unknown or nonresident owner may be proceeded against and charged by giving notice, either by publication in a newspaper or otherwise as in a suit in the Circuit Court of Jackson county, to enforce any other lien on land in the county. Every such tax bill and lien thereof shall be assignable and the assignee thereof may sue in his own name. It shall be sufficient for the plaintiff in any suit to plead the making and issuance of the tax bill sued on, giving the date and contents thereof, and the assignment thereof, if any, and to allege that the parties or party made defendants own or claim to own the land charged or some estate or interest therein, as the case may be, and to file the tax bill in the suit, or to set out a copy thereof in the petition. Special tax bills, whether issued pursuant to one or more contracts or against one or more parcels of land owned by the same party or parties made defendant, may be joined in one suit, but a separate judgment on each tax bill shall be rendered and execution shall be issued accordingly. The ordinance authorizing any public improvement and the contract therefor, and approving and confirming such contract, shall operate and shall be held by all departments and courts, to cure all errors and irregularities, if any, on the part of the city in the proceedings relating to such improvements, up to and including the time such ordinance takes effect, and no tax bill shall be defeated, or the amount or lien thereof, in anywise be affected, by reason of any such error or irregularity. Every tax bill shall, in any suit thereon, be *prima facie* evidence of the validity of the bill, of the doing of the work and of the furnishing of the material charged for and of the liability of the land to the charges stated in the tax bill. *Provided*, That nothing in this section shall be so construed as to prevent any defendant from pleading and proving in reduction of any bill, any mistake or error in the amount thereof, or that the work therein mentioned was not done in a good and workmanlike manner; and *Provided, further*, that if any party shall plead any mistake or error in the amount of the bill or that the work was not done in a workmanlike manner, and that such party before the commencement of the suit, tendered to the contractor, or holder of the bill, the full value of the work done, and shall establish the same on the trial, the recovery shall only be for the amount so tendered and judgment for costs shall be rendered against the plaintiff. *Provided, further*,

That if it shall be pleaded and proved that the work for which the bill was issued was not done according to the terms of the contract made by the contractor with the city, then the plaintiff or plaintiffs shall recover thereon only the actual value of the work done, if of any value, and if not of any value, the judgment shall be for the defendant. No suit on any tax bill shall be defeated or affected by any irregularity affecting any other bill, or matter rendering any other bill invalid in whole or in part.

**Special Judgment—Jurisdiction of Court—Sale—Execution—  
—Certificate of Purchase—Redemption—Deed—Proceedings to  
Conform to, What—Certificate of Purchase, When Filed for  
Record—Contribution When Owner of Undivided Interest Com-  
pelled to Pay More Than He Ought.**—In a suit on any special tax bill except as in this article otherwise provided, judgment shall be special that the plaintiff shall recover the amount found due, including interest, together with costs, to be levied and made off of the land described in the tax bill, and a special execution shall issue to sell the land to pay any such judgment, interest and costs. The judgment, exclusive of costs, shall bear interest at the same rate as the tax bill. Suits on special tax bills issued under this article may be brought in any court of competent jurisdiction. When the amount due on any tax bill shall not exceed three hundred dollars, suit may be brought thereon in the Circuit Court of Jackson County, or in the municipal court of Kansas City, but to enforce any judgment rendered by said municipal court, a transcript of the judgment shall be filed in the office of the clerk of the Circuit Court of Jackson county, in said city, and duly docketed, recorded and indexed as a judgment of that court; whereupon, a special execution may issue out of that court the same as if the judgment had been rendered in that court. Upon sales made by the sheriff upon any such special executions, he shall issue to the purchaser a certificate of purchase, setting forth the substance of such special execution, the date of sale, the purchaser, the property sold, and the amount bid. If the property so sold be redeemed within one year from the date of such sale by payment to the sheriff of the amount due on said judgment, including interest and costs up to the date of redemption by the owner of, or party interested in, said property, no deed shall be given by the sheriff. Upon such redemption as here-in provided of any tract of land sold under such special execution,

the judgment against the same and the lien thereon shall be satisfied on the record of such judgment in the office of the clerk of the Circuit Court aforesaid by said clerk upon presentation of the receipt of the sheriff for the amount necessary for the redemption. If the tract of land so sold be not redeemed, as herein provided, a deed shall be given at the end of one year from the date of said sale by the sheriff to the holder of such certificate. Such deed may be given to the original holder of such certificate or his assignee, and shall vest all the right, title, interest and estate in the land so sold that defendants, and each of them, owned at the time that the lien of the tax bill commenced, or acquired afterwards and every such special judgment as herein provided, shall bind all the right, title, interest and estate in the land that defendants, and each of them, owned at the time that the lien of the tax bill commenced, or acquired afterwards. Parties interested in lands not made defendants shall not be affected thereby, and if they claim through or under any party defendant by right acquired before such suit was brought may redeem from the purchaser or otherwise assert their rights according to equity and good conscience. Proceedings on special executions on judgments on special tax bills shall, as herein provided, including the making of deeds to purchasers, conform as far as practicable to proceedings on other special executions from the Circuit Court. Such certificate of purchase shall be delivered by the sheriff to the purchaser, or his assignee on the payment of the amount bid, which certificate shall be executed and acknowledged by such sheriff before an officer authorized to take acknowledgments of instruments affecting real estate, and shall be filed for record in the office of the recorder of deeds of Jackson County, at Kansas City, within six months after the date of the same. In case the owner of any undivided interest or particular estate in any land charged, be compelled by suit to pay on account of any such tax bill more than he ought equitably to pay as between him and others interested in the land, such owner so paying shall be subrogated to the lien of such tax bill, and may, by proper proceedings in any court of competent jurisdiction, enforce such lien and have the equities between such owner so paying and other parties interested in the land adjusted, though such other parties were not parties defendant to the original suit on the tax bill, and though such subsequent proceedings may be commenced after two years from the issue of the tax bill, and the lien of the tax bill shall continue after the two years for the purpose of such remedy, or the

owner so paying shall be entitled to contribution from others according to equity without enforcing the lien.

See note to Sec. 3.

Duly authorized tax bill read in evidence places upon defendant burden of proving any fact relied upon to show invalidity. (*Asphalt Paving Co. vs Ullman*, 137 Mo. Mo. 543, 1. c. 560.)

Tax bills are prima facie evidence of their validity. (*Huling vs Bandera Flagstone Co.*, 87 Mo. App. 349; *Ross vs Gates*, 117 Mo. App. 237; *Heman vs Larkin*, 108 Mo. vs Surety Co., 71 Mo. App. 315.)

Nor do they become so even when afterwards corrected by erasure and substitution by proper officer. (Stadler vs Roth, 59 Mo. 400.)

But it is otherwise where the tax bill is amended and properly re-executed by the officials. (Vieths vs Plannet Co., 64 Mo. App. 207, 210) holding it prima facie evidence as if originally so issued.)

Tax bills not properly signed are not prima facie valid. (Eyer mann vs Payne, 28 Mo. App. 72.)

Effect of correction, re-execution, amendment and alteration of tax bills. (Stadler vs Roth, 59 Mo. 400; Kafferstein vs Knox, 56 Mo. 186; Vieths vs Planet Co., 64 Mo. App. 207.)

Tax bills prima facie evidence that ground on which work was done was a public street. (Seibert vs Allen, 61 Mo. 482.)

Tax bills prima facie evidence of existence of contract. (Ess vs Dou ton, 64 Mo. 105; Heman vs Payne, 27 Mo. App. 481.)

Tax bills prima facie evidence that city officials have acted properly and that council meeting at which ordinance was passed was properly convened. (Rutherford vs Hamilton, 97 Mo. 543; Barber Asphalt Paving Co. vs Ullman, 137 Mo. 543.)

Plaintiff not required, in order to make prima facie case, to prove date of delivery of tax bills to contractor. (Adkins vs Qnest, 79 Mo. App. 36.)

Tax bills are not conclusive of their validity. (Haegele vs Mallinckrodt, 3 Mo. App. 329; Creamer vs Allen, 3 Mo. App. 545; Gallaher vs Bartlett, 64 Mo. App. 258.)

Burden of proof on the party questioning tax bills. (Wolfert vs St. Louis, 115 Mo. 139; Moberly vs Hogan, 131 Mo. 19; Asphalt Co. vs Ullman, 137 Mo. 543; Gallaher vs Bartlett, 64 Mo. App. 258.)

Proof of demand as condition precedent to recovery on tax bills. (Eyer mann vs Provenchere, 15 Mo. App. 256.)

**Estoppel.**—A void tax bill cannot be made valid by any act of the owner. (McCormick vs Moore et al, 134 Mo. App. 669; Perkinson vs Hoolan, 182 Mo. 189; Keane vs Klausman, 21 Mo. App. 485; Verdin vs St. Louis, 131 Mo. 26.)

Property owner estopped from disputing tax bill when. (Jaicks vs Merrill, 201 Mo. 91; Galbreath vs Newton, 30 Mo. App. 380; Keane vs Klausman, 21 Mo. App. 485; Verdin vs St. Louis, 131 Mo. 26; Guinnotte vs Egelhoff, 64 Mo. App. 356; Bank vs Woesten, 68 Mo. App. 137; Hill-O'Meara vs Hutchinson, 100 Mo. App. 294; St. Joseph vs Landis, 54 Mo. App. 315; St. Joseph ex rel. vs Dillon, 61 Mo. App. 317.)

Fact that owner knew of jurisdictional defect and did not interfere with letting of contract or doing work will not estop him. (Cox vs Mignery, 126 Mo. App. 669.)

Owner of undivided interest is estopped from setting up this fact in reduction of the tax bill when he has held himself out as sole owner. (City of Louisiana vs McAllister, 104 Mo. App. 152.)

**Judgment.**—Judgment on tax bill is one in rem. (Ross vs Gates, 117 Mo. App. 237.)

Tax bills can be enforced against real estate only and not by judgment in personam. (Barber Asphalt Pav. Co. vs St. Joseph, 183 Mo. 451; Higgins vs Ausmuss, 77 Mo. 351; Carlin vs Cavender, 56 Mo. 286; Henschen vs O'Bannon, 56 Mo. 289; St. Louis to use vs Bressler, 56 Mo. 350; St. Louis to use vs Allen, 53 Mo. 44; Neenan vs Smith, 50 Mo. 525; Syenite Granite Co. vs Bobb, 37 Mo. Personal judgment against property owner for street improvement is void. (St. Louis vs Contracting Co., 202 Mo. 451, l. c. 469.)

Public property held for public uses is not subject to special taxes, nor can a general judgment be rendered against a public corporation, unless the legislative power has clearly so enacted. (St. Louis vs Brown, 155 Mo. 560; Barber Asphalt Co. vs St. Joseph 183 Mo. 451, 455, and cases cited; Clinton ex rel. vs Henry County, 115 Mo. 557.)

While judgment is in rem. it will not bind persons not parties to the suit. (Jaicks vs Sullivan, 128 Mo. 177; Stadler vs Roth, 59 Mo. 400.)

When court has jurisdiction judg-

ment not subject to collateral attack. (Charley vs Kelley, 120 Mo. 134; Williams vs Monroe, 125 Mo. 574; Karnes vs Alexander, 92 Mo. 660.)

When suit is on several tax bills, a general verdict is insufficient. (St. Louis to use vs Allen, 53 Mo. 44.)

Where court can't from data and facts in evidence, separate cost of work improperly included in tax bill from rest, court shall render judgment for remainder. (Haag vs Ward, Rec. 186 Mo. 325; St. Joseph ex rel. vs Dillon, 61 Mo. App. 317; Neenan vs Smith, 60 Mo. 292; St. Joseph ex rel. vs Wilshire, 47 Mo. App. 125; Eyer-mann vs Provenchere, 15 Mo. App. 256.)

Pro Tanto recovery for improvements. If recovery cannot be had for part of the work on account of invalidity, recovery should be allowed for the part which is valid, when segregation is possible. (Barber Asphalt Paving Co. vs Ullman, 137 Mo. 543; Quest vs Johnson, 58 Mo. App. 54; Farrar vs St. Louis, 80 Mo. 379; Bank vs Nelson, 64 Mo. 418; Johnson vs Duer, 115 Mo. 366; Springfield vs Weaver, 137 Mo. 650; Haag vs Ward, Rec. 186 Mo. 325; Porter vs Paving and Const. Co., 214 Mo. 1; St. Joseph vs Wilshire, 47 Mo. App. 125; Dickey vs Porter, 203 Mo. 1; Creamer vs Bates, 49 Mo. 523.)

Reduction of the bill because of failure to furnish the work as called for in the contract and faulty construction may be shown. (Hill-O'Meara vs Hutchinson, 100 Mo. App. 294, 297; Heman vs Franklin, 99 Mo. App. 346; but see Gilsonite Construction Co. vs Coal Co., 205 Mo. 49.)

Quantum meruit cannot be based on void contract. (Keating vs Kansas City, 84 Mo. 415; Crutchfield vs Warrensburg, 30 Mo. App. 456.)

There can be no recovery for actual value without proof of such value. (Gilsonite Construction Co. vs Coal Co., 205 Mo. 49; Porter vs Paving and Construction Co., 214 Mo. 1.)

No recovery on quantum meruit when work not completed within the required time. (McQuiddy vs Brannock, 70 Mo. App. 535; Gilsonite Construction Co. vs Coal Co., 205 Mo. 49.)

Pro rata recovery where work was done in a manner inferior to that re-

quired by the contract. (Creamer vs Bates, 49 Mo. 523; Hill-O'Meara vs Hutchinson, 100 Mo. App. 294; Heman vs Franklin, 99 Mo. App. 346.)

When case is tried on theory that there has been a compliance with the contract, pro tanto recovery cannot be had. (Heman vs Larkin, 108 Mo. App. 392; Heman Const. Co. vs Loevy, 179 Mo. 455.)

Interest allowed on tax bill although no demand be made. (St. Joseph vs Forsee, 115 Mo. App. 510.)

Interest on judgment. (Dickey vs Porter, 203 Mo. 1; Kansas City ex rel. vs Winner, 58 Mo. App. 299.)

Judgment may be valid as to some defendants though void as to others. (Neenan vs St. Joseph, 126 Mo. 89; Granite Co. vs Taylor, 64 Mo. App. 37; Stotler vs Railroad, 200 Mo. 107, 1 c. 150; Walker vs Mills, 210 Mo. 684.)

**Redemption.**—Redemption under prior Charter. (Olmstead vs Tarsney, 69 Mo. 396; Corrigan vs Bell, 73 Mo. 53; Keating vs Craig, 73 Mo. 507; Bryant vs Russell, 127 Mo. 422.)

Right of mortgagee to redeem. (Davis vs Evans, 174 Mo. 307.)

**Right of Action to Cancel Tax Bills Issued Against Plaintiff's Property.**—

(Porter vs Boyd Pav. Co., 214 Mo. 1; Bayha vs Taylor, 36 Mo. App. 427; State ex rel. vs Philips, 97 Mo. 331; Johnson vs Duer, 115 Mo. 366; Schibel vs Merrill, 185 Mo. 534; Rose vs Trest-trail, 62 Mo. App. 669.)

In suit to cancel tax bills, plaintiff must tender amount he admits to be actually due. (Porter vs Boyd Pav. Co., 214 Mo. 1; Johnson vs Duer, 115 Mo. 366.)

Owners of different lots may unite in one equitable proceeding. (Michael vs St. Louis, 112 Mo. 610.)

Right to enjoin city to prevent the issuing of a tax bill against plaintiff's property. (Verdin vs St. Louis, 131 Mo. 26; Skinker vs Heman, 148 Mo. 319.)

And to enjoin enforcement of tax

bills. (Perkins vs Baer, 95 Mo. App. 70.)

**Certificate of Purchase.**—Giving certificate and having it recorded are nec-

essary to validity of sale. Without these acts subsequent execution and delivery of deed convey no title. (Davis vs Evans, 174 Mo. 307.)

**Sec. 25. Tax Bills Mentioned in Section 3 of This Article, Payable in Installments—How Collected—To Bear Interest, When—One Installment Delinquent, All Become Due—Lien of, Assignable.**—The common council may, by ordinance, provide that the special tax bills to be issued in payment for improvements mentioned in Section three of this article shall be made payable in four equal installments, and such tax bills when issued shall be payable and collectible as follows: The first installment shall become due and collectible on the thirtieth day of June next succeeding the date of certification to the treasurer of the tax bills. *Provided*, That if such period is less than thirty days after the date of said certification of the tax bills, then the first installment shall become due and collectible on the thirtieth day of June of the next year; the second installment shall become due and collectible in one year, the third installment in two years, and the fourth installment in three years, after the first installment is due and collectible as above mentioned; *Provided, however*, That the owner of the property charged with the payment of such tax bills, or the owner of any interest therein, shall have the privilege of paying the same in full at any time before the expiration of thirty days from the date of said certification; and *provided, further*, That the owner of the property charged with the payment of such tax bills, or the owner of any interest therein, shall have the privilege of paying such tax bills in full at any time by paying interest thereon to a period ninety days after the date of such payment, unless such payment is made within less than ninety days of the maturity of the next installment, and then by paying interest thereon to the date when the next installment becomes due and payable. Such tax bills, including each installment thereof, if not paid in full before the expiration of thirty days from the date when their apportionment and assessment is certified to the City Treasurer, shall bear interest from the date of said certification at the rate of seven per cent per annum, and when any installment becomes due and collectible, as herein provided, interest thereon and on all unpaid installments shall be due and collectible to that date. If any installment of any such tax bills be not paid when due, then all the unpaid installments shall immediately become due and collectible, together with interest thereon at the rate of eight per cent per annum from

the date on which interest has already been paid on said installments. The lien of all tax bills issued under this section shall continue for a period of one year after the date the last installment matures as expressed upon its face, and no longer, unless within such year suit shall have been instituted to collect such tax bill, and unless within ten days after the institution of such suit, notice of the bringing of such suit shall have been filed with the City Treasurer as provided as to other tax bills, in which case the lien of such tax bill shall continue until the termination of such suit and until the sale of the property under execution on the judgment establishing the same, and no default in the payment of any interest or any installment shall operate to diminish the period during which suit may be brought. Such tax bills and liens thereof shall be assignable and shall be of the same force and effect, and suits may be brought thereon in the same manner as on other tax bills issued by the city and all other provisions relating to special tax bills issued pursuant to the authority given in this article shall apply to those issued under this section, excepting so far only as the other provisions of this article conflict with those contained in this section.

See note to Section 24.

Under prior Charter holder of installment tax bills had one year after the last installment became due and payable according to the face of the bill in which to bring suit, even though some installments had been due and payable for more than one year. (Gilsonite Const. Co. vs Coal Co., 205 Mo. 49.) See Barber Asp. Pav. Co. vs Meservey, 193 App. 186.

Suit by holder of tax bills to have proceeds of damages awarded for the

condemnation of the land applied to payment of the tax bills, is, under provision of prior Charter, begun in time if begun within one year after last installment becomes due, although suit is not begun against the land. (Ross vs Gates, 183 Mo. 338.)

Pleading and proof in suit on installment tax bills when certain installments due and unpaid and others not due. (Jaicks vs Merrill, 201 Mo. 91.)

**Sec. 26. Land Owned by City—Tax Bills—Suit—Personal Judgment.**—When the city shall own any tract of land, or hold the title to any land not used as a street, avenue, boulevard, alley, or public highway, which if owned by a private person would be liable to assessment for benefits to pay for any public improvement mentioned in this article, an assessment shall be made against such land, and a special tax bill issued as though such land were the property of a private person, and the city shall pay the amount of that assessment as evidenced by the special tax bill out of the general fund. Suits shall be instituted to enforce the collection of any such tax bill in the same manner and in the same courts as on other tax bills,

and the judgment in any such suit shall be a personal judgment against the city for the amount due on such tax bill, which judgment may be enforced as other judgments against the city, and no such land of the city shall be sold under any such judgment. And no other proceedings or official action on the part of Kansas City shall be necessary in a proceeding for a public improvement in which land owned by the city may be assessed with benefits therefor than though such land had been owned by a private person.

**Land Held by Corporation or Association—Tax Bill—When Sale of Land Contrary to Public Policy, Suit—Personal Judgment.**—And whenever any land liable to be assessed with special benefits to pay for any public improvement mentioned in this Charter shall be owned by a railroad corporation, cemetery association, county, school district, or any other public or quasi-public corporation, or by any corporation, association, society, person or trustee, such land shall be assessed and a special tax bill issued to evidence the same in the same manner as though the same were the property of a private person, and if a sale of such land to enforce such assessment is contrary to the public policy or the laws of this state, then the amount of such assessment as may be evidenced by the special tax bill shall be paid by such railroad, corporation, cemetery association, school district, county or other public or quasi-public corporation, association, society, person or trustee. Suits shall be instituted to enforce the collection of any such tax bills in the same manner and in the same courts as on other tax bills, and the judgment in any such suit, if for the plaintiff, shall be a personal one against the owner of the land assessed, for the amount due on such tax bill; but no such judgment shall be rendered in any such suit for an amount greater than the value of the land so assessed; and the defendant or defendants in any such suit may, by appropriate pleading, raise the issue of the value of the land so assessed and when that issue is raised the judgment, if any, shall be enforced as other judgments against the judgment debtor, but no such lands shall be sold under such judgments.

See note to Sec. 1 and Sec. 24.

**Sec. 27. Lien For Improvements, Invalid by Reason of Irregularities, Etc.—Reassessment.**—Whenever the city, by a valid ordinance, shall have authorized the making of any public improvement to be paid for in special tax bills and shall have entered into a valid contract for such improvement, and shall have attempted to levy

an assessment or issue a special tax bill to pay the cost thereof, and said contract shall have been faithfully and fully performed by the contractor, and it shall be made to appear by a judgment of a court of competent jurisdiction or otherwise, that the lien of such assessment or part thereof, or of any or all tax bills evidencing the same, is invalid by reason of any omission, irregularity, defect or invalidity in the acts or proceedings of any of the municipal authorities of the city relating thereto, the Board of Public Works may, at any time within one year after the original issue of the tax bills, reassess any or all of the tracts of land subject to assessment to pay the cost of such improvement, according to the rule of assessment, and in the same manner and with the same effect and evidence the same by like tax bills as is provided in this article for such assessments in the first instance.

See note to Section 1.

See note to Section 24.

Substitution of new tax bills for void ones. Amendments of tax bills irregularly issued or void; mandamus lies to enforce the contractor's right thereto. (*State ex rel. vs St. Louis*, 183 Mo. 230; *State ex rel vs St. Louis*, 211 Mo. 591, 1. c. 604; *Dollar Savings Bank vs Ridge*, 79 Mo. App. 26.)

If the original bill was void and recovery defeated on that ground, the power to issue is not exhausted, but a new assessment may be had and new bills may be issued. (*Eyermann vs Provenchere* 15 Mo. App. 256, 262, 270; *Eyerman vs Payne*, 28 Mo. App. 72, 76.)

But if the original bill was not void, but irregular only, a final judgment for defendant will bar another action on the same bill after it has been corrected. (*Weber vs Schergens*, 28 Mo. App. 587; *Eyerman vs Payne*, 28 Mo. App. 72 1. c. 76; *Eyermann vs Scollay*, 16 Mo. App. 498;) but an amendment of the petition after correcting the bill is proper. (*Galbreath vs Newton*, 45 Mo. App. 312.)

A special tax bill, whether void, voidable or merely imperfect, as

issued, may be amended within the time limited for its enforcement. (*Vieths vs Planet Co.*, 64 Mo. App. 207; *St. Joseph vs Forsee*, 110 Mo. App. 237; see as to limitation of tax bills, Sec. 25.)

The particular officer may erase the wrong and insert the true name of the owner, even after expiration of his term. (*Stadler vs Roth*, 59 Mo. 400.) So after expiration of his term he has the right to make proper amendments in other respects. (*Morley vs Weakley*, 86 Mo. 451, changing blocks and lots; *Riley vs Stewart*, 50 Mo. App. 594, 601, issuing three in place of one, where such necessary; *Galbreath vs Newton*, 45 Mo. App. 312, holding that the amendment may be made after the cause has been remanded by the appellate court.) The amendment must be made by the persons in office when the proceedings were had, though their terms have expired. (*Kiley vs Cranor*, 51 Mo. 541; *Cases supra*.)

As to right to amend the tax bill, see also *Eyermann vs Blakesley*, 13 Mo. App 107; *Prendergast vs Richards*, 2 Mo. App. 187.

Sec. 28. Grading, Etc.—When Too Heavy Burden on Benefit District. As Limited in Section 3 of This Article—Benefit Limits May Be Determined by Ordinance.—When in grading or regrading any street, avenue, highway, or part thereof, a very

large or unusual amount of filling in or cutting or grading away of earth or rock be necessary, necessitating an expense of such magnitude as to impose too heavy a burden on the land situate in the benefit district as limited in Section three of this article, and when in grading or regrading, constructing or reconstructing any street, avenue, highway or part thereof, one or more bridges, viaducts, tunnels, subways, cuts or approaches on, along, over or under the same is or are required or needed, the cost of grading or regrading such street, avenue, highway, or part thereof, including the cost of constructing or reconstructing such bridges, viaducts, tunnels, subways and approaches, or any of them, may be charged as a special tax on parcels of land (exclusive of improvements) benefited thereby, after deducting the portion of the whole cost, if any, which the city may pay, and in proportion to the benefits accruing to the said several parcels of land, exclusive of improvements thereon, and not exceeding the amount of said benefit, said benefits to be determined by the Board of Public Works as hereinafter provided, and the limits within which parcels of land are benefited shall in all such specified instances be prescribed and determined by ordinance. If the Common Council shall find and declare in the ordinance providing for the doing of the work above described that a very large or unusual amount of filling in or cutting or grading away of earth or rock be necessary, necessitating an expense of such magnitude as to impose too heavy a burden on the land situated in the benefit district as limited in Section three of this article, or that in grading or regrading, constructing or reconstructing any street, avenue, highway, or part thereof, one or more bridges, viaducts, tunnels, subways, cuts or approaches on, along, over or under the same is, or are required or needed, the finding and declaration in said ordinance shall be final and conclusive as to all such matters.

**Public Works Shall be Provided For By Ordinance—Proceedings in Circuit Court Against Owners—Petition to Contain, What.—**The public work described above shall be provided for by ordinance, and the city may provide that after the passage of the ordinance and after an approximate estimate of the cost of the work shall have been made by the Board of Public Works, the city shall file a proceeding in the Circuit Court of Jackson county, Missouri, in the name of the city, against the respective owners of land chargeable under the provisions of this section with the cost of such

work. In such proceeding the city shall allege the passage and approval of the ordinance providing for the work, and the approximate estimate of the cost of said work; and shall define and set forth the limits of the benefit district, prescribed by the ordinance, within which it is proposed to assess property for the payment of said work. The prayer of the petition shall be that the court find and determine the validity of said ordinance, and the question of whether or not the respective tracts of land within said benefit district shall be charged with the lien of said work in the manner provided by said ordinance.

**Process—What Parties May Offer in Evidence.**—Service of process in such proceeding shall be governed by the provisions of Section eleven (11) of Article thirteen (XIII) of this Charter, relating to service of notice and summons in proceedings for the ascertainment of benefits and damages for the condemnation of lands for parks and boulevards. In such proceedings, the city shall have the right to offer evidence tending to prove the validity of said ordinance, and said proposed lien against the respective lots, tracts and parcels of land within said benefit district sought to be charged with such lien; and the respective owners of lots, tracts and parcels of land within said benefit district shall have the right to introduce evidence tending to show the invalidity or lack of legality of said ordinance, and said proposed lien against the respective lots, tracts, and parcels of land owned by each respective defendant; and the court shall have the right to determine the question of whether or not the said lots, tracts and parcels of land owned by each defendant should be charged with such lien.

**Trial—Judgment.**—The trial of such proceedings shall be in accordance with the Constitution and Laws of the State, and the court shall render judgment either validating such ordinance, and proposed lien against the lots, tracts and parcels of land within said benefit district or against such lots, tracts, or parcels of land as the court may find legally chargeable with the same, or the court may render judgment that such ordinance or proposed lien are, in whole or in part, invalid and illegal.

**Appeal—What Court Shall Determine.**—Any appeal taken from such judgment must be taken within ten days after the rendition of such judgment, or if a motion for a new trial be filed

therein, then within ten days after such motion may be overruled or otherwise disposed of; but in all other respects the rules covering such appeal shall be the same as provided by Section eighteen (18) of Article thirteen (XIII) of this Charter.

**No appeal, or After Determination of, City May Enter Into Contract, Etc.**—If no appeal shall be taken, or after the determination of such appeal, the city may enter into a contract with the successful bidder to whom such work may be let; and, after the work under such contract shall have been fully completed, the estimate of the cost thereof, and the apportionment of the same against the various lots, tracts and parcels of land within the benefit district, shall be made by the Board of Public Works according to the assessed value thereof, exclusive of improvements, with the assistance of the City Assessor as provided in Section three of this article, and all of the provisions of Section three of this article relating to the apportionment of special assessments, and the levy, issue and collection of special tax bills as in grading proceedings as in said section specified, shall apply to special tax bills issued pursuant to this section, except that said tax bills may be made payable in not to exceed ten annual installments; the number of installments, and the times when payable to be determined by the Common Council on the recommendation of the Board of Public Works, such determination to be determined in the ordinance of the Common Council in which said work is authorized and the proceedings thereof instituted.

**Meaning and Intent of This Section.**—Nothing in this section stated shall in anywise affect, modify or change the provisions of the previous sections of this article, or in any manner affect or change the proceedings and remedies therein set forth for the doing of public work and the payment therefor by the issue of special tax bills; the intention of this section being to provide an independent and separate method of public improvements made under the provisions of this section.

**Section 1. Streets, Alleys and Additions—Control of—Vacating.**—The city shall have exclusive control of all its public highways, streets, avenues, alleys and public places, and shall have exclusive power to vacate or abandon any public highway, street, avenue, alley or public place, or any part thereof, and to vacate any platted addition or subdivision of land or part thereof within the corporate boundaries of the city, provided that no such vacation or abandonment shall take place except by ordinance.

R. S. 1899, Sec. 6408. R. S. 1909, Sec. 9752.

Charter confers power upon Council to vacate streets and alleys. It is for council and not courts to say when power shall be exercised. Though city has right to vacate streets when and where its legislative body shall deem best the power must be exercised subject to the constitutional provision that private property shall not be taken or damaged for public use without just compensation and city may be liable for damages resulting to abutting property owners. (Heinrich vs St. Louis, 125 Mo. 421, l. c. 427; Christian vs St. Louis, 127 Mo. 109; Knapp, Stout & Co. vs St. Louis, 156 Mo. 343; Kansas City vs Hyde, 196, Mo. 498.)

Although purpose of ordinance is to

aid private interest it is not void in absence of fraud or combination to injure if there is due regard for public interests. (Glasgow vs St. Louis, 107 Mo. 198, l. c. 203-4; Realty & Inv. Co. vs Deere, 208 Mo. 66, l. c. 87.)

Since there is adequate remedy at law for damages city cannot be enjoined from vacating street. (Christian vs St. Louis, 127 Mo. 109.)

Owner of abutting lot may enjoin the placing of obstructions in a street or alley not properly vacated if he will suffer damage different in kind from that of general public, but one whose lot does not abut upon such street cannot maintain injunction. (Realty & Investment Co. vs Deere & Co., 208 Mo. 66.)

Ordinance declaring street or alley vacated is not sufficient. Abutting owners have property rights in streets and alleys which cannot be taken from them by mere passage of ordinance declaring it vacant.

If street or alley is vacated and public continue to use it for ten years with knowledge and consent of city and abutting owners, it is again constituted public street or alley. (*Mitchell vs Ry.*, 116 Mo. App. 81, l. c. 88.)

City cannot extinguish rights of public by a conveyance to an individual of part or all of a street as private property. (*St. Louis vs Mo. Pacific Ry. Co.*, 114 Mo. 13, l. c. 24.)

City is not estopped from asserting claim under dedication by including dedicated land in ordinance and condemnation proceedings. (*Moses vs Dock Co.*, 84 Mo. 242, l. c. 246.)

Statute of limitation does not run against city unless adverse possession began prior to 1865. (*Williams vs St. Louis*, 120 Mo. 403; *Wright vs City of*

*Doniphan*, 169 Mo. 601; *State ex rel. vs Road Co*, 207 Mo. 85.)

Failure to grade or improve street does not affect public right thereto. (*St. Louis vs Mo. Pacific Ry. Co.*, 114 Mo. 13, l. c. 24.)

When dedication by deed or other writing shows intention to convey unlimited fee for particular purposes title does not revert on cessation or diversion of use but equity may compel specific execution of trust. (*Hand vs St. Louis*, 158 Mo. 204; *Goode vs St. Louis*, 113 Mo. 257.)

Land deeded to city on condition reverts to grantor on failure to comply with such condition. (*Clarke vs Brookfield*, 81 Mo. 503; *Baker vs St. Louis*, 75 Mo. 671.)

See Article X, Section 6.

**Sec. 2. Vacating Streets, Etc.—Petition—Statements In—Filing Of—Notice—Expenses.**—Any person or corporation owning any property fronting on any public highway, street, avenue, alley or public place or part thereof, proposed to be vacated, may petition the Common Council therefor. Such petition must give a distinct description of the part of the public highway, street, avenue, alley or public place sought to be vacated, and also the names of the persons or corporations owning or claiming the property fronting thereon and be verified by affidavit. Said petition shall be filed with the City Clerk at least twenty days previous to any action being taken thereon by the Common Council, and notice of the pendency of such petition shall be given for the same length of time in the newspaper then doing the city printing. The person or corporation seeking such vacation shall, at the time of filing the petition for vacation, deposit with the City Comptroller a sum sufficient, in the opinion of the Comptroller, to cover all costs and expenses which the city may incur by reason of said proceedings.

Petition should state names of persons owning or claiming property fronting on the street proposed to be vacated. (*City of Marshall vs Anderson*, 78 Mo. 85.)

See Article 1, Section 1.

**Sec. 3. Opposition to Petition in Writing—Ordinance to Vacate—Written Consent of Property Owners Necessary.**—If oppo-

sition be made in writing to such petition within said twenty days by any person or corporation interested in the vacation of such property, no action shall be taken by the Common Council on such petition before the expiration of an additional twenty days. Subject to the provisions of this article, the Common Council may, by ordinance, vacate the property mentioned and described in said petition aforesaid with such restrictions as it may deem for the public good; but no such ordinance shall be passed unless the consent, in writing, of the persons or corporations owning three-fourths of the front feet of the property fronting on that part of the public highway, street, avenue, alley or public place to be vacated, acknowledged as deeds conveying real estate in this State are required to be acknowledged in order to entitle them to be recorded, shall have been obtained to such vacation, and filed with said petition in the City Clerk's office.

**Sec. 4. Land Vacated—Title.**—The property or part thereof so vacated, if it be a lot or public square, shall belong to the persons or corporations who may have the title thereof according to law: and if same be a public highway, street, avenue, or alley, the same shall vest in the persons or corporations owning the property on each side thereof in equal proportions according to the length or breadth of such land as the same may border thereon and as the titles to such bordering lands may be held by the said owners thereof respectively.

See note to Article 3, Sec. 1, Cl. 11.

The owner of premises abutting on a public street is presumptively the owner of the fee to the center thereof subject to the easement to which the land is devoted. This is true although one abutting owner dedicate the entire street by plat. When street is vacated title vests in persons owning the property on each side thereof

in equal proportions. (*Thomas vs Hunt*, 134 Mo. 392; *Mitchell vs Railroad*, 116 Mo. App. 81, l. c. 88.)

Conveyance of city lot bounded on street always carries fee, subject to public easement, to center of street unless there be express reservation to the contrary. (*Baker vs St. Louis*, 7 Mo. App. 429, approved s. c. 75 Mo. 671.)

**Sec. 5. Owner of Addition—May Petition to Vacate—Petition to Be Filed—Notice.**—The owner of any lot in any platted addition or subdivision within the corporate boundaries of the city may petition the Common Council for the vacation of the said platted addition or subdivision or any part thereof. Said petition must give a distinct description of the part of the addition or subdivision to be vacated, and also the names of all legal owners of all lots contained in such addition or subdivision and be verified by affidavit. Said petition shall be filed with the City Clerk at least twenty days

previous to any action being taken thereon by the Common Council, and notice of the pendency of such petition shall be given for the same length of time in the newspaper then doing the city printing.

See Art. XVII, Sec. 13 and note.

**Sec. 6. Opposition to Petition—Vacate By Ordinance—Proceedings—Consent of Property Owner.**—If opposition be made in writing to such petition within said twenty days by any person or corporation interested in such vacation, no action shall be taken by the Common Council on such petition before the expiration of an additional twenty days. The Common Council may, by ordinance, vacate such platted addition or subdivision, or part thereof, and upon such vacation being made, such plat and all dedications to public use made by or consequent upon such plat shall within and as to the part of such addition or subdivision so vacated, *ipso facto* cease and determine, and become and be of no effect, but no such ordinance shall be passed unless the consent in writing of the legal owners of all lots contained in such addition or subdivision acknowledged as deeds conveying real estate in this State are required to be acknowledged in order to entitle them to be recorded, shall have been obtained to such vacation and filed with said petition in the City Clerk's office.

**Sec. 7. Ordinance to Vacate—What Vote to Pass.**—No ordinance vacating any public highway, street, avenue, alley, public place or platted addition or subdivision, or part thereof, shall be passed except by at least two-thirds affirmative vote of the full authorized membership of each house of the Common Council. If any such ordinance be returned without the approval of the Mayor, and with his objections, an affirmative vote of at least three-fourths of the authorized membership of each house of the Common Council shall be necessary to the passage of such ordinance notwithstanding the objections of the Mayor thereto.

**Sec. 8. Ordinance to Be Acknowledged—Filed For Record.**—Every ordinance vacating any public highway, street, alley, public place, or platted addition or subdivision, or part thereof, shall be acknowledged by the City Clerk as deeds are acknowledged as aforesaid, and such ordinance so acknowledged and the consents of property owners herein required shall be filed for record in the Recorder's office in Jackson County, Missouri.

**Sec. 9. Vacation Not to Become Final Until Damage Paid.**—The Common Council may provide in any ordinance for vacating

any highway, street, avenue, alley, public place, or plat that such vacation shall not become final and absolute until the damage which may be occasioned thereby, if any, has been ascertained and paid in the manner hereinafter provided.

**Damage, How Assessed.**—Whenever private property shall be so disturbed or damaged by the proposed vacation as to entitle the owners thereof to remuneration or damages under the Constitution of the State of Missouri, the ordinance which shall order such vacation shall also prescribe and determine the limits within which private property is deemed benefited by the proposed vacation. Such benefited district shall not, however, include any property other than that abutting on the street, alley or public place proposed to be vacated, the owners of which abutting property have signed the petition for such vacation. The Mayor shall cause a certified copy of said ordinance to be filed in the Circuit Court of Jackson County, Missouri, at Kansas City, or with the clerk thereof, and said court shall fix a day and place for assessing the damages and benefits arising from the proposed proceeding, and such damages and benefits shall be ascertained and assessed in the manner and by the procedure provided in Article VII of this charter for assessing damages and benefits arising from grading and regrading streets; *Provided, however,* That at any time before final judgment, the owners of the property abutting on the street, alley, highway, or public place proposed to be vacated who shall have signed the petition for said vacation may withdraw therefrom, and, upon filing such withdrawal in the office of the City Clerk, the City Counselor shall dismiss the said proceedings, and the same shall be *ab initio* null and void.

**Proceedings Dismissed, When.**—Unless all the owners of the property against which assessments of benefits have been made in said proceedings shall, within twenty days after the rendition of the verdict, pay such assessments to the clerk of the Circuit Court of Jackson county, Missouri, for the use of the parties entitled thereto, the city shall cause said proceedings to be dismissed and said ordinance shall thereupon be *ab initio* null and void.

**Appeal.**—Any party aggrieved by said verdict may appeal therefrom in the same manner and with like effect as is provided by Article VII of this charter from judgments rendered by the Circuit Court.

Sec. 1. Board, How Constituted—Present Board to Constitute First Board of Public Works—Number of Board—Term of Office.—There is hereby established within the city a department to be known as the Board of Public Works, to consist of four members until the third Monday in April, 1910. The four members of the Board of Public Works of Kansas City, in office at the time this charter goes into effect, shall constitute the first Board of Public Works under this charter and shall serve until the third

Monday of April, 1910, but shall have no powers or duties except as provided in this Charter. On and after the third Monday of April, 1910, the Board of Public Works shall consist of only three persons, who shall be appointed by the Mayor, by and with the advice and consent of the Upper House of the Common Council, to serve, one for one year, one for two years, and one for three years from the date of their appointment. Each year thereafter the Mayor shall in like manner appoint one person as the successor of the member whose term of office expires in that year to serve as such member for three years.

**Sec. 2. Salaries of Board—President of, His Duties.**—Each member of said Board shall receive such salary as may be prescribed by ordinance. Immediately after qualification at the beginning of the fiscal year of 1910 and each year thereafter, said Board shall elect one of its members president, for a term of one year, and one of his duties shall be to attend all meetings of the Common Council, and at the request of any member thereof, to give such information concerning the business of the Board as may be required of him.

**Sec. 3. Meetings of Board—Quorum.**—The board of public Works shall meet at its office at least three times each week to transact such business as may properly come before it. Two members of said Board shall constitute a quorum.

Held that provision in previous Charter that board meet once a week at office of board is inconsistent with thorough personal superintendence

and indicates intention to give authority to only supervise. (State ex rel. vs May, 106 Mo. 488, 1. c. 508.)

**Sec. 4. City Engineer—Qualifications Of—Oath Of—Department of Engineering—Head Of—Duties Of.**—Said board shall appoint a City Engineer, who shall be a civil engineer and a person well skilled in the science of engineering and the practical application thereof. He shall, in addition to the oath prescribed for city officers, take an oath that he is not and will not be during his continuance in office, directly or indirectly interested in any contract with the city, or in any public work. The Board shall establish a department of engineering and the City Engineer shall be the head thereof and shall have the sole executive control of said department, subject to the rules and regulations prescribed by the Board, and shall hold his position at the pleasure of the Board. He shall appoint and

discharge the employes and subordinates in said engineering department, and shall carry into effect the public work designated by the Board to be done by the engineering department, and shall perform such other duties, not inconsistent herewith, as may be prescribed by ordinance. The Board shall appoint such persons not employed in the engineering department as may be necessary to transact the business and perform the duties devolving upon the Board under the provisions of this Charter. Upon the taking effect of Article XV of this Charter, said Board and said engineer shall, in making said appointments, and in all other respects, conform to the provisions, rules and regulations of the civil service board.

The board has general supervision and control of all public works. The City Engineer is a mere employe of the board. (Kansas City vs McDonald, 73 Mo. App. 439, l. c. 444; see State ex rel. vs May, 106 Mo. 488; State ex rel. vs Gray, 91 Mo. App. 438.)

**Sec. 5. Department of Street Repairs—Superintendent of—His Duties—Shall Appoint Subordinates.**—The board shall establish a department of street repairs. It shall appoint a superintendent of repairs who shall have the sole executive control of said department, subject to the rules and regulations prescribed by the Board. Except as otherwise provided by this Charter, or by ordinance, it shall be his duty to have charge of the repairs of all streets and alleys, to repair all sidewalks and curbing, to construct all street crossings, and to repair the same, to repair all bridges and viaducts required to be kept in repair by the city; he shall have charge of the repairs of sewers and catch-basins, and the supervision of the erection of all telegraph and electric light poles; he shall also have the supervision of all excavations and fillings, made for the laying of gas and water pipes or for the repairing of sewers or for any other purpose whatever, in the streets and alleys of the city; he shall have charge and control of all implements and teams employed in such work, and shall perform such other duties not inconsistent with the provisions of the Charter as may be required by the Board of Public Works or by ordinance. The superintendent of repairs shall appoint and discharge all employes and subordinates in said department, and upon the taking effect of Article XV of this Charter relating to civil service, he shall appoint and discharge appointees and subordinates subject to the provisions of said Article, and the rules made pursuant thereto. He shall hold his position at the pleasure of the Board.

Superintendent of streets under former Charter was held to be officer and not mere employe. (State ex rel. vs May, 106 Mo. 488; see State ex rel. vs Knott, 207 Mo. 167; State ex rel.

vs Gray, 91 Mo. App. 438.)

For duties, obligations and liability of city growing out of repairs and other work in streets, see Article III, Section 1, Cl. 11.

**Sec. 6. Plats to be Approved by Board Before Recording—Taxes on Land Platted, Must Be Paid Before Approval.**—After the taking effect of this Charter no plat of any addition to the city or in the city or of any subdivision of lands within the city, shall be recorded or be of any validity unless before such record, the approval of the Board be endorsed thereon. Before approving any such plat the Board of Public Works shall require that there be filed in its office a certificate from the proper person and authorities that all taxes and all liens and incumbrances of every sort on that part of the land dedicated or conveyed for public use have been satisfied of record.

**Maps and Plats Acknowledged and Recorded—Grade of Streets to be Established—No Damages to be Paid Proprietor—Regrading.**—Plats and maps of additions to the city or of subdivisions of land in the city, shall be made according to the general law of the state in force at the time. Such map or plat shall be acknowledged by the proprietor before some court or officer authorized by law to take the acknowledgment of conveyances of real estate, and recorded in the office of the recorder of deeds in Jackson county; Provided, *however*, that before any such plat shall be approved by the Board of Public Works, the grade of the streets, alleys, avenues and public highways designated thereon shall be established by ordinance, and the said approval of such Board shall recite the number and date of approval of said ordinance. After any street, avenue, alley or public highway shall be dedicated by any such map or plat or by a conveyance to the city of any land for such use, and the grades of the streets, alleys and public highways thereon shall be established as aforesaid, the city shall have the right to grade the same to the grade so established, and shall have an easement upon the land abutting on the said streets, avenues, alleys and public highways permitting the city the right to use so much of said lands as will enable the city to provide adequate support for said streets, avenues, alleys and public highways in case of any fill in such grade necessitating such support. In lieu of such easement retaining walls may be constructed at their own expense by the owners or proprietors of said abutting

lands according to plans approved by the Board of Public Works and under its supervision and control. Said walls may be so constructed at the time said grading is done or at any time thereafter in the discretion of said owner or proprietor. The city shall have the right to grade or otherwise improve the said streets, avenues, alleys and public highways, without making compensation for damages therefor to other lands of the proprietor making the map or plat, or to other lands of the maker of the conveyance, and it shall be deemed and taken by all courts for all purposes, that just compensation was made for such damages and for said easements when such map or plat or conveyance was made, or that the right to the same was released, so that neither the original proprietor nor anyone holding under such proprietor, shall have a right to compensation for such damages; *Provided, however*, That if, after the city shall have established the grade of any such street, avenue, alley or public highway as aforesaid, and the city shall thereafter change such grade and re-grade the same, just compensation shall be made for damages resulting to any property from such change of grade and regrading.

For dedication of land to public use otherwise than by formal plat see Article III, Section 1, Cl. 11.

For condemnation of land for public use, see Article VI, State Laws, Chap. 142, R. S. 1899. R. S. 1909, Chap. 97.

No other than the owner of the land in fee can dedicate it to public use. (K. C. Milling Co. vs Riley, 133 Mo. 574; but see Longworth vs Sedevic, 165 Mo. 221.)

Wife must join in plat of her lands. (City of Marshall vs Anderson, 78 Mo. 85.)

Whether acceptance of plat necessary. (Friend vs Porter, 50 Mo. App. 89; St. Louis vs University, 88 Mo. 155; Hill vs Sedalia, 64 Mo. App. 494; Downend vs Kansas City, 71 Mo. App. 529, 1. c. 533.)

Approval of plat does not constitute acceptance of streets thereon laid out, nor an act of jurisdiction over them nor impose obligation on city to keep in repair. (Downend vs Kansas City, 156 Mo. 60.)

Approval of plat by city authorities, a ministerial duty which may be enforced by mandamus. (State ex rel. vs Chase, 42 Mo. App. 343; Downend vs Kansas City, 156 Mo. 60;) Contra, that it is an act judicial in its nature

over which the courts will not sit in review, and for the exercise of which to damage of other property owners an action will not lie. (Funke vs St. Louis, 122 Mo. 132.)

Dedicators of land for common, remain for all other purposes its owners. (Cummings vs St. Louis, 90 Mo. 259.)

Dedication of street on condition that dedicators' land be exempt from assessment for extension thereof, is of no effect. (St. Louis vs Meier, 77 Mo. 13.)

Conveyance of lot bounded by street, carries fee, subject to public easement, to center of street. (Baker vs St. Louis, 75 Mo. 671, s. c. 7 Mo. App. 429.)

If lands adjoining city are platted as an addition thereto, filing of plat vests title to streets in city, but does not render such property subject to city taxation. (Town of Cameron vs Stephenson, 69 Mo. 372; see St. Louis vs St. Louis University, 88 Mo. 155.)

City not liable for damages for injuries due to defect in part of street outside of city. (Stealey vs Kansas City, 170 Mo. 400.)

Contract for sale of town lot before plat was made out, acknowledged and

deposited in Recorder's office, held absolutely void. (Downing vs Ringer, 7 Mo. 585; Tri-State Amusement Co. vs Amusement Co., 192 Mo. 404, l. c. 415, 424; Roeder vs Robertson, 202 Mo. 522, l. c. 537.)

Failure to record plat will not defeat title of innocent purchaser of lot.

(Rollins vs McIntire, 87 Mo. 496.)

Liability of city in changing grade of streets, see Article III, Section 1, Cl. 11, note.

City may change grade whenever it answers best for public purpose. (South Highland Land Impr. Co. vs Kansas City, 100 Mo. App. 518.)

**Sec. 7. Ordinance Not Passed Unless Endorsed by Board of Public Works.**—No ordinance establishing or re-establishing the grade of any street, avenue, alley or public highway, or establishing any sewer district, or providing for the construction of any public, district or joint-district sewer, shall be passed by the Common Council, unless the same has endorsed thereon a certificate of approval by the Board of Public Works.

(Savings Bank vs Ridge, 183 Mo. 506, l. c. 523, 524, s. c. 79 Mo. App. 26.)

**Sec. 8. Board Shall Control Grading and Paving of Streets—Alleys—Public Grounds—Repairing, Cleaning and Sprinkling—Bridges, Water Courses, Etc.—Gas and Water Pipes—Poles—Buildings.**—Said board shall, in all cases not in this Charter, otherwise provided, inaugurate and control the grading and paving of all streets, avenues, alleys and public grounds; the cleaning, sprinkling, repairing and improving of all streets, alleys, avenues and public places; the construction, altering and repairing of all bridges, culverts, receiving basins, sewers, drains and water courses under the jurisdiction or control of said city; the laying of gas and water pipes through any street or alley; and the issuing of permits for connecting with gas, water or sewer pipe, and for the erection of gas lamps, telegraph poles, electric light poles, and street car poles; the laying down and repairing of all sidewalks, cross-walks, curbing and guttering; the construction of all vaults under any portion of said streets; the construction, repair, alteration and removal of all buildings, houses, barns, stables, fences and other similar improvements upon lots and lands within the limits of the city, and the issuing of permits therefor; the construction and repair of the city hall, and all other public buildings of the city, and shall in all cases (where no other provision is made in this Charter for so doing), supervise the doing of all other public work and improvements provided for in this Charter, and of all other public work and improvements not specifically assigned by this Charter to some other authority.

**Before Street Paved, Pipes, Etc., to Be Laid.**—Said board may require that before any street be paved the sewer, water and gas pipes be laid therein, and connection laid to the curb in front of each lot.

**This Article, How Construed.**—Nothing in this article contained shall be so construed as to in any wise affect the exercise by the Board of Park Commissioners, or by the Board of Fire and Water Commissioners, of the powers conferred and duties imposed on either of said boards by this Charter.

Board of public works is vested with authority of supervising, grading and paving of streets, avenues, alleys and public grounds of city. (South Highland Land & Improvement Co. vs Kansas City, 100 Mo. App. 518, l. c. 522.)

The Board has general supervision and control of all public works. (Kansas City vs McDonald, 73 Mo. App. 439, l. c. 444; Section 11, this article. Savings Bank vs Ridge, 183 Mo. 506, l. c. 523, 524, s. c. 79 Mo. App. 26.)

trol of streets, etc., see Article III, Section 1, Cl. 11, and note.

Bridges, culverts, sewers, drains, gutters, etc., see Article III, Section 1, Cl. 13, and note.

Telegraph poles, electric light poles, etc., see Article III, Section 1, Cl. 11, and note.

Construction of vaults, under streets, see Article III, Section 1, Cl. 11, and note.

**Sec. 9. Public Utilities—Control Of.**—Whenever the city shall construct or acquire in any way the ownership, use, occupation or control of any gas, electric light, heat, power or refrigeration plant or works, or any other kind of works for the purpose of serving the city or its inhabitants, or any other person or corporation with light, heat, refrigeration or power, and whenever the city shall construct, purchase or in any wise acquire any subways, tunnels, bridges or viaducts, conduits, wharves, tracks, depots, terminals, transportation lines, telegraph or telephone lines, or other means of communication or transportation or any other property within the class of public utilities, the same shall be managed or controlled by the Board of Public Works, under such regulations as the city may, by ordinance, from time to time provide.

**Sec. 10. Board to Devise System of Levees, Dikes, Drains, Etc.**—The board shall also have the power, and it shall be its duty, when any levee district has been established by the Common Council, to devise and adopt a system of levees, dikes, drains and other works for the protection of all lands within such districts from floods or overflows, and select and designate lands and rights-of-way to be used

and appropriated for such levees and other works, and to carry out all the powers and duties imposed upon it in Article XII of this Charter.

**Sec. 11. Other Powers of Board—Rules and Regulations.—**

Said board shall also exercise such other powers and perform such other duties in the superintendence of public works, improvements and repairs constructed by authority of the Common Council or owned by the city, not inconsistent with the provisions of this Charter, nor with the powers of the city engineer, as may be prescribed by ordinance. Said board shall make all necessary rules and regulations for the government of its department not inconsistent with this charter or any ordinance of the city.

See Section 8 of this article.

**Sec. 12. Department of Street Cleaning—Commissioner of—Control and Management of Cleaning Streets.—**The Board of Public Works shall establish under its supervision a department of street cleaning, and shall appoint a commissioner of street cleaning, who shall have the control and management of such department. The commissioner of street cleaning shall have direction and control of the sweeping and cleaning of the streets of the city, including all avenues, alleys and highways and public grounds of the city, except such as are under the control and management of the Board of Park Commissioners, and shall have the direction and control of the removal or other disposition of street sweeping and other refuse and rubbish from the streets, alleys, avenues, highways and public places, and of the removal of snow and ice from the leading thoroughfares and from such other streets within the city as may be found practicable.

City is liable for negligence of employee engaged in cleaning streets. (Young vs Railroad, 126 Mo. App. 1.)	And for assault by employee so engaged. (Barree vs Cape Girardeau, 197 Mo. 382.)
-------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------

**Sec. 13. Commissioner—Duties—To Appoint Deputy and Employees—To Keep Record.—**The commissioner of street cleaning may appoint, subject to the civil service laws, rules and regulations contained in or provided for by this Charter, one deputy, and such clerks, district superintendents, foremen, employes and laborers as may be provided by ordinance. He shall organize a sufficient street cleaning force, with such ranks, grades and divisions as he may deem necessary for the effective cleaning of the streets and within the limits

of the funds at the disposal of the street cleaning department. He shall keep a record of all of his expenditures and of all employes under him, and of their wages, and shall report the same to the Board of Public Works at the end of each week.

**Sec. 14. Commissioner of Street Cleaning—Other Duties.—**

It shall be the duty of the commissioner of street cleaning to make such allotment and designation of the areas to be covered and the duties to be performed by each employe and all of the different employes of the department as he shall deem expedient, and he may transfer one or more of such employes from one district or section of the city to another, or temporarily employ all or any part of said employes in a particular section.

**Sec. 15. Districts and Boundaries—Fund—Apportioned.—**

The territory within the limits of the city, for the purposes of street cleaning, shall be at all times divided into the same number of districts, with the same boundaries for each district as provided in this Charter for the division of the city into park districts; and the funds in this article provided for the use of the department of street cleaning, shall be expended in each district as nearly as possible in proportion to the assessed valuation of the real property in such district as shown by the books of the City Assessor. The commissioner of street cleaning shall appoint a superintendent in each district, who shall be responsible to the commissioner for the cleanliness of the streets in his respective district, and for the faithful performance of the duties of all employes under him. The Common Council shall provide for the office and general headquarters of the commissioner at the city hall, and may provide for district headquarters in each district hereby established, which shall be the headquarters of the district superintendent and the employes for such district.

**Sec. 16. Appropriation For Cleaning Streets.—**There shall be appropriated annually for the use of the department of street cleaning, for the purpose of sweeping and cleaning the streets as provided herein, a sum of money equal to seven per cent of the total revenues of the city exclusive of any sums raised from special assessment or special taxes on real estate. It shall be the duty of the Common Council to make monthly appropriations to said department to pay the expenses of said department, including wages, salaries, appliances and supplies, within the limits of said seven per cent of the total revenues

of the city, above provided. The Common Council may also appropriate to the use of such department such additional sums out of the general fund of the city as may be necessary for the efficient sweeping and cleaning of the streets and the carrying out of the purpose of this article. It shall be the duty of the Board of Public Works to include in its annual estimate to the comptroller, at the beginning of each fiscal year, such an amount in addition to the seven per cent herein provided for as the said board may deem necessary for the use of the department of street cleaning. The first board shall be appointed forthwith after this Charter takes effect. Said commissioners shall each receive the sum of one thousand dollars per year as compensation for their services until otherwise provided by ordinance.

**President of.**—The first board appointed hereunder shall organize by electing one of its members president, and the members of said board shall, annually thereafter, elect one of their number as president of said board; each president elected hereunder shall hold office for one year and until his successor is elected and qualified.

**Sec. 2. Board—Its Duties and Powers—Maintain Water Works System.**—Said Board of Fire and Water Commissioners shall have power, and it shall be its duty to maintain and operate a water works system for the use of and to supply the city, its inhabitants or any person, firm or corporation with water within or without the corporate limits of said city, or within or without the limits of the State of Missouri. Said board shall have power to select and designate the lands to be used and appropriated for a water works or fire department within or without the city limits and within or without the State of Missouri, and to extend, alter,

enlarge and modify the water works or fire department systems of Kansas City.

**May Acquire Land For Water Works or Fire Department System.**—Said board shall have power by and with the approval and authority by ordinance of the Common Council, to lease, control or otherwise acquire in the name of the city, land for water works or fire department systems or for purposes appertaining thereto.

The necessary excavations and fillings for water pipes and their connections, when within the lines of public highways of the city, shall be made under the supervision of the Board of Public Works.

The city, by an act of the General Assembly of the State, entitled, "An Act Concerning Water Works and a Supply of Water for the City of Kansas," approved March 24, 1873, (Laws 1873, p. 286), was empowered to construct, own and operate a system of water works, or to grant to any person or corporation the right to erect and operate such water works upon certain terms and conditions therein mentioned. In pursuance of this power, the city, by ordinance numbered 10524, entitled "An Ordinance Authorizing the National Water Works Company to construct, operate and maintain water works in the city of Kansas," approved October 27, 1873, entered into contract with the National Water Works Company of New York, which contract was duly ratified by the qualified voters of the city, November 15, 1873. This contract was afterwards, by consent of parties, amended by an ordinance numbered 14776, approved February 13, 1877. The contract was to endure for the period of twenty years the city to have the right at any time to purchase the plant, and if at the expiration of said twenty years the contract had not been renewed and the city had not elected to purchase, and

the company had complied with all the conditions of the contract on its part, then the city should purchase the same; but, if the company failed to comply with its part of the contract, then the city should not be compelled to purchase at any price. Litigation arose between the city and the company upon the question whether the company had complied with its contract. During the litigation the contract period expired. The court decided that the city had waived the company's breaches of contract. The value of the entire system, including the supply plant in the State of Kansas, was fixed at \$3,000,000. The legislative act and contract ordinance are set forth in the reports of the case, (National Water Works Company vs Kansas City, 27 L. R. A. 827; s. c. 62 Fed. Rep. 853; s. c. 27 U. S. App. 165.)

The city obtained possession of the water works on the 1st day of September, 1895. See Article III, Section 1, Cl. 2 and Cl. 9.

Building engine house is not a damage to adjacent property within purview of State Constitution. Engine house not nuisance per se. (Van der Vere vs Kansas City, 107 Mo. 83.)

For power of city to acquire and hold land for water works system inside or outside of city, see Article I, Section 1, and note.

City may purchase supply of water outside of city and convey it to city and for such purpose debt may be created. (*Haessler vs St. Louis*, 205 Mo. 656, 1. c. 681.)

City has power by ordinance to appropriate to its own use water mains laid in public street by private citizen at his own expense with consent of city and to pay for such property out of its revenues and make it part of its own water works system. (*State ex rel. vs St. Louis*, 169 Mo. 31.)

**Sec. 3. Board to Have Charge of Water Works and Fire Departments System—May Appoint Superintendent and Other Officers.**—The board of fire and water commissioners shall have charge of the entire water works and fire department systems of the city, and all appurtenances thereto belonging and shall superintend, control and manage said water works and fire department systems and all property appertaining thereto or necessary or convenient for accomplishing the purposes contemplated by this article, and shall enforce the performance of all contracts and work, and shall have custody of all books, assets and property belonging to or appertaining to said water works and fire department systems. Said board may, subject to the civil service laws, rules and regulations prescribed by and provided for in this Charter, appoint and employ such chief superintendent and superintendents, assessor and collector of water rates, and any and all other officers and employes as it may deem necessary and shall prescribe and fix their duties.

Superintendent of water works held to be officer and not mere employee. (*State ex rel. vs Shannon*, 133 Mo. 139.)

City is not liable for damages occasioned by negligence of fireman or by defective or insufficient machinery or by failure to extinguish fire nor for

failure to supply sufficient water. (*McKenna vs St. Louis*, 6 Mo. App. 320; *Heller vs City of Sedalia*, 53 Mo. 159; *Howsmon vs Trenton Water Co.*, 119 Mo. 304; See also note Article 1, Section 1.)

**Sec. 4. Work, Material and Supplies—Contracts.**—The contracts for the doing of all work and the furnishing of all materials and supplies for the water works and fire department systems shall be let by the Board of Fire and Water Commissioners, subject to the provisions of Article IV of this Charter relating to the City Purchasing Agent, except that in cases of emergency when the Purchasing Agent is unable to furnish materials, machinery, tools and supplies immediately necessary for the use of said board, the same may be purchased by the board irrespective of the Purchasing Agent and without competitive bidding, when said purchases do not involve an expenditure of more than five hundred dollars.

See note to Article I, Section 1.

See note Article III, Section 1, cl. 2.

**Sec. 5. Water License—Owners Required to Take Out—Rates—Penalties.**—The board of fire and water commissioners may require owners, or lessees or their agents, of house, store and other buildings in the city, or in any such parts thereof as they are ready to supply, to take out licenses for the use of water for such houses, stores or buildings, according to the rates or assessments fixed as provided in this article, whenever the hospital and health board of the city, or the proper officer designated by it, shall, by order duly made, declare that the use of water from the water works of the city in any such house, store or buildings is demanded as a sanitary measure for the preservation of the health of the inmates or inhabitants of such house, store or building; and the said rate of assessments shall be paid by all such proprietors, owners or lessees or their agents, as well by those who consent as by those who refuse to place in their houses, stores and buildings the water pipe to convey the same, and shall be payable whenever the Board of Fire and Water Commissioners shall have notified the proprietor, owner, lessee, or his agent, of the readiness of said board to supply such house, store or building with water as aforesaid. The parties who fail or neglect to comply with the provisions of this section shall be subject to penalties as may be provided by ordinance.

He shall have authority to appoint, subject to the civil service laws, rules and regulations contained in or provided for by this Charter, such clerks and assistants as may be authorized by said board. It shall be the duty of such assessor and collector to collect all revenue due or to become due to the city for water, or accruing to the city on account of the operation of the water works system.

**Board Shall Adjust Errors, Etc.—Refunds—Report of.**—The board shall have power to make corrections and adjustments

He shall, within the first six days of each month, furnish the Comptroller with a full and complete statement of all collections made by him during the preceding month, and also the number of blank licenses on hand at the end of that month.

All revenue and income derived from the water works after paying all salaries of officers and employes, running expenses and cost of repairs, shall so far as may be necessary to meet the same, be first applied to the payment of interest on said bonds, and the balance thereof shall go to the sinking fund to meet the principal of said bonds, or for enlargements, extensions and betterments as the Common Council may, by ordinance, provide.

least two members shall be necessary to authorize any action of the board.

mon Council and exercise no legislative powers. (Kansas City vs Ward, 134 Mo. 172.)

Record is competent evidence | App. 509; St. Louis Gas Light Co. vs (Fruin-Bambrick Co. vs Geist, 37 Mo. | St. Louis, 84 Mo. 202.)

**Sec. 3. **Change of Grade.**—No change shall be made in the grade of any street upon which any park land abuts, unless the Board of Park Commissioners shall approve such change of grade.

Public parks in cities are essential to health, comfort and prosperity of their citizens. They are a public use, within meaning of constitution, for which land of citizens may be taken upon payment of just compensation. They confer general benefit upon all	citizens and special and peculiar benefit upon owners of real estate in immediate vicinity. Law casts general benefit upon city and special and peculiar benefit upon property enhanced in value and violates no constitutional provision, is eminently just and proper

and within principle upon which special assessments for local benefits from such improvements have been uniformly sustained. (Kansas City vs Ward, 134 Mo. 172, l. c. 177; Shoemaker vs U. S., 147 U. S. 282; Craig-hill vs Lambert, 168 U. S. 611.)

Parks are a local improvement. Sections 3, 4, 11 and 12 of Article X of the constitution limiting rate of taxation and debt creating power have no application to assessments for park purposes. (Kansas City vs Bacon, 147 Mo. 259, l. c. 282.)

Power to condemn lands for park or boulevard purposes is primarily conferred by constitution and charter framed in pursuance thereof. (Kansas City vs Marsh Oil Co., 140 Mo. 458, l. c. 466.)

Charter provisions of Kansas City upon subject of acquisition of public parks have been often before Supreme Court of State and have always been held to be in harmony with Constitution and laws of state. (Kansas City vs Ward, 134 Mo. 172; Kansas

City vs Marsh Oil Co., 140 Mo. 458; Kansas City vs Bacon, 147 Mo. 259; Kansas City vs Bacon, 157 Mo. 450; Kansas City vs Mastin, 169 Mo. 80 l. c. 86; Corrigan vs Kansas City, 211 Mo. 608; Field vs Kansas City, 211 Mo. 662; Brunn vs Kansas City, 216 Mo. 108.)

Method and provision for widening boulevards approved and held constitutional. (Jaicks vs Merrill, 201 Mo. 91.)

It is competent for Council to define benefit district and assess benefits against real estate benefitted and it is not necessary that park be paid for by general taxation of whole city. (Kansas City vs Bacon, 147 Mo. 259, l. c. 274.)

Adoption of system of parks is not prerequisite to condemn lands for parks. (Kansas City vs Mastin, 169 Mo. 80, l. c. 93.)

City may acquire property outside of city yet conveniently near for park purposes. (Haeussler vs St. Louis, 205 Mo. 656, l. c. 681.)

**Sec. 6. Management of Parks, Boulevards and Public Grounds—Sidewalks—Common Council—Regulation of Traffic By.**—Said board of park commissioners shall also have power to superintend, control and manage any and all parks, parkways, and boulevards, belonging to or under control of the city, and such other public grounds and thoroughfares as may, upon recommendation of the Board of Park Commissioners, be placed under control and management of said board, and to construct, improve, adorn, regulate and maintain the same in such manner as it may deem best, and to establish a width of sidewalks on all boulevards and parkways. And the Common Council shall have power, and it shall be its duty, upon the recommendation of the Board of Park Commissioners, to pass ordinances for the regulation and orderly government of such parks, parkways and boulevards, and to prescribe fines and penalties for the violation of such ordinances. And the Common Council may, upon the recommendation of the board as aforesaid, regulate the traffic on all boulevards, parkways, avenues or roads under the control of said board, and it may regulate the width of tires on all vehicles used on or passing over the same, and may exclude heavy traffic or any kind of vehicle therefrom.

Control of city over parks is discretionary and is matter of local concern. Park is held by city not in po-

litical or governmental capacity but in quasi private capacity. City may make contract for exclusive privilege

<p>of selling refreshments and intoxicating liquors in parks and such use is not diversion of legitimate uses of parks. Contract in question held not to be a lease. Contract is not special</p>	<p>privilege. Dram shop regulations do not apply to license to sell liquors in public parks. (State ex rel. vs Schweickardt, 109 Mo. 496; See Section 39.)</p>

more park districts, and part or parts of such district or districts. And in said ordinance, separate description of each piece or parcel of property shall not be required, but it shall be sufficient description of the property to be purchased, taken or damaged, to give a description of the entire tract by metes and bounds whether the same shall be composed of one or more than one piece or parcel. **Sec. 11. Proceedings in Circuit Court—Order, to Recite What—Directed to Whom.**—When the Board of Park Commissioners shall file or cause to be filed a certified copy of such ordinance referred to in the preceding section, in the Circuit Court, or with the clerk thereof, such court shall thereupon, and upon application of the city, make an order appointing a day and place for empaneling a jury to ascertain the compensation for the property taken or damaged, and, if the same is to be paid for by special assessments upon real estate, to make assessments to pay for the property to be taken, purchased or damaged, as the case may be; which order shall recite such ordinance, or the substance thereof, and shall be directed to all persons whom it may concern, without naming them, notifying them of the day and place fixed for the empaneling of a jury, and for the ascertaining of the compensation to be paid for the property to be taken or damaged and the amount of benefits, if any, to be assessed to pay therefor or for the property purchased.

city printing, for four successive weeks, the last insertion to be not more than one week prior to the day so fixed for said hearing. The court may, at the time of making such order, or at any time before the hearing, further order that the parties owning or having an interest in the real estate proposed to be taken or damaged, be served with a copy of said order, either by delivering to each of such owners or parties interested at any time before the day fixed therein for a hearing, a copy of the order or by leaving such copy at their usual place of abode with some member of their respective families over the age of fifteen years; and in case of corporation, by delivering a copy to the president, secretary, or some managing officer thereof, or to any agent of such corporation in charge of any office or place of business of such corporation.

Said cause may be continued or postponed from time to time as in civil causes in said court. It shall not be required in any case to bring in any person other than the owners of the property or those interested therein, who were such at the time of the taking effect of such ordinance; and the parties claiming or holding through or under such owners, or parties interested, or any of them, shall be bound by the proceedings as fully as if they were brought in; but any persons having an interest in the real estate to be affected by the said proceedings may, upon application and entering their appearance, be made parties thereto; but no notice of such proceedings shall, in any case, be necessary to the validity thereof, except the publication of the order as herein provided. Notice so given by publication shall be sufficient to authorize the court to hear and determine the cause and to make any finding or order or render any judgment therein, as fully as though all the parties interested at the time of the taking effect of such ordinance, or at any time thereafter, had been sued by their proper names, and had been personally served.

**Affidavit of Publisher, Prima Facie Evidence.**—Affidavit by the publisher, manager, or any person connected with the newspaper in which such order was published, accompanied with a printed copy

of the notice shall be *prima facie* evidence of the publication of such order as herein required.

**Policemen May Make Personal Service.**—The service of such notice or order, when so ordered by the court, may be made by a policeman of the city, or by any constable or officer authorized to serve judicial writs; and any return of service by a policeman, constable or other officer, shall be evidence of the facts therein stated.

Affidavit of publisher is *prima facie* evidence of publication. Any infirmity in publication must be proved. At common law newspaper does not prove itself. What necessary to overcome presumption of validity of publication. (Ross vs Gates, 117 Mo. App. 237.)

**Sec. 12. Incorporated Companies Entitled to Common Law Jury—How Demanded—Procedure.**—If any incorporated company which may be interested in the whole or in any part of the land to be taken or damaged by the said proceedings, be entitled, under the law of the land, to trial of its claims for compensation therefor by a common law jury of twelve men, it may at any time prior to the day fixed as herein provided for empaneling a jury, file in the office of the clerk of said court, a petition in which it shall state the description of the property owned or claimed by it so to be taken or damaged and the amount and nature of its claim therefor and may further state that it demands a trial before a common law jury of twelve men of its claim for compensation therefor; and if any such incorporated company shall not so file such petition before such date, it shall be deemed and taken to have waived its right of trial by a jury as aforesaid of such issue. And if any incorporated company which may under the law of the land be entitled to a trial by jury as aforesaid, shall file such petition, then the court shall cause such jury to be empaneled for the trial of such claim; and the issues to be tried by such jury shall be the actual value of the

land of such claimant taken, if any; and the amount of damage to the land of such claimant not taken, by the public use thereof, and by the use of the land taken for the purposes for which it is taken, including all that the city may, from time to time, do or cause to be done, with or upon the private property so taken or damaged. If two or more such incorporated companies interested in the land to be taken or damaged as aforesaid be entitled to trial by a common law jury as aforesaid, and shall make demand therefor as aforesaid, the court may, in its discretion, as may appear expedient, order that all such claims shall be tried at the same time before one jury, and said cause or further proceedings in the same shall be continued from time to time by the court until such issue or issues shall have been determined by the verdict of said jury.

**Motion for New Trial—Appeal.**—Provided, that any party to such issue which may feel aggrieved by the verdict of said jury may, within four days after the rendition of the same, file its motion for a new trial and in arrest of judgment, and said motion or motions shall be heard without delay, and after hearing the same, the court may overrule the same, or may order a new trial of such issue or issues on good cause shown; but no appeal from the judgment of the court overruling such motion shall be had therein until the final judgment of confirmation of the entire proceedings by the said court as hereinafter provided.

**Jury of Six Freeholders Empaneled, When.**—After the rendition of the verdict of such common law jury of twelve men, and after the hearing of the exceptions thereto on the motions for new trial or in arrest of judgment, if any there be, or if no such jury trial be demanded, then upon the day fixed by the order and notice aforesaid for empaneling a jury, or upon any day thereafter to which said cause may have been continued as aforesaid, the court shall empanel a jury of six freeholders and the cause shall proceed before such jury of freeholders empaneled to try the same as set forth in the next succeeding section.

Common law jury. (Kansas City vs Marsh Oil Co., 140 Mo. 458, l. c. 463.)

Unless motion for new trial be filed within four days and exceptions be preserved by bill of exceptions nothing

but record proper can be reviewed on appeal. (Kansas City vs Mastin, 169 Mo. 80, l. c. 87, 88; Kansas City vs Bacon, 117 Mo. 259, l. c. 275.)

**Sec. 13. Defendants Other Than Incorporated Companies—Jury Trial—Minors, Etc., Appear by Guardian ad Litem—Assessments—Improvements on Property May Be Removed.**—Said

court shall, upon the day fixed therefor, or upon some subsequent day, to which said cause may have been continued, empanel a jury of six freeholders of the city, who shall not be interested in the property to be taken, purchased or damaged, who shall receive the same compensation as other jurors in said court, and said jurors, upon entering upon their duties as such, shall make oath before the clerk of said court that they will faithfully and impartially ascertain the actual damages or just compensation to be paid in each case separately, as well as the benefits, if any to be assessed, under such instructions as shall, after hearing the parties, be given them by the court. And if there shall be minors, incompetents, or any other person under guardianship interested in any of the lands to be taken or damaged, or the lands to be assessed, such persons may appear by their guardians, or the court may, upon application, appoint guardians *ad litem*, who may appear in their behalf, but the failure of any such persons to so appear or to be represented by guardians *ad litem* as aforesaid, shall not in any manner affect the validity of the proceedings. The parties interested may submit evidence to said jury of freeholders and such jury may examine personally each piece of property described on such map or plat furnished as aforesaid by the city engineer, or his assistants, to the Board of Park Commissioners, and all property claimed to be damaged; and such jury may examine personally the property, if any, to be assessed with benefits, and the City Engineer, or the landscape architect, or any assistant of either of them, may accompany such jury for the purpose of pointing out the property aforesaid; and the court may continue the proceedings from day to day, or adjourn to a future day. The party owning any property taken may remove any improvements thereon, and this provision may be taken into consideration by the jury in assessing damages.

See Art. VI and notes.

**Sec. 14. Compensation For Property Taken or Damaged Allowed, How.**—The jury shall ascertain the just compensation to be paid as follows:

**FIRST:** For each piece of private property taken, when the public use thereof shall be such that the city must have exclusive control thereof, as in the case of public park, public square, parkway or boulevard, the actual value of the property taken; *Provided*, That in case any claim for compensation shall have been tried and ascertained by a common law jury as provided in section twelve of this article, any jury of freeholders in said proceeding shall accept and adopt the valuation or assessment of damages for any land taken or

damaged as assessed by said common law jury, and shall so recite the same in and as a part of any verdict thereafter rendered by any such jury of freeholders.

**SECOND:** For each piece of private property taken when the public use thereof may be such that the city need only have such possession and control as shall not wholly exclude the beneficial use thereof by the owner or owners, as in the case of a viaduct, bridge, or route for a sewer, and right-of-way therefor, the actual damage from the public uses specified in the ordinance.

**THIRD:** For all damages to each piece of private property not actually taken so as to give the city possession or control of the same, the actual amount of damages such private property may sustain from the use of the private property taken for the public use for which it may be taken, including all that the city may from time to time do or cause to be done with or upon the property so taken.

See Art. VI and notes.

**Sec. 15. Benefit Assessments, How Made.**—If the land to be purchased, taken or damaged as aforesaid, is to be paid for by the assessment of benefits upon real estate, whether the land acquired is to be condemned or purchased, the jury or freeholders, to pay compensation for the land purchased, taken or damaged, shall estimate the amount of benefit to the city at large, inclusive of any benefit to the property of the city, and shall estimate the value of the benefit of the proposed improvement to each and every lot, piece and parcel of private property, exclusive of the buildings and improvements thereon, within the benefit district, if any benefit is found to accrue thereto; and in case the total of such benefits, including the benefits assessed to the city at large, equals or exceeds the compensation assessed, or to be paid for the property purchased, taken or damaged, then said jury shall assess against the city the amount of benefits to the city as aforesaid, and shall assess the balance of the cost of such improvement against the several lots and parcels of private property found benefited, each lot or parcel of ground to be assessed with an amount bearing the same ratio to such balance as the benefit to each lot or parcel bears to the whole benefit to all the private property assessed.

Two questions of fact should be submitted to the jury, (1) whether real estate in district is especially benefited over property in city at large; (2) the extent of that especial benefit. (*Kansas City vs Bacon*, 147 Mo. 259, l. c. 274.)

Effect of failure to assess benefits

against railroads, public school and church property. (*Kansas City vs Bacon*, 147 Mo. 259, l. c. 280; *Kansas City vs Bacon*, 157 Mo. 450, l. c. 473.)

Numerous instructions to jury considered. (*Kansas City vs Bacon*, 157 Mo. 450.)

See Art. VI, Sec. 3, note.

Sec. 16. **Verdict Shall Show What.**—The jury of freeholders shall render a verdict which shall show:

**FIRST:** A correct description of each piece or parcel of private property taken, if any, and the value thereof, and of each piece or parcel of private property damaged, and the amount of injury thereto; and in case the property to be taken or damaged is to be paid for out of the general fund, or out of the funds belonging to the park district in which the same is situated, or from the issue and sale of bonds of the city, and not by the assessment of benefits against real estate, no further finding of the jury shall be necessary.

**SECOND:** If the property purchased, taken or damaged is to be paid for by the assessment of benefits upon real estate, the verdict of said jury shall also show, in compensation for the property purchased, taken or damaged, the amount, if any, assessed against the city which shall stand as a judgment against the city, and shall show the amount of benefits assessed against each piece and parcel of private property found benefited within the benefit district.

**Engineer, Assessor or Architect Shall Aid Jury in Putting Verdict in Form—May Use Books of Assessor—Assessment Based on Assessed Value—Verdict Reviewed by Court—May Set Aside Same and Empanel New Jury.**—The city engineer, city assessor, and landscape architect, or their assistants, shall, when required, aid said jury of freeholders to put its verdict in proper form; and said jury may use the books, plats and records in the office of the City Assessor for such purpose, and if the jury shall find that any number of tracts or parcels of land within the benefit district are benefited ratably in proportion to the assessed value thereof as shown by the books of said Assessor, they may so assess the same; and said jury shall not be discharged until its verdict shall have been reviewed by the court and is correct in form. Said verdict shall be signed by each of said jurors, and the verdict of said jury may be reviewed by said court, and said jury may be required by the court to correct any errors of description or other clerical errors; and the court may, on its own motion, or may on the motion of the city, or of any party interested in the proceedings, filed within four days after the rendition of the verdict, for good cause, set aside the verdict of said jury of freeholders, and thereupon, without further notice, may appoint a new jury of freeholders to make a new appraisement or assessment, and fix a time and place for empaneling such other jury and for a rehearing of the whole matter; *Provided*, That the ver-

dict of any common law jury theretofore rendered in such proceeding, fixing the compensation to be paid to any incorporated company shall be accepted by such new jury of freeholders as part of its finding.

Motion for new trial must be filed within four days. (Kansas City vs Mastin, 169 Mo. 80, l. c. 87, 88; Kansas City vs Bacon, 147 Mo. 259, l. c. 275.)

Jury not required to take assessor's book as guide unless they find it proper guide. (Kansas City vs Ward, 134 Mo. 172.)

**Sec. 17. Verdict—Confirmation—Judgment—Recitals in Judgment—Assessment, Collection of—Special Execution to Issue, When.**—The verdict, unless set aside as aforesaid, shall be confirmed and judgment entered thereon that the city have and hold the property sought to be taken upon payment of the compensation assessed therefor, for the purpose specified and the ordinance providing for said improvement, and that the city pay the benefits assessed against said city, that the city recover the respective amount assessed against private property, and that the several lots and parcels of private property, and that the several lots and parcels of private property so assessed to pay compensation for the verdict stand severally charged and be bound for the payment of the respective assessments and the interest that may accrue thereon; and if said assessments are, by the ordinance aforesaid, made payable in more than one installment, the judgment shall so recite. Such judgment shall be by the clerk docketed and indexed in the books used for that purpose. And if such assessment, or any portion thereof, against any tract or parcel assessed, or any portion thereof, be not paid and discharged when the same becomes due or collectible, and shall be in default as hereinafter provided, the collection of the same may be enforced by special execution or executions against the lot, tract or parcel of land charged with the lien thereof; and such execution or executions shall issue upon the filing of the statement of the City Treasurer with the clerk of the court, showing what assessments are unpaid and collectible, and against what lots and parcels of land, and the amount or amounts due and collectible thereon.

**Proceedings Under Special Execution—Recitals in.**—The proceedings under such special execution or executions, shall, as far as practicable, conform to the proceedings under special executions on ordinary judgments foreclosing liens on lands, and any such execution herein authorized shall be deemed sufficient if it recites the date of the judgment, the amount assessed remaining unpaid against the tract or tracts described in such execution, states that such tract or tracts were assessed to pay compensation for private property purchased, taken or

damaged for public use, as provided in the ordinance ordering such improvement, giving the title and date of the taking effect of such ordinance, and commands the sheriff to sell each tract or parcel of property described in said execution, or so much thereof as may be necessary to satisfy the assessment, interest and costs of such execution and sale. And any number of tracts and parcels included in one judgment may be sold under one and the same execution, and at the same time, and in pursuance of one notice of sale, in which case the costs of such execution and sale shall be apportioned against the several tracts and parcels in proportion to the number of the same, included in such execution; but on any such judgment execution may, at the instance of the city, issue against one or more tracts separately at different times, or two or more tracts may be included in one execution.

**Sale Under Special Execution—Certificate of Purchase—Redemption—Deed.**—Upon sales made by the sheriff under any special execution he shall issue to the purchaser a certificate of purchase setting forth the substance of such special execution so far as it relates to the property described in such certificate, the date of sale, the purchaser, and the property sold, and the amount bid. Such certificate of purchase shall be delivered by the sheriff to the purchaser on payment of the amount bid, which certificate shall be executed and acknowledged by such sheriff before some officer authorized to take acknowledgments of instruments affecting real estate, and shall be filed for record in the office of the recorder of deeds of Jackson County, at Kansas City, within six months after the date of the same. If the property so sold be redeemed within one year from the date of such sale by the owner or or a party interested in said property by payment to the sheriff of the amount due on said judgment, together with any taxes that may have been paid by the purchaser after such sale, and before redemption, including interest on said amounts at the rate of ten per cent per annum and costs up to the date of the redemption, no deed shall be given by the sheriff. The holder of said certificate of purchase, prior to the redemption thereof, shall have the right to pay general and special taxes and special assessments against the property described in said certificate of purchase when the same are due and payable, and shall deliver the receipt or receipts therefor to the sheriff, and any redemption by the owner or party interested in such property shall include the amount of such payments with interest thereon as above provided. Upon such redemption as herein provided of any lot or parcel of land sold under

special execution, the sheriff shall give a certificate of redemption describing said lot or parcel and acknowledging receipt in full of such judgment, interest and costs, which shall be executed and acknowledged by such sheriff before some officer authorized to take acknowledgments of deeds to real estate and the cost thereof shall be included in the cost of such redemption. If the lot or parcel of land so sold be not redeemed as herein provided, a deed shall be given at the end of one year from the date of said sale by the sheriff to the holder of said certificate. Such deed may be given to the original holder or his assignee, and shall vest in the grantee all the right, title, interest and estate in the lot or parcel so sold.

**Sec. 18. Appeal—Bond—Filed, When—No Writ of Error Allowed.**—Any party aggrieved by any verdict and judgment aforesaid may take an appeal therefrom by filing such affidavit as is required in the appealing of civil cases and filing a bond in such sum and with such security as may be approved by the Circuit Court, or judge thereof, conditioned that the party appealing, should the judgment be affirmed by the Appellate Court, or such appeal be dismissed, pay all costs of such appeal. The bond and affidavit for such appeal, however, shall be filed within twenty days from the rendition of the judgment of confirmation of the verdict, and the appeal shall be perfected within sixty days from the date of said judgment, unless further time be granted by the court. In case of appeal, the judgment shall stand suspended until the appeal is disposed of, and no interest shall be allowed or collected on the judgment or on the assessments until such judgment be affirmed or appeal be dismissed. No writ of error shall be allowed. The clerk of the Appellate Court shall put such case on the docket for hearing at the next term of that court after the appeal is allowed. No error nor defect not affecting the rights of the appellant shall work a reversal of the judgment.

Unless motion for new trial be filed within four days or exceptions be preserved by bill of exceptions nothing but record proper can be reviewed on appeal. (*Kansas City vs Mastin*, 169 Mo. 80, l. c. 87, 88; *Kansas City vs Bacon*, 147 Mo. 259, l. c. 275; *St. Louis vs Lawton* 189 Mo. 474.)

Where one party interested in result of proceedings appeals all other parties, though not appealing, are equally bound by result in appeal as though they had joined therein. (*Kansas City vs Mulkey*, 176 Mo. 229, l. c. 247.)

Land owner is not entitled to recover interest until affirmance of judgment notwithstanding R. S. 1899, Section 3707, R. S. 1909, Section 7181, providing for payment of interest on judgment. (*Brunn vs Kansas City*, 216 Mo. 108; *Shoemaker vs U. S.* 147 U. S. 282.)

The mortgagee or other person interested in property or fund paid into court is entitled to interest to date of payment. (*Kansas City vs Trust Co.*, 110 Mo. App. 647.)

**Sec. 19. Ordinance May Be Repealed, When.**—The Common Council shall have the power, with the concurrence of the Board of Park Commissioners, at any time before any of the parties assessed with benefits shall have paid the amount so assessed, to repeal the ordinance ordering the proposed improvement, if such repeal be deemed for the best interests of the city; and in such event the judgment for compensation and benefits shall be void.

Power to repeal ordinance. (*Brunu vs Kansas City*, 216 Mo. 108.)

Where there is a valid subsisting and final judgment in condemnation proceedings, unappealed from, not vacated or set aside, such judgment may be interposed to bar prosecution of new proceeding for condemnation of same property for same purpose by

same corporation. (*Kansas City vs Mulkey*, 176 Mo. 229, 1. c. 252.)

In a second proceeding, whether barred or not by former proceeding, verdict or judgment of former proceeding cannot be made basis for verdict or judgment in later proceeding. (*Kansas City vs Mulkey*, 176 Mo. 228, 1. c. 253.)

**Sec. 20. Copies of Verdict Delivered to City Treasurer and Comptroller—Lien of Assessments—Assessments Not Affected by Irregularity, When.**—After the judgment of confirmation of such verdict and proceedings, the clerk of said court shall certify under the seal of said court to two copies of said verdict, one of which copies he shall deliver to the City Treasurer and one to the Comptroller, and said assessment for benefits, if any, against private property, shall be a lien from the date of the taking effect of the ordinance in pursuance of which said assessments are made, and such proceedings instituted, and shall attach to the several lots or parcels of land so assessed with benefits as aforesaid; and said lien shall continue against each lot or parcel assessed until the assessment against such lot or parcel has been paid or collected in full, both principal and interest. No assessment shall be defeated or affected by any irregularity affecting any other assessment or from the rendering of any other assessment invalid in whole or in part.

Assessment of benefits against private property is lien from date of ordinance and unless excepted from covenants in warranty deed executed subsequent to such date constitutes incumbrance for which covenantor must

answer to covenantee though the assessment is made after execution of deed. (*Barnhart vs Hughes*, 46 Mo. App. 318; see *Everett vs Marston*, 186 Mo. 587.)

**Sec. 21. Installment of Assessments—How Fixed and Payable—Interest—City Treasurer to Furnish Statement—Installments Not Paid, Effect of.**—Said assessments shall be payable in one installment, or in such number of annual installments as may be determined by the Common Council upon

the recommendation of the Board of Park Commissioners, such determination to be declared in the ordinance of the Common Council under which said proceedings are instituted. All assessments confirmed by the Circuit Court during any year ending with the thirtieth day of April, if payable in more than one installment, shall have their first installment due on the thirtieth day of June next following, and the successive installments shall be due on the thirtieth day of each succeeding June until all shall have been paid, with interest as provided by law; *Provided*, That assessments payable in one installment shall be payable without interest within sixty days after said judgment of confirmation thereof, and if not so paid, shall bear interest at the rate of eight per cent per annum from the date of the confirmation thereof, and execution may issue thereon. Installments of all assessments payable in more than one installment may be paid without interest within sixty days after the date of the judgment of confirmation of the verdict of the jury making said assessment; but if not so paid, they shall bear interest at the rate of six per cent per annum from the date of said judgment of confirmation thereof, and such interest shall be due and payable annually on the thirtieth day of June of each year; *Provided, however*, That the owner of the property charged with the payment of such assessment or any installment thereof or the owner of any interest therein, shall have the privilege of paying such assessment in full, or any installment thereof, at any time by paying all the interest thereon to a date six months after the date of said payment, except only as to any installment due within six months from the date of such payment, upon which installment interest shall be paid to maturity thereof; and on and after the first day of June of each year any statements made by the City Treasurer of taxes due or payable on any real estate shall include all assessments or installments thereof or interest thereon, due on the thirtieth day of June, of said year, and the City Treasurer shall receive payment thereof at the same time with the payment of city taxes. All installments of assessments and interest on any such installments, if not paid at maturity, shall bear interest thereon at the rate of eight per cent per annum until paid; and if any installment of any assessment, payable in more than one installment, or if interest on any installments be not paid at maturity and shall remain in default for three months thereafter, then all the unpaid installments and interest shall be collectible, together with interest thereon at the rate of eight per cent per annum from the date of the maturity of said interest or installment in default, and spe-

cial execution or executions may issue as aforesaid for the collection of all the installments and interest unpaid and the costs of such collection. Provided, that the owner or party interested may pay to the City Treasurer at any time before special execution has issued against his land, the amount of the installment or installments and interest in default with interest thereon at eight per cent as aforesaid, in which case the installments not then due shall not be affected by such default.

**Rate of Interest Upon Installments, Etc., Not Affected, When.**—Nothing in this section contained shall affect or change the rate of interest upon any assessment or installments of assessments made under the Charter of Kansas City prior to the adoption of this Charter and still unpaid, but all assessments and provisions thereof shall be and remain in full force and effect until the same have been paid in full.

**Sec. 22. Special Assessment, When and How Paid—City Treasurer to Make Statement—Rebates Not to Apply.**—The City Treasurer shall keep a record of all special assessments charged against lands hereunder. All assessments and interest thereon shall be payable at the office of the City Treasurer at any time before special execution has issued thereon, and thereafter they shall be payable to the sheriff with costs, at any time before the date of sale. The City Treasurer shall receive payment of assessments on part of any lot, parcel or piece of land, or of any undivided interest therein, or on the whole, in the same manner and to the same extent as in the case of the payment of city taxes or special tax bills, and shall make entry on his books accordingly, showing on what lot, piece or parcel of land payment has been made. When any person shall pay an assessment or installment, or part thereof, it shall be the duty of the City Treasurer to sign a receipt and duplicate receipt therefor; but it shall be sufficient if the amount paid be shown as stated in the receipt given for city taxes. The Treasurer shall immediately deliver all such receipts to the City Auditor, whose duty it shall be to countersign and deliver the original receipt to the payor, and retain the duplicate, from which he shall, from day to day, make a perfect record and account showing what sums have been received by the Treasurer for each park district, and on account of what improvement. And it shall be the duty of the City Treasurer to include in any statement of taxes due on any real estate, any special assessments or installments thereof or interest thereon which may be due on said real estate. Payment of said assessments in full to the

City Treasurer as provided in this section shall operate as a satisfaction of the judgment therefor, and the lien on the land charged therewith. The rebates provided for the payment of city taxes before the same are due shall not apply to assessments collected hereunder.

Right to authorize special assessments carries with it right to determine when and in what manner they	shall be paid. (Morrison vs Morey, 146 Mo. 543, l. c. 567.)
--------------------------------------------------------------------------------------------------------	-------------------------------------------------------------

**Sec. 23. Assessments—Collection and Disposition of Money—Treasurer to Keep Account and Make Report.**—The City Treasurer shall collect said assessments and all interest thereon and hold all moneys collected therefrom, or by sale of lands under execution as aforesaid, upon special trust to apply the same in payment of land purchased, taken or damaged as aforesaid, or in payment of park fund certificates as hereinafter provided; and any balance or surplus resulting after all such payments shall accumulate for the use of the park district or districts, and may be applied and used by the Board of Park Commissioners in its discretion. It shall be his duty to keep a separate and full account for each list of special assessments growing out of a separate proceeding as aforesaid, of all moneys received and paid out, and of all park fund certificates, if any, issued thereon, and of the payment and cancellation of the same, and of the distribution of dividends made thereon, as hereinafter set forth; and he shall make report thereof each year as part of his annual report to said city; and shall publish the same with his annual statement.

**Comptroller Shall Publish Report—Duties of Treasurer.**—And the Comptroller shall publish the same with his annual statement, and the Treasurer shall make a full report as to each list of special assessments growing out of each separate proceeding as aforesaid at the date when the installment thereof becomes due, which report shall show the amount of such assessments still unpaid, together with the tracts or parcels of land against which said assessments stand, and it shall be his duty to proceed to the collection of all such delinquent assessments in the manner provided in Section 17 of this article; *Provided*, That if the holder of a majority of any series of park fund certificates issued in pursuance of this article shall require the collection of any installments of any special assessments that may be delinquent, upon which said series of park fund certificates are based, it shall be the duty of the City Treasurer to

make out a list of such delinquents and proceed to the collection of the same as aforesaid.

**Moneys Received From Special Assessments, How Applied—Duties of Treasurer—Treasurer's Bond Held for Breach of Duty.**—Any moneys received from special assessments upon which no park fund certificates have been issued shall be applied directly to the purposes for which said assessments were made; but the City Treasurer shall hold all funds collected from special assessments with interest thereon, if any, including annual assessments for maintenance of parks and boulevards within each park district until the same are applied to the purposes for which said assessments were made; and he shall be responsible for the safe keeping of said funds to the same extent as for other city funds, and shall keep separate accounts for each park district, and all interest accruing on daily balances shall be credited to such funds for each district; and for any breach of duty by the Treasurer or Comptroller, prescribed in this article, they shall respectively be liable for a breach of duty as in respect to other city funds; and the bond required for the Treasurer for the faithful discharge of his duties shall be held to cover also the duties regarding all moneys collected from special assessments as aforesaid, and his duties as trustee hereunder, and his bondsmen shall be liable for any breach of said trust or said duty.

**Sec. 24. Park Fund Certificates—Form of.**—After the confirmation by the Circuit Court, or Appellate Court on appeal, as hereinbefore provided, of any verdict in any proceeding in which special benefits are assessed against real estate as compensation for property purchased, taken or damaged for park purposes, the Common Council, upon the recommendation of the Board of Park Commissioners, and for the purpose of raising money in advance of dates when assessments are due, to pay for land purchased, taken or damaged, may provide by ordinance that the City Treasurer shall issue park fund certificates in amount not to exceed the total amount of assessments against the private property shown in any such verdict and unpaid at the expiration of sixty days from the confirmation thereof as aforesaid. Such certificates shall be in such form and for such sums as may be provided by ordinance, and shall be either payable to the order of the registered holder or be payable to bearer. Any such certificate shall entitle the holder or owner thereof to his proportionate share as shown by such certificate, of the

special assessments and the interest thereon, as the same are collected, upon which such certificates are issued, and shall so specify.

**Amounts Collected, Distributed Pro Rata.**—Distribution of the amounts collected upon said special assessments, including interest, shall be made to the holder or holders of such certificates *pro rata* at least semi-annually, at such specified dates as may be provided in the ordinance authorizing the issue of the same, and the holder shall receipt for such payments; and the city shall be liable on such certificates to the holders thereof for the sums collected from the special assessments upon which said certificates are issued and not otherwise.

**Certificates Registered in Name of Purchaser, When.**—Should the purchaser or holder elect, said certificates shall be registered by the Comptroller in the name of the owner and his assigns from time to time, and the Comptroller shall certify such registration to the holder.

**Certificates Designated as Series, Numbered When.**—All park fund certificates issued on account of special assessments growing out of the same condemnation or assessment proceeding, including supplemental proceedings, which shall be considered a part of the original proceeding shall be designated as a series; and if any series comprises more than one certificate, such certificates shall be numbered.

**Certificates Certified by Treasurer and Attested by Comptroller—Comptroller to Keep Record.**—Each of such park fund certificates shall bear the certificate of the City Treasurer and the attestation of the comptroller that the same is one of a series of certificates issued on account of certain special assessments to which such series relates, and that such series is not in excess of the same; and the Comptroller shall keep a record of all certificates issued in each series, and of all payments and dividends thereon, and shall publish the same in his annual statement, and also statements of the amounts received by the City Treasurer from assessments; and shall, at the request of the holder of any park fund certificate, certify to such holder the amount that has been collected and paid on the same from special assessments, both principal and interest.

**Certificate Cancelled, When.**—Immediately upon full payment and surrender of any park fund certificates, the Treasurer shall cancel the same and keep a record thereof, and deliver the same to the

Comptroller, who shall give the Treasurer a receipt therefor; but when all the special assessments represented by a series of such certificates have been fully collected so far as possible, with interest thereon, and all sums collected have been distributed as aforesaid, such certificates shall be surrendered and cancelled, and if not surrendered, shall nevertheless be void.

Validity of park certificates. (*Kansas City vs Ward*, 134 Mo. 172.)

**Sec. 25. Park Certificates—Sale of—Proceeds of Sale.—**

The Board of Park Commissioners may sell such park fund certificates at such price not less than the face value of the amount of special assessments, excluding interest, represented by said certificates, as may be obtainable, and shall determine the manner and means of such sale. Such certificates shall be delivered by the City Treasurer to the purchaser, upon payment therefor, upon the order of the Board of Park Commissioners, specifying the price, which order shall be countersigned by the Comptroller, who shall keep a record thereof; and the proceeds of such certificates so sold shall be used for payment for land purchased or condemned for a park or for park purposes, for the establishment of which the special assessments were made on which such certificates are issued; and any surplus remaining after all such payments are made in full shall accumulate for the use of the park district or districts; but such certificates may, by agreement, be issued directly in payment for land purchased, taken or damaged for parks or park purposes.

**Payment For Land Purchased or Condemned, and Park Certificates—By Warrants.—**All payments made out of the city treasury for land purchased or condemned under this article, as well as payments made to the holders of park fund certificates issued hereunder, shall be made upon requisition upon the auditor for warrants signed by the Comptroller, and for all payments made by the city to owners or parties interested in land so purchased or condemned, the Comptroller shall take proper receipts from all such persons or from their duly authorized representatives.

**Sec. 26. Certificates, Payment of.—**It shall be the duty of the City Treasurer, Comptroller, and said Board of Park Commissioners, at all times to protect such park fund certificates by all means provided therefor, and said City Treasurer shall pay all sums collected from special assessments as aforesaid to the holders of such

certificates issued thereon, and shall pay the same promptly on demand on the dates fixed for the distribution thereof as provided by ordinance.

**Sec. 27. Supplemental Proceedings to Correct Errors or Omissions—Conducted Same as Original Proceedings.**—When, by reason of any error, defect or omission in any proceedings that may be instituted under the provisions of this article, a portion of the private property sought to be taken, or some interest therein, cannot be acquired, or an assessment is made against private property which cannot be enforced or collected, said Board of Park Commissioners may, and in case park fund certificates have been issued, shall, institute, carry on and maintain supplemental proceedings to acquire the right and title to such property or interest therein, intended to be taken by the first proceeding, but which cannot on account of such defect, error or omission, be acquired thereunder, or to properly assess against any piece or parcel of private property against which an assessment was in the first proceeding erroneously made, or omitted to be made the proper amount such private property, exclusive of the improvements thereon, is benefited by the proposed park or other improvements, to be determined by the verdict of the jury in such supplemental proceedings; and the original assessments may be revised, corrected, increased or diminished as may be necessary or equitable under the provisions of this article for the original proceedings. Such supplemental proceedings shall be instituted and conducted as to the particular piece or pieces of private property sought to be acquired or assessed, in like manner and with like effect as in the original proceedings, and shall be known and described as supplemental proceedings, for the purposes specified in the original ordinance; and a supplemental verdict and assessment shall be made, confirmed and two copies of the original verdict certified in every particular as in the original proceedings; and the assessments as established and corrected by such supplemental verdict shall be collected by the City Treasurer in the same manner and under like conditions and restrictions, powers and duties as in the case of original proceedings, and remain and be pledged for the payment of park fund certificates, if any, that have been issued, or that may be issued thereon.

**Sec. 28. Possession of Land Taken—City Not Entitled to Until Full Payment—Decree of Title.**—The city shall not be entitled to the possession of any lot or parcel of prop-

erty taken under the provisions of this article until full payment of the compensation therefor, as determined, be made or paid into court for the use of the persons in whose favor such judgment may have been rendered, or who may be lawfully entitled to the same, and upon such payment as aforesaid, such Circuit Court, or judge thereof, in which proceedings were had, shall immediately order, adjudge and decree that the title in fee to, and every other interest in the land so condemned and taken for such park, road, boulevard, avenue or public use be divested out of such owner and other persons interested and vested forever in the city, to the use of such park district or districts; and the court shall thereupon, without delay, put the city in the possession thereof, and it shall be the duty of the City Counselor, within six months after the rendition of the judgment and decree vesting the title of such land in said city as aforesaid, to cause a duly certified copy of said judgment or decree to be filed and recorded in the office of the Recorder of Deeds for Jackson County, Missouri.

**When Title in Controversy—Compensation, How Determined.**

—And subsequent legal proceedings shall not affect the title or possession of the city to said property so acquired, but shall only affect the question of damages and assessments for benefits, and the value to be fixed in such subsequent proceedings, if any, shall be as of the date of the original proceedings, and no improvements of the property made in the meantime shall be considered. If the title to the property taken be in controversy, the right to the compensation therefor shall be determined in a suit between the parties claiming the same, in which none of the costs of litigation shall be borne by the city, unless the city is one of the claimants, and during such controversy such compensation shall remain in the possession of the court: but the title and possession of the city to the property taken shall not be in any manner affected by such controversy.

Money assessed as benefit in condemnation proceeding and paid into court represents and stands in place of land condemned and claimants thereto have same right in money that they previously had in land. Prior assessments of benefits against land condemned must be paid out of fund. (*Buchanan vs Kansas City*, 208 Mo. 674; *Kansas City vs Trust Co.*, 110 Mo. App. 647.)

Special tax bills existing against condemned land must be paid out of fund. (*Ross vs Gates*, 183 Mo. 338.)

But see in re Paseo, 78 Mo. App. 518.

Wife who is tenant by entirety has such interest in condemned land that she can restrain its use for public purpose until she has been paid for her interest. Money paid into court with bill of interpleader to which husband and others are parties but wife is not party does not bind wife although husband may receive compensation for property. (*Holmes vs Kansas City*, 209 Mo. 513.)

**Sec. 29. Land Selected to Remain Forever For Parks and Boulevards.**—The lands which may be selected and obtained under the provisions of this article shall remain forever for parks, parkways and boulevards for the use of all the inhabitants of said city.

Private property condemned or dedicated for one public use cannot be appropriated to another and different use. (*Price vs Thompson*, 48 Mo. 361, *Sugar Refining Co. vs Elevator Co.*, 82 Mo. 121 and cases there cited on

page 127, s. c. 101 Mo. 192; *Board of Regents vs Painter*, 102 Mo. 464.)

See Section 37 of this article.

*Corrigan vs Kansas City*, 211 Mo. 608; *Field vs Kansas City*, 211 Mo. 662.

See Article I, Sec. 1.

**Sec. 30. Costs of Proceedings—How Paid—Counselor to Conduct All Court Proceedings.**—The city shall pay all costs of proceedings under this article to take or damage private property or to levy assessments for benefits in payment of land purchased as herein provided, except costs of proceedings for collecting overdue assessments and tax bills, which shall be taxed against the real estate upon which said assessments are levied or said tax bills are issued, and except the costs upon appeal, which shall be paid by the party unsuccessfully prosecuting the same; and the City Counselor shall, personally or by any of his assistants, and as a part of his duties as such Counselor, conduct all court proceedings under this article, and shall be the legal advisor of said Board; *Provided*, That the Board may, in any special case, upon request of the City Counselor, or when in its judgment the interests of the city demand, employ, temporarily, special counsel to assist the City Counselor.

**Assessments Not Collected, City May Pay.**—If the city fail to collect any assessments, in whole or in part, it may pay the amount not so collected out of the city treasury.

**Sec. 31. Roads, Parkways, Boulevards or Avenues, Bridges, Viaducts and Sidewalks—May Be Maintained and Repaired—Proceedings.**—The Board of Park Commissioners shall have power to cause any road, parkway, boulevard or avenue, or part thereof, which may be under its control and management, to be graded, re-graded, paved, re-paved, curbed, re-curbed, guttered, re-guttered, or otherwise improved, repaired and maintained, including the construction, repair and maintenance of bridges, viaducts and sidewalks, and the fodding of sidewalk spaces, and the planting of trees and shrub-

bery in such manner and at such times, and with such material as the said Board may determine, and may pay for such work or improvements, or any part thereof, out of the funds not otherwise appropriated, belonging to the park district in which said work or improvement is done or made, or out of the general park fund; *Provided, however,* That if the Board of Park Commissioners shall, by resolution, determine that any such work shall be done, and that the payment of the whole or any part thereof be made in special tax bills, the Common Council shall have the power, by ordinance, to ratify and confirm the action of said Board, and authorize such work to be done, in which case and when so ratified the Board of Public Works of said city shall apportion or cause to be apportioned the cost of said work or improvement, and issue special tax bills therefor, or for any portion thereof, so ordered to be paid in tax bills, in the same manner and with the same effect as the cost of similar work or improvements is apportioned and tax bills in payment therefor issued in such city for public improvements or work upon streets not under the control or management of such Board of Park Commissioners.

**Contract to Lowest Bidder.**—The contract for doing the work of construction and furnishing material for any such improvement shall be let by said Board of Park Commissioners to the lowest and best bidder therefor in the same manner and subject to the same rules and regulations as similar work not under the control of the Board of Park Commissioners is let by the Board of Public Works, and all such work shall be done under the supervision and control of the Board of Park Commissioners.

**No Petition or Hearing Necessary.**—And no hearing shall be necessary and no petition shall be necessary to authorize any improvement provided for in this section, nor shall the power of the Board of Park Commissioners, or of the Common Council, to authorize any improvements provided herein, be affected or restricted by any remonstrance.

**Work Under Contract Paid for in Special Tax Bills—Time of Beginning Work May Be Extended.**—The contract for any work done under authority of this section and which is to be paid for in special tax bills shall, before it becomes binding and effective, be ratified, approved and confirmed by an ordinance of the Common Council in the same manner as

contracts for work done under the supervision of the Board of Public Works are required to be ratified, approved and confirmed; and when so ratified, approved and confirmed, any such contracts shall in all respects be considered and held to have been authorized by the city. The city shall also have power, by ordinance, for any good cause, to extend the time of the beginning or of the completion of the work under any such contract made in pursuance of this section, and an ordinance of the Common Council purporting to extend the time therefor shall be conclusive evidence of the good cause for such extension, provided such extension of time be recommended by resolution of the Board of Park Commissioners; and the Board of Park Commissioners may, by resolution, and without ratification by the Common Council, grant extensions of time on any work done under the supervision of said Board, which is not to be paid for by the issuance of special tax bills.

**Damages Ascertained, When and How**—Before any road, parkway, boulevard or avenue, or part thereof, which may be under the control and management of the Board of Park Commissioners, shall be graded, or re-graded, if the property owners to be disturbed or damaged thereby, shall not have waived all rights or claims to compensation for damages, proceedings shall be had for the ascertainment of the damages and benefits to arise from such grading or re-grading of said parkway, boulevard, road or avenue in the manner provided by sections two (2) and following of Article Seven (VII) of this Charter: And it shall be the duty of the Mayor and Common Council, upon the recommendation of the Board of Park Commissioners to institute such proceedings and conduct the same to a conclusion without delay.

**Power of Board Not Affected by Remonstrance**.—No petition or remonstrance of property owners shall affect the power of the Board of Park Commissioners and the Common Council hereinbefore granted to establish, change or re-establish the grade of any parkway or boulevard.

**Sec. 32. City Not Liable by Reason of Invalidity or Error in Tax Bills, or Special Assessments**.—When any work is done, improvement made or land purchased, and payment therefor is to be made in special tax bills, or in special assessments, as provided in this article, the city shall, in no event, nor in any manner whatever, be liable for or on account of such work done or improvement made or

land purchased, by reason of the invalidity or error in any such tax bill or special assessment, nor liable in any manner for the payment of the same.

Sec. 33. Maintenance and Improvements of Parks, Boulevards, etc.—Assessments for.—The real estate, exclusive of improvements thereon, in each park district, may, upon recommendation of the Board of Park Commissioners, be specially assessed annually for maintaining, adorning, constructing, repairing and otherwise improving the park or parks, parkway or parkways, road or roads, boulevard or boulevards, avenue or avenues, or portions thereof, located therein, which are under the control and management of a board of park commissioners; and such assessments may be made according to valuation and assessment for taxation of real estate in each park district made for city purposes; *Provided*, That any real estate which shall not be listed on the City Assessor's books for taxation for general city purposes, may, by order of the Common Council, be listed and valued by the City Assessor for the purposes of this assessment; *And provided, further*, That such annual assessments authorized by this section shall never exceed in any one year two and one-half mills upon each dollar of valuation as shown on the books of the City Assessor as aforesaid. Every such assessment shall be made and collected as provided by ordinance of the Common Council, and the Common Council shall have power to provide penalties for the failure to pay such assessments when due, and may provide for the sale of the property assessed to satisfy said assessments.

License, Taxes Upon Vehicles, Used Exclusively for Such Maintenance—Expended by Commissioners.—All sums derived from license taxes collected by the city for licenses upon all vehicles of every kind and class licensed by the city shall be appropriated and used exclusively for maintaining, adorning, constructing and repairing, and otherwise improving the park or parks, parkway or parkways, road or roads, boulevard or boulevards, avenue or avenues, or portions thereof, which belong to the city, and are under the control and management of the Board of Park Commissioners; and it shall be the duty of the Comptroller of the city from time to time as the said license taxes are collected and paid into the city treasury to apportion and credit the same to the maintenance fund of the various park districts, each park district to receive such

proportion thereof as the assessed value of the real estate of each park district, exclusive of improvements thereon, bears to the total assessed value of the real estate, exclusive of improvements thereon, of all the park districts; and the Board of Park Commissioners may expend the same in the same manner as the other funds raised by special assessments under the provisions of this section are expended.

(Corrigan vs Kansas City, 211 Mo. 608; Field vs Kansas City, 211 Mo. 662.)

**Sec. 34. Special Assessment Per Front Foot for Maintenance, etc.**—The Common Council shall also have power, upon recommendation of the Board of Park Commissioners, and for the purpose of maintaining, repairing and otherwise improving the boulevards, parkways, roads and avenues under the control and management of said Board, to levy, annually, a special assessment on the lots, tracts and parcels of land found fronting and abutting on said boulevards, parkways, roads and avenues.

**Not to Exceed, What.**—No such annual assessment last aforesaid shall exceed the sum of ten cents per front foot of such lots, tracts and parcels of land, according to the frontage thereof on such boulevards, parkways, roads or avenues. Every such assessment last aforesaid shall be made and collected as provided by ordinance of the Common Council.

**Sec. 35. Sums Used For Improving Public Parks, Etc., Paid Out of What Moneys—Power of Commissioners to Make Requisition Upon Auditor—Not to Expend Money of One Park District For Use in Another—Comptroller to Make Record of All Warrants.**—All other sums used for improving any public park or parks, parkway or parkways, road or roads, boulevard or boulevards, avenue or avenues, or portions thereof, which are under the control and management of the Board of Park Commissioners, as well as all sums required for the general expenses of such board and for other park purposes, shall be paid out of moneys apportioned and appropriated from the general fund of the city, except as otherwise herein provided, such sums to be apportioned, appropriated and expended in the manner provided in Sections 27 and 28 of Article Four (IV) of this Charter. But the Board of Park Commissioners shall have power by requisition upon the Auditor for warrant upon the City Treasurer, signed by the President or President *pro tempore*, and countersigned

by the Secretary, to expend the moneys collected for construction and maintenance of the parks, parkways and boulevards in each park district and for the use of such district in pursuance of Sections 33 and 34 of this article; but it shall not, either directly or indirectly, expend the money of one park district for use in any other park district. The Comptroller shall make a record of all warrants of said Board paid by the Treasurer.

**Sec. 36. Annual Report of Park Commissioners—Records and Accounts Open to Inspection.**—Said board shall make an annual report to the Common Council of the acts of said Board and all its expenditures, showing the condition of all affairs under its control. The Common Council may require report from said Board at any time, and the records, books, papers and accounts of the Board shall at all times be subject to inspection by the Mayor, Comptroller, or any committee appointed by either house of the Common Council for that purpose. Said Board shall also cause to be published in pamphlet form, at least once in four years, a comprehensive report of the operations of the department, for public distribution.

**Sec. 37. Streets, Opening and Vacating in Parks—Railways, Telegraphs, Electric Wires and Poles in Parks.**—No roads nor streets shall be laid out or constructed through any park, except said Board of Park Commissioners shall lay out and construct or permit the laying out and construction of the same; and any road, highway, street or alley (excepting railroads) or part thereof, which may pass through, or into, or divide, or separate any land now used or condemned, or that may hereafter be acquired or condemned, for parks, shall, upon recommendation of the said Board of Park Commissioners, with the consent of the Common Council of such city, be by said Common Council vacated and closed up and made a part of such park. And no railway shall be built into, through or over any park, parkway or boulevard without the permission of the Board of Park Commissioners, the said permission to be evidenced by ordinance passed in pursuance of the recommendation, by resolution, of the Board of Park Commissioners, and to be on such terms and conditions as the Board of Park Commissioners and the Common Council may determine; nor shall any telegraph, telephone or electric light wires, or other wires, or posts or supports thereof, be erected or placed in, upon, through or over any park without the consent of said Board of Park Commissioners; and said board shall have full

power and authority to designate the place or places for and manner of erecting, placing and maintaining the same, in or upon any park or boulevard, and may cause the place and manner of maintaining the same, whether heretofore or hereafter erected or placed, to be altered at such times and in such manner as it shall deem best for the interests of the city, and may require such wires in any park, parkway or boulevard to be put and kept underground.

See Section 29.

**Sec. 38. Real or Personal Property May Be Granted or Devised to City—To Maintain or Establish Parks, Boulevards, Zoological Gardens, Observatories, Monuments, etc.**—Real or personal property, or the income thereof, may be granted, bequeathed, devised or conveyed to the city for the purpose of improvement or ornamentation of parks, parkways or boulevards, or for the establishment or maintenance in any park, or zoological or other gardens, observatories, monuments or works of art, or other park purposes, upon such trusts and conditions as may be prescribed by the grantors or devisors thereof, and agreed to by the Common Council and Board of Park Commissioners. All property so devised, granted, bequeathed or conveyed, and rents, issues, profits and income thereof, shall be subject to the management and control of said Board of Park Commissioners.

**Devises Upon Conditions, When.**—Real estate may also be devised or conveyed to the city for the purpose of parks, parkways or boulevards, or additions thereto, upon such conditions, including exemption from the payment of benefits or assessments for such improvements, as may be prescribed by the grantors or devisors thereof; *Provided*, That the location of such real estate be acceptable, and the conditions of the conveyance be agreed to by the Common Council and Board of Park Commissioners.

See Article I, Section 1.

**Sec. 39. Structures Within Parks, etc., Erected and Maintained Only by Board of Commissioners.**—Neither the Common Council nor the Board of Park Commissioners shall have authority to permit any person, firm or corporation, to build or maintain any structure within any park, square or parkway, which may now or hereafter be under the control or management of the Board of Park Commissioners; nor shall any structure be erected or maintained within any park, square or

parkway, excepting such structures or buildings as may be erected by the Board of Park Commissioners, under its authority, in the public parks, under their jurisdiction, for park uses or park pleasure purposes, and excepting also such statues, monuments, works of art, or other structures intended for ornamentation only, as may be erected by authority of the Board of Park Commissioners, in the parks, boulevards, parkways or roads under the jurisdiction and control of the said Board.

**Board May Lease Buildings for Park Purposes—Spirituous Liquors Forever Barred—Term of Lease—Concessions—Musical Entertainments, etc.**—Nor shall any part of any park or public ground under the supervision or control of said Board be leased to any person, firm or corporation for any purpose, but the Board may lease any building or parts thereof, erected by it for park purposes, to any person undertaking to serve such purposes, and may grant concessions therein for the sale of refreshments to the public using said park, and for other park purposes, upon such terms and under such regulations as the Board may prescribe; *Provided, however,* That the sale of spirituous, vinous or malt liquors or other intoxicating beverages shall never be permitted within any park, square or public ground under the control and management of said board. No lease shall be for a longer term than three years. No concession shall be granted for any purpose not within the objects for which said parks, squares and grounds were acquired by the city, and in every such lease the Board shall reserve the right to enter at all times into and upon the premises so leased, and shall make the condition that the building so leased shall be used only for the purposes expressed in such lease, and no shows or exhibitions of any character or kind shall be allowed or given in any park, square, or public ground of the city under the control of said Board; but this shall not inhibit such musical entertainments, concerts, and zoological or other exhibits as may be provided by the Board of Park Commissioners in any park, for the use and enjoyment of the public and for strictly park purposes.

**Money Derived From Leases and Concessions, How Expended.**—All moneys derived from any leases or concessions or from the sale of the products obtained from any park, or of any personal property in use by, or belonging to, said department of parks and boulevards, shall be paid into the treasury of the city, and be credited

to the fund in control of the Board of Park Commissioners, and be used and expended by said Board for park purposes.

**Deed of "Swope Park," Ratified.**—Nothing herein stated shall authorize the sale of any lands or be held to abrogate the conditions specified in the deed of gift of the land known as "Swope Park" heretofore granted to the city by the Honorable Thomas H. Swope, but said deed and acceptance thereof, and all conditions contained therein are hereby ratified and confirmed, which conditions, so far as they may be in conflict with this article, shall be considered as exceptions to the provisions hereof.

Control of city over parks is discretionary and is matter of local concern. Park is held by city not in political or governmental capacity but in quasi private capacity. City may make contract for exclusive privilege of selling refreshments and intoxicating liquors in parks and such use is

not diversion of legitimate uses of parks. Contract in question held not to be a lease. Contract is not special privilege. Dramshop regulations do not apply to license to sell liquors in public parks. (State ex rel. vs Schweickardt, 109 Mo. 496.)

**Sec. 40. Adorning, Beautifying and Improving City—Fixing Building Restrictions—What Restrictions May Limit, etc.—To Apply to, What—Petition for.**—For the purpose of adorning, beautifying and improving said city, and to the end that the public good may be conserved the Common Council shall have power, upon the recommendation of the Board of Park Commissioners, to establish and fix building restrictions on any boulevard, parkway, road or avenue, or any part thereof, under the control and management of the Board of Park Commissioners. Said restrictions may be to limit, confine or exclude and prohibit the carrying on of any business vocation or vocations, or the erection and maintenance of any factories, stores or business houses on the lots, tracts or parcels of land fronting or abutting on such boulevard, parkway, road or avenue, or any part thereof, or within fifty feet of the same, or to establish a building line on such property to which all buildings, fences, or other structures shall conform. And said restrictions may be made to apply to all property fronting or abutting of any boulevard, parkway, road or avenue, or part thereof, along which the same are established, or may provide for excepting from such restrictions any property or lot, piece or parcel of land; *Provided, however,* That no restrictions shall be fixed as herein provided unless the owners of a majority in front feet of the lands fronting or abutting on any such

boulevard, parkway, road or avenue, or any part thereof, upon which it is proposed to fix and establish such restrictions, shall petition therefor, stating clearly in such petition the restrictions desired. And the Board of Park Commissioners shall in its resolution, and the Common Council shall in the ordinance passed in pursuance of such resolution, fixing and establishing any restrictions, find and declare that the owners of a majority in front feet of all the lands fronting on the boulevard, parkway, road or avenue, or part thereof, on which said restriction is to be established, have petitioned therefor, and such finding and declaration shall be conclusive for all purposes, unless the court finds in the proceedings instituted for the assessment of damages and benefits as hereinafter set forth that the owners of a majority as aforesaid in front feet did not sign said petition. The owners of all property signing such petition shall be deemed to have waived all claim for damages resulting therefrom.

**Establishment of New Boulevards, etc., Board May Provide for Building Restrictions.**—And provided, further, that the Board of Park Commissioners, in establishing any new boulevard or parkway may, in the resolution providing for establishing of the same, also provide for establishing the building line on said boulevard or parkway without petition therefor, in which case, and if the same be approved by the Common Council, the benefits and damages may be ascertained and assessed by the jury in the condemnation proceedings for the establishment of said boulevard or parkway, and the ordinance establishing said boulevard shall also prescribe and determine the limits within which private property is benefited by the proposed establishment of said building line restrictions as hereinafter provided; but the jury shall return a separate verdict of benefits and damages arising from the establishment of said building line, and separate appeal may be had therefrom by any person aggrieved by such verdict; and an ordinance repealing such building line restrictions shall not affect the validity of the proceedings establishing such parkways or boulevards.

**Damages and Benefits—Proceedings to Ascertain—Method of Collection and Payment.**—When the property owners to be affected, disturbed or damaged by the fixing and establishing of any building restrictions as aforesaid upon any boulevard, parkway, road, avenue, or part thereof, are lawfully entitled to remuneration or damages under the Constitution

of the State of Missouri, and shall not have waived all right or claim thereto, the ordinance which shall provide for the fixing or establishment of any building restrictions as aforesaid, shall also prescribe and determine the limits within which said property is benefited by the proposed establishment of said building restrictions, and proceedings shall be had for the ascertainment of the damages and benefits to arise from the establishment of said building restrictions as aforesaid, in the manner provided by Sections two (2) and following of Article VII of this Charter for the ascertainment of benefits and damages in grading cases, and the provisions in said Article VII relating to the exclusiveness of the remedy therein given in grading cases, the powers of the court and jury in assessing benefits and damages, and the submission of testimony, the rights of claimants, the method of collection and payment of such benefits and damages, and the right of the city to repeal the ordinances, shall apply alike to all proceedings for the ascertainment of benefits and damages and the collection and payment of the same, in proceedings for the establishment of building restrictions as aforesaid.

**This Section Not to Apply, to What.**—The provisions of this section shall not affect or apply to any boulevard, parkway, road or avenue, under the control and management of the Board of Park Commissioners which shall have been established by ordinance of the Common Council upon the recommendation of said board, prior to the taking effect of this Charter, but only to such boulevards, parkways, roads or avenues as may be thereafter established.

**Power of Common Council as to Fire Limits, Not Affected.**—Nothing in this section shall affect the power in this Charter given to the Common Council to regulate fire limits and the kind and quality of buildings to be erected or maintained therein.

See Art. VI and notes.

Ordinance providing that houses fronting on certain streets shall be used for residence purposes only is	not proper exercise of municipal power to regulate use of streets. (St. Louis vs Dorr, 115 Mo. 166.)

**Sec. 41. Restrictions May Be Removed, How.**—The restrictions fixed and established by ordinance as herein provided, may be removed in full or in part by an ordinance based upon the recommendation of the Board of Park Commissioners in the same manner as is required for the establishment of said building restrictions, and a like proceeding to ascertain damages and assess benefits for said

removal in full or in part as was had for the establishment of said restrictions, said proceeding being as far as practicable the same as that required herein to establish said building restrictions, but such proceeding shall be only as to the area covered by the original proceeding.

**Sec. 42. Superintendent of Buildings to Keep Map or Plat of Property Showing Building Restrictions, and to Be Governed Thereby.**—The officer or department of the city charged with the superintendence of buildings shall obtain from the City Engineer, upon final judgment in any proceeding under this article, a map or plat of the property affected by said ordinance and proceedings, and shall file and keep the same in his office, in a well bound book, and shall further note on said map or plat the restrictions fixed and established by said ordinance and proceedings, and shall not, thenceforth, issue any permit for improvements or buildings in violation of the restrictions so fixed and established, so long as said restrictions remain in force, provided, that should the said restrictions be removed in whole or in part, the said officer or department shall note said removal or modification of said building restrictions on said map or plat as the same may occur, and thereafter issue permits in accordance therewith.

**Provision for Penalty for Violation of Building Restrictions.**—Said Common Council shall also have power to provide by fine or imprisonment, or both, subject to the limitations in this Charter set forth, for the punishment of any person violating any such building restrictions after the same have been duly established as herein provided.

**Sec. 43. Repairs and Improvements—Tax Bills—Payment of.**—Whenever any street or avenue not under the control of the Board of Park Commissioners, and upon which any park land under the control of said board fronts or abuts, shall be graded, re-graded, paved, re-paved, curbed, re-curbed, guttered, re-guttered, or otherwise improved or repaired, or when any drain or sewer shall be built in the sewer district in which any park land under the control of said board is situated, and tax bills have been issued against said park land or against the city on account of the benefit deemed to have accrued, under the provisions of this Charter, to said park land, or to the city on account of said park land, by virtue of any such improvement, the Board of Park Commissioners shall pay off and discharge

such tax bills, or any judgments obtained against the city on account thereof, out of the funds under the control of said Board of Park Commissioners and not otherwise appropriated; *Provided, however*, That this section shall not be construed to authorize or require said Board of Park Commissioners to pay such tax bills or judgments out of any funds belonging to the park district in which such work or improvement is made, which have been levied and collected by special assessment under the provisions of Sections thirty-three and thirty-four of this article, or either of them, for the improvement and maintenance of the parks, parkways, roads, boulevards or avenues in such park district under the control of said board. The limitation last aforesaid shall not be extended so as to affect the right of the Board of Park Commissioners to use such park district funds for the maintenance or improvement of any park, parkway boulevard, road or avenue under the control and management of said Board of Park Commissioners, and located in any such park district.

**Sec. 44. Commissioners May Take Water From Hydrants For Park Purposes.**—The Board of Park Commissioners is hereby authorized to take from the hydrants and water pipes of the city, under such reasonable rules and regulations as may be prescribed by ordinance or by the water department, all water which may be required for park purposes, including all water required for sprinkling, cleaning and maintaining boulevards, parkways, roads or avenues under its control, and no charges or debits shall be made or allowed on account thereof against the funds of any park district or other funds under the control of said Board of Park Commissioners.

**Sec. 45. Condemnation of Private Property—Grade to Be Established—Notice to Be Given—Proceedings—Damages.**—In all cases of the condemnation of private property under the provisions of this article for the opening or establishing of any parkway, road, boulevard or avenue to be controlled by the Board of Park Commissioners, the Common Council, upon the recommendation of the Board of Park Commissioners, is hereby authorized by the same ordinance, or by separate ordinance, to establish the grade of that portion of said boulevard, parkway, road or avenue proposed to be condemned and opened or established, and to provide for the grading of the same. In such case, the notice required to be given as in this article provided for the condemnation of private property shall state that benefits and damages, if any, aris-

ing from the grading of said boulevard, parkway, road or avenue to the established grade, shall be assessed by the jury in said condemnation proceeding.

**Damages Waived, When—Benefits.**—In such case, if the owner of any tract or parcel of land shall not file with the said clerk a claim for damages, on account of the proposed grading of said boulevard, parkway, road or avenue, he shall be deemed to have waived the same. Such claim shall be filed on or prior to the day when the jury is empaneled to assess the damages. The jury shall find the amount of damages, if any, in such case, to any tract or parcel of private property for which damages are claimed on account of said proposed grading in the manner provided in Article Seven (VII) of this Charter, and in assessing the benefits, shall consider the benefits caused by the opening of said boulevard, parkway, road or avenue in the manner provided in this article for the assessing of benefits in taking and damaging of private property; and the benefits arising from the grading of the boulevard, parkway, road or avenue, to the proposed grade, as specified in said ordinance, shall be assessed in the manner provided in Article Seven (VII) of this Charter.

**Sec. 46. Such notice shall be served upon the owner, or agent having charge of the premises, if such owner or agent can be found in the city, or by any person authorized by resolution of the board to serve the same, or by any police officer of the city, in the same manner as writs of summons are required to be served in civil cases. We find no cases construing civil service laws in Missouri. Their construction and effect depend so much upon local constitutions and local statutes that decisions construing them in other jurisdictions may be misleading in construing this article. For that reason this article is not annotated.

**Section 1. Civil Service Commissioners—Appointment of—Term of Office—No Compensation.**—At the beginning of the fiscal year of 1910, the Mayor shall appoint three persons known to be devoted to the improvement of civil service, based on merit, who shall constitute a board of civil service, who are hereby named civil service commissioners. One to serve to the end of the fiscal year of 1911, one to serve for the term ending with the expiration of the fiscal year 1912, and one to serve for the term ending with the expiration of the fiscal year of 1913. And, whenever and as often as the term of office of any commissioner shall expire, the then Mayor shall appoint a person known to be devoted to the improvement of the civil service, based on merit, to serve as such commissioner for three years.

The members of said board shall serve without compensation.

**Sec. 2. Civil Service Commissioners—Organization of—Prescribe Rules For Classification of Officers, Etc.**—It shall be the duty of said board to organize immediately after their appointment by the election of one commissioner as president and by the appointment of a chief examiner; and they shall prescribe and enforce rules for the classification of the officers and employments in the classified service of the city and for appointments and promotions therein, and examinations therefor, and for the resignation and selection of laborers for employment therein, not inconsistent with the provisions of this Charter, and may amend or repeal the said rules from time to time. All rules and amendments thereto shall be published, and together with all proceedings and papers connected with said civil service system, shall, at all times, be subject to the inspection of the Mayor and City Comptroller. Subject to the provisions of this Charter and of said rules, the civil service board shall make regulations for and have control of examinations and registration for the service of the city,

and shall supervise and preserve the records of the same. The board shall annually elect one of its members as president for the term of one year.

**Sec. 3. Exempt Service and Classified Service.**—The civil service of the city shall be divided into the exempt service and the classified service.

**Sec. 4. Exempt Service Shall Comprise, What.**—The exempt service shall comprise :

*First:* All officers elected by the people ;

*Second:* Sergeant at arms of the Common Council or either house thereof, the Mayor's secretary and the Mayor's stenographer ;

*Third:* The City Auditor, the City Counselor, one assistant, the City Clerk, the City Assessor and one deputy, two deputies of the City Comptroller, three deputies of the City Treasurer, the members of the Board of Public Works, the secretary of the Board of Public Works, the Purchasing Agent, the members of the Board of Park Commissioners, the landscape architect of the Board of Park Commissioners, the secretary of the Board of Park Commissioners, the members of the Board of Hospital and Health, the Health Commissioners, the secretary of the Board of Hospital and Health, the Superintendent of the Hospitals, and all visiting and consulting physicians and surgeons, the members of the Board of Fire and Water Commissioners, the Fire Chief, the secretary of the Board of Fire and Water Commissioners, the members of the Civil Service Board, the chief examiner of the Civil Service Board, the members and officers of any public utilities commission that may be appointed from time to time. Members of the Board of Pardons and Parole and Court Sergeant.

**Sec. 5. Classified Service Shall Comprise, What—Two Classes.**—The classified service shall comprise all officers and positions in the city service not specifically designated in the exempt service, and shall be arranged in two classes to be designated respectively as the competitive class and labor class.

**Sec. 6. Competitive Class, Includes What.**—The competitive class shall include all positions now existing or hereafter created of whatever function, designation or compensation in each and every

branch of the civil service of the city, except such positions as are in the exempt service or in the labor class.

**Sec. 7. Positions in Competitive Class, How Filled.**—Positions in the competitive class may be filled without competitive examinations as follows:

*First:* Whenever there are, in the opinion of the commissioners, urgent reasons for filling a vacancy in any position in the competitive class, and there is no list of persons eligible for appointment who have successfully passed the competitive examination, the appointing officer may nominate a person to the civil service commission for non-competitive examination, and such nominee shall be certified by said commission as qualified after such non-competitive examination; but the commission shall forthwith hold a competitive examination covering such position, and such provisional appointment shall not continue for a longer period than sixty days, nor shall successive temporary appointments be made to the same position under this subdivision.

*Second:* In case of a vacancy in a position in the competitive class where peculiar and exceptional qualifications of a scientific, professional or educational character are required, and upon satisfactory evidence that for specified reasons competition in special cases is impracticable, and that the position can be best filled by the selection of some designated person of high and recognized attainments in such qualities, the commission may, by unanimous vote of all three commissioners, spread upon the records at the time such suspension is made, suspend the provisions of the rules requiring competition in such case, but no such suspension shall be general in its application to such position, and all such cases of suspension shall be reported in the annual reports of such commission, with the reasons for the same.

**Sec. 8. Labor Class—Includes What—Vacancies—Registered List of Applicants—Requirements For Registration.**—The labor class shall include unskilled laborers and such skilled laborers as may be so classified by the rules and regulations of the commission. Vacancies in the labor class shall be filled by appointment from lists of applicants registered by the Civil Service Commission. They may, in the discretion of the commission, be separate lists of applicants for different kinds of labor or employment, and the commission may establish separate labor lists for various institutions and

departments. Where the labor service of any department or institution is confined to separate districts or localities, the commissioners may provide separate registration lists for each district or locality. The commissioners shall require an applicant for registration in the labor class to furnish such evidence, or pass such examination as they may deem proper with respect to age, residence, physical condition, ability to labor, skill, capacity and experience in the trade or employment for which he applies. Where no examination is required, laborers shall be placed on the eligible list and be appointed therefrom in the order of the priority of their applications. Restrictions as to citizenship specified in this article need not be applied to the labor class.

Sec. 9. **Public Service—Commission to Keep Minutes—Duties and Powers of Commissioners.**—All appointments, promotions and changes of status of persons in the public service of the city shall be made in the manner prescribed by this article, unless otherwise provided in this Charter. The said commission shall keep minutes of its own proceedings and records of its examinations and other official acts. It shall be the duty of the civil service commissioners to supervise the execution of this law and the regulations thereunder and see that the same are enforced, and they shall be responsible for the correction of all abuses and irregularities growing out of the administration of said law and regulations thereunder. They may make such investigations as they deem necessary and report to the Mayor from time to time upon all matters touching the enforcement and effect of the provisions of this article; and in the course of such investigations, each commissioner and the chief examiner shall have power to administer oaths; they shall have the power to subpoena and require the attendance of witnesses and the production of books, papers and records pertinent to the investigations and inquiries hereby authorized, and to examine them; and of such public records as they shall require in relation to any matter which they are required to investigate, and for the purpose of such examination, the board may, if it deems fit, invoke the power of any court of record in the county to compel the attendance and testifying of witnesses, and the production thereby of books, papers and records as aforesaid. They shall make an annual report to the Mayor and Common Council on or before the fifteenth day of January of each year, showing their own actions, the rules and regulations and exceptions thereto in full, and the practical effect thereof, and any suggestions they may approve for

the more effectual accomplishment of the purposes of this article. The Mayor may also require a report from the board at any other time. The board shall meet as often as the needs of the public service may require, and shall hold stated regular meetings at least once a week on such day as may be fixed by its rules. Two members of the board shall constitute a quorum.

Sec. 10. **Appointments to Departments of City Service—Rules—Removal of Officers—Statement in Writing of Reasons—Political or Religious Belief, Not Cause of Removal.**—From and after the taking effect of this article and the adoption of the rules herein provided for, all appointments to positions and employments in the several departments of the city service shall, unless in this Charter otherwise provided be made by the respective heads of such departments under and in conformity with the provisions of such rules, and such heads of departments shall respectively have power to remove or discharge any person holding any office, position, or employment in their respective departments whenever, in their opinion, the good of the public service requires the exercise of such power. It shall be the duty of a discharging officer, upon request of a discharged person, at any time after discharge, to give such person a correct statement in writing of the reasons for his discharge. No person in the city's service shall be removed, reduced in grade or salary, or transferred because of political or religious beliefs or opinions of such persons; nor shall any person in the competitive class of the city service be removed, reduced in grade or salary or transferred without first having received a written statement setting forth in detail the reasons therefor; and at the option of the person who shall have been removed, reduced, or transferred, a copy of such statement shall be filed in the office of the Civil Service Commissioners, together with reply, if any made thereto, by the person removed, and the whole shall be filed and preserved in the office of said commissioners and be open to public inspection. In case of discharge of any person owing to the reduction of force, the discharged person shall receive a certificate so stating, and shall be placed on the eligible list with the same rank he had already attained, and shall have a preference over those on the eligible list, and those who have served the longest before being so discharged shall be first restored.

**Abuse of Power to Remove.**—Whenever said commissioners shall have reason to believe that any officer, board, head of department or person having power to discharge.

has abused such power by making dismissals or discharges for political or other reasons than solely for the good of the public service, it shall be their duty to make such investigation in the premises as they may deem advisable and if they shall find that any such violation of the provisions of the intent and spirit of this article has occurred, they shall make report thereof to the Mayor and the officer or tribunal having power under this Charter to remove such officer, board, head of department, or persons, and such report shall be sufficient cause for removal of such guilty officer, board, head of department, or person.

**Sec. 11. Applicants for Offices and Positions to Be Examined—Subject to Exceptions—Public and Competitive Examination—To Be Practical.**—All applicants for offices or positions in the classified service, subject to the exceptions expressly made in this Charter, shall be subjected to examination, which shall be public, competitive and free to all citizens of the United States, with specified limitations as to residence, age, health, habits and moral character. Such examinations shall be practical in their character, and shall relate to those matters which will fairly test the relative capacity of the person examined to discharge the duties of the positions to which they seek to be appointed, and shall include tests of physical qualifications and health, and when appropriate, of manual skill.

**Not to Relate to Political or Religious Affiliations—Commission to Control.**—No questions in any examination shall relate to political or religious opinions or affiliations. The commission shall control all examinations and may, whenever an examination is to take place, designate a suitable number of persons, either in or not in the official service of the city, to be examiners, and it shall be the duty of such examiners, and if in the official service of the city, it shall be part of their official duty, without extra compensation, to render such service in connection with such examination as the commission may require, and to make report or return thereof to said commission, and the commission may, at any time, substitute any other person, whether or not in such service, in place of any one so selected, and the board may themselves at any time act as such examiners, and without appointing examiners. The commission shall fix the compensation of such examiners, and may appoint such other employes of the board as they deem necessary, and fix their pay.

**Sec. 12. Intending Competitors to File Applications—Form of—Commissioners May Refuse to Examine, When.**—Intending competitors shall be required to file in the office of the commissioners a reasonable length of time before the date of any examination, a formal application in which the applicant shall state, under oath, first, his full name, residence and postoffice address; second, his age, date and place of birth; third, health and physical capacity for public service; fourth, his business or employment and residence for at least five years previous; fifth, such other information as may be reasonably required touching the applicant's merit and fitness for the public service. Blank forms for such application shall be furnished by the Civil Service Commissioners without charge to all persons requesting the same. Such commissioners may require in connection with such application such certificates of citizens, physicians, public officers or others having knowledge of the applicant as the good of the service may require. Such commissioners may refuse to examine an applicant, or, after examination, to certify as eligible one who is found to lack any of the essential preliminary requirements for the examinations for positions for which he applies; or who is physically so disabled as to be rendered unfit for the performance of the duties of the position to which he seeks appointment; or who is addicted to the habitual use of intoxicating beverages to excess; or who has been convicted of a crime or guilty of infamous or notoriously disgraceful conduct; or who has been dismissed from the public service for delinquency or misconduct; or who has intentionally made a false statement of any material fact, or practiced, or attempted to practice, any deception or fraud in his application, in his examination, or in securing his eligibility or appointment.

**Sec. 13. Notice of Time and Place of Examinations—Applications Filed, When.**—Notice of the time and place and general scope of every competitive examination provided for in this article shall be given by the board by publication, for at least five days preceding such examination, in the newspaper doing the city printing, and such notice shall also be posted in a conspicuous place in their office for two weeks before such examination. The board may advertise non-competitive examinations provided for in this article in such manner as the nature of such examinations may, in their opinion, require. Applications for appointment may be filed at any time, and when so filed personal notice of the time, and place of examinations must be sent by mail to the applicant.

**Sec. 14. Eligible List Prepared From Report of Examiners.—**

From the returns or reports of the examiners, or from the examinations made by the commission, the commission shall prepare an eligible list of each grade or class of positions in the competitive class of the classified service of the city, of the persons whose general average standing upon examination for such grade or class is not less than the minimum fixed by the rules of such commission, and who are otherwise eligible, and shall furnish to each of such persons a certificate setting forth the general average standing secured by him under such examination, and such person shall take rank upon the eligible list as candidates in the order of their relative excellence as determined by examination without reference to priority of time of examination.

**Sec. 15. Rules For Promotions.—**The board shall, by its rules, provide for promotion in such competitive class of the classified service on the basis of ascertained merit, and shall provide in all cases where it is practicable that vacancies therein shall be filled by promotion, and in said rules shall provide for transfers and re-instate-ments.

**Sec. 16. Commission Shall Certify to Appointing Officer, the Name and Address of Candidate Standing Highest—Names Stricken Off, When.—**The head of a department or office in which a position in the classified service is to be filled shall notify said board of the fact, and said commission shall certify to the appointing officer the name and address of the candidate standing highest upon the eligible list for the class or grade to which said position belongs, except that where a choice by competition is not required by this article, said commission may, subject to the provisions of this article, provide by its rules how selections shall be made among those candidates proved fit by examination. In making such certification, sex shall be disregarded, except when some statute, the rules of the commission or the appointing power specify sex. The appointing officer shall notify said commission of each position to be filled separately, and shall fill such place by the appointment of the person certified to him by said commission therefor. Said commission shall strike off names of candidates from the eligible list after they have remained thereon more than two years. In the event of more than one applicant receiving the same mark at any examination, all such applicants shall cast lots to determine the order in which their names shall be placed on the eligible list.

**Sec. 17. Notice to Board of Appointments, Transfers, Promotions and Vacancies.**—Immediate notice in writing shall be given by the appointing power to said board of all appointments, permanent and temporary, made in such classified service, and all transfers, promotions, resignations or vacancies, from any cause, in such service, and of the date thereof, and a record of the same shall be kept by said board. When any office or position is created or abolished or the compensation attached thereto altered, the City Clerk shall immediately report the fact in writing to said board.

**Sec. 18. Incumbents of Positions at the Time This Charter Takes Effect.**—The incumbents of all positions at the time this Charter takes effect, coming within the competitive class of the classified service, may continue in service and discharge the duties assigned them until the beginning of the fiscal year 1910, and until the board secures an eligible list and promulgates rules as provided in Section 3 of this article, whereupon said incumbents shall be deemed to have vacated their several positions. Until such time appointments and removals shall be made and vacancies filled as elsewhere provided in this Charter.

**Sec. 19. Chief Examiner—Duties of—Ex Officio Secretary of Board.**—The board shall appoint a chief examiner who shall, under their direction, superintend any examination held under this article, and who shall perform such other duties as the board may prescribe. The chief examiner shall be secretary of the board by virtue of his office. He shall keep the minutes of its proceedings, preserve all reports made to it, and keep a record of all examinations held under its direction.

**Sec. 20. No Person to Be Obstructed in Mark or Grade, Corruptly.**—No person or officer shall wilfully or corruptly, by himself, or in co-operation with one or more other persons, directly or indirectly, defeat, deceive or obstruct any person in mark, grade, estimate or report upon the examination, or proper standing of any person examined hereunder, or aid in so doing, or wilfully or corruptly make a false representation concerning the same, or concerning the person examined, or wilfully or corruptly furnish to any person any special or secret information for the purpose of either improving or injuring the prospects or chances of any person so examined or to be examined, of being appointed, employed or promoted.

**Sec. 21. Officer or Employee Not to Receive Contribution For Political Purposes.**—No officer or employe within the competitive class of the classified service of the city shall solicit orally or by letter, or otherwise, or receive, or be in any manner concerned in soliciting or receiving any assessment, subscription or contribution for any political party or for any political purpose whatever.

**Sec. 22. No Person to Solicit From City Employee for Political Purposes.**—No person shall solicit, orally, or by letter, or otherwise, or be in any manner concerned in soliciting any assessment, contribution or payment for any political party or for any political purpose whatever from any officer or employe in the classified service of the city.

**Sec. 23. Soliciting or Receiving Contributions For Political Purposes in Building Occupied For Official Duties, Prohibited.**—No person shall, in any room or building occupied for the discharge of official duties by any officer or employe of the city, solicit orally or by letter or written communication delivered therein, or in any manner, or receive any contribution of money or other thing of value for any political party or for any political purpose whatever. No officer, agent, or employe, under the government of the city, who may have charge or control of any building, office or room occupied for any purpose of said government, shall permit any person to enter the same for the purpose of therein soliciting or delivering written solicitations for or receiving or giving notice of any political assessment.

**Sec. 24. Giving Money by One Employee to Another for Political Purposes Prohibited.**—No officer or employe in the service of the city shall directly or indirectly give or hand over to any officer or employe in the service of said city any money or other valuable thing on account of or to be applied to the promotion of any political party or any political purpose whatever.

**Sec. 25. Employee Not to Promise or Threaten for Giving or Withholding Contributions For Political Purposes.**—No officer or employe of the city shall discharge or degrade or promote, or in any manner change the official rank or compensation of any other officer or employe, or promise or threaten to do so for giving or withholding, or neglecting to make any contribution of money or

other valuable thing for any political party or purpose, or for refusal or neglect to render any political service.

**Sec. 26. Appointment or Promotion—Payment for, Prohibited.**—No applicant for appointment in said Civil Service shall, either directly or indirectly, pay or promise to pay any money or other valuable thing to any person whatever for or on account of his appointment, and no officer or employe shall pay or promise to pay, either directly or indirectly, to any person, any money or other valuable thing whatever for or on account of his promotion or retention in the public service of the city.

**Sec. 27. Appointment or Promotion—Consideration of Political Services, Prohibited.**—No applicant for appointment or promotion in said Civil Service shall ask for or receive any recommendation or assistance from any officer or employe in said service, or from any person, upon the consideration of any political service to be rendered, or the promotion of any person to any office or appointment.

**Sec. 28. Person Holding Office or Nomination, Not to Offer Corrupt Consideration For Vote.**—No person while holding an office in the government of the city, or a nomination for, or while seeking a nomination for or appointment to any such office, shall corruptly use or promise to use, either directly or indirectly, any official authority or influence (whether then possessed or merely anticipated), in the way of conferring upon any person, or in order to secure or aid any person in securing any office or public appointment, or any nomination, promotion or increase of salary, upon the consideration or condition that the vote, or influence or action of the last named person or any other shall be given or used in behalf of any candidate, officer, person, or political party, or upon any corrupt condition or consideration.

**Sec. 29. Board Shall Certify to Comptroller Appointments and Vacancies.**—The board shall certify to the City Comptroller all appointments to offices and places in the competitive class of the classified service and all vacancies occurring therein.

**Sec. 30. City Comptroller—To Draw Warrants For Salaries, How—Person Entitled to Be Certified to Comptroller—Certificate Refused, May Proceed by Mandamus.**—It shall be unlawful for the City Comptroller or other fiscal officer of the city, when Civil Service rules have been prescribed, pursuant to this article, to draw, sign, or issue or authorize the drawing or issuing of any warrant on the Treasurer or other disbursing officer of the city to pay any salary or compensation to any officer, clerk or person in the competitive class of the classified service of the city unless his name shall have been certified to the Comptroller as provided for in the preceding section of this article. Any officer, clerk or other person entitled to be certified by said board to the Comptroller, Treasurer or other fiscal or disbursing officer of the city, as having been appointed or employed in pursuance of this article, and of the rules made in pursuance of it, and refused such certificate, may maintain a proceeding by mandamus in the Supreme Court of the State, or in the Circuit Court of Jackson County, Missouri, at Kansas City, to compel said board to issue such certificate. Mandamus proceedings as herein specified must be brought within thirty days after refusal of such certificate. Jurisdiction is hereby conferred upon the Circuit Court of Jackson County, Missouri, at Kansas City, and on any judge thereof, in vacation, on application of any tax-payer of said city, to restrain and enjoin the payment of any compensation for services rendered said city by any person by virtue of occupying any office or position coming within the competitive class of the classified service of the city who occupies such office or position under any appointment made in contravention of any provision of this article. The process above provided shall not be so construed as to limit or restrict the jurisdiction or power of said court to accord other adequate civil remedy necessary to effectuate the provisions of this article.

**Sec. 31. Violations of Provisions of This Article, Misdemeanor—Penalty—City Counselor to Appear in Court—Procedure.**—Any person who shall wilfully, or through culpable negligence, violate any of the provisions of this article, shall be guilty of a misdemeanor, and shall upon conviction thereof in the Criminal Court of Jackson County, Missouri, at Kansas City, be punished by a fine of not less than fifty dollars and not exceeding five hundred dollars, or by imprisonment in the city workhouse for a term not exceeding six months or by both such fine and imprisonment, and the said Criminal Court is hereby vested with jurisdiction of violations of

this article, in so far as enforcing fines and penalties is concerned And it is hereby made the duty of the City Counselor to appear in said court on behalf of the city, and to prepare all informations for violations of this article, which shall be verified by the prosecuting witness or the City Counselor, and shall be prosecuted in the name of the city. Upon the filing of such verified information by said City Counselor specifying the acts or omissions of the accused constituting the alleged offense, in term time in said court, or with the clerk thereof in vacation a warrant shall issue for the apprehension of the person charged with the offense as provided by Section 2484 of the Revised Statutes of Missouri of 1899, and the trial and all proceedings shall be in accordance with the State law of Missouri applicable to proceedings upon information filed in a court of record, except that the City Counselor shall institute and conduct the same in the name of the city, as herein provided. The Prosecuting Attorney of Jackson County may also file information and conduct prosecutions in the name of the city in said court for violations of the provisions of this article.

**Sec. 32. Ordinances Touching Civil Service.**—The Common Council shall have the power to pass all ordinances touching the Civil Service, the passage of which shall have been recommended by the commission in writing duly certified thereon, provided the same are in no wise inconsistent or in conflict with any provision of this article.

**Sec. 33. This Article to Govern Police Department, How Far.**—The provisions of this article shall extend to and govern the police department of the city whenever and so far as the State laws shall authorize or permit. Should the State enact a Civil Service law governing the police department of this city, this commission is authorized to administer said law, should the State so provide.

Section 1. **City's Title to Its Property, Inalienable—Exceptions.**—The title of the city to and in its water front, wharf property, land under water, public landings, wharves, docks, highways, avenues, boulevards, streets, lanes, alleys, parks, public grounds and public places is hereby declared to be inalienable; *Provided*, That nothing herein contained shall prevent the city from vacating any street or highway or part thereof in the manner provided for in this Charter, nor from disposing of any building or parcel of land which the city may lawfully sell, no longer needed for public use, provided such disposition shall be made on open and public competition and pursuant to ordinance passed by at least two-thirds affirmative vote of all the members elect of each house of the Common Council.

See Art. IX.

Cummings Realty & Inv. Co. vs

Deere & Co., 208 Mo. 6; St. Louis vs Term. Ry. Assn., 211 Mo. 364.

Sec. 2. **Power of City to Grant Franchises—Not to Grant Exclusive Franchise.**—The city may grant for a limited time, and

subject to the limitations and conditions contained in this Charter, specific franchises, privileges, or rights in or relating to any of the public property or places mentioned in the preceding section, but the city shall have no power to grant any exclusive franchise, privilege or right for any purpose whatsoever; and, *Provided*, That no such franchise, privilege or right shall be granted by both houses of the Common Council at the same meeting at which the ordinance providing therefor is introduced.

Unauthorized use of street is a nuisance. (St. L. & Mer. Ry. vs Kirkwood, 159 Mo. 239, 255; see also Heer D. G. Co. vs Citizens' Ry., 41 Mo. App. 63.) And may be enjoined. (State ex rel. vs Road Co., 207 Mo. 54; State ex rel. vs Road Co., 116 Mo. App., 175.)

City, under its charter, has full power, unless restrained by statute, to authorize use of its streets for public utility and to fix terms upon which consent is given.

"Julian Law," requiring franchises to be sold to highest bidder, held to be void for uncertainty. (State ex inf. vs West Side Street Ry. Co., 146 Mo. 155.)

If the city gives right to use of streets or public grounds it simply regulates the use when it prescribes the terms and conditions upon which they shall be used. (Sluder vs Transit Co., 189 Mo. 107, l. c. 130, citing St. Louis vs Telegraph Co., 149 U. S., l. c. 469; Kansas City vs Railroad, 187 Mo. 146.)

City may charge reasonable sum for use of its streets without regard to Julian Law. (City of Plattsburg vs Telephone Co., 88 Mo. App. 306; City of California vs Telephone Co., 112 Mo. App. 722.)

City cannot grant exclusive franchise. (Town of Kirkwood vs Mera-mec Highlands Co., 94 Mo. App. 637.) and it is immaterial to one paying for non-exclusive franchise that other persons may enjoy like franchise without charge. (City of California vs Telephone Co., 112 Mo. App. 722.)

A franchise is an executed contract on the part of the state, the consideration for which is the benefit which the public will derive from its use and exercise. (State ex rel. vs Railroad Co., 140 Mo. 539, l. c. 549, and cases cited.)

City has not power to abrogate contract at pleasure nor to destroy rights given by it. (Springfield Ry. Co. vs City of Springfield, 85 Mo. 674; State ex rel. vs Corrigan Ry. Co., 85 Mo. 263; City of Detroit vs Detroit Ry. Co., 184 U. S. 368; Cleveland vs Electric Co., 201 U. S. 529.)

New provisions of the Charter do not affect authorized provisions in franchises existing prior to the time that the Charter was adopted. (State ex rel. vs Corrigan Street Ry., 85 Mo. 263, l. c. 282-283), but when extensions of the franchise are given, the then existing charter applies. (St. Louis vs Missouri Ry., 13 Mo. App. 524; St. Louis vs Ry., 87 Mo. 151; Union Depot Ry. vs Southern Ry., 105 Mo. 562, l. c. 570.)

Nothing passes in a grant of privileges, as against the public and in favor of the company or corporation, except such as is clearly expressed or necessarily implied; the grants are to be strictly construed. (St. Louis vs Gas Light Co., 5 Mo. App. 484; St. Louis vs Railway Co., 13 Mo. App. 524, l. c. 530; City of Springfield vs Smith, 138 Mo. 645; Blair vs Chicago, 201 U. S. 400, l. c. 463, 467, 471-473; Home Telephone Co. vs City of Los Angeles, 211 U. S. 265.)

Right under franchise to construct improvement gives right to purchase similar improvement previously constructed. (State ex rel. vs Gravel Road Co., 37 Mo. App. 496.)

While franchises are derived directly by ordinance from the city it is by virtue of the delegated power of the state that the city acts, so that the power conferred on the company is derived from the state, acting through the city as its agent. (State ex rel. vs Ry., 140 Mo. 539, l. c. 550.)

They are derived from a grant of the sovereign power, and state may

give city such measure of right and control as it sees fit. (*Blair vs Chicago*, 201 U. S. 400, 1. c. 457.)

And contract ultra vires of city does not vest franchise right. As corporations are strictly limited to powers given and cannot exceed them so they cannot surrender powers which they have. (*St. Louis vs Gaslight Co.*, 5 Mo. App. 484, 1. c. 530; *State ex rel. vs Corrigan Ry. Co.*, 85 Mo. 263; *Westport vs Mulholland*, 159 Mo. 86; *City of Carthage vs Garner*, 209 Mo. 688; *State vs R. R.*, 75 Mo. 208.)

Regulation of charges is governmental power. City has no authority to abandon governmental power unless expressly authorized by statute. "Power to fix and determine charges" does not authorize contract abandoning power of regulation, hence city cannot irrevocably establish rates for entire period of franchise. (*Home Telephone Co. vs City of Los Angeles*, 211 U. S. 265.)

Language of enabling act, laws 1907, p. 119, R. S. 1909, Section 9568, is: "To fix, by ordinance, the rates and charges for the services of public utilities."

The fact that franchises are vested rights and in a sense contractual in their nature is not a barrier to a forfeiture. (*State ex rel. vs Railroad Co.*, 140 Mo. 539, 1. c. 550.)

Franchises may be forfeited by action in nature of quo warranto by the state at relation of city even though by terms of franchise city is given right to maintain action in its own name. Right of state to maintain action for forfeiture cannot be contracted away or abridged by city. (*State ex rel. vs Railroad Co.*, 140 Mo. 539, 1. c. 550.)

Franchise, how forfeited for breach of condition. (*Hovelman vs Kansas City Horse Railroad*, 79 Mo. 632; *Railroad vs St. Louis*, 66 Mo. 228, s. c. 3 Mo. App. 315; *State ex rel. vs Gravel Road Co.*, 187 Mo. 439, overruling *State ex rel. vs Gravel Road Co.*, 37 Mo. App. 496.)

Franchise designed for city at large operates throughout its boundaries when extended. (*St. Louis Gaslight Co. vs St. Louis*, 46 Mo. 121; *Railroad vs Houck*, 120 Mo. App. 634, 1. c. 646, and cases cited. *Westport vs Mulholland*, 159 Mo. 86 1. c. 97.)

Franchise to a corporation, its successors and assigns, enduring for longer period than company's corporate existence, is valid and may be assigned. (*State ex rel. vs Laclede Gaslight Co.*, 102 Mo. 472; *Detroit vs Detroit Ry. Co.*, 184 U. S. 368.)

Franchise for corporate life of corporation expires with corporation.

A corporation whose charter has expired is incapable of conveying its franchise property. (*State ex rel. vs Road Co.*, 207 Mo. 54.)

Selling, mortgaging and leasing franchises. (*Hovelman vs Railroad*, 79 Mo. 632; *State Constitution*, Art. XII, Sec. 20. *State ex rel. vs Railway*, 140 Mo. 539; *State ex rel. vs Laclede Gas Light Co.*, 102 Mo. 472, 1. c. 482; *Kavanaugh vs St. Louis*, 220 Mo. 496.)

Liability of lessor in case of lease of franchise rights. (*Moorshead vs United Railways Co.*, 203 Mo. 121; *Gilroy vs United Rys. Co.*, 125 Mo. App. 19; *Bensiek vs Transit Co.*, 125 Mo. App. 121.)

**Sec. 3. Franchises Granted—Expiration—Not Longer Than Thirty Years—Unless Ratified by Qualified Voters—Ratification—Expense of Election—All franchises hereafter granted or extended by the city shall have a time fixed therein for the expiration of such grant or extension; and if no time be fixed therein for their expiration or extension, then such franchises shall expire twenty years after the ordinance granting or extending the same takes effect. No franchise for any purpose whatever shall be granted or extended by the city for a longer period of time than thirty years unless the ordinance granting or extending such franchise shall be submitted to the**

qualified voters of said city, and ratified by a majority vote of said qualified voters voting at an election to be held for that purpose, and no such franchise shall be valid unless so ratified. Any ordinance, however, granting or extending a franchise for a term of thirty years, or for a term less than thirty years, may provide that the same shall not take effect or be valid unless ratified as above provided, and in every such case the ordinance shall not take effect or be of any validity until submitted to the qualified voters of said city, and ratified by a majority of said qualified voters voting at an election to be held for that purpose. The expense of any special election called for a vote on such ordinance shall be paid by the grantee or grantees named in the franchise ordinance so submitted.

**Sec. 4. Street Railways—Control and Construction of.**—The city may, by ordinance, direct and control the laying and construction of surface, elevated and underground railroads of any kind on, over or under the streets, avenues; highways and alleys of the city, and may require any such railroads, and all parts thereof to be constructed, laid and kept in repair so as to interfere as little as possible with ordinary travel and use of streets, avenues, highways and alleys, and may require the space between the rails and columns, and not less than eighteen inches on the outside thereof, and the space between all tracks and columns to be macadamized, paved, repaved, blocked, reblocked or improved, as the roadway beyond such limits may be macadamized, paved, repaved, blocked, reblocked or improved, and kept in repair by the person, persons or corporation owning or operating the same; this section shall apply to all such railroads heretofore constructed, and those hereafter to be constructed.

**Right-of-Way—Consent of Property Owners—Regulation as to.**—The city shall not grant the right-of-way on or over any street in said city to any person, persons or corporation for the construction of any railroad without the consent of the property owners owning a majority in front feet of the property fronting on each street between the points where such railroad is proposed to be constructed; nor shall any railroad be hereafter constructed or laid down without such consent; and the city shall have power, by ordinance, to fix and regulate, from time to time, the hours and frequency of trips of street railroads, the fare to be charged for passage on any such railroad, and to require any such railroad, or any part thereof, to be lighted and guarded, and to designate the kind of rails and vehicles to be used, and shall have power to require the performance of any other condi-

tion, and the making of any other improvement that the Common Council may deem for the best interests of the city.

See Art. III, Sec. 1, Cl. 12 and note.

"No law shall be passed by the general assembly granting the right to construct and operate a street railroad within any city, town, village, or on any public highway without first acquiring the consent of the local authorities having control of the street or highway proposed to be occupied by such street railroad; and the franchise so granted shall not be transferred without similar assent first obtained." (Constitution of Missouri, Article XII, Sec. 20.)

What are street railroads. Distinction between railroads and street railroads. (*Sams vs St. Louis & M. R. Ry. Co.*, 174 Mo. 53.)

Power which state primarily had over streets and highways has been transferred to city and General Assembly has no power to authorize construction, operation or transfer of street railway without consent of city. (*State ex inf. vs Lindell Ry. Co.*, 151 Mo. 162, l. c. 183; *Grand Avenue Ry. Co. vs Lindell Ry. Co.*, 148 Mo. 637.)

This power is not limited to mere yes or no, but cities may impose such conditions upon their consent as they see fit. (*St. Louis & M. R. Ry. Co. vs City of Kirkwood*, 159 Mo. 239, l. c. 252, and cases there cited.)

But the General Assembly has placed certain limitations upon all cities in granting franchises to street railway companies, (*Rev. Stat. 1899, Secs. 6116 to 6119; Rev. Stat 1909, Secs. 9494 to 9497*), requiring designation of route, depots, assessment of damages, petition of majority of property owners along the route, etc.

Interpretations as to damages to property owners. (*Nagel vs Lindell Ry.*, 167 Mo. 89; *Ruckert vs Grand Ave. Ry.*, 163 Mo. 260; *De Geofroy vs Bridge & Terminal Co.*, 179 Mo. 698.)

Regulation must be in harmony with constitution and general laws of state. (*State ex Inf. vs Lindell Ry. Co.*, 151 Mo. 162; *Grand Ave. Ry. Co. vs Lindell Ry. Co.*, 148 Mo. 637.)

For right of city to direct and control the laying and construction of steam railroads, see note to Art. III, Sec. 1, Cl. 12.

For distinction between use that may be made of streets by street railroads and steam railroads and cases relating particularly to street railways see *Placke vs U. D. Ry. Co.*, 140 Mo. 634; *Morie vs Transit Co.* 116 Mo. App. 12, l. c. 25; *Nagel vs Lindell Ry. Co.*, 167 Mo. 89, l. c. 97; *Ruckert vs Grand Ave. Ry. Co.*, 163 Mo. 260; *West Chicago Ry. Co. vs Chicago*, 201 U. S. 506.

Street railroads must conform to grade of street. (*Farrar vs Midland Electric Ry. Co.*, 101 Mo. App. 140; *Donner vs Metropolitan Street Ry. Co.*, 133 Mo. App. 527.)

Provision requiring street railway company to keep and maintain space between its rails and two feet on either side of its track and all street crossings in good repair does not impose on company obligation to reconstruct street. An obligation to repair is not obligation to construct new pavement. Effect of ordinance subsequent to grant of franchise. (*State ex rel. vs Corrigan Street Ry. Co.*, 85 Mo. 263.)

Under such provision city cannot compel company to pave with specified materials. (*City of Kansas vs Corrigan*, 86 Mo. 67.)

Duty of company to pave is coextensive with franchise and removal of tracks terminates obligation. (*Brick & Terra Cotta Co. vs Hull*, 49 Mo. App. 433.)

Extension of franchise subjects company to burden of paying. (*St. Louis vs Missouri Ry. Co.*, 13 Mo. App. 524; *St. Louis vs Ry. Co.*, 87 Mo. 151.)

Payment of taxes of any description does not relieve company from burden to pave. (*St. Louis vs Ry. Co.*, 87 Mo. 151.)

City may forfeit franchise for failure to comply with paving requirements. (*City of Springfield vs Roberson Avenue Ry. Co.*, 69 Mo. App. 514; *State ex rel. vs Canty*, 207 Mo. 439, l. c. 458.)

Levying special assessments against abutting property owner for paving street including part between street car tracks. (*Farrar vs St. Louis*, 80 Mo. 379.) Omitting space between

street car tracks. (City of Springfield to use vs Weaver, 137 Mo. 650.)

Railroad rights of way are subject to an assessment for local street improvements. (Heman Construction Co. vs Wabash Ry. Co., 206 Mo. 172; Corrigan vs Kansas City, 211 Mo. 608;

City of Nevada to use vs Eddy, 123 Mo. 546; Bank vs Haywood, 62 Mo. App. 550; 147 U. S. 190; 186 U. S. 539.)

Power to regulate operation of trains see Art. III, Sec. 1, Cl. 27, and note.

**Sec. 5. Franchises—Regulation and Control of.**—It shall be lawful for the city to regulate and control the exercise by any person or corporation of any public franchise or privilege in any of the streets or public places of the city, whether such franchise or privilege has been or may be granted by the city or by or under the State of Missouri, or any other authority.

**Owners Not to Charge More for Service Than Rates Fixed by Ordinance—Owners Aggrieved, May Have Same Determined by Court—Proceedings.**—All persons, firms and corporations owning or operating telephone or telegraph lines, systems or exchanges or street railway lines and systems or a tunnel or subway, conduit or viaduct, or engaged in furnishing gas, steam or electricity for lighting, heating or power, or engaged in furnishing light, heat or refrigeration under any franchise granted by the State of Missouri or the City of Kansas City, and all persons, firms and corporations owning or operating any other public utility under any franchise granted by the State of Missouri or the City of Kansas City are hereby required to charge no more for the service of such utility than such rates as shall be fixed, from time to time, by ordinance of the city. The city shall have power and authority to fix, by ordinance, the rates charged for the service of such utility within its corporate limits and to provide and enforce fines and penalties for the violation thereof, and to change such rates, by ordinance, from time to time, as often as may be deemed necessary; *Provided, however,* That such rates must be reasonable and shall not be changed oftener than once every two years. Any such person, firm or corporation owning or operating any of the utilities mentioned in this Charter, and claiming to be aggrieved by the rates fixed by any ordinance of the city, shall have the remedies herein provided to have the validity of such ordinance, and the reasonableness of such rates, determined by the Circuit Court of the County of Jackson at Kansas City. The party so complaining shall, as plaintiff, file in the Circuit Court within twenty days after the passage of such ordinance a petition against such city as defendant, setting forth the objections to such ordinance, whereupon summons shall issue and be served upon such

city and proceedings had as in other cases. The plaintiff or defendant shall have the right of appeal to the proper appellate court of the State as in other cases. Said cause shall be speedily heard and determined, and shall have precedence in time in the Circuit and Appellate Courts over other civil actions. Nothing contained in this section shall be construed to mean that any power or jurisdiction is conferred upon said courts to fix such rates or regulate the charges of any such public utility.

**Regulation of Rates and Charges.**—In *State ex rel. vs Telephone Co.*, 189 Mo. 83, the Supreme Court held that Kansas City did not have right to regulate telephone charges under provisions of constitution or enabling act of 1887, but held further that legislature could confer that power upon city. General Assembly conferred the power to regulate rates charged by public utilities in 1907. (Laws 1907, p. 119; Rev Stat. 1909, Secs. 9568, 9569, 9570.)

Rates must be uniform and apply alike to all customers of same class

and are subject to review by courts. (*Vanderberg vs Gas Co.*, 126 Mo. App. 600.)

City cannot surrender power to regulate charges. (*St. Louis vs Gas Light Co.*, 5 Mo. App. 484. l. c. 530; *State ex rel. vs Corrigan*, 85 Mo. 263; *Westport vs Mulholland*, 159 Mo. 86; *City of Carthage vs Garner*, 209 Mo. 688; *State vs Railroad*, 75 Mo. 208; *Home Telephone Co. vs City of Los Angeles*, 211 U. S. 265. See note to Section 2 this article.)

See Art. III, Sec. 1, Cl. 28.

#### Sec. 6. Commission to Investigate Establishment of Rates.

—The city may, by ordinance, provide for and establish a committee or commission to make investigation into all facts and matters touching the establishment of such just and reasonable rate or rates charged, and the character of the service furnished, and such other matters as the Common Council may designate by ordinance, and after such investigation said commission shall report its findings and recommendations to the City Council. The city shall have power and authority, by ordinance, to require and enforce the production of books and papers and compel the attendance of witnesses before the Common Council or any duly established committee or commission for the purpose of ascertaining the facts under investigation.

**Sec. 7. Uniform Gauge For Street Railways.**—A uniform gauge shall be established by ordinance for all street railroads in Kansas City.

**Sec. 8. Forfeiture of Certain Franchises For Street Railways.**—All franchises and privileges heretofore granted by the city which are not in actual use and enjoyment, which the grantees thereof have not in good faith commenced to exercise within the time fixed for so doing by the ordinance granting the right, or by any ordi-

nance extending said time, are hereby declared forfeited and of no validity unless said grantees or theri assigns shall, within six months after this charter takes effect, in good faith commence the exercise and enjoyment of such privilege or franchise.

See note to Section 2 this article.

Sec. 9. **Control by the City, Construed.**—All rights and regulations and control which this Charter gives to the city shall be construed as continuing rights and the city shall not be held to have exhausted the right by one exercise thereof, either in the original ordinance by which any franchise may be granted, or by any subsequent ordinance.

See note to Section 2 this article.

Sec. 10. **Ordinance Creating or Affecting Franchise Becomes Effective When—Petition to Submit to Qualified Voters—Signed by How Many—Qualifications of Voters—Petition to Be Certified—How Submitted—If Special Election Called for By Person or Corporation, Costs and Expenses.**—No ordinance creating, granting, extending, amending or altering any franchise, right or privilege to any person or corporation to make use, in whole or in part, of any street or streets, alley or alleys, or other public ground or grounds, whether on, under or above the surface thereof, shall become final and effective until sixty days after the enactment thereof and if within such sixty days after the enactment thereof a petition or petitions requesting that such ordinance shall be submitted to a vote of the qualified voters of said city, signed by voters of said city, who were qualified to vote at the last preceding general city election and aggregating in number not less than twenty per cent of the number of votes cast at the last preceding general city election for all candidates for Mayor, shall be filed in the office of the City Clerk, to which petition must be attached a certificate of a notary public of Jackson County, Missouri, stating that the notary has good reason to believe, and does believe, that the signatures thereto are the genuine signatures of qualified voters of said city, which certificate shall constitute *prima facie* evidence of the genuineness and authenticity of such signatures, the Mayor and Common Council shall cause such ordinance to be submitted to the qualified voters of said city at a general or special election, and unless a majority of the votes cast for and against such ordinance at such election shall be in favor of the adoption thereof, such ordinance shall

be null and void. Such petition shall be canvassed by the City Clerk, City Comptroller and City Counselor, who shall determine whether such petition contains the necessary signatures required as above. Their finding shall be conclusive for all purposes, and they shall make certification of such finding to the Mayor, and a copy of such certificate shall be recorded in the office of the City Clerk and preserved among the archives of the city. Such election shall be called, held and conducted as may be prescribed by ordinance, and the certificate of the officer or officers at such time legally required to make such certificate as to the result of the election shall be final and conclusive. Such franchise ordinance shall not, in any event, be final and effective after the filing of such petition until approved by a majority vote at such election. If a special election be called for a vote on such ordinance, the person or corporation in whose favor such ordinance shall be enacted shall pay all costs and expenses of such election, and shall give bond with security satisfactory to the Mayor for the payment of such costs and expenses before the calling of such election.

If any person shall sign the petition above provided for with a name other than his own, or shall procure or attempt to procure any other person to do so, or shall procure or attempt to procure any signature to said petition by false or fraudulent statements he shall be guilty of a misdemeanor and shall be punished by a fine of not more than five hundred dollars and by imprisonment for not longer than twelve months.

### DRAMSHOPS.

#### Section.

1. Dramshops—Application for License—Indorsement of Police Commissioners—Notice of Application.

#### Section.

2. Revocation of License—Notice to Dramshop Keeper—Hearing.
3. Elections—Dramshops to be Closed—Duty of Commissioners.

Section 1. **Dramshops—Application for License—Indorsement of Police Commissioners—Notice of Application.**—Before an application for license to keep a saloon, beer house, tippling house or dramshop shall be received or filed by the City Auditor, there shall be endorsed thereon a certificate signed by the Board of Police Commissioners that such applicant has proved himself to be a person of good moral character. Whenever such application is presented to the Board of Police Commissioners, such Board shall cause notice, in writing, to be served by a policeman, upon every resident property owner in the block where such saloon, beer house, tippling house or dramshop is proposed to be located, designating a day not less than five days nor more than ten days after the service of such notice when remonstrances, if any, against the issuance of such license will be heard by such Board. Whenever such application so endorsed, as aforesaid, by said Board of Police Commissioners, shall be presented to the City Auditor, he shall issue a license to such applicant.

Method of licensing dram shops, see Art. III, Sec. 1, Cl. 31.

State regulations, R. S. 1899, Chap. 22, R. S. 1909, Chap. 63.

No one has a natural right to sell intoxicating liquor because the tendency of its use is to deprave public morals and to do so without a license from proper authority is unlawful. A dram shop license is a mere permit and not a contract with licensee which creates vested rights but is subject at all times to police power and may be **revoked**. (State vs Seebold, 192 Mo. 720, l. c. 727, and cases there cited; Barnett vs County Court, 111 Mo. App.

693.)

But when one complies with all requirements of the dram shop law he bases his right to a license upon a valid and constitutional statute and is entitled to a county license and mandamus will lie. (State ex rel. vs Turner, 210 Mo. 77, l. c. 85.)

But before one can legally conduct dram shop in a city he must have both city and county license. (Sharp vs City of Carthage, 48 Mo. App. 26; State vs Harper, 58 Mo. 530.)

The propriety of the issue of a city dram shop license in any given case is under the charter a matter solely with-

in the discretion of the police board. (Ex Parte Joffee, 46 Mo. App. 360, l. c. 366. cited with approval in Sluder vs Transit Co., 189 Mo. 107, l. c. 194, and State vs Hamey, 168 Mo. 167, l. c. 213; State ex rel. vs Stiff, 104 Mo. App. 685.)

It is no defense to a prosecution for failure to take out license that auditor has refused to issue it. If refusal was wrongful the applicant has remedy by mandamus. (City of Kansas vs Flanders, 71 Mo. 281.)

When the state law says that a license shall be granted on the petition of two-thirds of the inhabitants of a block, the Board of Alderman have not the authority to say that there shall be a petition of two-thirds of the entire town. Though the city is authorized to regulate a dram shop, it cannot regulate it in those particulars which would be inconsistent with the regulation made by the state. (State ex rel. vs McCammon, 111 Mo. App. 626, l. c. 631.)

The statute of the state governing the sale of liquors and the conduct of dram shops thereunder becomes a part and parcel of the license. (Barnett vs County Court, 111 Mo. App. 693.)

The sale of a single glass of liquor without a license is a violation of the ordinance prohibiting the sale of intoxicating liquors without a license.

(City of Kansas vs Muehlebach, 68 Mo. 638; City of Springfield vs Ford, 40 Mo. App. 586; State vs Small, 31 Mo. 197.)

Kansas City has authority to enact ordinance prohibiting sales of liquors to women. (City of Joplin vs Jacobs, 119 Mo. App. 134.)

May prohibit females, whether proprietors or employes, waiting on customers in saloons. (State vs Canton, 43 Mo. 48; R. S. 1899, Sec. 2185; R. S. 1909, Sec. 4740.)

Druggist and dramshop keeper distinguished. (State vs Willard, 39 Mo. App. 251.)

Keeping saloons open on Sunday. (State vs Binder, 38 Mo., 451; State vs Kessels, 120 Mo. App. 233.)

The sale of liquor to a member by a bona fide social club not incorporated for profit is not a sale within the inhibition of dram shop law. (State ex rel. vs The St. Louis Club, 125 Mo. 308.)

But where the principal business of a club is selling intoxicating liquors to its members it is violation of the dram shop act. (State ex inf. vs Kirkwood Social Athletic Club, 121 Mo. App. 87; State ex inf. vs Rosehill Pastime Athletic Club, 121 Mo. App. 81; State ex inf. vs Rod and Gun Club, 121 Mo. App. 364.)

**Sec. 2. Revocation of License—Notice to Dramshop Keeper—Hearing.**—Whenever it shall be shown to the Board of Police Commissioners, upon complaint of any person in writing, or whenever said Board shall become satisfied that any dramshop keeper of the city keeps a disorderly house, or a house that is a resort of minors, lewd or disreputable women, or of evil-disposed persons, the said Board of Police Commissioners may order the license of such dramshop keeper to be revoked, and from the date of such order of revocation, such dramshop keeper shall be deemed to have no license, and to be without authority of law to carry on a dramshop; and thereafter no license shall be granted to such person to keep a dramshop. Whenever such complaint in writing shall be made to the Board, or whenever the Board shall become satisfied that any dramshop keeper of the city keeps a disorderly house, or a house that is the resort of minors, lewd or disreputable women, or of evil-disposed persons, such Board

shall order its Secretary to notify such dramshop keeper of the same, and set a day when such dramshop keeper may be heard; and such notice shall be served by a policeman, by a copy thereof delivered to such dramshop keeper or any bar-keeper in charge of said dramshop, and no license shall be revoked by said Board without notice thereof, and an opportunity to be heard, to said dramshop keeper.

**Sec. 3. Elections—Dramshops to Be Closed—Duty of Commissioners.**—The Board of Police Commissioners shall, on the day next preceding any general or special election held in Kansas City, issue an order for the closing of all saloons, beer houses, tippling houses and dramshops on such election day, and give public notice of the issuance thereof. Said Board shall direct the Chief of Police to take the necessary steps to insure the strict enforcement of such order.

Information should allege that offense was committed within city limits or contrary to certain ordinances of the city. (State ex rel. vs Baker, 74 Mo. 394; Salisbury vs Patterson, 24 Mo. App. 169; Gower vs Agee, 128 Mo. App. 427.)

Charging violation of the Revised Ordinances without specifying the particular section or provision is insufficient. (Kansas City vs Whitman, 70 Mo. App. 630.)

Allegation "Contrary to the form of the ordinances of said city," too indefinite. (City of Marshall vs Standard, 24 Mo. App. 192.)

Objection that several offenses are charged should be taken by motion to strike out. (St. Louis vs Weitzel, 130 Mo. 600.)

Information cannot be amended on appeal in criminal court. (Kansas City vs Whitman, 70 Mo. App. 630.)

**Sec. 12. Existing Right or Liability—Repeal of Any Law by This Charter Not to Affect, What.**—The repeal of any law by the provisions of this Charter shall not in any wise be so construed as to affect any right or liability acquired or accrued thereunder by or on the part of the city, or any person or body corporate. And this Charter shall not in any manner affect any right, lien or liability accrued, established or subsisting under and

by virtue of the previous Charter or any amendment thereto, but such right, lien or liability shall be enforced, and such action or proceeding shall be carried on in all respects as if this Charter had not taken effect; nor shall this Charter be in anywise so construed as to affect the right or liability acquired or accrued under the previous Charter and amendments thereto, or on the part of the city, or any person or body corporate.

R. S. 1899, Sec. 6366; R. S. 1909, Sec. 9710.

This section construed, and held that tax bills issued under former Charter may be enforced as provided in this Charter; that the City Charter can	give new remedies for existing rights. (Kansas City to use vs Summerwell, 58 Mo. App. 216; Kansas City ex rel. vs Wiener, 58 Mo. App. 299.)

**Sec. 13. Notice, Publication, Etc.—How Published—Days, How Computed.**—Any notice, advertisement or publication required by this charter to be published shall be held to be well given, made and published, when the same is published for the required number of days in the newspaper doing the city printing on the day of the first publication thereof. In computing the number of days during which the publication is made, Sundays and legal holidays and all calendar days between the first and last publication shall be included and counted whether or not the paper is published on such days.

See note to next section.

No notice is required by constitution to be given to property owners respecting matters which legislature itself determines or delegates to municipal authorities. Publication of notice to property owners and opportunity to be heard are due process of law. (Meier vs St. Louis, 180 Mo. 391.)

Publication notice properly published in paper doing city printing although not newspaper with which Circuit Court has contracted for legal notice. (Kansas City vs Mastin, 169 Mo. 80, 1. c. 92.)

Sufficiency of notice by publication. (Kansas City vs Mastin, 169 Mo. 80,

1. c. 89, 92; Holmes vs Kansas City, 209 Mo. 513.)

Publication on Sunday. (Roth vs. Hax, 68 Mo. App. 283; Clapton vs Taylor, 49 Mo. App. 117; Barber Asphalt Paving Co. vs Munchenberger, 105 Mo. App. 47; Curtice vs Schmidt, 202 Mo. 703, 1. c. 711, and cases there cited.)

Affidavit of publisher is prima facie evidence of publication when so provided. Any infirmity of publication must be proved. At common law newspaper does not prove itself. What necessary to overcome presumption of validity of publication. (Ross vs Gates, 117 Mo. App. 236.)

**Sec. 14. City Improvements Let by Contract to Lowest Bidder—Repairs, by Days' Work.**—All city improvements of whatever kind or character, including the erection of all public buildings, made or to be erected at the expense of the city, and includ-

ing all work to be paid for in special tax bills, and all contracts made by the city or any board, department or officer thereof and all purchases of supplies or other property for the city, except as in this Charter otherwise provided, shall be let by contract to the lowest and best bidder as shall be prescribed by ordinance; provided, however, that nothing in this section shall be so construed as to prevent repair and maintenance by day's work of streets, alleys and other public places, curbing, sidewalks, sewers, culverts, buildings or other city property, so far as may be necessary, under the direction of the board or department having control, management or jurisdiction of such work.

It is imperative that there should be opportunity for competition. (*State ex rel. vs Smith*, 177 Mo. 69, l. c. 86; *Paving Co. vs. Field*, 188 Mo. 182 and cases cited. *Curtice vs Schmidt*, 202 Mo. 703, l. c. 720 et seq. *McQuiddy vs Brannock*, 70 Mo. App. 535; *Schoenberg vs Field*, 95 Mo. App. 241, l. c. 249 et seq.; *Dickey vs Holmes*, 109 Mo. App. 721; *Excelsior Springs vs Ettension*, 120 Mo. App. 215, l. c. 224.)

Notice of bids, when required. (*Galbreath vs Newton*, 45 Mo. App. 312, s. c. 30 Mo. App. 380; *Saxton National Bank vs Carswell*, 126 Mo. 436; *Keane vs Cushing*, 15 Mo. App. 96.)

Essential to validity of tax bills, when. (*Kiley vs Oppenheimer*, 55 Mo. 374.)

Notice of public letting mandatory when required by ordinance. (*Clapton vs Taylor*, 49 Mo. App. 117.)

Advertisement for bids, sufficiency of. (*Morley vs Weakley*, 86 Mo. 451; *Keane vs Klausman*, 21 Mo. App. 485; *City of Louisiana vs Shaffner*, 104 Mo. App. 101.)

Notice not defective because first publication is on Sunday. (*Roth vs Hax*, 68 Mo. App. 283;) or last day on Sunday and no publication on day of letting. (*Clapton vs Taylor*, 49 Mo. App. 117; *Curtice vs Schmidt*, 202 Mo. 703, l. c. 714; *B. A. Paving Co. vs Munchenberger*, 105 Mo. App. 47; *St. Joseph vs Landis*, 54 Mo. App. 315.)

Proof of publication of notice. (*Nevada to use vs Morris*, 43 Mo. App. 586.)

At common law newspaper does not prove itself. (*Ross vs Gates*, 117 Mo. App. 236.)

Fact that there was only one bid does not invalidate contract. (*Paving Co. vs Hezel*, 76 Mo. App. 135, l. c. 152.)

Discretion in selecting lowest bidder. (*Bank vs Woesten*, 147 Mo. 467; *Clapton vs Taylor*, 49 Mo. App. 117; *Barber Asphalt Paving Co. vs Hezel*, 76 Mo. 135, l. c. 152.)

Lowest and best bidder, determination of city authorities conclusive in absence of fraud or bad faith. (*Clapton vs Taylor*, 49 Mo. App. 117; *State ex rel. vs McGrath*, 91 Mo. 386.)

If lowest bidder declines to enter into contract city may re-advertise for bids. (*City of Lexington vs Bank*, 130 Mo. App. 687.)

Or contract may be awarded to next lowest bidder without re-advertising for bids. (*Gibson vs Owens*, 115 Mo. 356.)

But if awarded to next lowest bidder at different prices than those contained in his bid, the tax bills will be void. (*Guinotte vs Egelhoff*, 64 Mo. App. 356.)

After work has been completed, cannot be objected that same was not let to lowest bidder. (*Johnson vs Duer*, 115 Mo. 366; *Bank vs Woesten*, 147 Mo. 467, l. c. 483.)

Contractor before making bid cannot agree with certain property owners to take less for work for which their property is liable without vitiating tax bills issued against other owners, but he may after tax bills are issued, settle them for less than their face. (*Kurtz vs Knapp*, 127 Mo. App. 608.)

Municipality not liable for damages for refusing to accept bid. (*Coquard vs School District*, 46 Mo. App. 6.)

Mistake in bid, withdrawal of bid. (Moffett vs City of Rochester, 173 U. S. 373.)

Contents of lost written bid shown by parol evidence. (Morley vs Weakley, 86 Mo. 451.)

Contract cannot be awarded before expiration of time required for advertising. (Kiley vs Oppenheimer, 55 Mo. 374.)

Authority to advertise for bids does not begin until ordinance providing for work goes into effect. (Cushing vs Russell, 134 Mo. App. 650.)

But see Smith vs City of Westport, 105 Mo. App. 221, l. c. 224, 225.

Notwithstanding competition in letting contracts is required, yet if there is patented article or article in hands of one person or company which is necessary for public improvement and no one else has same general character of material which could be brought into competition, city is not forced to use other clearly inferior material. (Curtice vs Schmidt, 202 Mo. 703, l. c. 725; Barber Asphalt Paving Co. vs Hunt, 100 Mo. 22; Verdin vs St. Louis, 131 Mo. 26; Swift vs St. Louis, 180 Mo. 80; Paving Co. vs Field, 188 Mo. 182; Construction Co. vs Coal Co., 205 Mo. 49; Taylor vs Schroeder, 130 Mo. App. 483; State ex rel. vs Smith, 177 Mo. 69; Field vs Paving Co., 194 U. S. 618.)

Contract may provide for such extra work as may be required owing to unforeseen circumstances in executing the work according to contract, and may provide that the price therefor shall be fixed by officer of city. (Allen vs Rodgers, 20 Mo. App. 290; Heman vs St. Louis, 213 Mo. 538.)

And terms for repairs with those of construction. (Bank vs Woesten, 147 Mo. 467; Barber Asphalt Paving Co. vs Hezel, 76 Mo. App. 135.) And for maintenance. (Bank vs Woesten, 176 Mo. 49; Paving Co. vs Munn, 185 Mo. 552; G. R. Asphalt Co. vs St. Louis,

188 Mo. 576; Allen vs Labsap, 188 Mo. 692.)

Repairs. (Heman vs St. Louis, 213 Mo. 538.)

Contract awarded should accord with the ordinance and advertisement for bids, and work should conform to contract. (Galbreath vs Newton, 30 Mo. App. 380; Construction Co. vs Coal Co., 205 Mo. 49, l. c. 68; City of Sedalia vs. Abell, 103 Mo. App. 431, l. c. 437; Kansas City vs Askew, 105 Mo. App. 84; Dickey vs Holmes, 109 Mo. App. 721; Turner vs City of Springfield, 117 Mo. App. 418; Excelsior Springs vs Ettenson, 120 Mo. App. 215; City of Marshall to use vs Wisdom, 127 Mo. App. 640.)

Literal compliance with contract not essential to validity of tax bills. (Rose vs Trestrail, 62 Mo. App. 352; Cole vs Skrainka, 105 Mo. 303; s. c. 37 Mo. App. 427; Heman vs Gerardi, 96 Mo. App. 231; City of Springfield vs Mills, 99 Mo. App. 141, l. c. 145.)

Fact that city is required to let contract to lowest bidder does not constitute city agent of owners of property abutting on street to sue for damages to them for breach of the contract. City does not act for them in letting contract. (St. Louis vs Wright Contracting Co., 202 Mo. 451.)

City engineer cannot vary terms of contract. (Burke vs Kansas City, 34 Mo. App. 570; Wilson vs St. Joseph, 125 Mo. App. 460.)

City cannot annul contract for its own default. (Murray vs Kansas City 47 Mo. App. 105; Kemp vs School District, 84 Mo. App. 680.)

Contract may be assigned, when. (St. Louis to use vs Clemens, 42 Mo. 69; Gordon vs Jefferson City, 111 Mo. App. 23; Brick & Terra Cotta Co. vs Hull, 49 Mo. App. 433.)

Assignment of money due under contract is not assignment of contract. (Dickey vs Porter, 203 Mo. 1.)

be a continuous body politic and corporate without interruption under each and all the successive Charters and amendments thereof from the original incorporation of the City of Kansas, and the City of Kansas City as well as under this Charter.

Sec. 31. Issuing of Bonds—Limit of Amount—Sale of—Proceeds, How Applied—Proposition to Issue Bonds, Shall Specify Amount of Bond for Each Particular Purpose.—The Common Council may, by ordinance, from time to time, within the limits of and in conformity with the provisions of the constitution of the State, as now amended, or as it may hereafter be amended, submit to the qualified voters of the city, at any special or general election, a proposition or propositions that the city issue its bonds to an amount not exceeding the limit authorized by the constitution of the State of Missouri, as now amended, or as it may hereafter be amended; *provided*, that such bonds shall not be sold for less than their par value; and *provided*, further, that the proceeds of said bonds shall be applied to the construction of public sewers within the limits of the city, or to such outlets outside the limits of the city, or to acquiring the right-of-way therefor, as may be deemed by the Common Council necessary to secure proper drainage; or to the purchase of lands within or without the limits of the city, for public parks or boulevards, or to improving, adorning or beautifying public parks or boulevards; or to the purchase of lands for public squares; or to the purchase of sites for market houses; or to the construction, equipment, improvement, extension or enlargement of market houses; or to the purchase of sites for hospitals, or to the construction, equipment, improvement, extension or enlargement of hospitals; or to the making of extensions, enlargements, improvements, or betterments of the water works; or to the payment for land or right-of-way acquired by purchase or condemnation, within or without the limits of the city, or within or without the limits of the State of Missouri, for the water works; or to any other public improvement or purpose, of any nature or kind whatsoever, whether herein specifically enumerated or not; and *provided*, further, that the Common Council shall, in submitting any such proposition or propositions, to issue bonds, expressly specify the amount of bonds to be issued for each particular purpose.

**What Deemed One Particular Purpose.**—And, *provided*, further, that within the meaning of the proviso, next immediately preceding, the construction of public sewers within the limits of the city, and the construction of outlets therefor outside the limits of the city, and the acquiring of the rights-of-way therefor, or any one or more of said objects shall be deemed one particular purpose; the purchase of lands within and without the limits of the said city for public parks or boulevards, or both, or any one or more of said objects, shall be deemed one particular purpose; the improving, adorning and beautifying parks or boulevards, or both, or any one or more of said objects shall be deemed one particular purpose; the purchase of land for public squares shall be deemed one particular purpose; the purchase of sites for market houses, and the construction, equipment, improvement, extension and enlargement of market houses, or any one or more of said objects shall be deemed one particular purpose; the purchase of sites for hospitals, and the construction, equipment, improvement, extension and enlargement of hospitals, or any one or more of said objects, shall be deemed one particular purpose; the making of extensions, enlargements, improvements and betterments of the waterworks, and the payment for land and the right-of-way acquired by purchase or condemnation or both, within or without the limits of the city, and within or without the limits of the State of Missouri for water works, or any one or more of said objects, shall be deemed one particular purpose.

**Bonds Dated July 1, 1905, Not Included in Existing Bonded Indebtedness—Denominations of—How Executed—How Paid.**—The amount of bonds issued by the city, bearing date July 1, 1895, for acquiring water works, and all bonds hereafter issued in renewal of said bonds, or any portion thereof, shall not be included in the computation of the existing bonded indebtedness of said city in determining the amount of bonds authorized to be issued by said city, with the assent of two-thirds of the voters under the provisions of Article ten (X) of the Constitution of the State of Missouri, as now amended or as the same may hereafter be legally amended; but the city shall be authorized to issue bonds with the assent aforesaid to an amount included outstanding indebtedness, other than that above named, to the amount of five per centum of the value of the taxable property in said city, to be ascertained in the manner provided by the said constitution of the State of Missouri, by the assessment next

before the last assessment for state and county purposes, previous to the incurring of such indebtedness. Such bonds shall be in denominations of not less than one hundred dollars (\$100.00) nor more than one thousand dollars (\$1,000.00) each, payable to bearer, in not less than five (5) nor more than twenty (20) years from the date thereof, with interest from date not exceeding five (5) per cent per annum, payable semi-annually; and shall have interest coupons attached to conform to the face of the bonds; and such bonds shall be under the seal of the city, signed by the Mayor, attested by the City Clerk, countersigned by the City Comptroller, and in all respects shall be in such form, and issued and sold in such manner as may be prescribed by ordinance.

**Annual Tax and Sinking Fund.**—The city shall, before or at the time of issuing such bonds, provide for the collection of an annual tax, sufficient to pay the interest on the bonds as it falls due, and also to constitute a sinking fund for the payment of the principal thereof at maturity.

City may levy taxes in excess of general taxation to pay interest on municipal bonds issued for indebtedness created since, as well as before the constitution of 1875. (Lamar W. & E. L. Co., vs Lamar, 128 Mo. 188; Evans vs McFarland, 186 Mo. 703; Black vs Early, 208 Mo. 281.)

**Municipal indebtedness, limit of.** (State constitution, Art. X, Secs. 11 and 12; Lamar W. & E. L. Co. vs Lamar, 128 Mo. 188; Pryor vs Kansas City, 153 Mo. 135; State ex rel. vs Ry. Co., 169 Mo. 563; Evans vs McFarland, 186 Mo. 703; Trask vs Livingston Co., 210 Mo. 582; State ex rel. vs Payne, 211 Mo. 64; State ex rel. vs Allen, 183 Mo. 283; Saleno vs City of Neosho, 127 Mo. 627; State ex rel. vs Gordon, 217 Mo. 103.)

Judicial power cannot scale a debt down to constitutional limit, if debt is invalid because in excess of constitutional limit, whole debt is invalid. (State ex rel. vs City of Neosho, 203 Mo. 40. Thornburg vs School District No. 3, 175 Mo. 12.)

**Municipal bonds, validity of, bona fide holder.** (Flagg vs Palmyra, 33 Mo. 440; Barrett vs County Court, 44 Mo. 197; State ex rel. vs County Court, 45 Mo. 242; Steines vs Franklin County, 48 Mo. 167; Carpenter vs Town of

Lathrop, 51 Mo. 483; Smith vs County of Clark, 54 Mo. 58; State ex rel. vs Greene Co., 54 Mo. 540; Thornburg vs School District, 175 Mo. 12; Evans vs McFarland, 186 Mo. 703.)

**Water works bonds, two purposes in same proposition.** (State ex rel. vs Allen, 183 Mo. 283; State ex rel. vs Allen, 186 Mo. 673; State ex rel. vs Wilder, 200 Mo. 97; State ex rel. vs Wilder, 217 Mo. 261.)

**Construction of bridge.** (Haeussler vs St. Louis, 205 Mo. 656.)

**Construction of City Hall.** (State ex rel. vs Allen, 186 Mo. 673.)

**Power to contract a debt by bond carries with it power to levy taxes to pay same unless expressly limited; mandamus.** (U. S. vs New Orleans, 98 U. S. 381.)

A lawful issue of bonds is not only binding upon municipality, but even power of the State itself to alter or destroy its municipal corporations or change boundaries thereof, cannot be so exercised as to impair obligation of such bonds; proper officers of old municipality may be compelled by mandamus to make an assessment and levy taxes for their payment. (Graham vs. Polson, 200 U. S. 218.)

Debts cannot be contracted and money borrowed by any municipality

without express authority or authority necessarily implied as being essential to carry into effect powers which are expressly granted. (Haeussler vs St. Louis, 205 Mo. 656, 1. c. 680.)

Where express power to hold election is given all power necessary to

carry it into effect is implied. (State ex rel. vs M. K. & T. Ry. Co., 164 Mo. 208.)

Not necessary if two-thirds of people assent to bond issue that people vote directly on levy itself. (Evans vs McFarland, 186 Mo. 703.)

**Sec. 32. Provisions of This Charter Which Are Continuing—Proceedings Under Superseded Charter, Reaffirmed.**—All provisions contained in this Charter which are the same as provisions contained in the Charter of the city or any amendment thereof, which this Charter supersedes, shall be taken, held and construed as continuing such provisions of said superseded Charter and amendments in uninterrupted force and effect, and all acts, things and proceedings done or had thereunder are hereby reaffirmed in all things, whether the same have been completed or are in process of being carried out, or have been merely authorized and the same authorized to complete all such acts, things and proceedings shall continue as if said superseded Charter and amendments thereof had not been superseded by this Charter.

Revision of ordinances not new law. of Cape Girardeau vs Riley, 52 Mo. (St. Louis vs Foster, 52 Mo. 513; City 424.)

**Sec. 33. "Charity Day" Named.**—The second Thursday in May of each year is hereby named as a day to be known and observed in Kansas City as "Charity Day," on which appropriate measures may be taken for alleviating the condition of the poor and needy.

**Sec. 34. Amendment of Charter—Proceedings For.**—This Charter may be amended at any time by a proposal therefor made by the law-making authorities of the city, published for at least thirty days in three newspapers of the largest circulation in the city, one of which shall be a newspaper printed in the German language, and accepted by three-fifths of the qualified voters of the city voting at a general or special election. The city may, by ordinance, subject to all laws, provide as to the form of submitting to such voters at any election any proposed amendment, and for ascertaining the results of the election on such proposed amendment, and making proper record of the fact.

Amendment must be accepted by three-fifths of the voters voting at the election. (State ex rel. vs Mayor of St. Louis, 73 Mo. 435; State vs Winkelmeier, 35 Mo. 103; School District vs Oellien, 209 Mo. 464.)

Extension or contraction of territorial limits is an amendment of charter. (Art. I, Sec. 4. Westport vs Kansas City, 103 Mo. 141; Copeland vs St. Joseph, 126 Mo. 417; Kansas City vs Stegmiller, 151 Mo. 189; see introductory note. Birch vs City

of Plattsburg, 180 Mo. 413; State ex rel. vs Birch, 186 Mo. 205.)

The constitutional provision that the charter may be amended by a vote of the people as therein mentioned, "and not otherwise," held to exclude "State legislative power over such city charters, so far as relates to the government of subjects of merely local and municipal concern." (Kansas City ex rel. vs Scarritt, 127 Mo. 642.)

Free Holders' charter may be supplanted by new one. (Morrow vs Kansas City, 186 Mo. 675.)

### Sec. 35. Petition of Electors for Amendment of Charter.—

In case there be filed with the City Clerk at any time a petition or petitions signed by qualified electors of Kansas City, numbering not less than ten per cent of the whole number of votes cast for all candidates for Mayor at the last preceding city election, requesting the law making authorities of the city to submit to the qualified electors of the city a proposal for an amendment to this Charter as in said petition or petitions set forth, the said law-making authorities of the city may submit such proposal for an amendment in the manner provided in the next preceding section.

Sec. 36. Charter—Public Act—Evidence.—This charter is declared to be a public act, and may be read in evidence in all courts of this State without proof.

Courts will take judicial notice of the city charter. (Kansas City vs Smart, 128 Mo. 272; Nutter vs Railroad, 22 Mo. App. 328; Kansas City vs Block, 175 Mo. 433, l. c. 440.)

But not of city charters not declared to be public acts. (Bowie vs Kansas City, 51 Mo. 454; Town of Butler vs Robinson, 75 Mo. 192; City of Hopkins vs Railroad, 79 Mo. 98; State ex rel.

vs Sherman, 42 Mo. 210; Apitz vs Railroad, 17 Mo. App. 419.)

Judicial notice will be taken that Kansas City is in Jackson County. (Comfort vs Ballingal, 134 Mo. 281; Kansas City vs Block, 175 Mo. 433.)

Court will not take judicial notice of ordinances. See Sec. 5 this Article and note.

Charter, Art. VI.

Sec. 532. **Collection of Assessments.**—No proceedings to collect assessments for property taken shall be begun until the time for an appeal from the verdict of the jury shall have expired. Immediately after the expiration of such time, without an appeal having been taken, the City Clerk shall immediately transmit a copy of said verdict to the City Treasurer, who shall enter the same, so far as it specifies the damages and benefits assessed in said verdict, in a book to be kept by the Treasurer for such purpose, and the City Treasurer shall proceed to collect the benefits so assessed. The surface at and near the intersection of alleys and streets, shall be made convenient for passage and for surface drainage, according to the direction of the City Engineer.

Sec. 543. **Intersection of Streets and Alleys.**—When any ordinance shall provide for doing any public work mentioned in this chapter, on any particular street or avenue, such ordinance and any contract made in pursuance thereof, shall be construed to require all such work to be done, as part of the contract, as may be needed at the intersection of the street or avenue to be improved with other streets, avenues or alleys, back to a line with the front of the lots on the street or avenue to be improved.

**Sec. 548. Affidavit of Securities.**—Whenever it is required that the contractor of public works give bond, and that such bond be approved by the City Comptroller, the City Comptroller may require the securities to make affidavit in writing concerning their financial standing. Such affidavit shall set out a full description of the property owned by such surety; and whether the same is owned by himself or jointly with others; also, whether there is any encumbrance on his property; if so, the amount of such encumbrance; which affidavit shall also state the location of such property and its value; and if from such affidavit the Comptroller is satisfied the securities are sufficient, then he can approve such bond.

And in such case, or if the ordinance to affirm such contract shall have been placed upon its passage and shall fail to pass, or if such ordinance is returned by the Mayor with his approval, and shall then fail to pass, the committee may then accept the bid of the next lowest and best bidder, who shall thereupon enter into a contract, as aforesaid, or the Board of Public Works may advertise for new proposals, as in its judgment may be for the best interests of the City.

**Sec. 552. Provisions of Contract.**—Every contract entered into as aforesaid shall contain a clause stating that the same is entered into, subject to the existing Charter and Ordinances of the City, and with a power reserved to the City Engineer to suspend or annul the same for a failure on the part of the contractor to fulfill the same; but that such suspension or annulment shall not affect the rights of the City to all damages claimed by it on account of the contractor's failure; and all such contracts shall, when the work is to be paid for in special tax bills, to be issued after the completion of the work, so state.

**Sec. 553. Temporary Drains and Culverts.**—The work done in constructing any street or avenue, in whole or in part, may be protected from surface water by temporary drains or culverts, put in under the direction of the City Engineer, in such places, at such times, of such material and dimensions, as he may deem best, and the plans and specifications for grading and other work shall, as far as practicable, provide for such drains and culverts, the cost

of the same, and of all such drains and culverts put in under the direction of the City Engineer, shall be deemed part of the cost of the work done under the particular ordinance and contract in the case, and be paid for accordingly. The Board of Public Works may, in its discretion, from time to time, close, remove or alter any such drains or culverts.

Charter, Art. VIII. Art. III, Sec. 16.

Sec. 556. **Definition of First-Class Sidewalks.**—All sidewalks constructed on streets that are macadamized or paved and

curbed shall be first-class sidewalks, constructed of either natural stone, artificial stone flagging, artificial stone, hexagon blocks or hard burned brick or vitrified brick, and only sidewalks constructed of one of said materials and in accordance with the following sections governing the construction of sidewalks of such materials shall be deemed first-class sidewalks within the meaning of the ordinances of Kansas City.

**Sec. 557. Construction of Stone Sidewalks.**—Where said sidewalks shall be constructed of stone, the stone shall be Bandera stone, Beaver stone, Berea stone, Joliet stone, native stone, Nevada stone or Colorado sandstone, of quality to be approved by the Board of Public Works, and shall not be less than six (6) inches in thickness over areas and two and one-half (2 1-2) inches in thickness elsewhere. No stone shall be less than six (6) feet in length, excepting where illuminating cast iron tiling or entrances to areas occur, where said stone must extend from the curb line to said illuminating cast iron tiling or area entrances. Stones shall be made to break joints as indicated by the Board of Public Works. No stone shall be less than four (4) feet in width. Wherever areas occur, said sidewalks shall be supported by fifty-six (56) pound railroad iron, or other iron beams of equal strength, so arranged that in no case shall any stone be unsupported for a distance of more than three (3) feet. Said sidewalk shall be laid by placing the upper surface of the stone to the true curb elevation, and giving an inclination rising one-quarter (1-4) of one (1) inch to the foot toward the street lines. The upper surface of the sidewalk shall be dressed and finished smooth and uniform, and be carefully laid in all parts to a true plane, and all joints be closely fitted, properly dressed and caulked with oakum and rendered water tight with hot tar composition. After cutting the curb to the proper level, each stone shall be laid thereon and well bedded in cement mortar, and the outside face dressed to a true line and all interstices filled with the best cement mortar, so as to render it water tight. Where there are no areas, the stone shall be laid on a bed of six (6) inches of gravel, or broken stone or cinders, wet and thoroughly tamped, so as to prevent the flagstone from settling. All flagstones used in said sidewalks shall be of the natural color of the quarry from which they are taken, and no stone naturally discolored or taken from a bed resting upon clay will be allowed.

**Sec. 558. Artificial Stone Flagging Sidewalks.**—Where said

sidewalks shall be constructed of artificial stone flagging it shall conform in all respects to the following specifications:

*Foundation*—The sidewalk shall be properly graded and shaped to a depth of ten (10) inches below the intended surface of the pavement, and whenever loose, soft, spongy or loamy soil is found in the sub-grade it shall be removed to such additional depth as may be directed by the Board of Public Works, City Engineer, or their authorized agents, and shall be refilled with broken stone and earth equal parts, and the whole sub-grade shall be well compacted by ramming. All refuse material shall be removed from the line of the work. After grading and shaping is done a foundation of cinders not less than six (6) inches thick shall be placed upon the sub-grade, which shall be well compacted by ramming to an even surface and well moistened before the concrete is placed thereon. Should rock be encountered in this sub-grade, this sidewalk shall be graded and shaped to a depth of nine (9) inches, made level and to a true grade and refilled with five (5) inches of cinders, well tamped and moistened.

*Pavement*—After the sub-foundation has been finished, the artificial stone flagging shall be laid in a good and workmanlike manner. This flagging shall be composed of fine Portland Cement Concrete, and shall be laid in continuous stones, each section to be six (6) feet in length, and the sections are to be separated by a false joint, made with a groover, at least one and one-half (1 1-2) inches deep and with an expansion joint at every third section. This expansion joint is to be made with steel templets three-sixteenths (3-16) of an inch thick and of the same length and depth that the stone is wide and thick, so as to entirely separate the adjacent stones. These joints must be smooth, straight and as small as practicable and particular care must be taken to make them uniform and perfect in appearance; and shall be plumb throughout their depth and at right angles to the line of work. This pavement shall consist of two (2) parts. First: A base course composed of Portland Cement, sand, crushed Joplin flint, granite, or a hard native limestone, mixed by measure in the following proportions: Should crushed Joplin flint or granite be used, one (1) part of Portland Cement, one (1) part of clean, sharp Kaw River sand, and four (4) parts of crushed Joplin flint or granite. Should native limestone be used, one (1) part of Portland Cement, two (2) parts of clean, sharp Kaw River sand, and four (4) parts of hard, native limestone rock. The largest fragments of Joplin flint, crushed granite or native limestone rock, not to exceed three-quarters (3-4) of an inch in its greatest

dimension, hard and perfectly clean, free from shale, dust or dirt, and such fine particles that will pass through a No. 16 sieve, having 256 meshes to the square inch. The cement, sand and stone to be thoroughly mixed, dry, and then sufficient water is to be added so that when the mixture is spread and rammed, making a solid bed, the water flushes to the surface. The finishing course to be laid upon the above described base shall not be less than one-half (1-2) inch in thickness, composed of one (1) part of Portland Cement, one and one-half (1 1-2) parts of sharp, Kaw River sand, perfectly clean, free from dust, dirt or such coarse fragments that would be retained on a No. 8 sieve, having sixty-four (64) meshes to the square inch, thoroughly mixed and skilfully laid. The finishing course must be spread on the concrete base and floated while the latter is still soft and adhesive, after which the surface will be smoothed and compacted by thoroughly and skilfully trowelling at least twice before the cement is too hard for such finishing. The work must be kept moist and protected from the direct rays of the sun until perfectly set, and no concrete shall be laid when the temperature at any time during the day or night falls below 30 degrees Fahrenheit. No retempering will be permitted, and concrete which has already begun to set will be rejected.

The cement, crushed flint, or native limestone, or crushed granite and sand used in the construction of artificial stone must be proportioned by exact measurement and for this purpose contractors will be required to provide themselves with rectangular boxes for measuring materials, and a tight box for mixing. No mixing of materials on pavements will be permitted.

*Artificial Stone Curbing*—The specifications for artificial stone curbing shall be as follows: The artificial stone or concrete curb shall be six (6) inches in finished thickness, and eighteen (18) inches in finished depth, with upper face corner rounded to a radius of two (2) inches. After the necessary excavation has been made along the line of the proposed curbing there shall be laid a foundation of cinders twelve (12) inches in width and four (4) inches in depth; the bed of cinders must be thoroughly rammed to a true and even surface with a hand rammer weighing not less than fifteen (15) pounds. Upon this bed of cinders, after it is well moistened, shall be constructed a curb which shall form a solid mass, divided every seven (7) feet, or as near thereto as may be, of its length into separate sections, and the concrete portion of it shall be composed of the same material and laid in the same manner as specification for artificial stone flagging. A facing one-half (1-2) inch in thickness

shall be constructed on the top of the street face of the curb for a distance of eight (8) inches from the top. Provided, however, that no extra elevation of water along the low pressure lines shall be maintained on account of consumers using water under the provisions of this ordinance.

Consumers taking water from said low pressure lines, shall furnish approved water meters of adequate capacity to measure the water used, and the proper and necessary connections with the water mains shall be made at the expense of the consumer, in accord with the orders and directions of the Board of Fire and Water Commissioners.

**Sec. 896. Water for Building Purposes.**—The Assessor and Collector of Water Rates shall have authority to issue permits for the use of water for building and construction purposes. He shall adopt such means, by inspection and otherwise, as may prove most efficient in finding the number of brick, perches of stone, cubic yards of concrete, square yards of plastering and amount of work of any other character for which water will be used, and collect the rates as provided by ordinance.

**Sec. 897. Cost of Water for Fire Protection.**—No charge shall be made for any stand-pipe or automatic sprinkling fire protection system, or other like appliances connected with any building to be used exclusively for fire protection, when the owner or occupier of such building is a consumer of water from the water works to the amount of fifty dollars per year or more, and such pipe is provided with a suitable valve where the pipe enters the building and is properly sealed in accordance with the rules prescribed by the Board of Fire and Water Commissioners. In all such cases where there is a stand-pipe or other fire protection system con-

nected with any building, there shall be a shut-off valve on the service pipe four feet from the main. When the owner or occupier is not a consumer of water from the water works to the amount of fifty dollars per year, the charge for fire protection shall be sixty dollars per year for each connection with the water main.

**Sec. 898. Water Rent—Payable When.**—All bills for water taken under what is known as the flat or annual rate schedule of Kansas City, Missouri, shall be payable in advance in periods of three months, and the Assessor and Collector of Water Rates may, in his discretion, so arrange such periods as to best conform with the convenience of consumers and subserve economy and efficiency in collecting said bills. Any consumer may pay for any multiple of three months in advance. All annual rate bills shall become delinquent at the end of ten days after the same become due and payable and the water supply may be shut off. All meter bills shall be rendered as near as practicable in periods of thirty days; shall be payable within 10 days after they become due; shall become delinquent after the tenth day, and the water supply may be cut off and not turned on again for the person or persons in default either for the same premises or any other premises until such delinquent bills are paid.

The Assessor and Collector of Water Rates shall re-rate premises in accordance with the schedule of water rates provided by ordinance, and all collections shall be made from the date of the changes on premises necessitating the re-rate.

**Sec. 900. Hydraulic Elevators.**—Hydraulic elevators and indicators must be kept in repair and proper working condition at the expense of the premises so supplied. All elevators connected to the water supply hereafter must be furnished with rotary meters to register the quantity of water used, set at the expense of the owner or occupant of the building. The use of indicators heretofore put in must be discontinued as soon as they fail to register properly. The person operating the elevator

will be notified by the Assessor and Collector of Water Rates, and allowed a reasonable time to have the meter set. If this is not done the supply shall be shut off.

**Sec. 901. Habitual Use of Free Water.**—Persons not paying water rates and habitually using water from city fountains and watering troughs for domestic purposes and watering live stock shall be assessed the water rate applicable to the premises inhabited by such consumer.

He shall surrender his receipt for such deposit, which shall be canceled by the Assessor and Collector of Water Rates, and be delivered to the City Comptroller.

**Sec. 903. Unexpired Licenses, Rebate.**—If any consumer shall remove from the premises for which his license was issued, before the expiration of the same, or such premises shall be destroyed by fire, he shall notify the Assessor and Collector of Water Rates thereof, who shall cause the water to be shut off the premises, thereupon the Assessor and Collector shall compute the unconsumed value of the license, which shall be in proportion that the unexpired term of his license bears to the full term for which the license was issued, and such amount shall, on surrendering of his license, be allowed as a payment on a subsequent license, or at his option, shall be returned to the consumer holding said license. Said license shall be canceled by the Assessor and Collector and delivered to the City Comptroller with an endorsement thereon, showing date of cancellation.

**Sec. 906. Requiring Additional License.**—If a license shall be issued for the use of water upon any premises, and after said license has been issued, and during the time for which it is issued the Assessor and Collector shall become satisfied that water upon said premises is used or the fixtures are exposed to be used for purposes not contemplated by the license issued, then the Assessor and Collector may require the person to whom said license was issued to take out a license for the use of water for the purpose for which, in the judgment of the Assessor and Collector, the water is exposed to be used, and in default of such license being taken out the Assessor and Collector is authorized to revoke the license actually issued and shut off the water from such premises.

**Sec. 907. Meters, Bonds, Deposits, Etc.**—The Assessor and Collector of Water Rates is authorized to order meters set when there is any doubt as to the quantity of water used or wasted on any premises, and he may place meters for temporary and special purposes when the interests of the city can be subserved thereby. Consumers may take water by meter measurement when the supply is a permanent one upon furnishing an approved meter. In no case shall any meter owned by the City return less than two dollars per month. Parties desiring meter and meter rates in preference to annual rates shall make application to the Assessor and Collector of Water Rates, pay the cost of the meter and placing the same, and the minimum rate will be seventy-five cents per month. When the supply is by meter the City will require a deposit sufficient to cover the estimated use for two months; *provided*, that when the amount of the deposit required by this section shall equal or exceed ten dollars the consumer shall be allowed in lieu of the cash deposit, to file a bond with two or more securities, for the payment of all water bills in accordance with the Ordinances of the City. Such bond shall be in an amount at least equal to the estimated amount of water bills for three months.
